Independent Auditor's Report

RSM US LLP

Plan Administrator
Prinova US LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Prinova US LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at year-end) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Prinova US LLC 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Prinova US LLC, and effective July 1, 2016, Armada Nutrition LLC (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended on January 1, 2026, with an effective date of January 1, 2026, in which eligible employees become eligible to participate in the Plan after completion of one month of service with no age requirement.

Eligibility: As of the year ended December 31, 2025, the Plan's eligibility requirements for employees to participate in the plan are to be 21 years old with three months of service. Employees are eligible to enter the Plan as participants on the first day of the month following meeting the eligibility requirement.

Contributions: Participants may elect to make pretax contributions to the Plan in amounts up to 100% of their compensation as defined, up to a maximum allowed by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan automatically enrolls new participants to have a pretax deduction equal to 3% of eligible compensation. Participants have the option to increase, decrease, or eliminate their automatic enrollment at any time. The Plan automatically increases the participant's deferrals by 1% per annum until reaching 5% in the participant's third eligible year in the plan, unless an eligible participant affirmatively elects otherwise. The Plan allows for mandatory Company safe harbor matching contributions equal to 100% of the participants salary deferrals that do not exceed 3% of the participants eligible compensation as defined by the Plan document plus 50% of the participant's salary deferrals between 3% to 5% of participant's eligible compensation. The Plan also allows for a discretionary Company match contribution in addition to the safe harbor match contribution. The Company contribution occurs on each payroll date. The Plan allows for a Company discretionary profit sharing contribution annually as defined by the Plan Sponsor. There were no discretionary Company match contributions nor any Company profit sharing contributions for the year ended December 31, 2025. Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participant eligible compensation is earned.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's safe harbor matching contributions (b) the Company's discretionary match and profit sharing contribution, if any, and (c) plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their pretax and Roth deferral, Company safe harbor matching contributions, and rollover contributions, plus actual earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company discretionary matching contributions are not vested until three years of consecutive service and then become 100% vested after completion of the period of service. Company profit sharing contributions are vested 20% each year of service, beginning with the first year of service, and fully vested after five consecutive years of service.

Note 1. Plan Description (Continued)

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options daily.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or $50,000 reduced by the participant's highest outstanding note balance during the preceding 12-month period. The term of notes may not exceed five years unless the note is used to acquire a principal residence of the individual, which then may not exceed 10 years. Participants may generally not have more than one note outstanding from the Plan at any time. The notes are collateralized by the balance in the participant's vested account and bear interest at a rate from 3.25% to 8.50%, as of December 31, 2025, which is commensurate with local prevailing rates as determined by the Plan Administrator at the time of loan origination. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Benefits are payable under the Plan upon separation from the Company due to death, disability, retirement, or termination of employment. Distributions will be equal to the value of the participant's vested interest in their account. Participant's account balances will be distributable to the participant in a lump sum upon termination of employment if the vested balance is less than $7,000. If the vested balance exceeds $7,000, distribution will be made only if the participant consents in the form of a lump sum or installment. A participant who has attained age 59½, but who has not terminated employment, is entitled to have the whole or any part of their account distributed. A participant who has not terminated employment and has not attained age 59½ shall be permitted to make cash withdrawals of vested account balances to meet certain financial hardships.

Forfeited accounts: At December 31, 2025 and 2024, forfeited nonvested accounts totaled $0, respectively. Forfeitures not used to pay the Plan's administrative expenses shall be applied to reduce Company contributions. During 2025, $0 of forfeitures were used to pay plan expenses and $12,241 of forfeitures were applied to reduce Company contributions.

Subsequent events: Subsequent events have been evaluated through October 14, 2026, the date the financial statements were available for issuance.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment contracts: Investments held by a defined contribution plan are required to be reported at fair value, except for direct investments in fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2. Summary of Accounting Policies (Continued)

Investment valuation and income recognition: Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivables from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses can be paid either by the Company or from plan assets.

Note 3. Information Certified and Provided by Standard Insurance Company, the Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivables from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Standard Insurance Company (the custodian of the Plan).

	2025	2024
Pooled separate accounts	$ 40,921,661	$ 34,679,461
Guaranteed investment contract	2,981,160	2,926,185
Notes receivable from participants	692,830	548,477
Net appreciation in fair value of investments	5,721,996	
Interest income on guaranteed investment contract	62,699	
Interest income on notes from participants	43,501	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Pooled separate accounts: Primarily valued at net asset value (NAV) per share as a practical expedient based on quoted market prices of underlying investment. The pooled separate accounts file a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				40,921,661
Total investments at fair value				$ 40,921,661

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				34,679,461
Total investments at fair value				$ 34,679,461

(a) In accordance with Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024:

	Fair Value		Unfunded	Redemption	Redemption
Investments	2025	2024	Commitment	Frequency	Notice Period
Pooled separate accounts	$ 40,921,661	$ 34,679,461	$ -	Immediate	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Investment Contract With Insurance Company

In October 2003, the Plan entered into a fully benefit-responsive insurance contract issued by Standard Insurance Company that simulates the performance of a guaranteed investment contract. The fully benefit-responsive investment contract provides preservation of principal, maintains a stable interest rate, and provides daily liquidity at contract value for participant withdrawals and transfer in accordance with the provisions of the Plan. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting. There is no required crediting interest rate for the investment contract. At December 31, 2025 and 2024, the interest rate for the investment contract was 2.75% and 1.82%, respectively.

As described in Note 2, because the guaranteed insurance contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for the benefits attributable to the guaranteed insurance contract. Contract value, as reported to the Plan by Standard Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to layoffs, Plan termination, business closings, reorganization, liquidations and the failure of the Plan to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code (Code). The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Related-Party Transactions

The Plan's investments are held and managed by the custodian. These transactions, therefore, qualify as party-in-interest. The custodian also performs administrative and recordkeeping services for the Plan. Fees paid by the Plan for the investment management services totaled $72,791 for the year ended December 31, 2025.

Certain employees of the Company provide administrative services to the Plan. These employees are not paid from the Plan for their services. In addition, the Company pays outside administrative expenses of the Plan.

Note 7. Tax Status

The IRS has determined and informed the Plan Sponsor, by a letter dated March 31, 2014, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Code. The Plan has been amended since the receipt of this determination letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdiction, however, there are currently no audits for any tax periods in progress.

Note 8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 44,790,858	$ 38,293,577
Pooled separate accounts, at fair value	(1)	-
Company contributions receivable	(67,415)	(47,674)
Participants' contributions receivable	(127,792)	(91,780)
Notes receivable from participants	(692,830)	(548,477)
Investments, participant loans	692,830	548,477
Net assets available for benefits per Form 5500	$ 44,595,650	$ 38,154,123

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to Form 5500:

Increase in net assets available for benefits per the financial statements	$ 6,497,281
Net appreciation in fair value of investments	(1)
Other interest	62,699
Interest on guaranteed investment contract at contract value	(62,699)
Company contributions	(25,151)
Participants' contributions	(30,602)
Interest income on notes receivable	(43,501)
Interest income on participant loans	43,501
Increase in net assets available for benefits per Form 5500	$ 6,441,527

Note 10. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
