INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator of the
Stussy, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

I have performed an audit of the accompanying financial statements of Stussy, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of my report. I am required to be independent of Stussy, Inc. 401(k) Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stussy, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued. Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.
In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stussy, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stussy, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information. In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2024 Financial Statement

Management is responsible for the accompanying 2024 financial statement of Stussy, Inc. 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. I have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. I did not audit or review the financial statement, nor was I required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statement.

Note 1 – Description of plan

The following description of the Stussy, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Stussy, Inc., a controlled group which includes Stussy, Inc., California Tribe LLC, and NYC Tribe, Inc. The Plan was established by the Plan Sponsor on January 1, 1989 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

The Plan was amended and restated effective January 1, 2022, to meet the requirements of Protecting Americans from Tax Hikes Act of 2015, the American Taxpayer Relief Act of 2012, as well as the required changes from the 2017 Cumulative List of Changes in Plan Qualification Requirements. The Plan was also amended effective January 1, 2023 to change the plan entry dates from semi-annually to quarterly, upon meeting eligibility requirements, and then amended again January 1, 2024 to allow NYC Tribe, Inc.'s employees to participate in the Plan.

SECURE 2.0 (Setting Every Community Up for Retirement Enhancement Act) was signed into law on December 29, 2022. SECURE 2.0 continues retirement plan reforms made by 2019 SECURE 1.0. The SECURE 2.0 Act has many changes that were in effect beginning in 2023. The Plan Sponsor elected to amend the Plan on January 1, 2026, with various effective dates, for the SECURE Act, CARES Act, and SECURE 2.0 Act.

Administration

During the years ended December 31, 2025 and 2024, John Hancock Life Insurance Company has been contracted to serve as the custodian and recordkeeper of the Plan's assets. Pension Professionals, Inc. is the third-party administrator for the years ending December 31, 2025 and 2024.

Investment options

Participants are allowed to direct employee and employer contributions to various investment options available under the Plan. The investment options included pooled separate accounts that invested in a variety of underlying funds.

Eligibility and participation

Employees of the Plan Sponsor that are twenty-one years of age and have been employed for one year are eligible to participate in the plan. Employees have completed one year of service for the purpose of eligibility after one year from their date of hire if they worked at least one thousand hours during that time period. Effective January 1, 2023, participants are able to enter the Plan on the first day of the quarter following the date on which they satisfy the above eligibility requirements. Prior to this date, they were eligible to enter semi-annually. The plan covers all employees except non-resident aliens who received no U.S. earned income, employees who were included in a unit of collective bargaining, and employees that were acquired in an acquisition, merger, or similar transaction. Participants must be employed on the last day of the Plan year and complete 1,000 or more hours of credited service to be eligible for allocations of the employer contributions.

Note 1 – Description of plan (continued)

Participant accounts

Each participant's account is credited with the participant's deferrals and an allocation of a) the Plan Sponsor's contribution and b) Plan earnings. Each participant's account is decreased by investment losses and depreciation in the value of investments, as well as withdrawals and distributions from their account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant contributions

The Plan is a contributory plan whereby participants may contribute pre-tax annual compensation and/or Roth 401(k) contributions from 1% to 100% of their salary, not to exceed $23,500 and $23,000 for December 31, 2025 and 2024, respectively. Participants age 50 or older may elect to defer up to an additional $7,500 of "catch up" contributions to the Plan for 2025 and 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer contributions

The employer may make a profit-sharing contribution, a safe harbor non-elective contribution, or matching contributions into the Plan. To be eligible to receive an allocation of profit sharing and safe harbor contributions, participants must be employed on the last day of the plan year, and complete 1,000 hours of credited service in the plan year. For the year ended December 31, 2025, the employer made profit-sharing contributions of $258,152 and safe harbor non-elective contributions of $336,430 into the Plan. No employer match contributions were made by the Plan Sponsor during 2025. Participants are immediately vested 100% in the safe harbor contributions and over a 6-year period for all other employer contributions.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loan terms range from 1 year to a maximum of 5 years. The loans are secured by the balance in the participant's account and bear a reasonable fixed rate of interest at prime rate plus 2% per year. However, the amortization period for a loan to a participant to acquire his or her principal residence may be extended to 30 years. Interest rates on participant loans range from 5.25% to 10.50% as of December 31, 2025. The amount of the loan, plus interest, is amortized over the repayment period. Loans are repaid by payroll deductions or cashier's checks or money orders.

Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in employer profit sharing contributions and the earnings thereon is based on years of continuous service and vest 20% after two years of service and increase 20% for each additional year of service, with 100% after six years of service.

Payment of benefits

Upon retirement, death, disability, or termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, or annual or more frequent installments, distributed in accordance with the Plan. Benefits provided under this plan are neither insured nor guaranteed by the Plan Sponsor, by the Pension Benefit Guarantee Corporation, a federal governmental agency, nor under any state or federal law.

Note 1 – Description of plan (continued)

In-Service withdrawals

Participants who are at least 59-1/2 years of age are entitled to receive a distribution of all or any portion of their vested account balance. In-Service distributions are permitted at any time from rollover contributions.

Hardship withdrawals, which meet a hardship purpose of immediate and heavy financial needs, are permitted as provided in the plan agreement. Such amounts may be drawn from a participant's 100% vested account balance and earnings and may be subjected to certain income tax penalties.

Forfeitures

Forfeited balances of terminated participating non-vested accounts may be used to reduce administrative expenses and employer contributions to the Plan. As of December 31, 2025, the amount of forfeitures available was $4,259. During 2025, $9,023 was used to reduce employer contributions and plan expenses.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Investment valuation and income recognition

Investments are measured at quoted prices in an active market and have been certified complete and accurate by John Hancock Life Insurance Company, the Plan's custodian. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of the fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represents the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Note 2 – Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Corrective distributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability in the amount of $437 with a corresponding reduction in contributions for the year ended December 31, 2025. The Plan distributed the excess contributions to the applicable participants in March 2026.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Fees paid directly by the Plan for certain administrative fees amount to $7,651 for the year ended December 31, 2025. Fees paid by the Plan Sponsor for administrative fees amounted to $2,204 for the year ended December 31, 2025.

Subsequent events

Subsequent events have been evaluated by the Sponsor's management through October 15, 2026, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2025 that required recognition or additional disclosure in the current period financial statements.

Note 3 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. The valuation methodology used for the assets measured at fair value is as follows:

Pooled separate accounts: Pooled separate accounts represent investments in participation units held in pooled separate accounts through sub-accounts of an insurance company. The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company denotes readily determinable fair value. These pooled separate accounts are classified in Level 1 in the fair value hierarchy.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 10,835,597	$ -	$ -	$ 10,835,597
Investments at fair value	$ 10,835,597	$ -	$ -	$ 10,835,597

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 8,779,980	$ -	$ -	$ 8,779,980
Investments at fair value	$ 8,779,980	$ -	$ -	$ 8,779,980

Note 4 - Information certified by the custodian

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the custodian that the following information included in the Plan's financial statements is complete and accurate, as of and for the year ended December 31, 2025:

	2025
Noninterest-bearing cash	$ 4,259
Investments in pooled separate accounts	10,835,597
Net appreciation (depreciation) in fair value of investments	1,507,890
Interest income on notes receivable from participants	3,693

Note 5 – Party-in interest transactions

Certain Plan investments are managed by John Hancock Life Insurance Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan also holds notes receivable representing participant loans. Therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 – Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Tax status

The IRS has determined and informed the plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to potential audits on open years by any jurisdiction in which it operates. The statute of limitations for federal purposes is generally three years.

Note 8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts' balances and the amounts reported in the statements of net assets available for benefits.
