a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☐ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation._____

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? ☒ Yes ☐ No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Telephone Electronics Corporation &
Associated Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Telephone Electronics Corporation & Associated Companies 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TELEPHONE ELECTRONICS CORPORATION
AND ASSOCIATED COMPANIES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF PLAN

The following brief description of the Telephone Electronics Corporation and Associated Companies 401(k) Plan (the TEC Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the TEC Plan's provisions.

General

Telephone Electronics Corporation and its subsidiaries (collectively the Company or TEC) established the TEC Plan in a prior year. The TEC Plan is a defined contribution plan covering all full-time employees of the Company who have completed three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Plan Administration

The Company is the administrator of the TEC Plan. Plan administration is accomplished through an employee benefit plan committee (the Plan Committee) consisting of two or three persons who are appointed by the TEC Board of Directors and do not receive compensation from the TEC Plan for their services.

Fidelity Management Trust Company (Fidelity) is the TEC Plan trustee. Regions Trust (Regions) is the TEC Plan's investment advisor.

The Company may remove Fidelity and appoint a successor trustee. The Company and Fidelity have entered into a Trust Agreement which provides for the establishment of a Trust for the purpose of holding and investing contributions and making required distributions pursuant to the provisions of the TEC Plan.

The Plan Committee meets at least annually, along with representatives of Regions, to discuss the performance and other relevant information regarding the investment options available under the TEC Plan. Regions provides recommendations to the Plan Committee as to whether any changes should be made to the TEC Plan's investment options.

Contributions

Participating employees may contribute a portion of their pretax or post-tax annual compensation to the TEC Plan up to the maximum allowed by the Internal Revenue Code (the Code), and the Company at its discretion, makes matching contributions based on the employee's contribution. Currently, the Company makes safe harbor matching contributions of 100 percent of the first 3 percent of employee compensation contributed to the TEC Plan and 50 percent of the next 2 percent of employee compensation contributed to the TEC Plan. Participants who have attained age 50 before the end of the TEC Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions, as well as the Company's safe harbor matching contributions, into various investment options offered by the TEC Plan. The TEC Plan currently offers twenty-six mutual funds and one collective investment fund as investment options for participants. A participant may instruct that all contributions be allocated among the various fund options. Additionally, a participant may change his or her contribution allocation instructions at any time and contribution percentages on a quarterly basis in accordance with the provisions of the TEC Plan. Participants may generally change their investment portfolio allocations at any time. However, in an effort to protect the interests of the long-term shareholders, some funds may prohibit frequent trading and/or impose redemption fees.

Participant and Company contributions are recorded in the period during which the Company makes payroll deductions from the TEC Plan's participants' earnings.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions together with their earnings, and charged with any applicable administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participants are furnished with quarterly statements which set forth the status of their accounts in the TEC Plan. In addition, participants have access to an automated voice response system and an internet website to obtain up to date information regarding account balances, contributions, investment options, fund performance and other TEC Plan data.

Vesting

Participants are fully vested immediately in their contributions and their rollover contributions, plus any earnings they generate. Participants are also fully vested immediately in the safe harbor matching contributions made by the Company plus actual earnings thereon. Any other additional

employer contributions to the TEC Plan made at the Company's discretion, plus any earnings they generate, are fully vested immediately as well.

Notes Receivable from Participants

The TEC Plan has a provision whereby participants may borrow from their fund accounts. The minimum loan amount is $1,000 and the maximum loan amount is the lesser of $50,000 or 50 percent of their account balance at the date of the loan request. Loan disbursements are made on a prorated basis from each of the participant's current investment options and contribution sources as of the date of the approved loan request. The loans are secured by the balance in the participant's account. Interest on the underlying loan is based on the prime rate reported by Thomson Reuters on the first business day of each month, plus 1 percent, and such rate is fixed for the life of the loan. Loans are repaid through bi-weekly payroll deductions over terms not less than one year and not to exceed five years. Principal and interest payments are reinvested in the participant's account in accordance with the investment elections in effect at the time such payments are received. A participant may only have one loan outstanding at any time.

Payment of Benefits

On termination of service for any reason, a participant (or his or her designated beneficiary or legal representative) may elect to receive the value of the participant's vested interest in his or her account as a lump sum distribution. If the participant dies without designating a beneficiary, his or her beneficiary shall be, in the order listed, (i) spouse, (ii) children, or (iii) estate. If the value of the participant's account balance is greater than $1,000, no distribution will be made without the participant's consent. If the value of the participant's account is $1,000 or less, the participant will receive a distribution of their account balance unless the participant elects to have the distribution paid directly to another eligible retirement plan.

