INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Village Super Market, Inc. Local 72 Retail Clerks Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Village Super Market, Inc. Local 72 Retail Clerks Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets in liquidation as of December 31, 2025 and 2024, and the related statement of changes in net assets in liquidation for the years ended December 31, 2025 and 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 in liquidation and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Notes A[1] and B[1] to the financial statements, the governing body of the Plan approved a plan of liquidation effective as of April 30, 2024, and management determined liquidation was imminent at that time. Accordingly, the accompanying financial statements as of December 31, 2025 and 2024, and for the related years then ended, have been prepared using the liquidation basis of accounting.

Our opinion is not modified with respect to this matter.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of reportable transactions (in liquidation) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule of reportable transactions for the year ended December 31, 2025 and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Village Super Market, Inc. Local 72 Retail Clerks Employees' Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

[1] General and Plan termination:

The Plan was a defined benefit plan sponsored by Village Super Market, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Certain members of the Board of Directors of the Company serve as trustees for the Plan.

The Plan is administered by certain members of the Company Management (the "Committee"). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Pursuant to an amendment, the Plan was terminated effective April 30, 2024, and the Committee determined at that time liquidation of the Plan was imminent. Accordingly, the accompanying financial statements as of December 31, 2025 and 2024, and for the related years then ended, have been prepared using the liquidation basis of accounting,

Effective November 7, 2025, the Plan sponsor issued distribution checks representing substantially all of the Plan's assets. The Plan had one uncashed check, which was submitted to the Pension Benefit Guaranty Corporation.

[2] Pension benefits:

The following description of pension benefits is prior to the Plan being frozen on January 31, 2017 to eligibility and accrual of benefits.

Benefits under the Plan begin to accrue when an individual has completed 500 hours of service within a calendar year. Benefits are determined as follows:

- Retail clerk employees:

  The annual pension benefit for full-time retail clerk employees, as defined, equals $120 multiplied by their number of years of full-time credited service, as defined, up to a maximum of $4,200 earned prior to January 1, 1994; $240 multiplied by their number of years of full-time credited service, as defined, up to a maximum of $8,400 earned subsequent to January 1, 1994; and $360 multiplied by their number of years of full-time credited service, as defined, up to a maximum of $12,600 earned subsequent to January 1, 2000.

  The annual pension benefit for part-time retail clerk employees, as defined, equals $60 multiplied by their number of years of part-time credited service, as defined, up to a maximum of $2,100 earned prior to January 1, 1994; $120 multiplied by their number of years of part-time credited service, as defined, up to a maximum of $4,200 earned subsequent to January 1, 1994; and $240 multiplied by their number of years of part-time credited service, as defined, up to a maximum of $8,400 earned subsequent to January 1, 2000.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[2] Pension benefits: (continued)

- Meat employees:

  The annual pension benefit for full-time meat employees, as defined, is equal to $390 multiplied by the number of years of full-time credited service (including any fractions of a year) earned subsequent to December 17, 2008.

  The annual pension benefit for part-time meat employees, as defined, is equal to $300 multiplied by the number of years of part-time credited service (including any fractions of a year) earned subsequent to December 17, 2008.

Normal retirement date is the later of the attainment of age 65 or upon the completion of five years of Plan participation if the participant is older than age 65. A participant may elect early retirement at age 55 if ten years of credited service, as defined, have been completed. The benefits payable to a participant on an early retirement date are actuarially reduced.

A participant is eligible to retire on disability retirement after completion of ten years of credited service, as defined, and attainment of age 50, provided the employee qualifies for Social Security disability benefits. The benefits payable to a participant on a disability retirement date are actuarially reduced if such disability retirement occurs before age 65.

In the event of a participant's death after meeting the requirements for early retirement, the surviving spouse shall receive for life a pension equal to 50% of the joint and 50% survivor benefit determined under the assumption that the participant had elected early retirement commencing on the first day of the month following the date of death. Upon the death of any other married vested participant, the surviving spouse will be entitled to a qualified pre-retirement survivor benefit equal to 50% of the joint and 50% survivor benefit that would have been payable to the participant had he or she left employment on his or her date of death and survived to his or her early retirement date. The pre-retirement survivor benefit will commence for the surviving spouse on the date the participant would have reached his or her early retirement date.

