Independent Auditor's Report

RSM US LLP

Plan Administrator
401(k) Retirement Plan for Employees of Baldor Professional Services, LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the 401(k) Retirement Plan for Employees of Baldor Professional Services, LLC (the Plan) (Formerly Baldor Specialty Foods, Inc. 401(k) Profit Sharing Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2025, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the 401(k) Retirement Plan for Employees of Baldor Professional Services, LLC (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is Baldor Professional Services, LLC (the Company, Plan Sponsor or Plan Administrator). Effective January 1, 2025, the Plan changed its legal name from Baldor Specialty Foods, Inc. 401(k) Profit Sharing Plan to 401(k) Retirement Plan for Employees of Baldor Professional Services, LLC. The name change did not result in a change in the reporting entity.

General: The Plan is a defined contribution 401(k) profit sharing plan established on January 1, 1997, covering eligible employees of Baldor Professional Services, LLC. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of Internal Revenue Code (IRC) Section 401(k) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan trustee and third-party administrator was Mutual of America Life Insurance Company (the Prior Trustee or Mutual of America) through December 31, 2024. Effective January 1, 2025, the Plan Sponsor initiated a change in the trustee and recordkeeper, to transition plan assets from Mutual of America to Fidelity Workplace Services, LLC as recordkeeper and Fidelity Management Trust Company as trustee (collectively, the Trustee or Fidelity). The transition did not result in any changes to participant account balances other than normal investment market fluctuations occurring during the transition period.

Eligibility: Prior to January 1, 2025, employees who had attained age 18 and completed six months of service were eligible to participate in the Plan. Eligible employees entered the Plan on the first day of the month coinciding with or immediately following satisfaction of the eligibility requirements.

Effective January 1, 2025, the Plan was amended in connection with a change in recordkeeper and trustee. Under the amended Plan, employees who have attained age 18 and completed two months of eligibility service are eligible to make employee deferral contributions and enter the Plan on the first day of the month following satisfaction of those requirements. Employees generally become eligible for discretionary employer matching, safe-harbor nonelective and discretionary profit sharing contributions after attaining age 18 and completing one year of eligibility service with at least 1,000 hours of service, subject to the applicable Plan entry dates. Highly compensated employees are not eligible for safe-harbor nonelective or discretionary profit sharing contributions.

Contributions: Participants may contribute up to the annual dollar limit established under the IRC. The maximum participant contribution was $23,500 for 2025. Participants age 50 or older were permitted to make additional catch-up contributions of $7,500. Effective January 1, 2025, participants who attained age 60, 61, 62 or 63 during the calendar year were permitted to make increased catch-up contributions of up to $11,250, subject to applicable Internal Revenue Code limitations.

Prior to January 1, 2025, the Company made matching contributions equal to 25% of participants' deferrals up to 4% of eligible compensation. Effective January 1, 2025, the fixed matching contribution was discontinued, and the Company may make discretionary matching contributions. The Company also began making safe-harbor nonelective contributions equal to 3% of eligible participants' compensation effective January 1, 2025. Highly compensated employees are not eligible for the safe-harbor nonelective contribution. In addition, the Company may make discretionary profit sharing contributions. Eligible employees generally must complete 1,000 hours of service during the year and be employed on the last day of the year to receive employer discretionary matching and discretionary profit sharing contributions. Discretionary matching and profit sharing contributions for 2025 amounted to $798,235 and $694,616, respectively.

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of employment, a participant may elect to receive the vested portion of the participant's account in a lump-sum payment, through systematic installment payments or through partial withdrawals. Eligible distributions may be rolled over to another qualified retirement plan or individual retirement account. Distributions are made in accordance with the provisions of the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of Company contributions and Plan earnings. Each participant's account is reduced by allocations of Plan losses and certain administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants' investment options: Participants direct the investment of their accounts among the investment options available under the Plan. Participants may change their investment elections in accordance with the Plan's administrative procedures. The Plan Administrator may change the investment options available to participants.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants are also immediately vested in the Company's safe-harbor nonelective contributions and related earnings. The portion of participants' accounts attributable to the Company's discretionary matching and discretionary profit sharing contributions and related earnings becomes 20% vested after two years of vesting service, as defined, and continues to vest at the rate of 20% for each successive year of vesting service until becoming 100% vested after six years of vesting service.

Excess participant contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Forfeitures: Upon termination of service, a participant's nonvested interest in the Company's discretionary matching and discretionary profit sharing contributions is forfeited in accordance with the provisions of the Plan. Forfeitures may be used to pay Plan administrative expenses or to reduce employer contributions. In accordance with Plan provisions, employer contributions during 2025 were reduced by approximately $541,000 from forfeited nonvested accounts. At December 31, 2025 and 2024, forfeited nonvested account balances totaled approximately $344,000 and $179,000, respectively.

