Independent Auditor's Report

To the Plan Administrator
Fresh Express Plant Workers Savings and Investment Plan
Fort Lauderdale, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fresh Express Plant Workers Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Fresh Express Plant Workers Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Fresh Express Incorporated (the Company or the Plan Sponsor) and is subject to the provisions of the Internal Revenue Code of 1986, as amended (the IRC), and the Employee Retirement Income Security Act of 1974, as amended (ERISA). Although it is anticipated that the Plan will continue indefinitely, the Board of Directors of the Company can amend, suspend, or terminate the Plan at any time, subject to the provisions of the Plan, the IRC, and ERISA. In the event of Plan termination, active participants become 100% vested in their accounts.

The Plan document was adopted on November 29, 2017 and implemented effective December 1, 2017 for employees who are covered by collective bargaining agreements with the Company where participation in the Plan is the subject of good faith bargaining. The Plan was amended in December 2018 to provide a special matching contribution. As disclosed in Note 8, the Company has adopted a pre-approved plan provided by Empower Retirement, LLC (Empower). On April 1, 2022, the Company restated the Plan to comply with legislative and regulatory changes associated with the restatement of the pre-approved plan every six years in order to maintain the Plan's tax-qualified status.

Trustee and Administration of the Plan

The Plan appointed Empower Trust Company, LLC as trustee effective April 1, 2022. The Plan's recordkeeper is Empower. Plan assets invested with Empower may be held and invested under a group annuity contract in Empower's general investment account.

Eligibility

Substantially all full-time and part-time domestic employees of the Company and its participating subsidiaries who are covered by a collective bargaining agreement under which benefits have been the subject of good-faith bargaining are eligible to participate after completing 60 days of service and attaining age 21. Eligible employees may enter the Plan on the first day of the month following or coincident with satisfaction of the eligibility requirements.

Participant Contributions

Participants may elect to defer as a before-tax contribution and/or after-tax designated Roth contribution any whole percentage of their compensation, subject to the limitations, as defined in the Plan document, and subject to the non-discrimination standards of the IRC. A participant's compensation is reduced by the amount of before-tax contributions and/or designated Roth contributions, and those amounts are contributed to the Plan on the participant's behalf by the Company. A participant's before-tax contributions and designated Roth contributions in any one year are also limited to a fixed dollar maximum ($23,500 for 2025), as specified by the IRC. Participants age 50 or older can make catch-up contributions if they contributed the maximum elective deferral

under the Plan. A participant's catch-up contributions in any one year are limited to a fixed dollar maximum ($7,500 for 2025), as specified by the IRC.

The Plan accepts rollover contributions (Rollovers) from other qualified plans and from certain individual retirement accounts. Rollovers are credited to a participant's rollover contributions account and are treated in a manner similar to before-tax contributions or after-tax designated Roth contributions for Plan accounting and federal income tax purposes. Rollovers are not eligible for Company matching contributions.

Company Contributions

The Company makes a basic matching contribution based on eligible participant contributions. The Company's matching contributions are subject to the non-discrimination standards of the IRC.

The basic matching contribution is 50% of a participant's before-tax contributions and/or after-tax designated Roth contributions up to 6% of compensation, as determined each payroll period. All Company matches are made in cash. Under the IRC, a participant's annual before-tax contributions, after-tax designated Roth contributions, and employer matching contributions for any calendar year cannot exceed the lesser of a fixed dollar amount ($70,000 for 2025) or 100% of the participant's compensation for that calendar year.

Participant Accounts

Each participant's account is credited with the participant's contribution and related matching contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific requested participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their Employee contribution accounts. Matching Contributions made by the Company become vested at a rate of 25% for each year of service to the Company. A participant becomes fully vested in his or her matching contributions account immediately at age 65 while still actively employed or when employment terminates as a result of retirement, death or disability.

Notes Receivable from Participants

The Plan has a loan feature under which active participants may borrow up to 50% of the value of their vested and non-forfeitable account balance (up to a maximum of $50,000) upon the demonstration of a hardship event, as defined by the Plan. The loan must bear interest at a rate reasonable at the time of application. The Company has established a fixed interest rate which is the prime rate plus 1%. Loans are repaid via payroll deduction over a period of not more than five years, except for loans used to purchase a primary residence, which are repaid over a period of up to ten years. Upon participant termination, retirement or death, the participants' vested account balance will be reduced by the remaining outstanding loan balance, and any portion of the outstanding loan balance that is not repaid is treated as a distribution to the participant.

Payment of Benefits

A participant's account may be withdrawn only in limited circumstances, as permitted by the IRC and the Plan.

Upon termination of service, a participant may apply to receive a distribution of the vested portion of his or her account balance in a lump-sum amount or, if the vested portion is equal to or greater than $5,000, leave the account balance in the Plan until age 65. If the participant's account is greater than $1,000 and less than $5,000, the participant may elect to receive distribution in a single lump-sum in cash and/or direct rollover to another qualified plan. If the participant does not specify an election, the payment will be automatically rolled over to an individual retirement plan designated by the Plan Sponsor. If the participant's account is $1,000 or less, the participant will receive a lump-sum amount if the participant does not specify an election. In February 2024, the Plan was amended to increase the mandatory distribution limit from $5,000 to $7,000 and provide for in service distributions to terminally ill participants that satisfy specific requirements.

Forfeitures

The non-vested portions of a terminating participant's account are forfeited upon distribution and are used to pay Plan expenses and reduce future Company contributions. There were approximately $900 and $10,000 cumulative forfeitures available to pay Plan expenses and offset Company contributions at December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, forfeitures used to pay plan expenses and/or offset Company contributions were approximately $13,000.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for further discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 5) is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurement, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liability.

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used at December 31, 2025 or 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts (PSAs): Pooled separate accounts are valued at the NAV of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by Empower Annuity Insurance Company is used as a practical expedient to estimate fair value. NAV would not be used if it was probable that the investment would not be traded at NAV. The PSAs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. All but one of these are direct filing entities. The Capital Group EuroPacific Growth SA investment is not a direct filing entity. This investment aims to provide long-term growth of capital by investing in attractively valued companies in developed and emerging markets that are positioned to benefit from innovation, economic growth, increasing consumer demand, or a turnaround in business conditions.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 2,850,515**	**$ -**	**$ -**	**$ 2,850,515**
Investments measured at NAV				**2,496,489**
Total Investments, at fair value	**$ 2,850,515**	**$ -**	**$ -**	**$ 5,347,004**

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,436,229	$ -	$ -	$ 2,436,229
Investments measured at NAV				2,123,787
Total Investments, at fair value	$ 2,436,229	$ -	$ -	$ 4,560,016

5. Group Investment Contract

The Plan entered into a benefit-responsive investment contract with Empower through the MassMutual Diversified Separate Account Guaranteed Investment Contract (the SAGIC). Following the close of Empower Retirement's acquisition of MassMutual's retirement plan business on December 31, 2020, Empower Capital Management LLC (ECM) assumed the management of the SAGIC. Empower maintains the contributions in a separate account. The separate account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the SAGIC is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the SAGIC. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate is set quarterly. The SAGIC does not allow the crediting interest rate to fall below 0%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),

2. Changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions,

3. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary); that cause a significant withdrawal from the Plan, or

4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Empower. Participant loan and distribution processing fees are paid to Empower by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. Tax Status

The Plan uses a pre-approved plan document sponsored by Empower. Empower received an opinion letter from the Internal Revenue Service (IRS), dated November 14, 2022, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
