INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and Administrator of
Durex Inc. Employees 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Durex Inc. Employees 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Durex Inc. Employees 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Durex Inc. Employees 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Durex Inc. Employees 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Durex Inc. Employees 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Durex Inc. Employees 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA
The supplemental schedules, Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter – Supplemental Schedules Required by ERISA (Continued)
In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the Durex Inc. ("Company") Employees 401(k) and Profit Sharing Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

The Setting Every Community Up for Retirement Enhancement ("SECURE") Act was enacted in December 2019 and generally became effective January 1, 2020. The SECURE Act was designed to encourage investing for retirement by increasing the required minimum distribution age and making certain other changes to certain tax-qualified retirement plans. In December 2022, the Secure Act 2.0 ("SECURE 2.0 Act") was passed, which built on the original SECURE Act's focus on expanding retirement plan coverage and participation. IRS Notice 2024-02 extended the deadline for adopting certain required and discretionary amendments related to these Acts and related guidance to December 31, 2026. The Plan Sponsor intends to amend the Plan document by the applicable deadline and in accordance with IRS requirements. All required provisions of SECURE 2.0 Act that were effective during 2025 have been implemented as of December 31, 2025.

Effective January 1, 2025, the Plan permits participants who attain ages 60 through 63 during the calendar year to make additional catch-up contributions up to the increased limit provided under the SECURE 2.0 Act of 2022. For 2025, this catch-up limit was $11,250, compared with $7,500 for other catch-up-eligible participants age 50 or older.

General

The Plan is a defined contribution plan which contains a salary deferral arrangement and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers the following classes of employees of the Company: members of Teamsters Local 97, non-union hourly employees at the Company's New Jersey location, and all other employees.

Effective January 1, 2025, the Plan changed trustees from Reliance Trust Company to ADP Retirement Trust Services, LLC. The change in trustee did not result in any changes to the Plan's provisions or participant benefits.

ADP Retirement Trust Services, LLC ("the Trustee") serves as the trustee of the Plan ADP Retirement Services (the "Administrator") serves as the administrator of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participation

An employee who is a member of Teamsters Local 97 or a non-union hourly employee at the Company's New Jersey location must complete seven months of service to be eligible. All other employees must complete three months of service to be eligible.

Employee Contributions

Salary Deferral – Each year, participants may make pre-tax and roth elective deferrals up to 90% of their annual compensation, as defined in the Plan Agreement, up to the 401(k)-deferral limit defined in Section 401(k) of the Internal Revenue Code (the "Code"). The roth contribution election will be irrevocable and the amount contributed will be included in the participants' income for tax purposes.

For the 2025 and 2024 Plan years, the 401(k) deferral limit was $23,500 and $23,000, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution permitted for 2025 and 2024 was $7,500. Effective January 1, 2025, pursuant to the SECURE 2.0 Act, participants who attain ages 60 through 63 before the end of the Plan year are eligible for an increased catch-up contribution. The maximum catch-up contribution permitted for these participants for 2025 was $11,250. All contributions are made through payroll deductions. The contribution percentage(s) can be changed or stopped entirely at any time. Rollovers from other qualified plans or annuity contracts are permitted. All Company contributions are invested based upon participant account elections.

1. DESCRIPTION OF PLAN (CONTINUED)

Employer Contributions
The Company made contributions to the Plan for the years ended December 31, 2025 and 2024 as follows:

- Each Participant shall receive a Non-Elective Employer Contribution in an amount equal to $10.00 per week, provided such Participant works a minimum of forty (40) hours per week. Hours shall be credited to Participants for vacation weeks, lost time for job accidents, jury duty and funeral leave.

During prior plan years (2016-2022), the Plan Sponsor failed to remit certain participant elective deferrals and loan repayments to the Plan trust within the timeframes prescribed by the U.S. Department of Labor (DOL). The Department of Labor regulations require that participant contributions be remitted to the trust as of the earliest date they can reasonably be segregated from the employer's general assets.

As of December 31, 2025, late participant contributions totaling $874,922 from prior plan years were pending correction through the DOL Voluntary Fiduciary Correction Program (VFCP). In addition, late participant contributions totaling $5,640 remained outstanding and unfunded/uncorrected and is included in contributions receivable on the statement of net assets as of December 31, 2025. Failure to remit these contributions in a timely manner constitutes a nonexempt prohibited transaction under ERISA.

