Independent Auditor's Report

To the Pension Board of
The Scripps Pension Plan - Albuquerque Publishing Company

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the accompanying financial statements of The Scripps Pension Plan - Albuquerque Publishing Company, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Scripps Pension Plan - Albuquerque Publishing Company's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

T 513.483.6699 | F 513.483.6690 | W ksmcpa.com

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Scripps Pension Plan - Albuquerque Publishing Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Scripps Pension Plan - Albuquerque Publishing Company's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Scripps Pension Plan - Albuquerque Publishing Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Scripps Pension Plan - Albuquerque Publishing Company's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, and schedule of reportable transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following is a general description of The Scripps Pension Plan-Albuquerque Publishing Company (the "Plan"). Participants should refer to the Plan document for more complete information.

General-The Plan represents the participation of the Albuquerque Publishing Company (the "Company") in The Scripps Pension Plan, a defined benefit pension plan maintained by The E. W. Scripps Company ("Scripps"). Russell Investments Trust Company (the "Trustee") serves as the trustee of the Plan and manages the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On March 31, 2009, the Plan was amended to freeze the accrual of participants' plan benefits.

Pension Benefits-The Plan covers certain employees of the Company (principally employees not covered under a bargaining agreement). Normal retirement occurs upon attainment of age 65; however, early retirement may be elected if certain conditions are met. Vesting occurs after five years of credited service or upon normal retirement. The amount of monthly benefits is a function of participants' compensation, years of credited service, and in some circumstances, age. Retirement benefits are reduced 0.5% for each month participants are under age 65 at the time benefits commence. For participants who are considered to be early retirees (age 55 and 10 years of credited service), retirement benefits are reduced 5% for each year the participant is under age 62 at the time benefits commence. There is no post-retirement death benefit for participants retiring after December 31, 2010. Participants who became permanently and totally disabled before December 31, 2010 and after completing 15 years of credited service are entitled to accrued benefits, with no reduction for commencement prior to normal retirement age. The surviving spouses of participants may be entitled to death benefits under certain conditions. Contributions by participants are not required or permitted.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting-The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Subsequent Events-The Plan has evaluated all subsequent events through October 15, 2026, the date the financial statements were available to be issued.

Investments-The Plan's investments in commingled trust funds are presented at fair value, which has been determined based on the fair value of the underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates-The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties-The Plan invests in commingled trust funds which have underlying investments including corporate debt instruments, mutual funds and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Expenses-Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

Administration-Scripps is responsible for the administration of the Plan. Scripps provides the Plan with certain accounting and administrative services for which no fees are charged.

Payment of Benefits-Benefit payments to participants or their beneficiaries are recorded upon distribution.

3. **FAIR VALUE MEASUREMENTS**

As permitted by US GAAP, the Plan uses net asset value as a practical expedient to determine the fair value of all investment funds which do not have a readily determinable fair value and have the attributes of an investment company. In accordance with US GAAP, the investments that are measured at net asset value have not been classified in the fair value hierarchy. For all years presented, all investments have been valued using the net asset value.

The Plan's investments in commingled trust funds are based on the net asset value of the funds, all which have a daily redemption frequency and do not require a notice of redemption. At December 31, 2025 and 2024, the Plan had no unfunded commitments from redemption of commingled trust funds.

4. **FUNDING POLICY**

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2025 and 2024.

