REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator, Participants and Beneficiaries
KDA Direct Operations 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed an audit of the financial statements of KDA Direct Operations 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2025 supplemental schedules required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2024 financial statements
Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 22, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the KDA Direct Operations 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan was established on October 1, 2008 for the employees of Kyocera Mita America, Inc.'s direct sales subsidiaries. It is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan covers all eligible employees of the direct sales subsidiaries and direct sales branch of KYOCERA Document Solutions America, Inc. ("KDA"), formerly Kyocera Mita America, Inc. ("KMA") (collectively, the "Company"). The Plan is governed by a committee appointed by the Board of Directors (the "Committee") of KDA.

Plan Administration

T. Rowe Price Trust Company served as the Plan's trustee as of December 31, 2024 and for the period from January 1, 2025 through September 14, 2025. Fidelity Management Trust Company served the Plan's trustee as of December 31, 2025 and for the period from September 15, 2025 to December 31, 2025.

Eligibility for Participation

Leased employees, part-time employees, and interns are not eligible to participate, as defined by the Plan. Employees become eligible on the first day of their employment. Enrollment to the Plan commences on the first day of the payroll period coinciding with or following the date of employment.

Contributions

Each participant may elect to contribute from one to 75 percent of his or her eligible compensation, as defined in the Plan document on a pretax and after-tax basis. Employee contributions exceeding certain defined limitations will be refunded. Participants may also rollover contribution amounts representing distributions from other qualified defined benefit or defined contribution plans, including IRA rollovers from other qualified plans. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company contributes on behalf of each participant an amount equal to 50 percent of the participant's contribution to a maximum of up to 6 percent of the participant's compensation, as defined ("Matching Contribution"). The Company may make additional discretionary contributions on behalf of each participant ("Discretionary Profit Sharing Contribution"). During the year ended December 31, 2025, there were no Discretionary Profit Sharing Contributions made to the Plan. Participants direct the investment of participant and Company contributions into various investment options offered by the Plan.

All Plan contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Vesting

Participants are immediately vested in the value of his or her contribution and the Company's Discretionary Profit Sharing Contributions. Vesting in the Company's Matching Contribution portion of their accounts is based on years of continuous service. The vesting schedule for Company Matching Contributions for participants, except for participants who were part of the Quality LLC 401(k) Plan, a prior related plan that was merged into the Plan, is as follows:

Years of Service	Percentage Vested
1 year	25%
2 years	50%
3 years	75%
4 years	100%

The vesting schedule for Company Matching Contributions for participants who were part of the Quality LLC 401(k) Plan and do not work an hour of service on or after July 1, 2020 is as follows:

Years of Service	Percentage Vested
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

A participant is fully vested in all of the Company's contributions upon death or disability prior to termination of employment.

Forfeitures

Forfeitures are used to reduce future Company Matching Contributions. Forfeitures of Matching Contributions occur when the participant's vested account balances are distributed or after five consecutive breaks in service, if earlier. During 2025, approximately $162,000 of cumulative forfeitures was used to offset the employer's contribution. The amount of unused forfeitures available to reduce future Matching Contributions was approximately $41,000 and $125,000 at December 31, 2025 and 2024, respectively.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum or annuities equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows for in-service distributions when a participant attains age 59½. The Plan also allows for hardship distributions based on certain criteria as defined by the Plan. Minimum required distributions for participants who have reached age 73 also apply per IRC regulations.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50 percent, of their vested account balance on the date the loan is granted. There is a one-time loan-processing fee of $50, which is charged directly to the participant at the time of the loan. These fees are recorded as administrative expenses and are expensed as incurred.

Loan terms range up to five years, except for loans used for the purchase of the participant's principal place of residence in which case the loan repayment period may not exceed 10 years. Repayment is made through payroll deductions. Participants may also pay off their loans directly through the Plan recordkeeper's website. The loans accrue interest at prime rate plus 1% per annum at inception. Interest rates on outstanding loan balances range from 4.25% to 9.5% as of December 31, 2025 and 2024.

