BENEFIT PLAN ASSURANCE

REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator
Redis Inc. 401(k) Plan
San Francisco, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Redis Inc. 401(k) Plan, formerly Redis Labs, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Redis Inc. 401(k) Plan, formerly Redis Labs Inc. 401(k) Plan (the "Plan"), provides general information. Participants should refer to the Plan document for a complete description of its provisions.

General

The Plan is a defined contribution savings plan sponsored by Redis, Inc., formerly Redis Labs, Inc., (the "Company" or "Plan Administrator"). The Plan was established in 2021 as a spin-off from the TriNet Passport 401(k) Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 "ERISA"), as amended, and applicable regulations issued by the Department of Labor ("DOL").

Plan administration

Effective May 1, 2025, the Company has contracted with Charles Schwab Trust Bank ("Schwab") to serve as the trustee, and with an affiliate of Schwab to provide recordkeeping services.

Prior to May 1, 2025, custodial services were provided by Voya Retirement Insurance and Annuity Company ("Voya") and recordkeeping services were provided by an affiliate of Voya.

Eligibility

The Plan covers substantially all employees age 18 or older, excluding independent contractors, union employees, certain nonresident aliens, employees based in Puerto Rico, and certain employees acquired through mergers or acquisitions during the applicable statutory exclusion period. Eligible employees may participate on the first day of the month coinciding with or next following satisfaction of the eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined by the plan document, on a pre-tax or Roth basis, subject to the Internal Revenue Code ("IRC") limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, as defined in the IRC. Eligible employees subject to the Plan's automatic enrollment provisions are automatically enrolled at a pre-tax deferral rate of 6% of eligible compensation unless they affirmatively opt out or elect a different deferral rate.

Participants may also make rollover contributions to the Plan from other qualified defined benefit or defined contribution retirement plans.

The Company may make discretionary matching contributions to the Plan. Prior to May 1, 2025, the Plan also permitted discretionary nonelective contributions. No employer contributions were made for the year ended December 31, 2025.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, Company contributions, if any, and allocations of plan earnings. Accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions and related earnings. Employer contributions and related earnings vest ratably over four years of credited service, with participants becoming fully vested upon attainment of normal retirement age, death, or disability, as provided in the Plan document.

Notes receivable from participants

Participants may borrow a minimum of $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. Participant loans are secured by their account balances and generally must be repaid within five years, or ten years for loans used to acquire a primary residence. Loans bear a reasonable interest rate established at origination. Prior to May 1, 2025, the interest rate was the prime rate plus 1%. Principal and interest are generally repaid through payroll deductions each pay period. Outstanding loans at December 31, 2025, bear interest rates ranging from 4.25% to 9.50% and mature through March 2032.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document. Upon termination, participants with total vested account balances of up to $1,000 may automatically receive a lump-sum cash distribution from the Plan. Unless affirmatively elected otherwise by the participant, if a participant's vested account balance is greater than $1,000 and up to $7,000, the balance may be automatically rolled over into an individual retirement account, preselected by the Company. If a participant's vested account balance is greater than $7,000, the participant may either consent to a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant's pay by the Company, which is the pay date. Contributions from the Company, if any, are recognized in the plan year to which they relate when required under the Plan's provisions or supported by a formal commitment from the Company. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document.

Investment valuation

The Plan's investments are reported at fair value and contract value, as applicable. Voya certified the contract value of the Plan's investment in the Voya Fixed Account, which is a fully benefit-responsive investment contract, and the fair value of the investments in the pooled separate accounts. Schwab certifies the fair value of assets held in self-directed brokerage accounts and mutual funds. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The plan document allows administrative expenses to be paid by the Plan, unless paid by the Company. The majority of the recordkeeping and third-party administrator fees are paid with plan assets. Investment fees, which may vary according to the individual investment options selected, are also paid out of the assets of the Plan. Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2025 and they are excluded from these financial statements. The Plan is not expected to reimburse the Company for these expenses.

Subsequent events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY VOYA AND SCHWAB

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by Voya and Schwab, qualified institutions:

- Investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, except for assets held in self-directed brokerage accounts of $161,898 as of December 31, 2024.
- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).
The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Self-directed brokerage accounts: Participants may invest in marketable securities through the Plan's brokerage account option. Securities held in these accounts include common stock and exchange-traded funds, which are generally valued using quoted prices in active markets. Interest-bearing cash is valued at cost plus accrued interest.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Units held in pooled separate accounts ("PSAs") are valued using NAV as reported by the account managers. NAV is based on the fair value of the underlying assets of each PSA, less its liabilities, divided by the number of units outstanding. PSA investments held by the Plan can be redeemed daily and are not subject to redemption restrictions or notice requirements. The PSAs held by the Plan are non-direct filing entities.

The valuation methods described above may produce fair value measurements that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the investment strategies of significant PSAs held by the Plan:

JPMorgan Large Cap Growth Fund: This fund seeks long-term capital appreciation. Under normal circumstances, at least 80% of the fund's assets are invested in equity securities of large, well-established companies with market capitalizations within the range of companies included in the Russell 1000 Growth Index at the time of purchase.

Fidelity 500 Index Fund: This fund seeks to provide investment results that correspond to the total return (i.e., the combination of capital changes and income) performance of common stocks publicly traded in the United States. Under normal circumstances, at least 80% of the fund's assets are invested in common stocks included in the S&P 500 Index, which broadly represents the performance of common stocks publicly traded in the United States.

Nuveen Lifecycle Index Target Date Funds: These funds seek high total return over time through a combination of capital appreciation and income. The funds invest in underlying equity and fixed-income funds, with investment allocations gradually shifting from a more aggressive to a more conservative approach as each fund approaches and passes its target retirement date.

The following table summarizes the Plan's investments by level within the fair value hierarchy and investments measured at NAV as a practical expedient as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 25,874,897	$ -	$ -	$ 25,874,897

The following table summarizes the Plan's investments by level within the fair value hierarchy and investments measured at NAV as a practical expedient as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts *	$ 159,335	$ -	$ -	$ 159,335

* The self-directed brokerage accounts also included cash balances of approximately $28,997 and $2,563 at December 31, 2025 and 2024, respectively, which are not included in the fair value hierarchy above.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company and its employees, and certain others. Certain Plan investments are managed by affiliates of Voya or Schwab. As such, transactions conducted by Voya, Schwab or one of their affiliates, including fee offset agreements, qualify as party-in-interest transactions. Also, the Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

7. TAX STATUS

Effective May 1, 2025, the Plan has adopted a non-standardized pre-approved defined contribution plan document that received a favorable opinion letter from the Internal Revenue Service ("IRS") dated September 21, 2020, which stated that the plan document, as then designed, was in accordance with the applicable sections of the IRC.

Prior to May 1, 2025, the Plan had adopted a different non-standardized pre-approved defined contribution plan document that received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the plan document, as then designed, was in accordance with the applicable sections of the IRC.

The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes is included in the Plan's financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants would become fully vested in their account balances in the event the Plan is terminated.
