Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Atlas Aerospace, LLC 401(k) Plan, (Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Atlas Aerospace, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Atlas Aerospace, LLC, and its participating subsidiaries and affiliates, Product Manufacturing Corporation, Wichita Aerospace Spares, Inc., Brenner Aerostructures, LLC, Vitron Acquisition, LLC, and FMI, Inc. (collectively, the Company or the Employer), who are 18 years of age or older. Prior to December 1, 2025, participants who were 18 years of age were eligible after completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was established on March 1, 2002, and was most recently restated effective June 1, 2022 to incorporate recent legislative and regulatory changes. Effective April 1, 2024, the Plan adopted an increase in their automatic cash out limit from $5,000 to $7,000 as allowed under the SECURE 2.0 Act of 2022. Effective December 1, 2025, the Plan was amended to remove the service requirement from eligibility and change the entry date to the date eligibility requirements are met. Additionally, the maximum deferral limit a participant may contribute was increased to 95% of eligible compensation for the Plan year.

The Plan was subsequently amended effective January 1, 2026 to remove the previous vesting schedule. As a result of the amendment, all contributions after January 1, 2026 are immediately vested at 100%. Additionally, on August 6, 2026, the Plan was formally amended to adopt all required provisions of the SECURE 2.0 Act.

Contributions

Each year, participants may contribute up to 95% of eligible compensation subject to the maximum amount allowable by the Internal Revenue Code (IRC). Prior to December 1, 2025, participants could contribute up to 75% of eligible compensation in a given Plan year subject to the maximum amount allowable by the IRC. Employees are automatically enrolled at a 3% deferral rate upon becoming eligible to participate in the Plan, and they may elect to change or discontinue deferrals each payroll period. Participants may also make Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained ages 60 to 63 before the end of the plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Company may make discretionary matching contributions and may also make discretionary profit-sharing contributions as determined by the Company’s Board of Directors. During the year ended December 31, 2025, the Company made discretionary matching contributions equal to 50% of the first 5% of eligible compensation that participants contributed to the Plan. There were no profit sharing contributions for the year ended December 31, 2025.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions and Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan. Absent an election by the participant, investment is made in a designated target-date fund until changed by the participant.

Vesting

Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the Company's contributions and matching contributions, plus earnings thereon, is based on years of continuous service, as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime interest rate. Principal and interest are payable ratably through payroll deductions.

Payment of Benefits

A participant is entitled to 100% of his or her account balance upon death, disability or retirement. On termination of service, a participant is eligible to receive an amount equal to the value of the vested interest in his or her account. Benefit amounts less than $7,000 are subject to automatic cash-out provisions. Participants (or their beneficiaries upon death of the participant) may elect to receive their vested account balances as a single lump sum or partial payment. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59 ½.

1. Description of Plan (Continued)

Forfeited Accounts
For the year ended December 31, 2025, forfeited nonvested accounts totaled $90,631. Forfeitures may be used to offset future employer contributions or pay administrative expenses of the Plan. In 2025, forfeitures totaling $88,465 were used to offset employer contributions. No forfeitures were used to pay administrative expenses. The balance remaining in the forfeiture account as of December 31, 2025 and 2024 totaled $7,537 and $4,259, respectively.

Administration of the Plan
The Plan's assets are held in trust and administered by Empower Trust Company, LLC and recordkeeping services are provided by Empower Retirement, LLC. These entities are subsidiaries or affiliates of Empower Annuity Insurance Company of America (collectively, Empower). Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan’s principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan’s fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions. The 401(k) Committee determines the Plan’s valuation policies utilizing information provided by the investment adviser, custodian and recordkeeper. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, if any, are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains or losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Participant loans are reclassified as distributions if an outstanding balance exists at the time of the participant's termination. Related fees are included in the balance of the note or are expensed when incurred and recorded as administrative expenses.