Notes receivable from participants: Participants may borrow from their vested account balances, subject to the limitations provided by the Plan. Generally, participants may borrow the lesser of (a) $50,000, as adjusted for certain outstanding loan balances in accordance with Plan provisions, or (b) 50% of their vested account balance. The minimum loan amount is $1,000, and participants may have only one loan outstanding at a time. Loans are secured by the participant's vested account balance and generally must be repaid in level payments over a period not exceeding five years, except for loans used to purchase a primary residence, which may have a longer repayment period. Interest is charged at a reasonable rate determined by the Plan Administrator based on prevailing interest rates for loans made under similar circumstances. Interest rates on notes receivable from participants outstanding at December 31, 2025 and 2024, ranged from 4.25% to 9.50%.

Note 2. Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies is as follows:

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan or the Company.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are treated as distributions based on the terms of the Plan agreement.

Contributions: Contributions from Plan participants are recorded in the period in which the related compensation is earned and the contributions are withheld from participants' compensation. Employer contributions are recorded in the period in which the related contribution obligation is incurred in accordance with the provisions of the Plan.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 15, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (the Trustee) and Mutual of America Life Insurance Company (the Prior Trustee) (Collectively, the Trustees)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedules, that was prepared by, or derived from information provided by the Trustees, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustees, that information provided to the Plan Administrator by the Trustees related to the following assets is complete and accurate.

Note 3. Information Certified by Fidelity Management Trust Company (the Trustee) and Mutual of America Life Insurance Company (the Prior Trustee) (Collectively, the Trustees) (Continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets at December 31:

	2025	2024
Investments:		
Collective investment trusts, at fair value	$ 54,852,953	$ -
Mutual funds, at fair value	14,313,552	-
Pooled separate accounts, at fair value	-	57,518,383
Insurance investment contract, at contract value	4,143,979	4,070,329
Total investments	$ 73,310,484	$ 61,588,712
Notes receivable from participants	$ 3,575,659	$ 2,835,977

The Trustee also certified to the completeness and accuracy of net appreciation in fair value of investments of $7,783,447, interest income on the insurance investment contract of $565,010, and interest income on notes receivable from participants of $262,582 for the year ended December 31, 2025.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth by level, within fair value hierarchy, the plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,313,552	$ -	$ -	$ 14,313,552
Total assets in the fair value hierarchy	$ 14,313,552	$ -	$ -	14,313,552
Investments measured at NAV (a)				54,852,953
Total investments at fair value				$ 69,166,505

(a) In accordance with Subtopic ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. At December 31, 2024, all fair value investments held by the Plan were measured at NAV, as determined by the issuer based on the fair value of the underlying assets, and therefore, not classified in the fair value hierarchy.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2025 and 2024:

	Fair Value		Unfunded	Redemption	Redemption Notice

Note 4. Fair Value Measurements (Continued)

(a) **American Century One Choice Target Date Trusts:** This category includes target-date collective investment trusts designed for participants expecting to retire around the respective year indicated in the fund name. The trusts invest in a diversified mix of underlying equity and fixed income investments. The asset allocation is adjusted over time, becoming more conservative as the target retirement date approaches, with a greater emphasis on capital preservation and income generation. These investments are valued using the net asset value (NAV) practical expedient.

(b) The Plan invests in collective investment funds managed by Great Gray Trust Company, LLC. The Trustee of these funds has elected to file a separate annual return Form 5500 directly with the U.S. Department of Labor (DOL) as a Direct Filing Entity (DFE) on behalf of each respective fund in accordance with DOL Regulations.

(c) **Retirement target date funds:** This category contains various funds that use an asset allocation strategy designed for investors expecting to retire around the respective year and likely stop making new investments in the funds. These funds may invest in various asset classes, including equity securities, fixed income securities and money market instruments. They may also invest some or all of their assets in commodities or commodities-related investments. Typically, the more time that remains until a fund's target retirement date, the more emphasis that fund will place on achieving capital appreciation and gains as compared to preserving capital and producing income. As each fund's target date approaches, the mix of investments is periodically reallocated and adjusted to gradually move toward the objective of preserving capital and producing income. However, the mix of investments in the Retirement Income Fund is not expected to change over time. The Retirement Income Fund is intended for investors who have passed their retirement date and seek a mix of investments more geared toward the objective of preserving capital and producing income than that offered by the other Retirement Funds. The periodic reallocations of the assets of each Retirement Fund will be affected by other matters aside from the period of time remaining until the target retirement date, such as current market conditions, the economy, unanticipated events and other factors.

