INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
The CSI Companies, Inc. 401(k)
Profit Sharing Plan and Trust
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The CSI Companies, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN:

The following description of The CSI Companies, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted effective January 1, 2004, amended and restated July 1, 2022, is a defined contribution and profit sharing plan covering all employees of The CSI Companies, Inc. (the Company or Employer) except non-resident aliens or those whose employment is governed by a union contract, and who are age 21 or older with six months of completed service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 1, 2025, MedSys Group, LLC defined contribution plan was merged into the Plan. All eligible employees of MedSys Group, LLC are immediately eligible to participate in The CSI Companies, Inc. 401(k) Profit Sharing Plan and Trust.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Newly eligible participants are automatically enrolled in the Plan at a 3% deferral rate unless they elect to opt out within 60 days of eligibility. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make a profit sharing contribution or matching contribution equal to a uniform percentage of participant contributions, as determined by management each year.

During 2025, the Company calculated a matching contribution based on a ratio of eligible participant wages to total eligible Company wages for the Plan year. The total calculated match was $335,233 which was partially funded by forfeitures after year end. The Company did not make a discretionary profit sharing contribution for the year. Additionally, the Company made a qualified non-elective contribution of $415,857 subsequent to year end to satisfy compliance testing for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary contributions (based on eligibility) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (CONTINUED):

Vesting

Participants are vested immediately in their own contributions, any rollover contributions and the actual earnings on those amounts. Vesting in the Company's discretionary contributions is based on years of continuous service. Once the participant completes two years of service, he or she becomes 20% vested. Participants then earn 20% per year thereafter and are 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the plan administrator. Loan terms have a minimum of one year and may not exceed five years, unless for the purchase of a primary residence. No more than two loans may be outstanding at a time for a participant and loans may not be refinanced. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

The Plan also permits withdrawals due to circumstances of financial hardship, in accordance with provisions specified in the Plan agreement. Participants are allowed to make a minimum $1,000 in-service withdrawal from their fully vested account balances upon reaching the age of 59½.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $156,752 and $99,439, respectively. These accounts will be used to reduce future Company contributions. Also, during 2025, employer contributions were reduced by $193,282 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan payments and the loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and related payments to participants, benefits paid, and asset management are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for adjustment to or disclosure in its financial statements through October 15, 2026, the date the financial statements were available to be issued. No recordable or disclosable events occurred through this date.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS (CONTINUED):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts – valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less any liabilities as a practical expedient. Purchases and sales may occur daily within these accounts. As of December 31, 2025 and 2024, there were no unfunded commitments. Should the Plan initiate a full redemption on any of the pooled separate investment accounts, the redemption period is immediate and no notice is required.

Common collective trust accounts – valued at NAV of units held by the Plan after adjustment to reflect the fair values of the collective trust's underlying investments, including direct and indirect interest in fully benefit-responsive contracts, based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. The NAV is used as a practical expedient to estimate fair value. As of December 31, 2025 and 2024, there were no unfunded commitments.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2025:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,168,391	$ ---	$ ---	$ 7,168,391
Total investments in the fair value hierarchy	$ 7,168,391	$ ---	$ ---	7,168,391
Pooled separate accounts*				628,662
Common collective trusts*				27,566,866
Total investments, at fair value				$ 35,363,919

3. FAIR VALUE MEASUREMENTS (CONTINUED):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2024:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,687,556	$ ---	$ ---	$ 4,687,556
Total investments in the fair value hierarchy	$ 4,687,556	$ ---	$ ---	4,687,556
Pooled separate accounts*				513,999
Common collective trusts*				18,485,208
Total investments, at fair value				$ 23,686,763

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient and which is not a direct filing entity, as of December 31:

	2025	2024
Pooled separate accounts:		
Large cap growth	$ 589,833	$ 443,100
Global/international	32,030	25,533
Bonds	6,799	45,366
Total pooled separate accounts, at fair value	$ 628,662	$ 513,999

4. GUARANTEED INTEREST ACCOUNT:

The Plan holds a fully benefit-responsive guaranteed interest account with Principal totaling $271,716 and $209,175 at December 31, 2025 and 2024, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a semi-annual basis for resetting. The crediting interest rate was 4.65% and 1.55% at December 31, 2025 and 2024, respectively.

4. GUARANTEED INTEREST ACCOUNT (CONTINUED):

The guaranteed interest account meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. CERTIFIED INVESTMENTS:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Principal Life Insurance Company and Principal Trust Company have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2025 and 2024 and for the year ended December 31, 2025:

	2025	2024
Pooled separate accounts	$ 628,662	$ 513,999
Common collective trusts	27,566,866	18,485,208
Mutual funds	7,168,391	4,687,556
Guaranteed interest account	271,716	209,175
Notes receivable from participants	350,437	220,633

	2025
Net appreciation in fair value of investments	$ 5,405,258
Interest and dividend income	101,753
Interest income on notes receivable from participants	28,177

5. CERTIFIED INVESTMENTS (CONTINUED):

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Certain Plan assets are in investment funds managed by Principal. Principal provides trustee and recordkeeper services to the Plan and, therefore, qualifies as a party-in-interest. In addition, the Company pays certain expenses for the Plan and provides certain accounting and administrative services for which no fees are charged. Therefore, the Company qualifies as a party-in-interest.

The Plan issues notes to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

8. INCOME TAX STATUS:

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA. The Non-Standardized Plan received a favorable opinion letter from the IRS on June 30, 2020. The letter states that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. CONCENTRATIONS:

Four investments comprised 53% of net assets available for benefits at December 31, 2025. Two investments comprised 32% of net assets available for benefits at December 31, 2024.