Payment of Benefits
Benefits are recorded when paid. There were no amounts allocated to the accounts of persons who have elected to withdraw from the Plan, but have not been paid, as of December 31, 2025.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to distributions to participants, other recordkeeping functions, and certain fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management and advisory fees are charged to the Plan either as administrative expenses or as a reduction of investment return and included in the investment income reported by the Plan.

Excess Contributions
Refunds of excess participant deferral contributions, if any, may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

3. Information Certified by the Trustee or Custodian (Unaudited)

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, as Trustee and agent for Massachusetts Mutual Life Insurance Company, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025; and the investment income reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical assets or liabilities as of the reporting date;
Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and
Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at a net asset value per unit based on the daily closing price as reported by the underlying mutual fund adjusted to apply the expense factor disclosed in the annuity contract.

Common/collective trusts: The fair values of participation units in the collective trusts are based upon the net asset values per unit as reported by the fund managers using the practical expedient. The funds have the principal objective of providing growth in retirement savings by investing in a more aggressive (equity) portfolio to a more conservative (bond) portfolio as the investor nears the target retirement date. Units of the funds are issued and redeemed at the latest net asset value which is determined daily.

4. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value on a recurring basis:

	Assets at Fair Value as of December 31, 2025			
	Total	(Level 1)	(Level 2)	(Level 3)
Mutual funds	$ 11,990,087	$ 11,990,087	$ -	$ -
Pooled separate accounts	2,716,671	-	2,716,671	-

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

4. Fair Value Measurements (Continued)

Fair Value of Investments that Calculate Net Asset Value (NAV)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2025				
Great Gray Collective Investment Trust Funds	$ 21,049,544	N/A	Daily	12 months

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2024				
Great Gray Collective Investment Trust Funds	$ 16,748,492	N/A	Daily	12 months

5. Fully Benefit-Responsive Investment Contract

The Plan holds a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contract is presented below:

	2025	2024
Traditional guaranteed investment contract, at contract value	$ 1,670,455	$ 2,043,327

The Plan holds a traditional fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual or Issuer) backed by the entire general account assets of Empower Annuity Insurance Company of America (EAICA). The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated semi-annually based upon contract provisions, and it may not be less than 1.5%.

5. Fully Benefit-Responsive Investment Contract (Continued)

EAICA's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party Issuer's ability to meet its financial obligations. The Issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

In the event of early termination of the contract by the Plan or the failure by the Plan Sponsor to accept the guaranteed rates, Empower will liquidate the contract pursuant to procedures specified in the contract agreement.

6. Party in Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Empower provides investment, third-party administration and recordkeeping services to the Plan under various service agreements with subsidiary and affiliated entities. Fees paid for these services qualify as exempt party-in-interest transactions. The Plan paid fees totaling $80,807 for the year ended December 31, 2025.

Global Retirement Partners, LLC provides investment advisory services to the Plan. Fees paid for these services qualify as exempt party-in-interest transactions. The Plan paid fees totaling $53,695 for the year ended December 31, 2025.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

8. Tax Status

The Plan adopted the provisions of a non-standardized pre-approved basic plan document provided by Great-West Trust Company, LLC; therefore, the Plan is not required to file for an individual determination letter from the Internal Revenue Service (IRS). The pre-approved plan received a favorable determination letter from the IRS dated June 30, 2020, which stated the basic plan document, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). Great-West Trust Company, LLC was renamed Empower Trust Company, LLC in August 2022, and a new determination letter dated November 14, 2022, was obtained to reflect the change. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10.Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 38,558,179	$ 32,727,750
Contributions receivable	(14,760)	-
Net assets available for benefits per Form 5500	$ 38,543,419	$ 32,727,750

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2025, per the financial statements to the net income reported in the 2025 Form 5500:

	2025
Increase in net assets available for benefits per the financial statements	$ 5,830,429
Change in contributions receivable	(14,760)
Net income per Form 5500	$ 5,815,669

11.Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued. There Plan was subsequently amended in January and August, 2026 as described in Note 1.