(d) **Large/mid cap:** This category contains various funds that invest primarily in mid cap and large cap equity securities, both domestic and foreign, and seek long-term growth of capital.

(e) **Asset allocation:** This category contains various funds that invest in a broad range of securities including equities, fixed income securities and government issuances based on target allocations set by the individual funds.

(f) **Global:** This category contains various funds which invest in mutual funds which are focused on diversifying investments globally.

(g) **Small cap:** This category contains various funds which invest mainly in equity securities of small cap companies to seek outgrowth and income.

(h) **Fixed income:** This category contains various funds which invest in mutual funds that invest mainly in fixed income securities, such as bonds, notes, debentures, zero-coupon securities and mortgage-backed securities, of varying maturities, seeking preservation of capital and current income.

(i) **Real estate:** This category consists of one fund, the Vanguard VIF REIT Index Portfolio fund, which seeks to provide a high level of income and moderate long-term capital appreciation by tracking the performance of a benchmark index that measures the performance of publicly traded equity REITs. The fund employs an indexing investment approach designed to track the performance of the MSCI U.S. REIT Index. The index is composed of stocks of publicly traded equity real estate investment trusts (known as REITs). The fund attempts to replicate the index by investing all, or substantially all, of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index.

(j) **Money market:** Mutual of America Money Market Fund seeks current income to the extent consistent with the maintenance of liquidity, investment quality and stability of capital by investing in money market instruments and other short-term securities.

Note 5. Investment Contracts With Insurance Companies

At December 31, 2025, the Plan held a group fixed annuity contract issued by Lincoln Life & Annuity Company of New York. At December 31, 2024, the Plan held an interest in the Interest Accumulation Account under a group annuity contract issued by Mutual of America Life Insurance Company. The Plan owns the respective contracts and does not own the underlying assets held in the insurance companies' general accounts.

Note 5. Investment Contracts With Insurance Companies (Continued)

The investment contracts meet the criteria for fully benefit-responsive investment contracts and, accordingly, are reported at contract value. Contract value is the relevant measurement attribute because it represents the amount participants would receive if they initiated permitted transactions under the terms of the Plan. Generally, contract value represents contributions made under the contracts, plus credited interest, less withdrawals and other applicable contract charges. The contract values were $4,143,979 and $4,070,329 as of December 31, 2025 and 2024, respectively.

The respective insurance companies maintain the amounts invested under the contracts in their general accounts. Each contract issuer is contractually obligated to provide benefits in accordance with the applicable contract. Interest is credited to the contracts at rates determined by the respective issuers in accordance with the applicable contract terms. Under the Lincoln contract, interest rates are declared quarterly and are subject to a minimum guaranteed annual interest rate of 1.00%. The Mutual of America contract provides for an interest rate declared from time to time by Mutual of America and does not provide a minimum guaranteed rate.

The Plan's ability to receive amounts due under the fully benefit-responsive investment contracts is dependent upon the respective issuers' ability to meet their financial obligations. The issuers' ability to satisfy their contractual obligations may be affected by future economic and regulatory developments.

Certain events or transactions may limit the Plan's ability to transact at contract value or may affect the timing or amount of settlement upon termination of a contract. Under the Lincoln contract, certain transfers to competing investment options are restricted. In addition, termination of the Lincoln contract by the Plan may result in payment over a specified period at book value or a lump-sum payment subject to a market value adjustment. Under the Mutual of America contract, payment of a total withdrawal from the Interest Accumulation Account in connection with termination of the contract may be deferred for up to six months. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Income Tax Status

Effective January 1, 2025, the Plan adopted a preapproved plan document that received an opinion letter from the IRS dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with the applicable requirements of the IRC.

The preapproved plan document in effect through December 31, 2024, received an IRS opinion letter dated November 30, 2020. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and that the related trust is tax-exempt.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that required adjustments to the financial statements as of December 31, 2025 and 2024, and for the year ended December 31, 2025. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of the Trustee and constitute party-in-interest transactions under ERISA. These investments include certain mutual funds. The Plan issues notes receivable to participants, which are secured by the participants' account balances and also constitute party-in-interest transactions. All party-in-interest transactions are considered exempt transactions under ERISA. Additionally, certain Plan expenses were paid by an affiliate of the Plan Sponsor.

Note 9. Risks and Uncertainties

The Plan invests in a variety of investment vehicles. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk factors in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Prohibited Transactions

The Plan Sponsor inadvertently failed to timely remit participant contributions and loan repayments totaling $991,454, $794,771, $265,952, and $111,883, during 2025, 2024, 2022 and 2021, respectively, as required by DOL regulations.

The Plan Sponsor intends to deposit the lost earnings to correct these failures in 2026. These corrections will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024, to the Form 5500:
