**INDEPENDENT AUDITOR'S REPORT**

The Plan Administrator of GE Aerospace Health Choice For Employees Plan

**Opinion**

We have audited the financial statements of GE Aerospace Health Choice For Employees Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits and benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for plan benefits and of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits and benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for plan benefits and changes in its benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are

presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

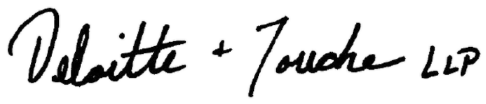

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

(1) Description of the Plan

The GE Aerospace Health Choice For Employees Plan, formerly the GE Health Choice For Employees Plan (the "Plan"), is a health and welfare plan sponsored by General Electric Company, operating as GE Aerospace (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 1, 2015, the Plan is available only to certain active salaried employees and eligible dependents of the Company and its participating subsidiary companies in the United States as defined by the Plan document. In accordance with its terms, the Plan provides benefits to pay certain medical expenses and flexible spending accounts for otherwise unreimbursed medical and dependent care expenses.

The Company contributes amounts to provide benefits under the Plan, and participants make contributions for medical benefits coverage. For the flexible spending accounts, employees contribute amounts to individual accounts through salary reductions, and forfeit contributions in excess of specified amount if they do not submit claims in a timely manner.

Medical claims for benefits provided under the Plan are processed by various insurance companies, health administrators or other suppliers, but the responsibility for payments to participants and providers is retained by the Plan. The above description of the Plan is provided for general information purposes only. The complete terms of the Plan are provided in the Plan document.

On April 2, 2024, the Company completed the separation of its Energy business, into a separate independent publicly traded company, now known as GE Vernova Inc. (GEV). GEV continued to participate in the Plan during 2024 and ceased participating during 2025.

The Company has the right to discontinue its contributions at any time and to modify or terminate the Plan in accordance with Plan provisions and applicable legal requirements. In the event of termination, the Plan's assets are first applied to benefits payable under the Plan.

The Plan invests its funds in the GE Insurance Plan Trust (the "Trust"). Company personnel are Trustees of the Trust. State Street Bank & Trust Company is the custodian for Trust assets.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investments

Plan investment assets are held in the Trust. The Trust's investments are reported at fair value. See notes 4 and 5 for additional information.

Investment transactions are recorded by the Trust on a trade date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date.

Securities for which exchange quotations are readily available are valued at the last sale price, or if no sales occurred on that day, at the quoted bid price. Non-publicly traded investments are principally investments in private equity funds.

The Plan has a divided interest in the Trust. Non-cash investments and related gains and losses are allocated entirely to another specific plan in the Trust, while cash and cash investment funds and related interest income are allocated to all plans participating in the Trust.

(c) Fair Value Measurements

For financial assets and liabilities, fair value is the price the Trust would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets or liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect management's market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 - Quoted prices for identical investments in active markets.

Level 2 - Quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose significant value drivers are observable.

Level 3 - Significant inputs to the valuation model are unobservable.

The Company maintains policies and procedures to value investments using the best and most relevant data available. Independent pricing vendors are used to assist in valuing certain investments.

The following section describes the valuation methodologies used to measure investments at fair value.

The cash investment fund is valued at the net asset value of units of the fund. The net asset value per unit is published and is the basis for current transactions. The cash investment fund is a Level 1 investment.

Investments in private equity and other investments held by the Trust, are generally valued using the net asset value (“NAV”) per share as a practical expedient for fair value provided certain criteria are met. The NAVs are determined based on the fair values of the underlying investments in the funds. Investments that are measured at fair value using the NAV as a practical expedient are not classified in the fair value hierarchy.

(d) Insurance

Disbursements made to insurance companies under contract to provide certain medical benefits are shown as insurance premiums.

(e) Benefits Paid

Claims are recorded as paid by the claims administrator.

