INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Plan de Pensiones de Contribuciones Definidas
de la Cooperativa de Seguros Múltiples de Puerto Rico:

Opinion

We have audited the accompanying financial statements of Plan de Pensiones de Contribuciones Definidas de la Cooperativa de Seguros Múltiples de Puerto Rico (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("US GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Emphasis of Matter – Change in Presentation

As discussed in Note 2 to the financial statements, the 2024 financial statements have been reclassified to reflect a change in presentation of the Plan's investments, which were previously presented as an interest in a master trust. Our opinion is not modified with respect to this matter.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the Plan de Pensiones de Contribuciones Definidas de la Cooperativa de Seguros Múltiples de Puerto Rico (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering eligible employees of Cooperativa de Seguros Múltiples de Puerto Rico (the "Plan Sponsor") and the members of its controlled group listed below. The Plan became effective in January 2013 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2020, the following companies are members of a controlled group of corporations, related entities, or affiliated service group under common control: Cooperativa de Seguros Múltiples de Puerto Rico, Green Insurance Agency, Inc., Assets Management, Inc., Central Credit Corp., Servicio Integrado de Telefonía, Inc., Number One Auto Parts, and Múltiples Mortgage Corporation.

Contributions – Each year, participants may contribute an amount of their compensation not exceeding the maximum deferral specified by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, subject to the conditions and limitations set forth in the Plan document. Effective January 1, 2016, the Plan Sponsor contributes a matching contribution equal to 100% of participants' elective pretax deferrals, up to 4% of eligible compensation. The matching formula replaced the employer contribution formulas in effect prior to that date, which were based on the participants' date of hire.

True-Up – The Plan Sponsor may perform a true-up adjustment to ensure that employer contributions and matching contributions are determined based on participants' final eligible compensation and final elective deferrals for the period. Employer contribution receivable included true-up matching contributions of $43,732 and $41,575 as of December 31, 2025 and 2024, respectively.

Eligibility and Automatic Enrollment – Prior to April 1, 2025, employees were eligible to participate upon attaining age 21. Effective April 1, 2025, employees are eligible to participate in the Plan upon attaining 21 age and completing 90 days of service. Eligible employees who do not make an affirmative election are automatically enrolled at 4% of eligible compensation, unless they elect otherwise. In addition, at the beginning of each Plan year, participants who are not contributing, or are contributing less than 4% of eligible compensation, are automatically enrolled at 4% unless they affirmatively opt out for that Plan Year. Participants may change their deferral elections in accordance with Plan procedures.

Participant Accounts – Each participant account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings. Allocations are based on participant earnings or accounts balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested upon attaining six years of credited service, 80% upon attaining five years, 60% upon attaining four years, 40% upon attaining three years and 20% upon attaining two years.

Notes Receivable from Participants – Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance from participants pre-tax, catch up and rollover contributions. The notes receivable is secured by the balance in the participant's account and bear interest at a fixed rate established at the time the loan is issued.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant or the participant beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Periodic installments are an optional form of benefit only for participants who attain normal retirement age and early retirement age. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Nonvested employer contribution account balances are forfeited upon termination of employment in accordance with the Plan document. Forfeitures may be used to reduce employer contributions, pay eligible Plan expenses, or be otherwise allocated as permitted by the Plan document. Forfeitures used during the years ended December 31, 2025 and 2024 were $21,942 and $17,379, respectively. Unallocated forfeitures available at December 31, 2025 and 2024 were $16,397 and $14,802, respectively.

Administrative Expenses – Some administrative expenses are paid by the Plan Sponsor.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Presentation – The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investments Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments, except for interest-bearing deposits, which are valued as described in Note 3. Shares in mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The unrealized appreciation (depreciation) in the value of these securities as well as gains and losses on investments sold during the year are included in net appreciation (depreciation) in fair value.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Participant loans are secured by the participant's vested account balance and bear interest at fixed rates established at origination in accordance with the Plan's loan policy. Under FASB ASC 326-20-15-3, the credit loss allowance requirements do not apply to loans made to participants by defined contribution employee benefit plans.

Payment of Benefits – Benefits are recorded when paid. Amounts allocated to participants who have elected to withdraw from the Plan but have not yet been paid, if any, are not reported as liabilities in the statements of net assets available for benefits. There were no such amounts at December 31, 2025 or 2024.

Risks and Uncertainties – The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the financial statements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Change in Presentation of 2024 Financial Statements – The plan's financial statements as of and for the year ended December 31, 2024, as originally issued presented the Plan's investments as an Interest in a Master Plan. In these financial statements, the 2024 amounts have been reclassified to present non-interest-bearing cash separately, and to present interest and dividends income and net appreciation in fair value of investments separately in the statement of changes in net assets available for benefits. This presentation continues to the presentation adopted in the Plan's reissued 2023 financial statements. The change in presentation has no effect on net assets available for benefits for the year end, on participant account balances, or on investments valuations.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements, establishes a framework, for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Model based techniques in which inputs or assumptions to the valuation methodology are unobservable in the market and significant to the fair value measurement. Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Equities Mutual Funds are valued at the net asset value of shares held by the Plan at year end.

Money Market Funds are valued at daily NAV of $1 per share published by the fund.

Fixed Income Funds are valued at the net asset value of shares held by the plan at year end.

Interest Bearing Deposits are carried at their carrying amount, which approximates fair value. Because these deposits have short-term maturities and are available on demand. Accordingly, they are classified within Level 1 of the fair hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025		
	Level 1	**Level 2**	**Total**
Equities mutual funds	$ 24,681,036	$ -	$ 24,681,036
Money market funds	45,918	-	45,918
Interest Bearing deposits	1,204,606	-	1,204,606
Fixed income mutual funds	161,267	-	161,267
Total	$ 26,092,827	$ -	$ 26,092,827

	Assets at Fair Value as of December 31, 2024		
	Level 1	**Level 2**	**Total**
Equities mutual funds	$ 19,259,187	$ -	$ 19,259,187
Money market funds	73,220	-	73,220
Interest Bearing deposits	974,183	-	974,183
Fixed income mutual funds	118,040	-	118,040
Total	$ 20,424,630	$ -	$ 20,424,630

The total above represents the Plan's investments at fair value of $26,092,827 and $20,424,630 as of December 31, 2025, and 2024, respectively. Also, certain 2024 amounts in the fair value hierarchy table above have been reclassified from Level 2 to Level 1 to conform to the 2025 presentation.

4. RISK AND UNCERTAINTIES

The Plan invest in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments including an interest-bearing deposit account, and the Plans non-interest-bearing cash, are managed by or held through Banco Popular de Puerto Rico, the custodian of Plan assets. In addition, notes receivable from participants represents loans to Plan participants, who are parties-in-interest under ERISA. Transactions involving the custodian, participant loans, and other parties in interest qualify as party-in-interest transactions under ERISA. Management believes such transactions are exempt from the prohibited transaction provisions of ERISA. Then were no nonexempt party-in- interest transactions during the years ended December 31, 2025 and 2024.

6. INCOME TAXES

The Plan is intended to qualify under Section 1081.01 of the Puerto Rico Internal Revenue Code of 2011, as amended. The Trust associated with the Plan is exempt from Puerto Rico income tax under such section. The Plan received a favorable determination letter dated August 26, 2016. The most recent correspondence from the Puerto Rico Treasury Department, dated May 29, 2024, indicated that the amendment submitted did not affect the Plan's qualified status. Although the Plan has been amended since the date of that letter, the Plan Administrator believes the Plan is designed and is currently operated in compliance with the applicable requirements of the 2011 PR Code and, therefore, that the Plan is qualified and the related Trust is tax exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Puerto Rico Treasury. The Plan Administrator has analyzed the tax position taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. SUBSEQUENT EVENTS

During 2025 and 2026, the Plan Administrator addressed correspondence from the U.S. Department of Labor ("DOL") regarding certain investment disclosures in the Plan's 2023 Form 5500 and audited financial statements. The Plan subsequently amended its Form 5500 and reissued its 2023 audited financial statements. The corresponding 2024 investment disclosures presented in the financial statements were also revised for consistency (See note 2). The Plan Administrator intends to amend the Plans 2024 Form 5500 and reissue the 2024 audited financial statements to reflect the revised presentation. These revisions were presentational in nature and did not affect net assets available for benefits, participant account balances, or investment valuations.

The Plan Administrator evaluated subsequent events through October 9, 2026, the date on which the financial statements were available to be issued. There were no material subsequent events requiring recognition or disclosure in the Plan's financial statements.
