Note 1. Description of Plan

The following brief description of Baltimore Medical System, Inc. Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General: The Plan, established in accordance with Section 403(b) of the Internal Revenue Code (IRC), is a defined-contribution plan covering substantially all employees of Baltimore Medical System, Inc. (the Sponsor). The Board of Trustees is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Sponsor's Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan. Effective August 1, 2025, the Plan was amended to allow participants to designate elective contributions as Roth. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions received from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an automatic enrollment feature whereby all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation until changed by the participant. The Sponsor may make matching contributions to participants who have attained age 18 and who have completed one year of service (1,000 hours). For the year ended December 31, 2025, the Sponsor made matching contributions each pay period of 50% of the first 3% of eligible compensation that a participant contributes to the Plan. The Sponsor may also elect to make a additional discretionary employer contributions. There were no additional discretionary matching contributions for the year ended December 31, 2025. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contribution and the Sponsor's matching contributions, if any, as well as allocations of Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's matching and discretionary contributions of their accounts plus actual earnings, thereon, is based on years of continuous service. A participant is 100% vested after five years of service. A participant is 100% vested regardless of years of service upon death, permanent disability or retirement.

Years of Credited Service	Percent Vested
1	0%
2	25%
3	50%
4	75%
5 or more	100%

Note 1. Description of Plan (Continued)

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age or becomes disabled or deceased. A participant may elect to receive a lump-sum payment or installments over a period not more than the participant's assumed life expectancy. The Plan also allows in-service withdrawals for individuals for hardship withdrawals. Effective August 1, 2025, in-service withdrawals are available to participants that have attained age 59-1/2.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay plan expenses. Forfeited nonvested accounts totaled $20,204 and $95,659 at December 31, 2025 and 2024, respectively. During 2025, forfeitures totaling $23,030 were used to pay administrative expenses, and $129,120 of forfeitures were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements set forth below.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payments of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Administrative expenses include certain recordkeeping fees paid by the Plan. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2025) through October 15, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Ascensus, LLC the Agent on Behalf of Ascensus Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and ERISA required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus, LLC, the agent on behalf of Ascensus Trust Company, a qualified institution:

	December 31	
	2025	2024
Investments at fair value:		
Registered investment companies	$ 23,717,853	$ 21,664,126

Ascensus, LLC, the agent on behalf of Ascensus Trust Company also certified to the completeness and accuracy of $1,637,806 of net appreciation in the fair value of investments and $1,349,310 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total

Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 21,664,126	$ -	$ -	$ 21,664,126
Investments at fair value	$ 21,664,126	$ -	$ -	$ 21,664,126

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Note 5. Related-Party and Parties-in-Interest Transactions

Ascensus, LLC is the custodian of the Plan; therefore, transactions with Ascensus, LLC qualify as party-in-interest transactions. The Plan incurred $87,560 of administrative fees to Ascensus during the year ended December 31, 2025. The Sponsor also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan has adopted a volume submitter 403(b) plan sponsored by Ascensus LLC that has received an opinion letter from the IRS dated January 1, 2018, stating the form of the volume submitter plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the volume submitter plan document. However, the Plan Administrator believes the Plan is designed, and being operated, in conformity with the applicable requirements of the IRC and therefore believes the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Non-Exempt Transactions

During 2024, the Sponsor inadvertently failed to deposit $174,539 of participant contributions within the required timeframe as stated by the Department of Labor regulations. The Sponsor deposited lost earnings to correct this failure in 2025.