(f) Contributions

The Plan's benefits are funded through a combination of employee and employer contributions. Employee contributions are recognized when withheld from participants' pay or directly contributed for the related coverage period. Employer contributions are recognized in the period the Plan sponsor is obligated to fund benefits under the Plan. Amounts relating to future coverage periods are deferred and recognized when earned. Contributions due to the Plan but not yet received as of year-end are recorded as contribution receivables. Such receivables include employee and employer amounts attributable to the current coverage period that are unpaid at the statement date.

(g) Management Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, incurred but not reported, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(h) Claims Incurred but Not Reported

The Plan’s liability for active participant health claims incurred but unreported at year-end is estimated by the Company using historical payment trend information.

(3) Benefit Obligations

The Plan’s excess of benefit obligations over net assets at December 31, 2025 and 2024 relates primarily to claims incurred but not reported. It is expected that these obligations will be funded primarily through future employer contributions.

(4) Summary of Trust Financial Information

The Plan's net assets are primarily invested in the Trust which has been established to receive Company and participant contributions, invest or reinvest such sums, enter into contracts with insurance companies with respect to benefits, and pay benefits and administrative fees in accordance with specific provisions for participating plans.

The Plan's net assets in the Trust represented 28.6% and 24.0% of Trust net assets as of December 31, 2025 and 2024, respectively. The net assets and investment income of the Trust follows:

| Net Assets: | December 31, | | | |
|---|---|---|---|---|
| | 2025 | | 2024 | |
| | Plan's Interest | Trust | Plan's Interest | Trust |

| Total liabilities | — | 10 | — | 10 |
| Net assets | $ 4,368 | $ 15,255 | $ 4,492 | $ 18,697 |

(a) Includes direct investments and investment funds. See note 5 for details.

(b) The cash balance in the Trust represents liquid funds available to pay benefits.

The following is investment income for the Trust for the year ended December 31, 2025.

| | Year Ended December 31, 2025 |
|---|---|
| | Trust |
| | (in thousands) |
| Investment income: | |
| Interest, dividends and other income | $ 812 |
| Net (depreciation) in fair value of investments | (257) |

(c) Risk and Uncertainties

The Trust invests in a cash investment fund, private equity funds, and certain other investments. Market risks include global events which could impact the value of the investment securities, such as a pandemic or international conflict. Due to level of risks associated with certain investments, it is reasonable to expect that changes in the value of investments will occur (including in the near term) and that such changes could materially affect the Trust investments.

As of December 31, 2025 and 2024, the Trust has two assets individually greater than 10% of total assets.

(5) Fair Value Measurements

The Trust's investments measured at fair value on a recurring basis at December 31, 2025 follow.

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| | (in thousands) | | | |
| Investments: | | | | |
| Cash investment fund | $ 1,065 | $ — | $ — | $ 1,065 |
| | $ 1,065 | $ — | $ — | 1,065 |
| Investments measured at net asset value: [a] | | | | |
| Private equity and other investments | | | | 2,973 |
| Total investments, at fair value | | | | $ 4,038 |

[a] Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the level hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as total investments in Note 4.

The Trust's investments measured at fair value on a recurring basis at December 31, 2024 follow.

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| | (in thousands) | | | |
| Investments: | | | | |
| Cash investment fund | $ 1,293 | $ — | $ — | $ 1,293 |
| | $ 1,293 | $ — | $ — | 1,293 |
| Investments measured at net asset value: [a] | | | | |
| Private equity and other investments | | | | 4,351 |
| Total investments, at fair value | | | | $ 5,644 |

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the level hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as total investments in the statement of net assets available for plan benefits.

Investments in private equity and other investments held by the master trust are generally valued using the NAV per share as a practical expedient for fair value provided certain criteria are met. The NAV of the funds are determined based on the fair values of the underlying investments in the funds. Investments that are measured at fair value using the NAV as a practical expedient are not classified in the fair value hierarchy, and are described further below.