5. **INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED INFORMATION)**

The following is a summary of the unaudited information as of and for the years ended December 31, 2025 and 2024, included in the Plan's financial statements and supplemental schedules, that was prepared by the Trustee or derived from information prepared by the Trustee. The plan administrator has obtained certifications from the Trustee that such information prepared by the Trustee is complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2025	2024
Statements of net assets available for benefits:		
Investment in commingled trust funds	$ 16,362,994	$ 16,706,311
Receivable for investments sold	162,012	159,542
Statements of changes in net assets available for benefits:		
Net appreciation in fair value of commingled trust funds	2,005,544	566,532

All investment balances and information included in the supplemental schedules. The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. **ACCUMULATED PLAN BENEFITS**

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their

beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of December 31, 2025 and 2024, were:

a. Life expectancy of participants - Pri-2012 generationally projected using Scale MP-2021 in both 2025 and 2024.

b. Average retirement age - 62 years in both 2025 and 2024.

c. Discount rate - 5.50% in both 2025 and 2024.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2026 and 2025. Had the valuations been performed as of December 31, there would be no material differences.

As of December 31	**2025**	**2024**
Actuarial present value of accumulated vested benefits:		
Participants/beneficiaries currently receiving payments	$ 19,167,901	$ 19,073,308
Other participants	4,403,048	5,084,602
Total actuarial present value of accumulated vested benefits	23,570,949	24,157,910
Actuarial present value of accumulated unvested benefits- active participants	6,553	14,660
Total actuarial present value of accumulated benefits	$ 23,577,502	$ 24,172,570

For the Years Ended December 31	**2025**	**2024**
Actuarial present value of accumulated benefits- beginning of the year	$ 24,172,570	$ 24,926,663
Increases (decreases) due to:		
Interest due to decrease in discount period	1,274,650	1,317,160
Benefit payments to participants or their beneficiaries	(1,994,231)	(1,956,599)
Actuarial (gains)/losses	124,513	(114,654)
Actuarial present value of accumulated benefits- end of year	$ 23,577,502	$ 24,172,570

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are shares of commingled trust funds managed by the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were approximately $56,800 and $60,500 for the years ended December 31, 2025 and 2024, respectively.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 3, 2013, that the Plan was designed in accordance with applicable regulations of the Internal Revenue Code. The Plan

has been amended since receiving the determination letter. However, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

9. **PLAN TERMINATION**

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested, normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive the benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide these benefits, the priority of benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

10. SUBSEQUENT EVENTS

Effective April 15, 2026, PNC Bank became the trustee of the Plan and now manages the Plan's investments.

Spouse age	Male participants are assumed to be three years older than their spouse. Female participants are assumed to be three years younger than their spouse.
Administrative expenses	Administrative expenses are assumed to equal non-PBGC expenses paid from the trust from the prior year plus an estimate of the PBGC premiums for the current plan year that are to be paid from the trust. The amount included this year for expected administrative expenses is $428,469.
Loadings	None.

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.
Actuarial value of assets	An average value of assets is determined based on the market value as of the valuation date and the market values on the two preceding 12 month periods. Adjustments are made to the asset values for contributions, benefit payments, expenses and expected investment returns over the period between the respective preceding determination dates and the current valuation date, as applicable. Expected investment returns are equal to the expected return on assets assumed for ASC 715 calculations (5.50% for 2023, 5.50% for 2024). The rate of return used in determining the average value of assets is equal to the lesser of the expected rate and the third segment rate from the prescribed yield curve that applies to the appropriate earnings period.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with The Albuquerque Publishing Company and, based on that review, is not aware of any significant benefits required to be valued that were not.

Description of Weighted Average Retirement Age

A fixed population and the retirement rates described in the attached Actuarial Assumptions and Methods and shown below, were used to project the number of retirements per year for ages 55 through 70. Active plan participant characteristics as of January 1, 2025 were factored into the development of the retirement rates. Average retirement age was calculated by taking the weighted average of retirements by age, as shown below:

SCHEDULE SB ATTACHMENTS

	Actuarial equivalence for the annuity options is based on the greater of the benefit determined by tabular factors as defined in the plan document and the benefit determined using 417(e) interest and mortality. Actuarial equivalence for the lump sum option is based on the segment interest rates determined according to Code Section 417(e)(3)(C) for the month of October in the year preceding the benefit commencement date and the mortality table in effect under 417(e)(3).
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.
