INDEPENDENT AUDITOR'S REPORT

To the Pooled Plan Provider of
The Achieve Advantage 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of The Achieve Advantage 401(k) Plan (the PEP or Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2025, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2025, and the schedule of delinquent participant contributions (modified cash basis) for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified

investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated May 14, 2026 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of The Achieve Advantage 401(k) Plan (the PEP) provides only general information. Participants should refer to the PEP plan document and the applicable participation or joinder agreement for the participant's employer which has chosen to participate in the PEP (Participating Employer) for a more complete description of the PEP's provisions.

General

The PEP is a defined contribution plan covering eligible employees of the Participating Employers and is intended to qualify under sections 401(a) and 501(a) of the Internal Revenue Code (IRC). The PEP is intended to constitute a multiple employer plan, as described under IRC sections 410(a), 411, 413, and 415. Each Participating Employer elects their own provisions related to eligibility, contributions, notes receivable from participants, and payment of benefits. AmericanTCS Fiduciary Services, LLC is the plan sponsor and pooled plan provider (PPP). The PEP is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Only those employees of any Participating Employer who are designated as eligible employees by the Participating Employer in its participation or joinder agreement are eligible to participate in the PEP. Participating Employers may define eligibility requirements based on factors such as age, service, or employee type. Eligible employees are eligible to make elective deferrals and receive allocations of Participating Employer contributions if and to the extent specified in the applicable participation or joinder agreement.

Plan Transfers

Upon initiation or cessation of participation in the PEP by a Participating Employer, assets attributable to the Participating Employer may be transferred to or from other qualified plans. During the years ended December 31, 2025 and 2024, transfers into the PEP totaled $5,527,330 and $8,871,515, respectively, and transfers out of the PEP totaled $1,753,120 and $310,771, respectively.

1. DESCRIPTION OF PLAN (Continued)

Contributions

Each year, participants may make pre-tax or Roth contributions of their annual eligible compensation, as defined by the PEP and each Participating Employer's participation or joinder agreement, subject to applicable limits established by law. If elected by a Participating Employer, participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, effective January 1, 2025, participants who are ages 60-63 are eligible to make additional catch-up contributions if elected by a Participating Employer. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participating Employers may elect an automatic enrollment provision, whereby all newly eligible employees of the Participating Employer are automatically enrolled in the PEP unless they affirmatively elect not to participate in the PEP. Automatically enrolled participants have their deferral rate set at a percentage of eligible compensation that is defined in the respective participation or joinder agreement and their contributions invested in a designated balanced fund until changed by the participant. Participating Employers may also elect an automatic escalation provision, whereby automatically enrolled participants have their deferral rate automatically increased unless otherwise elected by the participant. The percentage increase, frequency, timing of increase, and maximum increase are defined in the applicable participation or joinder agreement.

Under the terms of the Participating Employer participation or joinder agreements, Participating Employers may elect to make matching contributions, non-elective contributions, safe harbor matching contributions, safe harbor non-elective contributions, qualified non-elective contributions, or qualified matching contributions to the PEP. These contributions may be fixed or discretionary depending on the Participating Employer's election. In addition, true-ups of employer matching contributions may be required depending on the determination period elected by the Participating Employer and the frequency with which the employer matching contributions are funded.

Contributions are subject to certain limitations as mandated by the IRC.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the PEP. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the provisions of the Participating Employers' participation or joinder agreements.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Participating Employer's contributions and (b) PEP earnings (losses) and charged with the participant's benefit payments and an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Participating Employer contribution portion of their accounts is based on the vesting schedule elected by the Participating Employer and may range from immediate vesting to six-year graded vesting (20% vesting after two years of service and an additional 20% vesting for each additional year of service until 100% vested after six years of service).

Notes Receivable from Participants

If elected by a Participating Employer, participants may borrow from their fund accounts a minimum amount elected by the Participating Employer up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, less defaulted loans (if any). The maximum number of loans outstanding at any time is dependent on the Participating Employer's election. The loans are secured by the balances in the participants' accounts and bear interest at the prime rate plus 2%. The term of the loan may not exceed five years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. A participant that terminates employment whose account balance is less than $7,000 will receive a distribution of their vested aggregate account balance without the consent of the participant. If the distribution is less than $1,000, the distribution will be made in the form of lump sum cash. If the distribution is greater than $1,000, but less than $7,000, the PEP will pay the distribution in an automatic direct rollover to an individual retirement account (IRA). Participating Employers may also elect to permit in-service withdrawals of all or a portion of the participant's vested account balance upon the participant's attainment of age 59 ½. Finally, Participating Employers may elect to permit participants to take hardship distributions, subject to certain criteria being met.

1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $144,695 and $24,467, respectively. These amounts will be used in accordance with the applicable PEP provisions. During the plan years 2025 and 2024, forfeitures of $15,773 and $1,155, respectively, were collectively used to reduce the Participating Employers' contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Effective January 1, 2025, the Plan changed its basis of accounting from the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP) to the modified cash basis of accounting. Management believes that the modified cash basis of accounting is preferable because it provides more relevant and reliable information regarding the Plan's financial position and changes in net assets available for benefits. The change has been retrospectively applied to all periods presented. However, the change had no impact on net assets available for benefits, changes in net assets available for benefits, or the related disclosures for any period presented.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the PEP.

