INDEPENDENT AUDITORS' REPORT

October 14, 2026

The Plan Administrator
Ackerman McQueen, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Ackerman McQueen, Inc. 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors'

Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Ackerman McQueen, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ackerman McQueen, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ackerman McQueen, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ackerman McQueen, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To Plan Administrator
Ackerman McQueen, Inc. 401(K) Plan
October 14, 2026

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of Ackerman McQueen, Inc. 401(K) Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 10, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan also includes an automatic enrollment feature for employees hired on or after January 1, 2008. Upon meeting the eligibility requirements previously discussed, unless otherwise directed by the participant, the Plan sponsor automatically enrolls the participant at a deferral rate of 3% of the participant's eligible compensation as defined by the Plan. Contributions are invested in a designated balanced fund unless the participant makes an alternative investment election.

The Plan was amended and restated effective April 1, 2022, in accordance with the Cycle 3 Restatement, in order to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37 and other legal requirements.

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions commonly referred to as "SECURE 2.0." These provisions build upon the reforms introduced in the SECURE Act of 2019, focusing on increasing retirement plan participation and encouraging greater retirement savings. SECURE 2.0 contains provisions with various effective dates beginning in 2023 and extending forward.

The provisions include both required and optional elements. The Plan administrator has adopted the required provisions and continues to evaluate optional provisions for future adoption.

Employer Discretionary Contributions

The Plan sponsor's Board of Directors may approve discretionary employer contributions to the Plan at its discretion. To be eligible to receive a discretionary employer contribution, participants must be considered active participants at the end of the Plan year and must have worked 1,000 hours of service during the Plan year. For the years ended December 31, 2025 and 2024, the Plan sponsor approved discretionary employer contributions of $29,239 and $38,745, respectively. The discretionary employer contribution declared for 2024 was paid during 2025 using non-vested forfeiture amounts. The discretionary employer contribution declared for 2025 was paid during 2026 using a combination of cash and non-vested forfeiture accounts.

Participant Contributions

Participants may elect to contribute up to 90% of their compensation to the Plan subject to the annual limitations imposed by the Internal Revenue Service. Plan participants age 50 and older were eligible to make a catch-up contribution of an additional $7,500 to the Plan during the years ended December 31, 2025 and 2024. The participants eligible to make the catch-up contributions may do so only after making the total elective deferral contributions allowed by the Internal Revenue Service. Rollover contributions are permitted under the Plan agreement. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant's Accounts

Each participant's account is credited with the participant's contributions, the allocation of the employer discretionary contributions (if applicable), and the income and appreciation or depreciation of the investments attributable to each type of investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants, under certain circumstances, are permitted to borrow a minimum of $1,000 from their participant accounts. Subject to certain Internal Revenue Code and Plan limits, a participant may not borrow more than the lesser of 50% of his or her vested interest in the Plan, or $50,000, adjusting for prior loans. The participant may only have two outstanding

loans at any one time. The interest rate charged for a loan will be the prime rate as published by the Wall Street Journal on the 14th day each month plus 1%.

Vesting

Participants are vested immediately in the participant contributions and participant rollover contributions plus actual earnings thereon. Vesting in the employer discretionary contribution is based upon years of continuous service as follows:

Years of Service	Vesting %	Years of Service	Vesting %
0-1	0	4	60
2	20	5	80
3	40	6	100

Participants become 100% vested regardless of years of service upon death, total and permanent disability, or termination of the Plan.

Payment of Benefits

Upon retirement, termination, disability, or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments as defined in the Plan agreement. If a participant's balance is less than $1,000, the participant's account will be automatically distributed. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account (IRA). If the account balance exceeds $5,000, excluding amounts attributed to rollovers, the participant's account will not be automatically distributed. However, the participant may elect to receive the benefit. The distribution will then be made to the participant within a reasonable time after termination of employment and once the participant consents to the distribution. Certain early distributions made upon early termination of employment may be subject to a penalty.

