To the Plan Administrator
Bartlett Cocke General Contractors 401(k) Plan
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Bartlett Cocke General Contractors 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Bartlett Cocke General Contractors 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Empower Annuity Insurance Company of America, the Plan Custodian, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA
The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements of Bartlett Cocke General Contractors 401(k) Plan (the "Plan") are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

The fixed income account is stated at contract value, which represents net contributions plus interest at the contract rate. The contract is fully-benefit responsive.

Participants' Notes Receivable: Participants' notes receivables are stated at their unpaid principal balance plus any accrued interest. An allowance was not considered necessary at year end. Interest on participants' notes receivable are recorded on the accrual basis. If a participant ceases to make a loan payment and the Plan Administrator deems the participant note to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report, the date the financial statements were available to be issued. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Reclassification: Certain reclassifications have been made to the 2024 financial statement presentation to correspond to the current year's format. Total net assets available for benefits are unchanged due to these reclassifications.

NOTE B – DESCRIPTION OF PLAN

The following description of Bartlett Cocke General Contractors 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan formed on January 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all full-time employees of Bartlett Cocke General Contractors (Plan Sponsor) who are age eighteen or older, not a member of an excluded class, and have sixty days of service. The Plan is for the exclusive benefit of its participants and their beneficiaries.

Plan Restatement: The plan was restated effective January 1, 2023 in order to comply with provisions of the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 and the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020. In addition, the plan was amended to provide for auto-enrollment of eligible employees at 3%. Beginning in 2025 auto-escalation of deferral rates by 1% per year up to a maximum deferral rate of 10%. Forfeitures are applied to reduce the Plan Sponsor match and to pay Plan expenses.

Secure 2.0 Act: The Securing a Strong Retirement Act (SECURE 2.0) was signed into law on December 29, 2022, and includes mandatory and option provisions with varying effective dates in 2023 and later. The Sponsor has operationally adopted the mandatory and optional provisions that apply to the Plan. The Plan Sponsor has not formally amended the Plan as of the date of these financial statements.

Contributions: Participants may contribute up to 100% of eligible compensation, subject to IRS limitations, as defined in the Plan. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees are automatically entered into the Plan with a deferral of 3% on the first day of the month following the date eligibility is met, unless the employee chooses not to participate. The deferral will be increased by 1% each year up to a maximum of 10% for those who do not opt-out or elect a different deferral rate. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also direct the investment of any matching contribution received. The Plan Sponsor may match 50% of the first 6% of compensation (as defined by the Plan) that the participant contributes to the Plan. The Plan Sponsor may also contribute additional discretionary amounts, at the option of the Sponsor's Board of Directors.

Participant Accounts: Each participant's account is credited with his or her contributions as well as allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. The Plan Sponsor generally pays all administrative expenses directly or from participant forfeitures. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all contributions plus earnings thereon. Vesting in the Company's discretionary contribution is based on years of service. A participant is 20% vested after one year of service, 20% for each additional year, and is fully vested after five years.

Forfeitures: Forfeitures are retained in the Plan and may be used to pay for administrative expenses or considered as employer contributions. Forfeited non-vested accounts totaled approximately $25,000 at December 31, 2025 and $34,000 at December 31, 2024.

NOTE B – DESCRIPTION OF PLAN – continued

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may only have one loan at a time. Loan terms range from 1 to 5 years, unless for purchase of a primary residence, in which case the loan term is 15 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Upon death, disability, termination, or retirement of a participant, vested benefits are paid to the participant or his/her designated beneficiary. Upon termination of service, and absent an election by the Participant, any balance that exceeds $1,000 but does not exceed $7,000 is paid as a direct rollover to an individual retirement account designated by the Plan Administrator, and any balance that does not exceed $1,000 is paid directly to the participant in the form of a cash, lump-sum distribution. Benefits are payable in the form of cash or annuities, as outlined in the Plan agreement. Any hardship withdrawals are available subject to certain limitations.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, investments and participants' notes receivable at December 31, 2025 and 2024 and the related investment earnings and interest on participants' notes for the years then ended were certified and held by Empower Annuity Insurance Company of America, the Plan Custodian, and were not audited by the independent auditor.

NOTE D – FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS - continued

The following table sets forth by level, within the fair value hierarchy, investments measured at fair value:

	Fair Value Measurements Using			
	Level 1	**Level 2**	**Level 3**	**Total**
December 31, 2025:				
Mutual funds	$ 24,615,517	$ -	$ -	$ 24,615,517
Pooled separate accounts	-	1,222,464	-	1,222,464
Total investments in fair value hierarchy	$ 24,615,517	$ 1,222,464	$ -	25,837,981
Collective trust funds*				14,431,332
Investments measured at fair value				$ 40,269,313
December 31, 2024:				
Mutual funds	$ 21,772,453	$ -	$ -	$ 21,772,453
Pooled separate accounts	-	611,659	-	611,659
Total investments in fair value hierarchy	$ 21,772,453	$ 611,659	$ -	22,384,112
Collective trust funds*				11,622,880
Investments measured at fair value				$ 34,006,992

**Certain investments measured at fair value using the net asset value per share (or equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.*

There have been no changes in methodologies used to determine fair value, nor transfers between levels. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at quoted prices in an active market.

Pooled separate accounts: Valued at the quoted price of the underlying investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS – continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
December 31, 2025:				
Collective trust funds	$ 14,431,332	N/A	Immediate	None
December 31, 2024:				
Collective trust funds	$ 11,622,880	N/A	Immediate	None

Collective Trust Funds: Valued at their net asset value (NAV) of units of a collective trust. The NAV, as provided by the Custodian, used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE E – FIXED INCOME ACCOUNT

The Plan holds a benefit-responsive investment contract with Empower Annuity Insurance Company of America with a balance of $3,640,140 at December 31, 2025 and $2,854,749 at December 31, 2024. The insurance company maintains the contributions in a general account offered through a group annuity contract. The group annuity contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The average yield earned for 2025 is 1.45% and 1.41% for 2024.

The guaranteed investment contract is fully benefit-responsive. Accordingly, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. For example, premature termination of the contracts by the Plan, Plan termination, bankruptcy, mergers, and failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any event which would limit the Plan's ability to transact at contract value with participants is probable of occurring.

NOTE F – INCOME TAX STATUS

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan sponsored by Empower Annuity Insurance Company of America. Empower received an opinion letter dated November 14, 2022. The Plan has not obtained or requested a determination letter. The Plan has been amended since the date of the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal income tax returns for the last four years remain subject to examination.

NOTE G – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the Plan document. Expenses paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per financial statements	$ 45,214,913	$ 38,044,962
Less employer contributions, net of receivable on 5500	(45,806)	(43,502)
Add excess contribution payable	4,928	9,388
Net assets available for benefits per Form 5500	$ 45,174,035	$ 38,010,848

The following is a reconciliation of the change in net assets between the financial statements and Form 5500 for the years ended December 31:

	2025	2024
Net change per financial statements	$ 7,169,951	$ 3,833,332
Less change in employer contribution receivables	(2,304)	(43,502)
(Less) Add change in excess contribution payable	(4,460)	9,388
Net change per Form 5500	$ 7,163,187	$ 3,799,218

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
