Independent Auditor's Report

Board of Trustees
RES Servicing Corp 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of RES Servicing Corp 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of RES Servicing Corp 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the eligible employees of RES Servicing Corporation (the Plan Sponsor or the Company). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated on May 20, 2022, to comply with the Cycle 3 Restatement requirement.

The Plan Sponsor engages Mid Atlantic Trust Company (the trustee) to hold and invest Plan assets and execute Plan transactions based on certain elections made by participants.

Eligibility: Full-time employees who are age 21 or older and have completed one year of service are eligible to participate in the Plan on semiannual entrance dates of January 1 and July 1. The Plan excludes all union employees, nonresident aliens and employees acquired as described under the IRC Section 410(b)(6)(C).

Contributions: The Plan permits employees who are eligible to make elective deferrals into the Plan and allocate this contribution to certain investments administered by the trustee. A participant's maximum pretax annual contribution was limited to $23,500 for the year ended 2025. Employees who are age 50 and over may make a catch-up contribution or super catch-up contribution based on age of up to $7,500 or $11,250, respectively, for the year ended 2025. These limitations are adjusted annually as provided in the IRC Section 415(d).

A participant may make a rollover contribution to the Plan of amounts which he or she has received from another qualified plan.

The Plan allows for employer profit sharing contributions, which are at the discretion of the Company, and guaranteed safe harbor contributions. During 2025, the Company did not elect to make a profit sharing contribution.

During 2025, the Company made approximately $149,000 in safe harbor contributions to the Plan. Guaranteed safe harbor contributions in 2025 are calculated as 100% of the first 3% of employee deferral, and 50% of the next 2% of employee deferral.

Payment of benefits: A participant may receive a benefit payment through an in-service withdrawal, hardship withdrawal, termination withdrawal, minimum required distribution, or related to death or disability. Each benefit payment type has eligibility criteria as defined in the Plan agreement. Upon retirement, death or disability, participants may, in accordance with the Plan provisions, elect to receive their participating interest in: (a) a lump sum or (b) monthly installments over a period not to exceed the joint life expectancy of the participant and spouse. Terminated or retired participants with vested account balances less than $5,000 are subject to a mandatory cash-out.

Participants' accounts: Each participant's account is credited with: (a) the participant's contributions, (b) the employer's contributions and (c) Plan earnings (losses), if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is equal to the vested benefit in the participant's account.

Note 1. Description of Plan (Continued)

Participants' investment options: Participants must direct the amounts contributed to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or internet access.

Vesting: A participant is fully vested at all times in his or her own contributions to the Plan. Participants are immediately 100% vested in the Company's safe harbor contributions. Participants vest in the Company's profit sharing contributions as follows:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants: Notes receivable from participants represent loans which allow participants to borrow from their fund accounts, subject to approval by the Plan Administrator. The maximum amount that may be borrowed is the lesser of 50% of the participant's vested account balance or $50,000 (subject to certain limitations set forth in the Plan agreement). The minimum amount that may be borrowed is $1,000. The loans are secured by the vested balance in the participant's account. The interest rate is fixed for the term of the loan based on prevailing market rates at the inception of the loan. Loan repayments are made through payroll deductions over a period that may not exceed five years, unless used to acquire a principal residence. Interest rates range from 4.25% to 9.50% and loans mature through 2030.

Forfeitures: The Plan had $1 and $18 in forfeited nonvested account as of December 31, 2025 and 2024, respectively. Forfeitures of profit sharing contributions may be used to pay appropriate Plan expenses, to reduce employer contributions, or as an employer profit sharing contribution allocation in the ratio that each participant's compensation for the plan year bears to the total compensation of all participants for such plan year (or any combination of the foregoing). During the years ended December 31, 2025 and 2024, a safe harbor allocation was performed whereby the Plan forfeitures were allocated and contributed into the individual participant accounts.

Administrative expenses: Administrative expenses, which include custodial and certain recordkeeping fees, are paid by the Plan.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid to the Plan's participant or when the Plan Administrator has processed the authorization of such requests with the trustee.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Note 3. Information Certified by the Mid Atlantic Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by the trustee, a qualified institution:

	2025	2024
Investments, at fair value:		
Registered investment companies	$ 9,122,218	$ 7,675,430
Collective trust fund	57,049	60,558

The trustee also certified to the completeness and accuracy of the $732,382 of net appreciation in fair value of investments and $416,196 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Fair values are based on unadjusted quoted prices in active markets. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and these investments are classified as Level 1.