**Private Equity Funds and Other Investment Funds**

This asset class consists primarily of closed-end private equity funds, which invest across various fund types, including venture capital, buyouts, growth and debt strategies. The term of each fund is typically 10 or more years and the fund's investors do not have an option to redeem their interest in the fund. The assets in this class have been diversified across vintage years, industry sectors and geographic regions. Also included are investments in fund of funds which invest across a diversified array of strategies. Generally, redemptions are not available or allowable for these funds. As of December 31, 2025 and 2024, there are certain unfunded commitments for these funds. Unfunded commitments were $3.4 million as of December 31, 2025. There has not been significant funding (administrative expenses only) relating to the commitments during the years ended December 31, 2025 and 2024. The Plan does not expect there to be significant funding related to those in the future.

(6) Tax Status

Pursuant to a letter issued by Internal Revenue Service ("IRS") on June 24, 1987, the Trust utilized in conjunction with the Plan is intended to be a tax exempt Voluntary Employee Benefit Association (VEBA) under Internal Revenue Code section 501(c)(9). However, to the extent the Trust recognizes any “unrelated business taxable income” as defined in Section 512 of the Code, the Trust is required to pay tax on any such income. The Trust incurred no significant unrelated business income tax for the tax year 2025.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. For the year ended December 31, 2025, the Plan has not recognized a tax liability (or asset) related to uncertain tax positions. As of December 31, 2025 and 2024, the Trust has recognized an income tax receivable of $0.3 million for both years. The Plan administrator has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken.

(7) Expenses

Pursuant to the Plan document, the Plan incurs certain administrative expenses. Administrative expenses consist primarily of direct recordkeeping and claims processing costs and are reflected in 'Administrative expenses' in the Statement of Changes in Net Assets Available for Plan Benefits.

(8) Exempt Parties-in-Interest Transactions

As described in Note 7, the Plan paid certain expenses related to Plan operations and investment activity to various service providers who are parties in interest under ERISA. The Trust utilizes various investment managers to manage its net assets. These net assets may be invested into funds or separate accounts managed by the investment manager. Therefore, these transactions qualify as exempt party-in-interest transactions. In Plan management's opinion, fees paid during the year ended December 31, 2025, for services rendered by parties in interest were based upon customary and reasonable rates for such services.

(9) Reconciliation of Financial Statements to Form 5500

Amounts currently payable to or for participants are recorded on the Form 5500 for benefits claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

A reconciliation of net assets available for plan benefits per the financial statements to the annual report filed on Form 5500, Schedule H as required by the Department of Labor follows.

| | December 31, | |
|---|---|---|
| | 2025 | 2024 |
| | (in thousands) | |
| Net assets available for plan benefits per the financial statements | $ 25,939 | $ 39,894 |
| Due from employer - claims incurred but not reported at the end of the year | 17,035 | 30,252 |
| Benefit obligations currently payable at the end of the year | (36,154) | (58,117) |
| Net assets available for benefits per Form 5500 | $ 6,820 | $ 12,029 |

The amount due from employer for claims incurred but not reported (IBNR) is accrued in the Form 5500 and represents the amount due from the Company to fund the IBNR liability as recorded in the Form 5500. The IBNR as recorded in the Form 5500 is an estimated amount and is included in the benefit obligations recorded as of the Plan's year end. The Company will fund such claim amounts as they come due.

A reconciliation of the activity in the statement of changes in net assets available for plan benefits per the financial statements to the annual report filed on Form 5500, Schedule H as required by the Department of Labor follows.

| | Year Ended December 31, |
|---|---|
| | 2025 |
| | (in thousands) |
| Net decrease per the financial statements | $ (13,955) |
| Add: Due from employer - claims incurred but not reported at the end of the year | 17,035 |
| Less: Due from employer - claims incurred but not reported at the beginning of the year | (30,252) |
| Add: Amounts currently payable at the end of the year | (36,154) |
| Less: Amounts currently payable at the beginning of the year | 58,117 |
| Net loss per Form 5500 | $ (5,209) |

(10) Subsequent Events

Subsequent events were evaluated through September 25, 2026, the date the financial statements are available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.
