Skillz Inc. 401(k) Retirement Savings Plan
Las Vegas, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Skillz Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Skillz Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Skillz Inc. 401(k) Retirement Savings Plan ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Skillz Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Skillz Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2025 and Delinquent Participant Contributions for the Year Ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of Skillz Inc. 401(k) Retirement Savings Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated December 22, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. SUMMARY PLAN DESCRIPTION

The following description of Skillz Inc. 401(k) Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of Skillz Inc. (rebranded to Firy, Inc. in June 2026) (herein after referred to as the Company). To be eligible to participate in the Plan, an employee must have attained the age of 21. There is no service requirement to become eligible. The funds must be used for exclusive benefit of Plan participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has implemented certain directives, where applicable, of the SECURE Act, which contain several provisions affecting retirement plans in the areas of distributions and loans. During the year ended December 31, 2025, the Plan did not implement any material provisions under the SECURE Act. Written amendments to the Plan to reflect any operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions—Participants may contribute a portion of their pre or post tax compensation, as defined in the Plan and subject to statutory limitations. Catch-up contributions are permitted for those participants who are at least 50 years of age during the Plan year. During the years ended December 31, 2025 and 2024, the Company matched 100% of the first 3% deferred by participants. Contributions of employee deferrals and the match are made with each payroll, and a match true-up is computed annually.

Rollovers—Rollovers represent funds transferred to the Plan from other qualified plans of the participants.

Participant Accounts—Each participant's account is credited with the participant's contributions, the Company's contributions, an allocation of Plan earnings based on participants' directed account balances, and administrative expenses, where applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures—Upon withdrawal from the Plan, a participant's non-vested portion of Company contributions and earnings is considered a forfeiture and is used to reduce the Company contributions or allocated to administrative expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $45,281 and $29,712, respectively. During the year ended December 31, 2025 no forfeitures were used to reduce employer contributions or pay Plan expenses.

1. SUMMARY PLAN DESCRIPTION (CONTINUED)

Vesting—Participants are fully vested in their own contributions to the Plan, employer matching contributions, plus any earnings thereon. Participants terminated prior to October 1, 2019, become vested in the Company's contributions, plus earnings thereon, based on years of service in accordance with the following vesting schedule:

Years of Service	Percentage of Account Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investments—Participants direct the investments of their own contributions and the employer contributions into various investment options offered by the Plan.

Withdrawals—Participants may make withdrawals from the Plan upon reaching age 59½, retirement, complete and total disability, death, or in certain cases of financial hardship. In-service withdrawals of amounts rolled in from other plans are also permitted. Upon termination of service, participants may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to have it rolled over into another qualified retirement plan.

Participant Loans—Generally, loans are available to any participant with an account balance. The loan amount may not exceed the lesser of 50% of the participant's vested account balance or $50,000 and is subject to a minimum of $1,000. The participant's vested account provides security for the loan. All loans shall bear a reasonable rate of interest as determined by the Plan administrator based upon prevailing interest rates charged for similar types of loans by other lenders. The interest rate shall remain fixed throughout the duration of the loan. The loans are repaid ratably through payroll deductions generally over a period of five years or less, except for the purchase of a principal residence which may be repaid over a period that may exceed ten years. Participants may have only one loan outstanding at any given time.

Administrative Expenses— The Plan primarily pays the administrative expenses associated with administration of the Plan. Administrative expenses, including fees and expenses of the custodian, commissions, and other charges on purchases, sales and transfers of investments, are paid out of the fund or account involved in such purchase or sale. Investment related expenses are included in net appreciation or depreciation of investments. Participants are responsible for their own loan and distribution fees. The participants pay for annual fund and recordkeeping fees. Certain administrative costs of the Plan are borne by the sponsor. In addition, the sponsor may provide services to the Plan for which the sponsor receives no compensation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus unpaid accrued interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income (Loss) Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains and losses and the unrealized appreciation and depreciation of these investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no amounts allocated to the accounts of the persons who had elected to withdraw from the Plan but had not yet been paid at December 31, 2025 or 2024.

3. INFORMATION CERTIFIED BY TRUST COMPANY (UNAUDITED)

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Money market funds are valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-end funds that seek to maintain a stable NAV, typically $1.00 per share. These funds are required to publish their daily NAV and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2025. There were no Level 2 or Level 3 Plan assets at fair value at December 31, 2025.

	Level 1	Total
Mutual funds	$ 14,660,554	$14,660,554
Money market funds	130,266	130,266
Total investments	$ 14,790,820	$ 14,790,820

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2024. There were no Level 2 or Level 3 Plan assets at fair value at December 31, 2024.

	Level 1	Total
Mutual funds	$ 12,258,274	$ 12,258,274
Money market funds	64,744	64,744
Total investments	$ 12,323,018	$ 12,323,018

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company or its affiliates (collectively, Fidelity), and therefore these transactions qualify as party-in-interest transactions. For the year ended December 31, 2025, fees paid to Fidelity by the Plan for administrative and investment management services and loan origination costs amounted to $37,612.

6. INCOME TAX STATUS

The Plan uses a prototype volume submitted plan document sponsored by Fidelity. The prototype plan document received an opinion letter from the Internal Revenue Service, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan or complete discontinuance of contributions thereunder, each participant's account will become fully vested and nonforfeitable.

8. CORRECTIVE DISTRIBUTIONS

During the plan year ended December 31, 2025, the Plan did not satisfy the Average Deferral Percentage (ADP) nondiscrimination test as required under IRC Section 401(k). To correct the operational variance and maintain the Plan's qualified tax status, the Plan sponsor authorized corrective distributions of excess contributions plus allocable earnings to highly compensated employees (HCEs).

Total corrective distributions attributable to the failed 2025 ADP test amounted to $46,864. These corrective distributions were processed and distributed to affected participants on February 24, 2026. On the accompanying financial statements, these corrective distributions are classified as a reduction of participant contributions for the year ended December 31, 2025. On the Plan's Form 5500, Schedule H, Part II, Line 2f, these amounts are reported as a component of total corrective distributions.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of the participant contributions per the accompanying financial statements at December 31, 2025 to the amounts reported on the Form 5500:

	2025
Participant contributions per financial statements	$ 1,106,197
Plus corrective distributions	46,864
Participant contributions per the Form 5500	$ 1,153,061

10. SUBSEQUENT EVENTS

On January 31, 2026, the Company acquired Beamable Inc. Subsequent to the acquisition, effective February 1, 2026, employees of the acquired entity became eligible to participate in the Plan.

Skillz Inc. was rebranded to Firy Inc. in June 2026 and the Plan's name was changed to Firy 401(k) Plan. The Plan document was restated and a new adoption agreement was effective October 9, 2026.

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.
