Independent Auditors' Report

To the participants and administrator of the
Dusk Acquisition II Corp Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Dusk Acquisition II Corp Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("Qualified Institution").

Management has obtained certifications from a Qualified Institution as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule(s) Required by ERISA

The supplemental schedules of Schedule H, Part IV, line 4a – Schedule of Delinquent Contributions for the year ended December 31, 2025, and Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived

from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

During the 2025 Plan year, the Plan was renamed to Dusk Acquisition II Corp Retirement Plan, formerly known as Motors & Armatures, LLC Retirement Plan, following a change in Plan Sponsor from Motors & Armatures, LLC to Dusk Acquisition II Corporation. This change did not have a material impact on the Plan's operations, benefits, or net assets available for benefits.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a Qualified Institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following is a brief description of the Dusk Acquisition II Corp Retirement Plan, formerly Motors & Armatures LLC Retirement Plan (the "Plan") and is provided for general information purposes only. The Plan document, related adoption agreement and individual statements provided to each Plan participant should be referred to for more complete information.

General

The Plan is a qualified defined contribution pension plan covering eligible employees who are members of a controlled group which includes Dusk Acquisition II Corporation (the "Company"). The Plan Sponsor was previously Motors & Armatures, Inc and changed as the result of the sale of former Plan sponsor. The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan investments are administered and held in a trust by the Plan's trustee, Reliance Trust Company (the "Trustee"). The Trustee is qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Sentinel Group LLC is the record-keeper of the Plan. The Plan administrator is responsible for overseeing and ensuring compliance with the Plan document. The Trustee, record-keeper and the Plan administrator are appointed by the Company.

Eligibility

The Plan covers all eligible employees of the Company who have completed one month of service and have attained the age of 21. The Plan excludes those employees who are: (1) independent contractors or common-law employees, (2) nonresident aliens, (3) employees of affiliated employers unless they have specifically adopted the Plan, (4) employees covered by a collective bargaining agreement, and (5) those who become employees as a result of an asset or stock purchase, merger or similar transaction. Entrance in the Plan upon meeting the eligibility requirements previously mentioned is on the first day of each month.

Participant Contributions

The Plan participants may make voluntary contributions, to be placed into a trust fund for their benefits, generally not to exceed the Internal Revenue Service Code ("IRC") limits discussed below. Compensation for Plan purposes includes income reported on form W-2 with all pre-tax contributions added back. The Plan allows participants to make Roth contributions.

1. Description of the Plan

Participant Contributions

Total participant elective deferrals are generally limited to $23,500 for the 2025 plan year. Participants who are at least age 50 by the end of the Plan year and who have not attained age 60, as well as participants age 64 and older, may make additional catch-up contributions not to exceed $7,500 for 2025. Effective January 1, 2025, pursuant to the SECURE 2.0 Act of 2022, participants who attain ages 60 through 63 during the Plan year may make enhanced catch-up contributions of up to $11,250, in lieu of the standard $7,500 catch up contribution. The maximum annual addition that may be contributed or allocated to a participant's account under the Plan for the 2025 Plan year shall not exceed the lesser of 100% of the participant's compensation or $70,000 for participants under age 50; $77,500 for participants ages 50 through 59 and age 64 and older; and $81,250 for participants who attain ages 60 through 63 during the Plan year.

Employer Contributions

The Company provides for Safe Harbor matching contributions of 100% of the first 3% of compensation and 50% of the next 2% of compensation for a maximum of 4% of total compensation amounting to $478,856 for 2025. Any participant employed during the Plan year shall be eligible to share in the matching contributions.

In addition, the Company can make a discretionary profit-sharing contribution. Only participants who have completed three months of service and are employed on the last day of the Plan year are entitled to a profit-sharing contribution unless they are not employed on the last day of the Plan year due to retirement, disability, or death. The profit-sharing contribution is allocated to each participant based on their compensation to the total compensation of all eligible participants. The profit-sharing contribution for the year ended December 31, 2025, is $348,247 and was paid in 2026.