To correct these operational defects, the Plan Sponsor intends to utilize the DOL Voluntary Fiduciary Correction Program (VFCP) or the IRS Self-Correction Program (SCP). Total corrections will include the principal contribution amounts and an additional Qualified Non-Elective Contribution (QNEC) representing lost investment earnings calculated using the DOL VFCP calculator or the plan's actual rate of return, whichever is greater.

As of December 31, 2025, the Plan has recognized a receivable due from the Plan Sponsor and a corresponding liability to participants for the unremitted contributions of $5,640 plus accrued lost earnings/QNECs of **$**16,796. These amounts are included in the Statement of Net Assets Available for Benefits as Contributions Receivable – Other. The Plan Sponsor anticipates fully funding the corrective contributions and submitting the necessary documentation to regulatory authorities during 2026.

Vesting
All employees are immediately 100% vested in their voluntary contributions. The employer's contribution for Teamsters Local 97 members' vests in 20% increments beginning after one year of employment. All other employer's contributions vest as follows:

Years of Service	Vested %
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Investment Options
Upon enrollment in the Plan, a participant may direct contributions in one percent increments into fixed income and/or mutual fund investments and common/collective trusts. Participants may change their investment options at any time through direct correspondence with the Plan's trustee. The available funds as of December 31, 2025 are listed in the supplemental Schedule of Assets (held at end of year).

1. DESCRIPTION OF PLAN (CONTINUED)

Participant Loans
Participants may borrow from their salary deferral account of the Plan, at a reasonable rate of interest, an amount which may not exceed the lesser of $50,000 or 50% of the participant's non-forfeitable account balance on the preceding valuation date. Each participant is only permitted to have one loan outstanding at any one time. The loan must be repaid in level installments withheld from the participant's pay for a maximum term of five years. If the loan is used to acquire a principal residence, the term may not exceed fifteen years.

Total outstanding participants' loans receivable were $68,469 and $67,912 at December 31, 2025 and 2024, respectively.

Participant Accounts
Each participant's account is credited with the participant's contribution, the Company's contribution, if any, and Plan earnings.

Payment of Benefits
On termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account.

Forfeited Accounts
Forfeitures of terminated participants' non-vested accounts are netted against employer contributions once the participant loses all rights to restatement of the forfeited amount. As of December 31, 2025 and 2024, the Plan had forfeited non-vested accounts totaling to $13,584 and $5,186, respectively. For the year ended December 31, 2025, no forfeitures were used to reduce employer contributions for the Plan.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested participant account balances would become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates in the Preparation of Financial Statements
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants and Withdrawals
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. The financial statements include delinquent loans until specifically written off. Form 5500 reflects the delinquent loans as distributions. See Note 8 for the reconciliation from the Plan's financial statements to Form 5500.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments Valuation and Income Recognition
The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned on an accrual basis. Dividend income is accrued on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Administrative expenses of the plan are allocated to participant accounts.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The Investment Committee determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

ASC 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Observable market based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Registered Investment Companies (Mutual funds)*: The fair value of registered investment companies (including mutual funds) is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are considered to be actively traded and are classified within Level 1 of the valuation hierarchy.

- *Common/Collective Trust*: Valued at the net asset value ("NAV") per share (or its equivalent) based on information reported by the investment advisor using audited financial statements of the common/collective trust at year-end, which are not publicly available. The NAV is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the trust less liabilities. The common/collective trust NAV represents fair value since this is the amount at which the Plan transacts with the trust. Plan management believes that the value of the common/collective trusts are reasonably stated and that no adjustment to NAV as of December 31, 2025 and 2024 is required.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

As of and for the year ended December 31, 2025 and 2024, certain Plan's investment assets reported at fair value were not subject to the fair value hierarchy as these investments held at year-end used the NAV practical expedient. Those assets are presented in the tables below for presentation and reconciliation purposes.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,808,673	$ -	$ -	$ 2,808,673
Total Plan investments in the fair value hierarchy	$ 2,808,673	$ -	$ -	$ 2,808,673
Common/Collective Trust at net asset value (NAV)*				$ 56,045
Investments at fair value				$ 2,864,718

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,088,109	$ -	$ -	$ 3,088,109
Total Plan investments in the fair value hierarchy	$ 3,088,109	$ -	$ -	$ 3,088,109
Common/Collective Trust at net asset value (NAV)*				$ 41,864
Investments at fair value				$ 3,129,973

* Certain investments measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

(a) The objective of the fund is to approximate as closely as practicable, before expenses, the performance of the Russell Small Cap Growth Index over the long term, while providing participants the ability to purchase and redeem units on an "as of" basis.