Withdrawals

A participant who is an employee and over age 59½ may make withdrawals from his vested accounts prior to meeting normal distribution requirements. Additionally, a participant may make withdrawals from the rollover portion of their account at any time. Certain qualifying hardship withdrawals may be made from the elective deferral portion of their account and vested discretionary contributions in accordance with the provisions of the TEC Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the TEC Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The TEC Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included within dividend income. Net appreciation includes the TEC Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded. Also, unpaid loans of terminated participants are treated as distributions to the participant.

Expenses and Participant Transaction Fees

Certain administrative expenses for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The remaining administrative expenses for maintaining the plan are paid by plan participants and included in these financial statements. These expenses are allocated to participant accounts based upon participant account balances. Expenses relating to

specific participant transactions (i.e., loan fees, distribution fees, etc.) are deducted directly from the participant's account. Certain investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Company may utilize credits received under its service agreement with the Plan's trustee to pay certain administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The TEC Plan evaluated subsequent events through October 15, 2026, which is the date the financial statements were issued.

3. INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information regarding the TEC Plan's investments at December 31, 2025 and 2024, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified as complete and accurate by Fidelity.

	2025	2024
Balanced Funds	$ 3,047,240	$ 2,838,126
Asset Allocation Funds	8,084,041	7,034,857
Collective Investment Fund	2,391,206	2,565,988
Index Funds	5,423,008	5,051,489
Growth and Value Funds	2,538,643	2,260,744
Fixed Income Fund	651,609	564,386
International Fund	951,685	682,702
Real Estate Fund	414,707	394,758
Money Market Fund	701,594	204,616
	$ 24,203,733	$ 21,597,666

During 2025, the TEC Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,568,165.

4. FAIR VALUE MEASUREMENTS

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Input to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of the input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. However, the inputs or methodology used for valuing investments are not an indication of the risk associated with such investments.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the TEC Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the TEC Plan are deemed to be actively traded.

Collective investment fund: The collective investment fund, which is composed primarily of fully benefit-responsive investment contracts, is valued at the net asset value of shares held by the TEC Plan at year-end. The net asset value as provided by Fidelity is used as a practical expedient to estimate fair value and as a result is included within investments measured at net asset value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the TEC Plan initiates a full redemption of the collective investment fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future value. Furthermore, while the TEC Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the TEC Plan's fair value measurements at December 31, 2025 and 2024:

	Level 1	Total
2025		
Mutual Funds	$ 21,812,527	$ 21,812,527
Investment measured at net asset value (a)	-	2,391,206
	$ 21,812,527	$ 24,203,733
2024		
Mutual Funds	$ 19,031,678	$ 19,031,678
Investment measured at net asset value (a)	-	2,565,988
	$ 19,031,678	$ 21,597,666

(a) An investment that was measured at net asset value per share (or its equivalent) practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the TEC Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2025				
Federated Capital Preservation Fund (FCPF)	$ 2,391,206	$ -	Daily	12 months
December 31, 2024				
FCPF	$ 2,565,988	$ -	Daily	12 months

5. PARTY-IN-INTEREST

Transactions between the Plan and Fidelity, the TEC Plan trustee, meet the definition of party-in-interest transactions under the provisions of ERISA (Party-in-interest transactions).

The TEC Plan maintains three Fidelity mutual funds as investment options. Total investments in these mutual funds amounted to $3,488,289 at December 31, 2025.

Outstanding Notes receivable from participants, and the related interest income on Notes receivable from participants, for the year ended December 31, 2025, are presented on the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits, respectively.

6. TAX STATUS

The TEC Plan is a Prototype 401(k) Plan. As such, TEC may rely on an Opinion Letter issued by the Internal Revenue Service (IRS) as evidence that the TEC Plan is qualified under Section 401 of the Code. Therefore, the TEC Plan administrator and the TEC Plan's tax counsel believe that the TEC Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

GAAP requires the plan administrator to evaluate tax positions taken by the TEC Plan and recognize a tax liability (or asset) if the TEC Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor (DOL). The TEC Plan is subject to audits by the IRS and DOL; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to examinations for years prior to 2022.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right under the TEC Plan to discontinue its contributions at any time and to change, suspend or terminate the TEC Plan at any time, subject to provisions of ERISA and the TEC Plan.

8. RISKS AND UNCERTAINTIES

The TEC Plan provides for various investment options in any combination of twenty-six mutual funds and one collective investment fund. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Additionally, some investments held by the TEC Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse

political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

The ultimate ability of the Company to respond with positive results to the changing telecommunications environment will determine to what extent the Company will have the ability to fund future safe harbor matching contributions and to continue the TEC Plan.

9. SUBSEQUENT EVENTS

Effective January 1, 2025, the Plan adopted Section 109 of the SECURE 2.0 Act of 2022, allowing eligible participants between the ages of 60 and 63 to make catch-up contributions. The Plan was formally amended to adopt these provisions on August 18, 2026.
