INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
Bayway Lincoln Mercury, Inc. 401(K) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bayway Lincoln Mercury, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bayway Lincoln Mercury, Inc. 401(K) Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Bayway Lincoln Mercury, Inc. 401(K) Plan (the Plan) was adopted effective January 1, 1999 to establish a savings and investment plan for the exclusive benefit of the employees of Bayway Lincoln Mercury, Inc. (the Company and Plan Administrator), its affiliated companies, and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 1, 2024, the Plan was amended and restated to designate ADP Retirement Trust Services, LLC as the trustee of the Plan. During December 2024, the Plan's assets transferred from John Hancock Life Insurance Company (USA) (the asset custodian of the Plan) to ADP Retirement Trust Services, LLC (the trustee of the Plan).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (GAAP). Interest income is recognized when earned.

Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating certain investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Participant Loans Receivable - Loans to participants are reported as receivables from participants at the unpaid principal balance plus any accrued unpaid interest.

Federal Income Tax - The Company adopted a prototype Non-Standardized Pre-Approved Plan which received a favorable opinion letter from the Internal Revenue Service on October 6, 2020, which stated that the Prototype Plan and related trust constitutes a qualified trust under Section 401(a) of the Internal Revenue Code and is therefore, exempt from federal income taxes.

The Plan has been amended since receiving the favorable opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2025 and 2024.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2025, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2022 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2025.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee is eligible to become a participant in the Plan upon completion of six months of service and having attained the age of 21. Eligible employees may enter the Plan on the first day of each Plan year quarter coincident with or next following the date the eligibility requirements are met. Employees who are residents of Puerto Rico are not eligible to participate in the Plan.

Contributions - Participants may elect to make pre-tax contributions to the Plan in an annual amount up to 90% of their compensation. Effective September 1, 2025, the Plan was amended to allow participants to make Roth 401(k) contributions. Contributions are made through authorized payroll reductions. These contributions by individual employees are subject to annual limitations prescribed by the Internal Revenue Code ("IRC").

Effective December 1, 2024, the Plan was amended to include an automatic salary deferral provision, which enrolls new or rehired employees at a contribution rate of 5% of eligible wages upon eligibility. All existing eligible participants, who on the effective date of the automatic salary deferral provision are not deferring any amount or who did not make a timely affirmative election to not contribute elective deferrals, were also enrolled at a contribution rate of 5% of eligible wages.

For each Plan year, the employer may contribute a matching contribution that is equal to a percentage of some or all of the employees' contributions. During 2026, the Plan funded employer matching contributions totaling $878,849, net of forfeitures for the year ended December 31, 2025. During 2025, the Plan funded employer matching contributions totaling $486,377, net of forfeitures for the year ended December 31, 2024.

Employer Corrective Contributions Receivable - During 2026, the Plan funded corrective contributions totaling $25,768 to satisfy annual compliance and nondiscrimination testing requirements for the year ended December 31, 2025. During 2025, the Plan funded corrective contributions totaling $73,086 to satisfy annual compliance and nondiscrimination testing requirements for the year ended December 31, 2024.

NOTE B PLAN DESCRIPTION (CONTINUED)

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's contributions and earnings attributable to each participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant is immediately fully vested with respect to the portion of their account attributable to salary reduction, rollover, and qualified non-elective contributions plus actual earnings thereon. A participant becomes fully vested in Company contributions and related earnings upon the earlier of: (1) six years of service, (2) attainment of age 65 (if actively employed by the Company), or (3) in the event of death or disability (if actively employed by the Company). Vesting of 20% of Company contributions occurs upon two years of service, 40% upon three years of service, 60% upon four years of service, 80% upon five years of service, and 100% upon six years of service.

Forfeitures - Forfeited employer matching contributions may be used to reduce administrative expenses or to reduce amounts otherwise required to be contributed by the employer, to the Plan. Forfeited non-vested balances totaled $31,183 as of December 31, 2025. There were no forfeited non-vested balances as of December 31, 2024. For the year ended December 31, 2025, no forfeitures were used to offset employer corrective contributions and $42,210 were used to offset employer matching contributions, both of which were funded in 2026. For the year ended December 31, 2024, forfeitures totaling $8,981 were used to offset employer corrective contributions and $48,778 were used to offset employer matching contributions, both of which were funded in 2025.

Forms of Benefits - Benefits are recorded when paid. A participant whose employment is terminated may withdraw any portion of their interest in the Plan at any time. If the amount payable is less than $7,000, the participant's account balance will be directly rolled over as soon as practical after notice to the participant into an individual retirement account maintained by an entity selected by the Company. If the amount payable is greater than $7,000, the participant must give written consent before the distribution can be made. Distributions in excess of $7,000 can be paid in a lump sum, partial withdrawals, or installments over a period of no more than their assumed life expectancy. A participant may be eligible for in-service distributions of at least $500 if the participant has reached the age of 59 ½.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years or up to a reasonable period of time exceeding five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates on loans outstanding at December 31, 2025 ranged from 5% to 9.5%. Principal and interest is paid ratably through payroll deductions. Participants are allowed no more than one outstanding loan at a time.

NOTE B PLAN DESCRIPTION (CONTINUED)

Administration - The Company, as the Plan Sponsor, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan. During the year ended December 31, 2025, the Company paid expenses related to the annual audit of the Plan and certain third-party administration fees. All other expenses, including (but not limited to) general administrative fees and investment advisory fees, were paid by the Plan.

Plan Termination - The Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the termination date.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

The fair value of the Plan's investments at December 31, 2025 and 2024, as certified by ADP Retirement Trust Services, LLC, are as follows:

	2025	2024
Investments, at fair value		
Registered investment companies	$ 12,063,916	$ 9,766,906

Income certified by ADP Retirement Trust Services, LLC for the year ended December 31, 2025 is as follows:

Net investment gain from registered investment companies	$ 1,228,643
Dividend income from registered investment companies	$ 435,956
Interest income - participant loans	$ 26,704

ADP Retirement Trust Services, LLC also certified participant loans receivable at December 31, 2025 and 2024 and the information contained in the supplemental schedule of assets (held at end of year) at December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Registered investment companies are valued using Level 1 inputs.

Level 2 – Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used during fiscal 2025 and 2024.

Registered investment companies are valued at the quoted market prices of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no significant transfers in and/or out of the fair value categories during 2025 or 2024.

NOTE E PARTIES-IN-INTEREST

Fees paid during the year for legal, administrative, and other professional services as applicable, were rendered by parties-in-interest. The administrative committee has approved of these services.

NOTE F PROHIBITED TRANSACTIONS

During 2024, the Company changed payroll processing platforms and as a result experienced errors in some Plan contributions. Due to inadvertent errors involving the payroll platform change, employee contributions and loan repayments totaling $39,909 were not timely remitted by the Company to the Plan as required by ERISA for the Plan year ended December 31, 2024. Because the Company was inadvertently delinquent in forwarding these amounts to the Plan, these delinquencies are considered nonexempt prohibited transactions under ERISA Section 406. The Company self-corrected for these delinquent remittances totaling $39,529 in July 2024 and $380 in February 2026.