Failure to make any installment payment when due in accordance with the terms of the loan could result in a deemed distribution to the participant or beneficiary for tax purposes.

Participant Accounts

Each participant's account is credited with (a) participant and Company contributions, (b) an allocation of investment earnings (losses) and is charged with (c) withdrawals and (d) certain participant-requested service expenses, if applicable. Allocations are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Expenses

General and administrative expenses of the Plan are paid by KDA or the Plan. Expenses that are paid by KDA are excluded from these financial statements. Fees related to the administration of withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Plan Amendment and Termination

The provisions of the Plan may be amended at any time by the Committee, provided, however, that no part of the funds of the Plan shall be used for or diverted to purposes other than the exclusive benefit of the participants and their beneficiaries. Further, no such amendment or modifications shall impair the rights of the participants already vested.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Investment purchases and sales are accounted for on a trade date basis. Dividend income is recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of financial statements and the accompanying footnotes and the changes in net assets available for benefits during the reporting period and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company and Fidelity Management Trust Company have certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common Stock - Valued at the closing price reported on the New York Stock Exchange.

Mutual Funds - Valued at the net asset value ("NAV") of shares held by the Plan at year-end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common Trust Fund (the "Fund") - Valued at the NAV as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The Fund contains several redemption restrictions, including the right to require a 12- or 30-month waiting period/advance notice period for fund withdrawals initiated by the Company. The notice period may be waived by the trustee at its sole discretion. Generally, the advance notice period will be waived when the withdrawal will not violate the trust's minimum requirements for cash reserves. As of December 31, 2025 and 2024, there were no unfunded commitments.

Collective Trust Funds - Comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity-related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager or sponsor of the fund and have varying liquidity, redemption period notices and other restrictions.

Self-directed Brokerage - Primarily consists of mutual funds and common and preferred stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement level at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	$ 17,167,255	$ -	$ -	$ 17,167,255
Self-directed brokerage	216,588	-	-	216,588
Investments in the fair value hierarchy	$ 17,383,843	$ -	$ -	17,383,843
Stable value common trust fund [(A)]				2,519,483
Collective trust funds [(A)]				48,630,010
Investments at fair value				$ 68,533,336

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	$ 10,462,200	$ -	$ -	$ 10,462,200
Self-directed brokerage	266,851	-	-	266,851
Investments in the fair value hierarchy	$ 10,729,051	$ -	$ -	10,729,051
Stable value common trust fund [(A)]				2,790,036
Collective trust funds [(A)]				50,719,404
Investments at fair value				$ 64,238,491

[(A)] Certain investments that are measured at fair value using the NAV (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to facilitate reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE E - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain investment securities held by the Plan are managed by affiliates of T. Rowe Price Trust Company and Fidelity Management Trust Company, the trustees. Therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan to the trustees were approximately $52,000 for the year ended December 31, 2025. The Plan also pays investment advisory fees. As service providers to the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to these service providers were approximately $3,000 for the year ended December 31, 2025.

NOTE F - TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan sponsored by T. Rowe Price Retirement Plan Services, Inc. On August 19, 2020, the Internal Revenue Service stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan’s investment earnings activity, and thus not separately identifiable as an expense.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities as well as estimates and assumptions, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the accompanying financial statements.

NOTE I - TRANSFER FROM AFFILIATED PLAN

During 2025, certain participants transferred into the Plan from the KDA 401(k) Plan, an affiliated plan, due to employment transfers between related companies. Accordingly, participant account balances totaling approximately $306,000 were transferred into the Plan to the affiliated plan.