(b) The objective of the fund is to approximate as closely as practicable, before expenses, the performance of the Russell Small Cap Value Index over the long term, while providing participants the ability to purchase and redeem units on an "as of" basis.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Lincoln Stable Value Fixed Account (Fixed Account) is a fully benefit-responsive investment contract issued by the Lincoln National Life Insurance Company ("Lincoln National") with the backing of their general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Contract value, as reported to the Plan by Lincoln National Life Insurance Company, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Contract has no minimum crediting interest rate. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the Plan's ability to transact at contract value with Lincoln. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause as significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract value of the investment contract at December 31, 2025 and 2024, was $39,474 and $22,679, respectively.

5. PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain Plan investments are managed by the Trustee and, therefore, these transactions qualify as exempt party-in-interest transactions. Pursuant to Plan documents, the Trustee receives revenue from mutual fund and common and collective trust service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to the Trustee for its administrative services to the Plan, and is included as a reduction to net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

If revenue received by the Trustee from such mutual fund or common and collective trust service providers exceeds the amount owed under the Plan documents, the Trustee remits the excess to the Plan’s trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2025, there were no excess amounts.

Fees and commissions paid by the Plan for the investment management and plan administration services amounted to $34,903 for the year ended December 31, 2025.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions.

The Plan Sponsor, ADP Retirement Services, and ADP Retirement Trust Services are parties-in-interest with respect to the Plan. ADP Small Business Services provides recordkeeping and administrative services, and ADP Retirement Trust Services serves as trustee. Transactions with these parties include contributions, benefit payments, and payment of fees for services provided to the Plan. These transactions qualify for applicable exemptions from ERISA’s prohibited transaction provisions when the conditions of those exemptions are satisfied.

6. RISKS AND UNCERTAINTIES

The Plan, as directed by participants, may invest in various types of investment securities. Investment securities are exposed to various risks, including, but not limited to interest, market, credit, geo-political, and macro risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities may occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for plan Benefits.

7. INFORMATION CERTIFIED BY TRUSTEE

Effective January 1, 2025, the Plan changed trustees from Reliance Trust Company to ADP Retirement Trust Services, LLC. The change in trustee did not result in any changes to the Plan's provisions or participant benefits.

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025, and net appreciation (depreciation) in fair value of investments, interest and dividends, and other investment income for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by ADP Retirement Trust Services, LLC (the trustee of the Plan). No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Custodian, except for comparing such information with the related information included in the financial statements.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements and Schedule H of Form 5500 as of December 31, 2025:

Net assets available for benefits per the financial statements	$ 3,099,502
Amounts for deemed distributions on participant loans as of December 31, 2025	(49,853)
Net assets available for benefits per Schedule H of Form 5500	$ 3,049,649

The following is a reconciliation of net assets available for benefits per the financial statements and Schedule H of Form 5500 as of December 31, 2024:

Net assets available for benefits per the financial statements	$ 3,330,789
Amounts for deemed distributions on participant loans as of December 31, 2024	(42,619)
Net assets available for benefits per Schedule H of Form 5500	$ 3,288,170

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2025:

Net decrease in net assets available for benefits per the financial statements	$ (231,287)
Adjustment for certain deemed distribution income (loss) from participant loans	(7,234)
Net decrease in net assets available for benefits per Schedule H of Form 5500	$ (238,521)

Deemed distributions on participant loans are recorded on the Schedule H of Form 5500 for participant loan balances defaulted on or discharged during the plan year. Loan defaults and discharges are recordkeeping only transactions with no related financial activity. In addition, the total interest income on notes receivable from participants required to be reported on Form 5500 excludes loans that have been deemed distributed and have had no post-default payment activity. This creates the difference between the financial statements and Schedule H of Form 5500.

9. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 15, 2026, which is the date the financial statements were available to be issued. No subsequent events have occurred that would require adjustment to or disclosure in the financial statements or accompanying notes from December 31, 2025 through the date the financial statements were issued.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**			
e Was this plan covered by a fidelity bond?	**4e**			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**			
l Has the plan failed to provide any benefit when due under the plan?	**4l**			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	**4m**			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3	**4n**			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)