The normal retirement benefit is payable monthly for life. If a participating employee is married at the time of his or her normal retirement date, his or her benefit is payable in the form of a qualified joint and survivor annuity, unless this provision is specifically revoked by the participating employee with written consent of the spouse. If the participant is not married or the joint and survivor annuity has been waived, the participant may elect one of the following methods of benefit payment:

1. A lump-sum distribution;

2. Life annuity with period certain;

3. Life annuity with cash refund; or

4. A joint and survivor annuity.

The Plan also provides for death and disability benefits, as defined.

Effective January 31, 2017, the Plan was frozen as to eligibility and accrual of benefits.

The Plan was terminated effective April 30, 2024. Effective November 7, 2025, the Plan sponsor issued distribution checks representing substantially all of the Plan's assets.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[3] Eligibility:

The following description of eligibility is prior to the Plan being frozen on January 31, 2017 to eligibility and accrual of benefits.

Full-time and part-time employees of the Company's Stroudsburg store represented by the United Food and Commercial Workers Union Local 1776, formerly Local 72, are eligible for participation in the Plan provided they have at least one hour of service during the year.

Employees that met these eligibility requirements by January 31, 2017, the date the Plan was frozen, were able to participate in the Plan.

[4] Vesting:

The following description of vesting is prior to the Plan being frozen on January 31, 2017 to eligibility and accrual of benefits.

A participant becomes fully vested in his or her normal retirement benefit after the completion of five years of service, as defined. Credit for a year of service is given to a participant after he or she has attained 500 hours in that year. No partial vesting occurs prior to the completion of five years of service.

Effective January 31, 2017, the accrued benefit of each participant in the Plan became fully vested.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

As a result of the Plan termination effective April 30, 2024, the financial statements as of December 31, 2025 and 2024 and for the years then ended were prepared under the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process. The Plan had estimated these amounts as of December 31, 2024 based on certain assumptions which required judgement and were subsequently reassessed until all of the assets were distributed to the related Plan participants.

As a result of the Plan's application of the liquidation basis of accounting in 2024, an estimated amount of $152,054 of accrued expenses expected to be incurred in liquidation were recorded as of and for the year ended December 31, 2024. As of December 31, 2025, the accrual was adjusted to the settled amounts and as a result, a decrease of liquidation expenses of $50,531 was recorded in the statements of changes in net assets in liquidation. Estimated payments to participants upon liquidation estimated to be $2,509,005 were recorded as of and for the year ended December 31, 2024. As of December 31, 2025, the accrual was adjusted to the settled amounts and as a result, an increase in benefit payments to participants of $199,582 was recorded in the statements of net assets in liquidation. Additionally, an estimated amount of $400,000 of employer contributions were recorded as of and for the year ended December 31, 2024. As of December 31, 2025, the accrual was adjusted to the settled amounts and as a result, an increase of $41,481 was recorded in the statements of net assets in liquidation.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities and the actuarial present value of accumulated Plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

Under the liquidation basis of accounting, assets are reported at the estimated amounts expected to be collected upon liquidation when there is a reasonable basis to estimate. Management concluded that the amounts expected to be realized upon liquidation for the Plan's other investments approximated fair value as of December 31, 2024. Accordingly, such investments were reported at amounts that approximated fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plans gains and losses on investments bought and sold, as well as held during the years ended December 31, 2025 and 2024.

[4] Payment of benefits:

The December 31, 2025 and 2024 financial statements are prepared using the liquidation basis of accounting, under which net assets in liquidation reflect the estimated amounts expected to be distributed to participants and beneficiaries in connection with the Plan's liquidation. Distributions reduce those estimated amounts when paid.

[5] Administrative expenses:

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets in liquidation. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets in liquidation.

Additionally, the Company provides personnel and office facilities for the administration of the Plan at no cost to the Plan.

[6] Adjusted Funding Target Attainment Percentage ("AFTAP"):

The Pension Protection Act (the "Act") included many provisions and numerous revisions to rules surrounding defined benefit plans, including rules that govern Plan funding. The Act established minimum funding standards for defined benefit plans and limited benefit increases and accruals for underfunded plans. Pursuant to the Act, each year the actuaries are required to certify the Plan's funded percentage.