NOTE J - NONEXEMPT TRANSACTIONS

During 2025, certain Plan contributions were not remitted to the trust within the time frame specified by the Department of Labor’s Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events occurring after December 31, 2025 through October 15, 2026, the date the financial statements were available to be issued, and there are no subsequent events that would require recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator, Participants and Beneficiaries
KDA Direct Operations 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed an audit of the financial statements of KDA Direct Operations 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2025 supplemental schedules required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2024 financial statements
Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 22, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the KDA Direct Operations 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan was established on October 1, 2008 for the employees of Kyocera Mita America, Inc.'s direct sales subsidiaries. It is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan covers all eligible employees of the direct sales subsidiaries and direct sales branch of KYOCERA Document Solutions America, Inc. ("KDA"), formerly Kyocera Mita America, Inc. ("KMA") (collectively, the "Company"). The Plan is governed by a committee appointed by the Board of Directors (the "Committee") of KDA.

Plan Administration

T. Rowe Price Trust Company served as the Plan's trustee as of December 31, 2024 and for the period from January 1, 2025 through September 14, 2025. Fidelity Management Trust Company served the Plan's trustee as of December 31, 2025 and for the period from September 15, 2025 to December 31, 2025.

Eligibility for Participation

Leased employees, part-time employees, and interns are not eligible to participate, as defined by the Plan. Employees become eligible on the first day of their employment. Enrollment to the Plan commences on the first day of the payroll period coinciding with or following the date of employment.

Contributions

Each participant may elect to contribute from one to 75 percent of his or her eligible compensation, as defined in the Plan document on a pretax and after-tax basis. Employee contributions exceeding certain defined limitations will be refunded. Participants may also rollover contribution amounts representing distributions from other qualified defined benefit or defined contribution plans, including IRA rollovers from other qualified plans. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company contributes on behalf of each participant an amount equal to 50 percent of the participant's contribution to a maximum of up to 6 percent of the participant's compensation, as defined ("Matching Contribution"). The Company may make additional discretionary contributions on behalf of each participant ("Discretionary Profit Sharing Contribution"). During the year ended December 31, 2025, there were no Discretionary Profit Sharing Contributions made to the Plan. Participants direct the investment of participant and Company contributions into various investment options offered by the Plan.

All Plan contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Vesting

Participants are immediately vested in the value of his or her contribution and the Company's Discretionary Profit Sharing Contributions. Vesting in the Company's Matching Contribution portion of their accounts is based on years of continuous service. The vesting schedule for Company Matching Contributions for participants, except for participants who were part of the Quality LLC 401(k) Plan, a prior related plan that was merged into the Plan, is as follows:

Years of Service	Percentage Vested
1 year	25%
2 years	50%
3 years	75%
4 years	100%

The vesting schedule for Company Matching Contributions for participants who were part of the Quality LLC 401(k) Plan and do not work an hour of service on or after July 1, 2020 is as follows:

Years of Service	Percentage Vested
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

A participant is fully vested in all of the Company's contributions upon death or disability prior to termination of employment.

Forfeitures

Forfeitures are used to reduce future Company Matching Contributions. Forfeitures of Matching Contributions occur when the participant's vested account balances are distributed or after five consecutive breaks in service, if earlier. During 2025, approximately $162,000 of cumulative forfeitures was used to offset the employer's contribution. The amount of unused forfeitures available to reduce future Matching Contributions was approximately $41,000 and $125,000 at December 31, 2025 and 2024, respectively.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum or annuities equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows for in-service distributions when a participant attains age 59½. The Plan also allows for hardship distributions based on certain criteria as defined by the Plan. Minimum required distributions for participants who have reached age 73 also apply per IRC regulations.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50 percent, of their vested account balance on the date the loan is granted. There is a one-time loan-processing fee of $50, which is charged directly to the participant at the time of the loan. These fees are recorded as administrative expenses and are expensed as incurred.

Loan terms range up to five years, except for loans used for the purchase of the participant's principal place of residence in which case the loan repayment period may not exceed 10 years. Repayment is made through payroll deductions. Participants may also pay off their loans directly through the Plan recordkeeper's website. The loans accrue interest at prime rate plus 1% per annum at inception. Interest rates on outstanding loan balances range from 4.25% to 9.5% as of December 31, 2025 and 2024.