Use of Estimates

The preparation of financial statements is in conformity with the modified cash basis of accounting and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The PPP determines the PEP's valuation policies utilizing information provided by the investment adviser, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the PEP's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the PEP are paid by the PPP or the Participating Employers and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The PEP also pays certain investment advisory and PEP administration fees from PEP assets. Certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Recent Accounting and Regulatory Pronouncements

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. The PEP adopted mandatory provisions effective for the years ended December 31, 2025 and 2024. The PPP and the Participating Employers continue to evaluate the impact of the optional provisions of SECURE 2.0 and are awaiting additional regulatory guidance from the Internal Revenue Service (IRS) and Department of Labor (DOL). The application of SECURE 2.0 Act did not have a material effect on the PEP's financial statements for the plan years ended December 31, 2025 and 2024. The PEP will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation. During 2025, management obtained additional information regarding the Plan's guaranteed investment contract and reevaluated the appropriate presentation of the investment in accordance with the modified cash basis of accounting. Based on that evaluation, the investment totaling $740,558 as of December 31, 2024, which was previously presented within investments at fair value, has been reclassified to investments at contract value in the accompanying comparative statements of net assets available for benefits. This reclassification had no effect on total investments, net assets available for benefits, changes in net assets available for benefits, or participant account balances.

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The PEP entered into a fully benefit-responsive investment contract with Standard Insurance Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the PEP and/or Participating Employer's participation or joinder agreement. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2025 and 2024, the contract value of the fully benefit-responsive investment contract was $1,055,673 and $740,558, respectively.

The traditional investment contract held by the PEP is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the PEP. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The PEP's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the PEP to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the PEP's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the PEP, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The PPP does not believe that any events which would limit the PEP's ability to transact at contract value with the contract issuer and with participants are probable of occurring.

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

In addition, certain events allow the contract issuer to terminate the contract with the PEP and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the PEP's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the PEP has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability,

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Registered investment companies: Valued at the daily closing price as reported by the investment company. These funds are registered with the U.S. Securities and Exchange Commission, and are required to publish their daily net asset value and to transact at that price. The funds held by the PEP are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the PEP believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the PEP's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 36,748,315	$ -	$ -	$ 36,748,315

5. CERTIFICATION OF FINANCIAL INFORMATION

The financial data included in the accompanying financial statements as of and for the years ended December 31, 2025 and 2024 and supplemental schedule of assets (held at end of year) as of December 31, 2025, has been certified as complete and accurate by Mid Atlantic Trust Company, a qualified institution. The following certified information was obtained by management and agreed to or derived from information certified as complete and accurate and has not been audited by the independent auditors for the PEP: investments at fair value, investments at contract value, net appreciation in fair value of investments, and interest and dividends.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the PPP has the right under the PEP to discontinue Participating Employers' contributions at any time and to terminate the PEP subject to the provisions of ERISA. In the event of PEP termination, participants would become 100% vested in their Participating Employer contributions. Any unallocated assets of the PEP shall be allocated to participant accounts and distributed in such a manner as the PPP may determine.

7. TAX STATUS

The PEP adopted a non-standardized pre-approved plan document, which received an opinion letter dated June 30, 2020, in which the IRS stated that the non-standardized pre-approved plan document was in compliance with applicable requirements of the IRC. The PEP has not received a determination letter specific to the PEP itself and has been amended since adopting the non-standardized pre-approved plan document; however, the PPP believes that the PEP is designed, and is being operated, in compliance with the applicable requirements of the IRC.

The modified cash basis of accounting requires management to evaluate tax positions taken by the PEP and recognize a tax liability (or asset) if the PEP has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The PEP is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the PEP for investment management services were included as a reduction of the return earned on each fund. Certain administrative expenses were paid by the PEP or the Participating Employers. The PEP issues loans to participants, which are secured by the vested balance in the participants' accounts. These transactions qualify as party-in-interest. Employees of the PPP provide administrative services to the PEP for which no fees are charged.

9. RISKS AND UNCERTAINTIES

The PEP invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RISKS AND UNCERTAINTIES (Continued)

For the years ended December 31, 2025 and 2024, three and two Participating Employers, respectively, individually comprised 10% or more of total contributions, and in the aggregate, these Participating Employers comprised 38% and 27% of total contributions, respectively. For the years ended December 31, 2025 and 2024, one and two Participating Employers, respectively, comprised 10% or more of total transfers in from other qualified plans and in the aggregate, these Participating Employers comprised 89% and 80% of transfers in from other qualified plans, respectively.

10. PROHIBITED TRANSACTIONS

During 2025 and 2024, certain Participating Employers failed to remit to the PEP's trustee certain employee contributions totaling $602,142 and $548,448, respectively, within the period prescribed by DOL's regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the applicable Participating Employers have made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.

11. SUBSEQUENT EVENTS

The PEP has evaluated subsequent events through October 15, 2026, which was the date that the financial statements were available for issuance and noted the following subsequent events:

Subsequent to year end, two Participating Employers joined the PEP, and three Participating Employers exited the PEP. The related transfers into the PEP from other qualified plans totaled approximately $3,137,000 and transfers out of the PEP to other qualified plans totaled approximately $9,281,000.
