Independent Auditor's Report

To the Plan Committee
Susquehanna Valley Women's
Health Care 401(k) Plan
Lancaster, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Susquehanna Valley Women's Health Care 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (on-going), the related statement of changes in net assets available for benefits for the years ended December 31, 2025 (in liquidation) and 2024 (on-going), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the plan sponsor of the Plan approved a plan of liquidation on October 20, 2025, and management determined liquidation was imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Susquehanna Valley Women's Health Care 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan was a defined contribution plan covering all full-time and part-time, benefits eligible employees of Susquehanna Valley Women's Health Care (the Company) who had attained 21 years or older, who were not leased employees, who were not covered by a collective bargaining agreement, who were not interns under separate terms of agreement, and who had completed one year of service (1,000 hours). Employees could enter the Plan on the first day of the plan year or the first day of the seventh month of the plan year after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination

On October 20, 2025, the Company signed an amendment to terminate the Plan effective November 6, 2025, due to the closure of the Company. No contributions were made to the Plan and no participants were allowed to enter the Plan after the termination date. All participants were fully vested in their account balances, and account balances were liquidated and distributed to participants as soon as administratively feasible.

Contributions

Prior to November 6, 2025, participants could contribute up to 100% of pre-tax annual compensation, as defined in the plan document. Participants could also designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Prior to November 6, 2025, there were several types of Company contributions that could be added to a participant's account. Participants had to meet definitive requirements to receive an allocation of certain or all of the following Company contributions:

Safe Harbor Employer Contributions - The Company made a contribution to the account of each eligible employee in an amount equal to 3% of the employee's eligible compensation, as defined in the plan document, each year. The contribution was calculated annually and funded in the subsequent year. During 2025, the contribution was funded in the current year. The safe harbor employer contributions for the years ended December 31, 2025 and 2024 totaled $125,258 and $179,891, respectively. The safe harbor contributions for the year ended December 31, 2024 are recorded as employer contributions receivables in the accompanying statement of net assets available for benefits.

Note 1 - Description of Plan (continued)

Contributions (continued)

Employer Non-Elective Contributions - The Company could make a discretionary contribution to the account of each eligible employee, which was based on an allocation formula. An employee had to be employed on December 31 in order to be eligible for the contribution unless the employee terminated employment through death, disability, or retirement. The Company did not make a discretionary contribution during the years ended December 31, 2025 and 2024.

Qualified Non-Elective Contributions - The Company could make a qualified non-elective contribution to help the Plan pass certain tests required by law and could only be made to non-highly compensated employees. The Company did not make a qualified non-elective contribution during the years ended December 31, 2025 and 2024.

Participants directed the investment of all contributions into various investment options offered by the Plan. Contributions were subject to certain IRS limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions and the Company's safe harbor contributions, as well as allocations of (a) the Company's non-elective contributions, (b) plan earnings, (c) forfeitures of terminated participants' nonvested accounts, and (d) charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Prior to November 6, 2025, participants were immediately vested in their contributions, rollovers, safe harbor employer contributions, and the qualified non-elective contributions, plus actual earnings thereon. Vesting in the remainder of their accounts was based on years of service. A participant was 100% vested after six years of credited service, based on the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	**0 %**
2	**20**
3	**40**
4	**60**
5	**80**
6	**100**

After November 6, 2025, all participants were fully vested in their account balances.

Note 1 - Description of Plan (continued)

Payment of Benefits

Prior to November 6, 2025, if termination of service occurred due to death, disability, retirement, or other reasons, a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions, including hardship distributions, were permitted as described in the plan agreement.

After November 6, 2025, participants were provided with two options with respect to liquidation of their participant accounts including (a) moving funds into an IRA or other retirement plan or (b) taking a cash distribution. Participants had until December 15, 2025 to take action under one of these two options or their accounts were automatically distributed in cash if the balance was $1,000 or less. Account balances over $1,000 were converted to an IRA sponsored by Matrix Trust Company.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $-0- and $1,326, respectively. These accounts were used to either pay administrative expenses or reduce future Company contributions. During 2025 and 2024, $6,122 and $5,861, respectively, of forfeited nonvested accounts were used to pay administrative expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying 2024 financial statements were prepared on the accrual basis of accounting.

The accompanying 2025 financial statements were prepared under the liquidation basis of accounting. Plan management determined that liquidation was imminent upon the termination of the Plan on October 20, 2025. Under the liquidation basis of accounting, assets are measured at their net realizable value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value for 2024 and at net realizable value for 2025. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net realizable value is the estimated fair value reduced by any surrender charges, penalties and redemption charges, and disposal expenses to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. See Note 4 for discussion of fair value measurements.

Note 2 - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the employer were recorded in the year in which participant compensation was earned.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

The Plan invested in various registered investment companies with revenue-sharing arrangements. Net investment returns from these registered investment companies reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and record keeper. These fees were deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense. Revenues received from the record keeper of the Plan on behalf of the Plan pursuant to the revenue-sharing arrangements were allocated to the Plan funds from which they were received and then allocated to the participants holding those funds. The revenues received offset the administrative expenses charged to the participant accounts. The revenues received from the revenue-sharing arrangements were $13,062 and $12,571 for the years ended December 31, 2025 and 2024, respectively, and are reported in the Plan's financial statements as revenue sharing.

Note 3 - Information Certified and Provided by Matrix Trust Company

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2025 and 2024, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Matrix Trust Company, the trustee of the Plan.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The common collective trust fund is valued at NAV of units held. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements at December 31, 2025 (In Liquidation)			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies	**$ 863**	**$ -**	**$ -**	**$ 863**

	Fair Value Measurements at December 31, 2024 (On-Going)			
Registered investment companies	$ 16,452,107	$ -	$ -	$ 16,452,107
Investment measured at net asset value[(1)]				846,873
				$ 17,298,980

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient:

	Fair Value				
	December 31, 2025 (In Liquidation)	December 31, 2024 (On-Going)	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trust Fund					
Capital Preservation Fund	**$ -**	$ 846,873	**$ -**	Immediate	Daily

Note 5 - Tax Status

The Company had adopted a pre-approved plan document that was sponsored by CCH Incorporated dba Fort William. The pre-approved document received an opinion letter from the IRS, dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan had been amended since adopting the pre-approved plan document, the plan administrator believed the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and; therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. Federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. On October 20, 2025, as described in Note 1, the Company terminated the Plan. Participants became 100% vested in their accounts as of the termination date.

Note 7 - Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Related Party Transactions and Party-In-Interest Transactions

All transactions that may be considered party-in-interest transactions relate to normal plan management and administrative services, and the related payment of fees. Fees paid by the Plan for investment management and custody services amounted to $38,453 and $45,546 for the years ended December 31, 2025 and 2024, respectively.

Northwest Plan Services, Inc. (NWPS) provided certain administrative services to the Plan pursuant to a Retirement Plan Services Agreement between the Company and NWPS. NWPS received revenue from mutual fund and collective trust fund service providers for services NWPS provided to the funds. This revenue was used to offset certain amounts owed to NWPS for its administrative services to the Plan. If the revenue received by NWPS from such registered investment companies or collective trust fund service providers exceeded the amount owed, NWPS remitted the excess to the Plan.

Note 9 - Subsequent Events

Plan management has evaluated subsequent events through October 14, 2026. This date is the date the financial statements were available to be issued. The following material event subsequent to December 31, 2025 was noted:

All assets of the Plan were paid out by March 2026.

No other material events subsequent to December 31, 2025 were noted.