Failure to make any installment payment when due in accordance with the terms of the loan could result in a deemed distribution to the participant or beneficiary for tax purposes.

Participant Accounts

Each participant's account is credited with (a) participant and Company contributions, (b) an allocation of investment earnings (losses) and is charged with (c) withdrawals and (d) certain participant-requested service expenses, if applicable. Allocations are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Expenses

General and administrative expenses of the Plan are paid by KDA or the Plan. Expenses that are paid by KDA are excluded from these financial statements. Fees related to the administration of withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Plan Amendment and Termination

The provisions of the Plan may be amended at any time by the Committee, provided, however, that no part of the funds of the Plan shall be used for or diverted to purposes other than the exclusive benefit of the participants and their beneficiaries. Further, no such amendment or modifications shall impair the rights of the participants already vested.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Investment purchases and sales are accounted for on a trade date basis. Dividend income is recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of financial statements and the accompanying footnotes and the changes in net assets available for benefits during the reporting period and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company and Fidelity Management Trust Company have certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common Stock - Valued at the closing price reported on the New York Stock Exchange.

Mutual Funds - Valued at the net asset value ("NAV") of shares held by the Plan at year-end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common Trust Fund (the "Fund") - Valued at the NAV as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The Fund contains several redemption restrictions, including the right to require a 12- or 30-month waiting period/advance notice period for fund withdrawals initiated by the Company. The notice period may be waived by the trustee at its sole discretion. Generally, the advance notice period will be waived when the withdrawal will not violate the trust's minimum requirements for cash reserves. As of December 31, 2025 and 2024, there were no unfunded commitments.

Collective Trust Funds - Comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity-related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager or sponsor of the fund and have varying liquidity, redemption period notices and other restrictions.

Self-directed Brokerage - Primarily consists of mutual funds and common and preferred stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement level at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	$ 17,167,255	$ -	$ -	$ 17,167,255
Self-directed brokerage	216,588	-	-	216,588
Investments in the fair value hierarchy	$ 17,383,843	$ -	$ -	17,383,843
Stable value common trust fund [(A)]				2,519,483
Collective trust funds [(A)]				48,630,010
Investments at fair value				$ 68,533,336

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	$ 10,462,200	$ -	$ -	$ 10,462,200
Self-directed brokerage	266,851	-	-	266,851
Investments in the fair value hierarchy	$ 10,729,051	$ -	$ -	10,729,051
Stable value common trust fund [(A)]				2,790,036
Collective trust funds [(A)]				50,719,404
Investments at fair value				$ 64,238,491

[(A)] Certain investments that are measured at fair value using the NAV (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to facilitate reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE E - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain investment securities held by the Plan are managed by affiliates of T. Rowe Price Trust Company and Fidelity Management Trust Company, the trustees. Therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan to the trustees were approximately $52,000 for the year ended December 31, 2025. The Plan also pays investment advisory fees. As service providers to the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to these service providers were approximately $3,000 for the year ended December 31, 2025.

NOTE F - TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan sponsored by T. Rowe Price Retirement Plan Services, Inc. On August 19, 2020, the Internal Revenue Service stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan’s investment earnings activity, and thus not separately identifiable as an expense.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities as well as estimates and assumptions, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the accompanying financial statements.

NOTE I - TRANSFER FROM AFFILIATED PLAN

During 2025, certain participants transferred into the Plan from the KDA 401(k) Plan, an affiliated plan, due to employment transfers between related companies. Accordingly, participant account balances totaling approximately $306,000 were transferred into the Plan to the affiliated plan.

NOTE J - NONEXEMPT TRANSACTIONS

During 2025, certain Plan contributions were not remitted to the trust within the time frame specified by the Department of Labor’s Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events occurring after December 31, 2025 through October 15, 2026, the date the financial statements were available to be issued, and there are no subsequent events that would require recognition or disclosure in the financial statements.