Rollover Contributions

A Plan participant may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as a rollover, with certain restrictions.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are 100% vested in their elective deferrals, rollover contributions, employer safe harbor contributions and employer profit sharing contributions.

1. Description of the Plan

Participant Accounts

The Plan administrator establishes and maintains a separate account for each participant, which is credited or debited for rollover and voluntary contributions the participants make, Company matching and profit-sharing contributions and Plan earnings and expenses. Income earned and net appreciation or depreciation on Plan investments, for a given investment, are allocated in proportion to the participant's account balance in that investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Each participant may borrow up to the lesser of: (1) 50% of the present value of the participant's vested interest in the account or (2) $50,000. The notes are secured by the vested balance in the participant's account. No note receivable shall be less than $1,000 and only two notes at a time are allowed. The interest rate on notes outstanding at December 31, 2025, ranged from 4.25% to 9.50% per annum.

Any such borrowings are to be repaid within five years, unless the note is for the purchase of a principal residence for which the repayment period cannot exceed thirty years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Forfeitures

Upon termination of employment participants forfeit their non-vested balances. These accounts may be used to reduce future Company contributions or to pay administrative expenses of the Plan. At December 31, 2025, and 2024, there were no forfeited non-vested account balances. There were no forfeited amounts used to reduce Company contributions or to pay administrative expenses during the year ended December 31, 2025.

ERISA Budget Account

Annually, the Trustee, through its revenue sharing arrangements ("Shared Revenue") with investment companies, shares a portion of the Shared Revenue with retirement plans which it services. Such revenues have been recorded as "Other income" on the Statement of Changes in Net Assets Available for Benefits. At December 31, 2025 and 2024, the portion of the Shared Revenue, referred to as the ERISA Budget Account amounted to $4,924 and $5,917, respectively, and is included in the investment balance on the Statements of Net Assets Available for Benefits. During 2025, the Plan earned $21,884 in shared revenues and used $23,004 of the ERISA Budget Account to pay administrative expenses.

DUSK ACQUISITION II CORP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2025 AND 2024 AND
FOR THE YEAR ENDED DECEMBER 31, 2025

1. Description of the Plan

Retirement

The normal retirement age is defined as when the participant reaches the age of 65. At the normal retirement date, the participant is entitled to 100% of their account balance. The participant can elect late retirement after the age of 65. Early retirement before age 65 is not permitted. A participant, who becomes disabled, as defined in the Plan document, is eligible for a disability retirement.

Distribution of Benefits

Distributions to participants are available upon the following events: retirement, termination of employment, the attainment of age 59 ½, disability, hardship or death. A participant's benefit, consisting of his/her entire vested account balance, is paid in the form of either a lump sum distribution or over periodic installments. A participant with an account balance in excess of $5,000 may elect to defer payment until attainment of the normal retirement age of 65. Participants must begin receiving Required Minimum Distributions, under IRS guidelines, upon reaching the age of 73.

Administrative Expenses

Administrative expenses may be paid out of the Plan or by the Company. Administrative expenses that are to be paid from the Plan's trust funds are allocated to all participants on a pro rata basis. The Company incurred certain administrative expenses relating to the Plan without charge to the Plan during the year ended December 31, 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Purchases and sales of securities are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation of the fair value of its investments, which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks including but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Income Tax Status

The Company has adopted a non-standardized pre-approved plan document that received an Internal Revenue Service ("IRS") opinion letter dated November 30, 2020, in which the IRS stated that this non-standardized pre-approved plan was qualified under the appropriate sections of the IRC. An employer adopting this non-standardized pre-approved plan is considered to have a Plan qualified under Section 401(a) of the IRC. Once qualified, the plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes that currently the Plan is qualified. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

2. Summary of Significant Accounting Policies

Income Tax Status

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan and had concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the DOL or the IRS, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 15, 2026, which is the date the financial statements were available to be issued.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would remain 100 percent vested in their employer contributions.