Collective trust fund: The collective trust fund is valued at net asset value (NAV) based upon units held by the Plan. The NAV is used as a practical expedient to estimate fair value. Such investments recorded at NAV are not classified within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor's management believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,122,218	$ -	$ -	$ 9,122,218
Investments measured at NAV (a)				57,049
Investments at fair value				$ 9,179,267

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,675,430	$ -	$ -	$ 7,675,430
Investments measured at NAV (a)				60,558
Investments at fair value				$ 7,735,988

(a) In accordance with Subtopic 820-10 as amended by Accounting Standards Update 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth disclosure of the Plan's investment whose fair value is estimated using NAV per share as of December 31, 2025 and 2024:

	Fair Value at December 31		Unfunded	Redemption	Redemption
Investment	2025	2024	Commitment	Frequency	Notice Period
Collective trust fund	$ 57,049	$ 60,558	None	Daily	None

Note 5. Tax Status

The Plan Sponsor has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service dated August 31, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRC. The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Exempt Party-in-Interest Transactions

Certain Plan investments are managed by the Plan's trustee. Therefore, transactions related to these investments qualify as permitted party-in-interest transactions, as defined by ERISA. Most administrative expenses of the Plan are paid by the Plan Sponsor, and personnel and facilities of the Plan Sponsor have been used by the Plan at no additional charge to the Plan. Fees paid by the Plan relate to recordkeeping and advisory services and amounted to approximately $43,000 for the year ended December 31, 2025.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31, 2025:

Net assets available for benefits per the financial statements	$ 9,282,983
Deemed distributions of participant loans	(56)
Difference in reporting of investments	45
Net assets per the Form 5500	$ 9,282,972

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to the net income per the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 1,429,699
Difference in net appreciation in fair value of investments	(11)
Net income per the Form 5500	$ 1,429,688

Note 10. Subsequent Events

The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 15, 2026, for these financial statements.

Independent Auditor's Report

Board of Trustees
RES Servicing Corp 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of RES Servicing Corp 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of RES Servicing Corp 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the eligible employees of RES Servicing Corporation (the Plan Sponsor or the Company). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated on May 20, 2022, to comply with the Cycle 3 Restatement requirement.

The Plan Sponsor engages Mid Atlantic Trust Company (the trustee) to hold and invest Plan assets and execute Plan transactions based on certain elections made by participants.

Eligibility: Full-time employees who are age 21 or older and have completed one year of service are eligible to participate in the Plan on semiannual entrance dates of January 1 and July 1. The Plan excludes all union employees, nonresident aliens and employees acquired as described under the IRC Section 410(b)(6)(C).

Contributions: The Plan permits employees who are eligible to make elective deferrals into the Plan and allocate this contribution to certain investments administered by the trustee. A participant's maximum pretax annual contribution was limited to $23,500 for the year ended 2025. Employees who are age 50 and over may make a catch-up contribution or super catch-up contribution based on age of up to $7,500 or $11,250, respectively, for the year ended 2025. These limitations are adjusted annually as provided in the IRC Section 415(d).

A participant may make a rollover contribution to the Plan of amounts which he or she has received from another qualified plan.

The Plan allows for employer profit sharing contributions, which are at the discretion of the Company, and guaranteed safe harbor contributions. During 2025, the Company did not elect to make a profit sharing contribution.

During 2025, the Company made approximately $149,000 in safe harbor contributions to the Plan. Guaranteed safe harbor contributions in 2025 are calculated as 100% of the first 3% of employee deferral, and 50% of the next 2% of employee deferral.

Payment of benefits: A participant may receive a benefit payment through an in-service withdrawal, hardship withdrawal, termination withdrawal, minimum required distribution, or related to death or disability. Each benefit payment type has eligibility criteria as defined in the Plan agreement. Upon retirement, death or disability, participants may, in accordance with the Plan provisions, elect to receive their participating interest in: (a) a lump sum or (b) monthly installments over a period not to exceed the joint life expectancy of the participant and spouse. Terminated or retired participants with vested account balances less than $5,000 are subject to a mandatory cash-out.

