Independent Auditors' Report

To the Plan Administrator of
Slater Slater Schulman LLP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Slater Slater Schulman LLP 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Slater Slater Schulman LLP 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Slater Slater Schulman LLP 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Slater Slater Schulman LLP 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Slater Slater Schulman LLP 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Slater Slater Schulman LLP 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following brief description of the Slater Slater Schulman LLP 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Slater Slater Schulman LLP 401(k) Plan (the "Plan") is a defined contribution 401(k) profit sharing plan sponsored by Slater Slater Schulman LLP (the "Company"). The Plan was originally adopted on January 1, 2025. The Company serves as Plan Administrator, and Ascensus Trust Company serves as trustee of the Plan. All employees of the Company are eligible to participate in the Plan once they have attained age 21 and completed three consecutive months of service; the Plan has no excluded classes of employees. Participants enter the Plan on the earlier of the first day of the Plan Year or the seventh month of the Plan Year following the date the age and service requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Upon meeting eligibility requirements, participants may contribute any dollar amount or percentage of their plan compensation on a pre-tax or Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make additional "catch-up" contributions, subject to IRC limitations. Newly eligible employees are automatically enrolled at 3% of compensation, increasing 1% annually to a maximum of 10%, unless they elect otherwise. Participants may also contribute funds from another qualified plan or individual retirement arrangement ("rollover contributions"), subject to certain requirements.

The Plan is a safe harbor 401(k) plan. The Company makes a safe harbor matching contribution equal to 100% of participants' deferrals up to 3% of compensation, plus 50% of deferrals between 3% and 5% of compensation. Safe harbor matching contributions are fully vested. The Company may also make discretionary matching and profit-sharing contributions. Participants must be employed on the last day of the plan year to receive a profit-sharing contribution, unless they terminated due to death, disability, or attainment of normal retirement age.

The Company made contributions of $541,406 for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Safe harbor matching contributions and qualified nonelective contributions, and the income earned thereon, are also 100% vested at all times. Participants become 100% vested in all other company contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in discretionary matching and profit-sharing contributions and earnings thereon vests according to the following schedule:

Completed Years of Service	Percent Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Nonvested amounts forfeited by participants may be used to pay Plan administrative expenses or to reduce future company contributions.

Notes Receivable from Participants

A participant may request a loan for any purpose in an amount not less than $1,000. The loan amount is limited to the lesser of one-half of the participant's vested account balance or $50,000, reduced by the participant's highest outstanding loan balance during the previous 12 months. Loans bear interest at the prime rate as published in the Wall Street Journal. All loans are collateralized by the participant's account. No more than one loan may be outstanding at any time. Principal and interest are paid through payroll deductions each pay period. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and are categorized as notes receivable from participants on the statements of net assets available for benefits. A loan is in default if the participant fails to make timely payments, breaches the loan agreement, or terminates employment. Defaulted loans are reclassified as distributions based upon the terms of the plan document. Notes receivable from participants outstanding were at an interest rate of 7.5% at December 31, 2025.

Distribution of Benefits

The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death, or other separation from service. Participants may elect to take a distribution in the form of a lump sum or non-recurring partial payments. If a participant's vested balance is $5,000 or less upon termination, the balance is distributed in a lump sum or rolled over to an individual retirement account established for the participant. While still employed, a participant may request a withdrawal of deferrals and employer contributions upon attainment of age 59 1/2 or normal retirement age (age 65), or upon becoming disabled. A participant may also request a withdrawal upon demonstration to the Plan Administrator that the participant is suffering from a financial "hardship," as defined in applicable regulations under Section 401(k) of the Internal Revenue Code. A participant may also request a withdrawal from rollover contributions at any time.

2. Summary of Significant Accounting Policies

Forfeitures

When a participant terminates employment and takes a distribution of the vested portion of their account, the nonvested portion of the account is forfeited, as defined by the Plan. If the participant is rehired before incurring five consecutive one-year breaks in service and repays the distribution, the forfeited amount is restored. Forfeitures may be used to pay Plan administrative expenses or to reduce future employer matching and profit-sharing contributions. There were no forfeitures during the plan year.

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's realized and unrealized gains (losses) on investments bought, sold, and held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan pays certain recordkeeping and trustee fees. The Company pays all other administrative expenses of the Plan.

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan's management evaluated subsequent events through October 14, 2026 the date these financial statements were available to be issued and determined there were no subsequent events requiring disclosure.

3. Information Certified by the Plan's Custodian and Trustee

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Ascensus, the custodian and trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The following information related to investments held by Ascensus, is included in the accompany financial statements based on information provided by the custodian and trustee and certified as complete and accurate:

Statements of Net Assets Available for Benefits:

	12/31/2025
Mutual funds	$ 1,305,100
Cash and money market funds	186,885

Statement of Changes in Net Assets Available for Benefits - Year Ended December 31, 2025:

Net appreciation in fair value of investments	$ 108,523
Dividend and interest income	26,205
Interest income on notes receivable from participants	55

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

4. Fair Value Measurement (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and reflect management's best estimate of what market participants would use as fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025.

Mutual Funds

Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025

	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 1,305,100	$ 1,305,100	$ -	$ -
Cash and money markets	186,885	186,885	-	-
Total Investments in the fair value hierarchy	$ 1,491,985	$ 1,491,985	$ -	$ -

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstance that caused the transfer. For the year ended December 31, 2025, there were no transfers of investments into or out of Level 3.

5. Parties-in-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee and custodian are considered party-in interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the sponsor of the pre-approved plan document adopted by the Company by a letter dated June 30, 2020 that the pre-approved plan document adopted by the plan sponsor and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
