Independent Auditors' Report

Plan Administrator
The Bank of New York Mellon Corporation Supplemental Unemployment Benefit Plan:

Opinion

We have audited the financial statements of The Bank of New York Mellon Corporation Supplemental Unemployment Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2025 and 2024, and the changes in its net assets available for plan benefits for the years then ended, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan was frozen effective January 31, 2025 and subsequently terminated effective December 31, 2025 after all benefits due under the Plan were satisfied. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

KPMG LLP, a Delaware limited liability partnership, and its subsidiaries are part of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. Description of the Plan

The following description of The Bank of New York Mellon Corporation Supplemental Unemployment Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan document as amended and restated effective August 15, 2023, as amended (see **Plan Freeze and Termination** below).

General Information – The Bank of New York Mellon Corporation (the "Company" and "Plan Sponsor"), established the Plan solely for the purpose of providing periodic unemployment benefits to eligible employees who are involuntarily separated from service. The Plan allows the payment of supplemental unemployment benefits ("SUB Pay") from a qualified supplemental unemployment benefit trust ("Trust") based on objective plan benefit formulas. Eligible employees may also receive alternative benefits, which are paid from the general assets of the Company. The Plan is designed to supplement and coordinate with an employee's receipt of state unemployment benefits and to operate as a supplemental unemployment benefits pay plan. The Bank of New York Mellon, a wholly owned banking subsidiary of the Company, is the Plan's trustee.

Administration of the Plan – The Plan is administered by the Global Head of People Governance and Internal Controls (the "Plan Administrator"), a named fiduciary for the Plan. The Plan Administrator is responsible for the overall administration of the Plan and has sole and exclusive discretion and authority over the Plan, and any and all determinations by the Plan Administrator shall be final, conclusive and binding on all parties. However, the Plan Manager is responsible for the day-to-day administration of the Plan and a third-party administrator has been retained to assist the Plan Manager in administering the SUB Pay benefits from the Plan and Trust.

Eligibility – In general, an individual is an "Eligible Employee" if the individual: (i) is a non-temporary, benefited full-time or benefited part-time employee of the Company or one of its participating 80% or more owned subsidiaries or affiliated companies, employed in the U.S. and on the U.S. payroll who is: actively at work; eligible to participate in the generally available employer-sponsored benefit plans; and regularly scheduled to work at least 20 hours per week; and (ii) incurs an involuntary termination of employment as the result of a job elimination or discontinuation, office relocation which would require the individual to commute on a regular basis to an office location outside of a reasonable distance from the individual's immediately prior office location as determined by the Plan Manager, a reduction in force, a business restructuring, or other technological change or business reason not related to individual performance. The final condition to receiving SUB Pay is that the individual is actually receiving state unemployment benefits or not receiving state unemployment benefits because of one of the following reasons: the individual has not satisfied an applicable waiting period for state unemployment compensation benefits; the individual did not earn enough to qualify for state unemployment compensation benefits; the individual has exhausted state unemployment benefits; or despite being otherwise eligible, the individual elected not to apply for state unemployment benefits due to personal reasons. In addition, the Eligible Employee must sign and not revoke a letter agreement and general release acceptable to the Company.

Certain groups (such as temporary employees, consultants, those covered by a separate separation agreement, and those not actively at work) are excluded from the definition of "Eligible Employee," and certain types of terminations are specifically excluded from constituting a "Qualifying Termination of Employment," as further detailed in the Plan document.

SUB Pay – The Plan provides basic SUB Pay equal to two weeks of base pay for each full year of continuous service. Participants are entitled to a minimum benefit ranging from 4 to 36 weeks depending on global job grade level with maximum total benefit per employee of 52 weeks.

If the receipt of SUB Pay renders an employee ineligible to receive state unemployment benefits for the same period of unemployment, then the Plan Manager may pay an alternative benefit to avoid or limit such

ineligibility. The alternative benefit will be equal to the gross SUB Pay benefit to which the employee would otherwise have been entitled and, as such, subject to certain payroll taxes.

All SUB Pay will be made through salary continuance. SUB Pay ceases if a participant informs the Company that the participant is no longer eligible for state unemployment benefits, commences new employment external to the Company (including self-employment), or elects to participate in a Company retirement plan (other than an election to commence benefits under the Company's 401(k) Savings Plan made after January 1, 2011), without regard to whether the participant might be eligible for additional payments under the Plan. If a participant becomes re-employed with the Company, all displacement payments and benefits would cease. SUB Pay would also cease if a participant violates the terms of the general release, fails to pay amounts owed to the Company, receives the maximum weeks of SUB Pay or fails to follow the procedures for confirming continued eligibility for SUB Pay. The estate of a participant who dies while receiving SUB Pay shall be paid the unpaid balance, if any, of his or her SUB Pay benefit, in a single payment. SUB Pay may be offset by pay-in-lieu of employer provided notice, garden leave or similar arrangement.

Payment of Benefits – SUB Pay and/or the alternative benefit will be paid in periodic installments on such dates as may be established by the Plan Manager, and subject to tax withholding.

Plan Freeze and Termination – The Plan was amended effective January 31, 2025 (the "Freeze Date") to be frozen such that no new benefits will be due under the Plan for any employment termination notifications occurring on or after February 1, 2025. Eligible participants who already received a notification of a Qualifying Termination of Employment under the Plan occurring prior to February 1, 2025 continued to receive benefits under the Plan. The Plan was then terminated effective December 31, 2025 after all benefits due under the Plan for Qualifying Terminations of Employment that occurred on or prior to the Freeze Date were satisfied.

2. Summary of Significant Accounting Policies

Basis of Financial Statements – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses – The Company pays the administrative expenses related to the Plan.

Benefits Paid to Participants – Benefits paid to participants are recorded upon distribution.

3. Benefit Obligations

The following table presents the changes in the Plan's benefit obligations.

		2025		2024
Estimated post-employment benefit obligation to current participants, beginning of year *(a)*	**$**	**28,384,174**	$	30,609,375
Benefits earned		**45,317**		95,135,163
Benefits paid		**(28,429,491)**		(97,360,364)
Estimated post-employment benefit obligation to current participants, end of year *(a)*	**$**	**—**	$	28,384,174

(a) The estimated post-employment benefit obligation is based on actual benefit payments and was not discounted, as most benefits are paid within one year.

4. Federal Income Taxes

The Plan Sponsor obtained a favorable tax determination letter from the Internal Revenue Service ("IRS") dated February 5, 2003, which stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code of 1986 ("IRC"). The Plan has been amended since the date of the determination letter. The IRS no longer issues determination letters on amendments to existing plans. However, the Plan Administrator believes that the Plan continued to qualify and operate in accordance with applicable provisions of the IRC. Accordingly, the accompanying financial statements did not include a provision for federal income taxes. The Trust associated with the Plan is intended to qualify pursuant to Section 501(c)(17) of the IRC.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has concluded that as of December 31, 2025 and December 31, 2024, there were no uncertain tax positions that required recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to federal income tax examinations for the years prior to 2022.

5. Funding Policy

The Company provides contributions to the Plan equal to the amount of the benefits disbursement. The Plan is funded on an as needed basis with no assets maintained in the Plan.