Participants' accounts: Each participant's account is credited with: (a) the participant's contributions, (b) the employer's contributions and (c) Plan earnings (losses), if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is equal to the vested benefit in the participant's account.

Note 1. Description of Plan (Continued)

Participants' investment options: Participants must direct the amounts contributed to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or internet access.

Vesting: A participant is fully vested at all times in his or her own contributions to the Plan. Participants are immediately 100% vested in the Company's safe harbor contributions. Participants vest in the Company's profit sharing contributions as follows:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants: Notes receivable from participants represent loans which allow participants to borrow from their fund accounts, subject to approval by the Plan Administrator. The maximum amount that may be borrowed is the lesser of 50% of the participant's vested account balance or $50,000 (subject to certain limitations set forth in the Plan agreement). The minimum amount that may be borrowed is $1,000. The loans are secured by the vested balance in the participant's account. The interest rate is fixed for the term of the loan based on prevailing market rates at the inception of the loan. Loan repayments are made through payroll deductions over a period that may not exceed five years, unless used to acquire a principal residence. Interest rates range from 4.25% to 9.50% and loans mature through 2030.

Forfeitures: The Plan had $1 and $18 in forfeited nonvested account as of December 31, 2025 and 2024, respectively. Forfeitures of profit sharing contributions may be used to pay appropriate Plan expenses, to reduce employer contributions, or as an employer profit sharing contribution allocation in the ratio that each participant's compensation for the plan year bears to the total compensation of all participants for such plan year (or any combination of the foregoing). During the years ended December 31, 2025 and 2024, a safe harbor allocation was performed whereby the Plan forfeitures were allocated and contributed into the individual participant accounts.

Administrative expenses: Administrative expenses, which include custodial and certain recordkeeping fees, are paid by the Plan.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid to the Plan's participant or when the Plan Administrator has processed the authorization of such requests with the trustee.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Note 3. Information Certified by the Mid Atlantic Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by the trustee, a qualified institution:

	2025	2024
Investments, at fair value:		
Registered investment companies	$ 9,122,218	$ 7,675,430
Collective trust fund	57,049	60,558

The trustee also certified to the completeness and accuracy of the $732,382 of net appreciation in fair value of investments and $416,196 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Fair values are based on unadjusted quoted prices in active markets. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and these investments are classified as Level 1.

Collective trust fund: The collective trust fund is valued at net asset value (NAV) based upon units held by the Plan. The NAV is used as a practical expedient to estimate fair value. Such investments recorded at NAV are not classified within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor's management believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,122,218	$ -	$ -	$ 9,122,218
Investments measured at NAV (a)				57,049
Investments at fair value				$ 9,179,267

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,675,430	$ -	$ -	$ 7,675,430
Investments measured at NAV (a)				60,558
Investments at fair value				$ 7,735,988

(a) In accordance with Subtopic 820-10 as amended by Accounting Standards Update 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth disclosure of the Plan's investment whose fair value is estimated using NAV per share as of December 31, 2025 and 2024:

	Fair Value at December 31		Unfunded	Redemption	Redemption
Investment	2025	2024	Commitment	Frequency	Notice Period
Collective trust fund	$ 57,049	$ 60,558	None	Daily	None

Note 5. Tax Status

The Plan Sponsor has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service dated August 31, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRC. The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Exempt Party-in-Interest Transactions

Certain Plan investments are managed by the Plan's trustee. Therefore, transactions related to these investments qualify as permitted party-in-interest transactions, as defined by ERISA. Most administrative expenses of the Plan are paid by the Plan Sponsor, and personnel and facilities of the Plan Sponsor have been used by the Plan at no additional charge to the Plan. Fees paid by the Plan relate to recordkeeping and advisory services and amounted to approximately $43,000 for the year ended December 31, 2025.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31, 2025:

Net assets available for benefits per the financial statements	$ 9,282,983
Deemed distributions of participant loans	(56)
Difference in reporting of investments	45
Net assets per the Form 5500	$ 9,282,972

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to the net income per the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 1,429,699
Difference in net appreciation in fair value of investments	(11)
Net income per the Form 5500	$ 1,429,688

Note 10. Subsequent Events

The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 15, 2026, for these financial statements.