4. Investments

For the year ended December 31, 2025, the Plan’s investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by $3,975,231.

5. Fair Value Measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Interest-bearing cash and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. Fair Value Measurements

Common collective trusts: Valued at the NAV of units of the respective trust company's collective trust fund. The NAV, as provided by the trust company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 50,008	$ -	$ -	$ 50,008
Mutual funds	28,523,110	-	-	28,523,110
Total investments in the fair value hierarchy	$ 28,573,118	$ -	$ -	28,573,118
Common collective trust (a)				815,609
Investments, at fair value				$ 29,388,727

	2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 170,169	$ -	$ -	$ 170,169
Mutual funds	38,698,928	-	-	38,698,928
Total investments in the fair value hierarchy	$ 38,869,097	$ -	$ -	38,869,097
Common collective trust (a)				2,011,647
Investments, at fair value				$ 40,880,744

(a) In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Fair Value Measurements

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the year ended December 31, 2025, there were no purchases, issuances, transfers in, or transfers out of Level 3.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments and associated information for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024:

	2025 Fair Value	2024 Fair Value	Unfunded Commitments	Redemption Frequency	Plan Level Redemption Notice Period
Common collective trusts	$ 815,609	$ 2,011,647	None	Daily	12 months

6. Related Party and Party-in-Interest Transactions

The investment in the common collective trust is managed by the Trustee. The Plan's administrative expenses for the year end December 31, 2025, are paid to the Plan's record-keeper and financial advisor. Transactions with the Plan's financial advisor, record-keeper and Trustee qualify as party-in-interest transactions. Loans to Plan participants also qualify as party-in-interest transactions. The above transactions are not considered prohibited transactions under CFR 408 (b) of the ERISA regulations.

7. Unaudited Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by CFR 2520.103-8 of the DOL's and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which was certified by the Trustee, as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule:

7. Unaudited Information Certified by the Plan's Trustee

As of December 31:	**2025**	**2024**
Investments, at fair value	$ 29,388,727	$ 40,880,744

For the year ended December 31, 2025:	
Investment income:	
Net appreciation of the fair value on the investments	$ 3,975,231
Dividend income from mutual funds	2,112,532
Interest income	4,295
Other income	21,884
Total investment income	$ 6,113,942

In addition, the information in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, has been certified by the Trustee to be complete and accurate.

8. Prohibited Transactions

The Company withheld from participants' pay certain contributions and loan repayments during the years ended December 31, 2025, which were not remitted to the Plan's trust within the time frame required by the DOL under the plan assets rules. These late remitted participant contributions constitute a loan from the Plan to the Company and was $27,730.

Delays in remitting participant contributions and loan repayments to the Custodian were due to administrative errors and lost earnings related to the late remittances are being determined by the Company as of the date these financial statements were issued.

9. Reconciliation to Form 5500

The following reconciles net assets available for benefits per the financial statements as of December 31, 2025 and 2024, to the Plan's Form 5500, respectively, as filed by the Company:

	2025	2024
Net assets available for benefits per financial statements	$ 30,455,036	$ 42,941,404
Adjustments resulting from US GAAP interpretation of fair value versus Form 5500 regarding interest in common collective trust	(75,249)	(223,814)
Amount reported per Form 5500	$ 30,379,787	$ 42,717,590

The following reconciles the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to the Form 5500, as filed by the Company:

Net decrease as reported per financial statements	$ (12,486,368)
2025 adjustment resulting from US GAAP versus form 5500 interpretation of fair value regarding interest in common collective trust	(75,249)
2024 adjustment resulting from US GAAP versus form 5500 interpretation of fair value regarding interest in common collective trust	223,814
Net decrease as reported per Form 5500	$ (12,337,803)