Upon retirement at normal retirement age of 60, the participant is entitled to receive his or her entire account balance. In addition, a participant who retires due to disability will also be entitled to 100% of their account balance. If a person attains the age of 60 while still employed by the Company, he or she may elect to withdraw all or a portion of his or her vested balance. Hardship withdrawals are permitted by the Plan.

Forfeitures

Discretionary employer contributions that are forfeited because of termination prior to vesting may be used to reduce future employer discretionary contributions or pay plan expenses. As of December 31, 2025 and 2024, approximately $6,433 and $39,629, respectively, were available to reduce administrative expenses or future discretionary employer contributions. The Plan used $38,745 of forfeitures to reduce discretionary employer contributions paid into the Plan in 2025.

Note 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) is included in the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable may be reclassified as deemed distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. There were no benefit payments requested before year-end that were not paid.

Administrative Expenses

The Plan allows certain administrative expenses to be paid from Plan assets. The Company pays certain administrative expenses for the Plan. For 2025 and 2024, the Sponsor paid only selected insignificant administrative expenses.

Date of Management's Review

The Plan sponsor has evaluated subsequent events through October 14, 2026 the date which the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. No Level 2 or Level 3 inputs were available at year end to the Plan for the years ended December 31, 2025 and 2024.

Level 1 Fair Value Measurements

- Mutual funds and money market funds are valued at net asset value (NAV) based on the daily closing price as reported by the fund. These funds are classified as Level 1 of the fair value hierarchy.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are in net appreciation (depreciation) in fair value of investments.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)
Mutual Funds	$18,323,786	$18,323,786
Money Market Funds	557,275	557,275
Total	$18,881,061	$18,881,061

December 31, 2024	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)
Mutual Funds	$18,576,363	$18,576,363
Money Market Funds	777,412	777,412
Total	$19,353,775	$19,353,775

Note 4 – Information Certified by a Qualified Institution

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025, and net appreciation (depreciation) in fair value of investments, interest and dividends income, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee, ADP Retirement Trust Services, LLC.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends income, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee, Reliance Trust Company.

Note 5 – Income Tax Status

The Internal Revenue Service has determined and informed the Company in a letter dated October 6, 2020, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe the plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan is considered to be tax-exempt, and no provision for income taxes has been included in the financial statements. The Plan's tax returns are generally subject to examination by the Internal Revenue Service and various State agencies for a period of three years from the date they are to be filed.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Transactions With Parties in Interest

During 2024, certain Plan investments were managed by Reliance Trust Company, which was the trustee as defined by the Plan. These transactions qualify as party-in-interest transactions under ERISA, as Reliance Trust Company provided trustee and investment management services to the Plan. Fees incurred by the Plan for investment management services were included as a reduction of the return earned on each fund and were not separately billed. These fees were paid through revenue-sharing arrangements rather than direct payments from the Plan.

Effective January 1, 2025, ADP Retirement Trust Services, LLC was appointed as trustee of the Plan. For the year ended December 31, 2025, the Plan paid ADP Retirement Trust Services, LLC approximately $16,505 in fees.

These fees are permitted party-in-interest transactions exempt from ERISA's prohibited transactions rules.

Note 9 – Corrective Distributions

There were no corrective distributions paid out in 2026 relating to excess contributions received from participants during 2025. The Plan passed all required discrimination testing relating to the 2025 plan year.

Contributions received from participants in 2024 are net of payments of $4,567 made in 2025, to certain active participants to return excess contributions as required satisfying the relevant nondiscrimination provisions of the Plan.

Contributions received from participants in 2023 are net of payments of $23,824 made in 2024, to certain active participants to return excess contributions as required satisfying the relevant nondiscrimination provisions of the Plan.

Note 10 – Concentrations to Benefits Paid to Participants

Benefits paid to participants totaled $3,328,614 for the plan year ended December 31, 2025, compared with $1,003,662 for the plan year ended December 31, 2024. The increase was primarily due to distributions to four long-service participants with significant account balances who retired during the 2025 plan year. Distributions to these participants totaled approximately $2,290,000, or 69% of total benefits paid in 2025. These retirements were not the result of any plan amendment, workforce reduction, or other employer-initiated action affecting participants' rights under the Plan.
