INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Retirement Plan of Thales ATM, Inc.
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Retirement Plan of Thales ATM, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits (in liquidation) as of December 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits (in liquidation) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan was terminated effective October 31, 2024. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting to the liquidation basis of accounting used in presenting the 2025 and 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

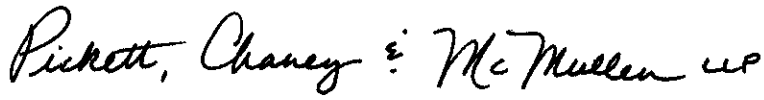

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets as of December 31, 2025 and the supplemental Schedule of Reportable Transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT PLAN OF THALES ATM, INC.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

General – The Retirement Plan of Thales ATM, Inc. (the "Plan") is a defined benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") that was established January 1, 1988, for the salaried employees of Thales ATM, Inc. (the "Company"). Thales US, Inc. is the Plan Sponsor. Prior to January 2001, the Plan's name was Retirement Plan of Airsys ATM, Inc. and prior to September 1997, the Plan's name was the Retirement Plan of Wilcox Electric, Inc. Participants who were employed by the Company prior to January 1, 1988, also participate in the retirement plans of the Company's former parent companies, Northrop Corp. and American Standard, Inc. ("predecessor plans"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

No other employees are eligible to participate under the Plan as participation was closed on December 31, 2002. On December 31, 2002, the accrual of plan benefits of the Plan was frozen. As a result of freezing the accrual of benefits, each person who was a general participant in the Plan on December 31, 2002, and who was employed by the Company on that date, became fully vested in their accrued benefits as of December 31, 2002. US Bank, N.A., is the Plan's trustee and custodian.

Plan Termination – The Board of Directors of the Company adopted a consent agreement dated March 19, 2024 to terminate the Plan effective October 31, 2024. All participants became 100% vested on this day. The Plan Sponsor received a determination letter from the Internal Revenue Service ("IRS") to terminate the Plan dated June 2, 2025. The Plan has paid out all Plan participants through lump sum distributions or through annuity payments with the purchase of a group annuity contract with Midland.

In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the going concern basis to the liquidation basis effective October 31, 2024. The liquidation basis of Plan assets approximates fair value.

Prior to termination of the Plan, the following provisions applied:

> ***Contributions –*** Employer contributions are based upon actuarial determinations. Under the current provisions of the Plan, employees make no contributions. All contributions made by the employer are paid to the trustee and deposited in the trust fund.
>
> ***Retirement Benefits –*** Participants become eligible for normal retirement on the first day of the month coincident with or next following the employee's 65th birthday. Early retirement is permitted after age 55 with ten years of vested service.
>
> Upon retirement, participants receive benefits based upon years of credited service. The Plan is only responsible for the portion of this computed benefit that exceeds the benefit payable under the predecessor plans.
>
> Benefit distributions upon normal retirement are in the form of a life annuity for unmarried participants, if an optional payment is not selected. Married participants receive an actuarially reduced 50% joint and survivor annuity. Optional payment forms include single life annuity, contingent annuitant, 10-year certain or life benefit, or lump sum.

Surviving Spouse Benefits – Upon the death of a vested participant prior to eligibility for early retirement, benefits become payable to the spouse beginning on the participant's earliest retirement date. The benefit payable to the spouse is equal to the 50% joint and survivor annuity that would have been paid had the participant survived to their earliest retirement date.

Upon the death of a vested participant after reaching eligibility for early retirement, the benefit payable to the spouse equals the benefit that would have been paid had the participant selected the early retirement option. The benefit is payable in the form of a 50% joint and survivor annuity.

Disability Retirement Benefits – In the event that a participant's employment is terminated as a result of disability, and the participant is eligible to receive a normal or early retirement benefit, they shall receive such benefit.

Administrative Expenses – The Plan or the Company may pay the administrative and professional fees, and Pension Benefit Guaranty Corporation ("PBGC") insurance premiums of the Plan. During 2025, the Plan paid PBGC premiums of $12,437 and administrative and professional fees of $144,208.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires of the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Funding Policy - Annual contributions, as determined by the Plan's actuary, are made by the Company to fund the Plan so that assets are sufficient to meet benefits paid to Plan participants.

Payment of Benefits – Benefits to participants are recorded when paid.

Date of Management's Review – Subsequent events have been evaluated through October 14, 2026, which is the date the financial statements were available to be issued, and there were no events that required recognition or disclosure.

3. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances-retirement, death, disability, and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the plan's actuary. Significant actuarial assumptions used include the following:

Funding Method – The Plan's liabilities have been fully settled due to the completion of the Plan termination since the previous valuation. There is no remaining obligation for future benefits following the end of the Plan year.

Investment Return – 6.50% per annum, compounded annually.

Mortality for December 31, 2024:

Lump Sum Distributions – applicable mortality under 417(e) for distributions made in 2024.

Annuity purchase discount rate – Pri 2012 Total Dataset Amount-Weighted Mortality Projected with Scale MP-2021 with separate rates for employees, retirees, and contingent survivors. Given the population, no collar was selected.

Discount Rate 2024 – The liability is set equal to the estimated cost for all benefits on a plan termination basis. The estimated cost was developed using the following interest rates:

Lump sum distributions – 4.66% for the first 5 years, 5.25% for years 5-15, 5.57% for years thereafter.

Annuity purchase discount rate – 5.00%.

Optional Form/Lump Sum Elections – 75% of active employees, 50% of terminated vested, and 0% of retirees are assumed to elect a lump sum distribution. The remaining participants are assumed to be included in an annuity purchase.

The actuarial present value of accumulated plan benefits as January 1, 2025 is as follows:

Vested Benefits:	
Active and terminated participants	$ 5,510,282
Retired participants	4,075,830
	9,586,112
Nonvested benefits	-
Total accumulated plan benefits	$ 9,586,112

The change in accumulated plan benefits for the year ended December 31, 2025 is as follows:

Actuarial present value of accumulated plan benefits at beginning of period	$ 9,586,112
Increase (decrease) during the year attributable to:	
Benefits accumulated	(425,612)
Interest due to the decrease in discount period	319,837
Benefits paid to participants and purchase of annuity contract	-
	(9,480,337)
	(9,586,112)
Actuarial present value of accumulated plan benefits at end of period	$ -

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds and Money Market Fund – Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments at December 31, 2025 and 2024 are reported at fair value as follows:

	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Money Market - at fair value	$ 4,194	-	-	$ 4,194
December 31, 2024:				
Mutual Funds	$ 7,408,197			$ 7,408,197
Money Market	641,209	-	-	641,209
Investments at fair value	$ 8,049,406	$ -	$ -	$ 8,049,406

5. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, US Bank, N.A., the custodian of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Accrued investment income
- Interest and dividends
- Net appreciation on fair value of investments
- Supplemental Schedule of Assets
- Supplemental Schedule of Reportable Transactions

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated July 27, 2014, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the letter, however, the Plan administrator believes the Plan is

currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision has been made in the financial statements for income taxes.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan expenses are paid to US Bank, N.A. the Plan's custodian, the Plan's ERISA counsel, investment advisor, independent auditor, and actuary. These expenses are party-in-interest transactions.

9. RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

The Statement of Changes in Net Assets Available for Benefits (liquidation basis) includes amounts for distributions paid directly to participants or their beneficiaries for retirement payments, and amounts that were paid to the insurance provider who assumed the payments for current retirees and their beneficiaries, and future retirees and their beneficiaries, as discussed in Note 1. The form 5500 has combined these amounts and is classified as benefit payments directly to participants and their beneficiaries.