[7] Subsequent events:

The Plan has evaluated events through October 15, 2026, the date the financial statements were available to be issued.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Principal Life Insurance Company has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets in liquidation as of December 31, 2025 and 2024 , the statements of changes in net assets in liquidation for the years ended December 31, 2025 and 2024, and the accompanying supplemental schedule of reportable transactions for the year ended December 31, 2025.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investment assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Pooled separate accounts – Valued at net asset value ("NAV"), as a practical expedient, based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market. The pooled separate accounts are comprised of a wide variety of underlying investments, such as equities, bonds, and mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024:

Investment Assets at Fair Value as of December 31, 2024 (in liquidation)

	Level 1	Level 2	Level 3	Total
Investments measured at NAV (A):				
Pooled separate accounts (B)	$ -	$ -	$ -	$ 2,173,190

(A) The investments maintained in the Plan are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets in liquidation.

(B) The majority of the Plan's pooled separate account investments are in the Principal LDI Bond Accounts. The Plan's investment in the Principal LDI Bond Accounts seeks to allocate assets in various fixed income corporate, foreign and municipal securities. The remainder of the Plan's pooled separate account investments are in equity indices and emerging markets.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets in liquidation.

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED BENEFITS

Accumulated benefits are those future periodic payments, including lump-sum distributions, which are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the number of years of full-time and part-time benefit service as presented in Note A[2]. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated benefits.

The actuarial present value of accumulated benefits is determined by an actuary from Principal Life Insurance Company, and is that amount that results from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED BENEFITS (CONTINUED)

Plan contributions are made and actuarial present value of accumulated benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

These estimates were based on actuarial assumptions and plan data available as of the termination date and subject to final settlement adjustments.

The significant actuarial assumptions used in the valuation as of December 31, 2023 are as follows:

a. The discount rate was 6.25%

b. Assumed postretirement mortality rate based upon the IRS prescribed mortality – optional combined table for small plans, female and male; and

c. Retirement at normal retirement age 65.

Upon liquidation of the Plan, benefits of approximately $2,708,600 were paid to participants as of the year ended December 31, 2025.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024. Had the valuations been performed as of the respective December 31, there would have been no material differences.

The actuarial present value of accumulated benefits as of December 31, 2023, the date of the most recent actuarial valuation, is approximately as follows:

Vested benefits:	
Participants currently receiving benefits	$ 391,000
Other participants	2,273,000
	2,664,000
Nonvested benefits	1,000
Total actuarial present value of accumulated benefits	$ 2,665,000

The change in the actuarial present value of accumulated benefits as of December 31, 2023 consists of approximately the following:

Total actuarial present value of accumulated benefits - beginning of period	$ 2,825,000
Benefits accumulated and plan experience	7,000
Interest	156,000
Actuarial assumptions and experience	(79,000)
Benefits paid	(244,000)
Total actuarial present value of accumulated benefits - end of period	$ 2,665,000

NOTE F - FUNDING POLICY

The funding requirements for the Plan are determined using the aggregate actuarial cost method. The Company's funding policy is to make annual contributions to the Plan in amounts that are at least sufficient to comply with the minimum funding requirements of ERISA. The minimum funding requirements of ERISA have been met for 2025 and 2024.

NOTE G - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments at December 31, 2025 and 2024 are shares of pooled separate accounts managed by Principal Life Insurance Company. As a result, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan were approximately $82,000 and $68,000 for the years ended December 31, 2025 and 2024, respectively.

NOTE H - PLAN TERMINATION

Effective April 30, 2024, the Company began terminating the Plan. Upon satisfaction of all regulatory requirements, the Plan, effective November 7, 2025, the Plan sponsor issued distribution checks representing substantially all of the Plan's assets.

NOTE I - TAX STATUS

The IRS has determined and informed the Company by a letter dated July 19, 2012, stating that the Plan is qualified under the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. In June 2025, in connection with the Plan termination as previously discussed, the Company received an updated determination letter indicating the termination of the Plan does not impact the qualified status of the Plan.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could have occurred in the near term, and that such changes could have materially affected the amounts reported in the statements of net assets in liquidation.

NOTE J - RISKS AND UNCERTAINTIES (CONTINUED)

Plan contributions are made and the actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily have been indicative of amounts that could be realized in a current market exchange.
