REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Avaya Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed an audit of the financial statements of Avaya Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2024 financial statements
Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 8, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of the Avaya Savings Plan (the “Plan” or “ASP”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Avaya LLC and participating subsidiaries (collectively, the “Company”) to provide eligible employees covered by collective bargaining agreements with an opportunity to save for retirement. The Plan was amended and restated effective January 1, 2016, and has subsequently been amended to incorporate certain Plan and legislative changes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the Savings Plan Committee. The Plan's investments are held in the Avaya Inc. Master Trust (the “Master Trust”), for which Fidelity Management Trust Company serves as trustee. The Master Trust also holds investments attributable to the Avaya Savings Plan for Salaried Employees (ASPSE). Fidelity Workplace Services serves as the Plan's recordkeeper and maintains participant account records.

Eligibility

Employees of participating companies who are covered by a collective bargaining agreement providing for participation in the Plan are immediately eligible to participate upon employment. Nonresident aliens employed outside the United States, leased employees, and temporary employees are not eligible to participate in the Plan.

Contributions

Participants may elect to defer a percentage of their eligible compensation, as defined in the Plan document, ranging from 1% to 60% in whole percentages, subject to Internal Revenue Service (“IRS”) contribution limits. Participants may designate their contributions as pre-tax, Roth, after-tax contributions, or a combination thereof. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan.

Eligible employees are automatically enrolled in the Plan at a 6% pre-tax deferral rate unless they affirmatively elect otherwise. Participants may elect to change or discontinue their contributions at any time, with such changes becoming effective as soon as administratively practicable.

Effective December 15, 2023, the Company implemented an imposed terms contract pending execution of a collective bargaining agreement. Under these terms, the Company makes matching contributions equal to 66⅔% of participants' eligible pre-tax and Roth contributions, up to the first 6% of eligible compensation, after participants complete six months of service with the Company.

Vesting and Forfeitures

Participants are 100% vested in their own contributions and Company contributions, including earnings thereon. Forfeitures may be used to reduce Company contributions or pay Plan administrative expenses. As of December 31, 2025 and 2024, forfeited nonvested account balances totaled approximately $5,500 and $4,850, respectively. During the year ended December 31, 2025, forfeitures totaling approximately $27,700 were used to offset administrative expenses.

Participant Accounts

Each participant's account is credited with the participant's and Company contributions and allocations of the Plan's earnings or losses. Allocations are based on the participant's earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their vested account balances, subject to the provisions of the Plan. Loans are available in amounts ranging from $1,000 to the lesser of $50,000, reduced by certain outstanding loan balances as defined by the Plan and applicable regulations, or 50% of the participant's vested account balance. Loans are secured by the participant's account balance and bear interest at the prime rate in effect at the time of loan origination. Loan repayments are generally made through payroll deductions.

Loans are generally repayable over periods of one to five years, with longer repayment periods of up to 15 years permitted for loans used to purchase a principal residence. Loans that are not repaid in accordance with the terms of the Plan may be treated as deemed distributions and become subject to applicable income taxes.

Payment of Benefits

Upon termination of employment, participants may elect to receive a lump-sum distribution of their vested account balance, roll over their vested account balance to another qualified retirement plan or individual retirement account, or leave their vested account balance in the Plan, subject to the Plan's distribution requirements. Participants may also elect systematic withdrawals in accordance with the provisions of the Plan.

Effective May 1, 2025, the Plan increased the mandatory distribution threshold from $1,000 to $7,000. If no distribution election is made, vested account balances of $1,000 or less are distributed directly to the participant, while balances greater than $1,000 but not exceeding $7,000 are automatically rolled over to an individual retirement account. In-service withdrawals and hardship withdrawals are permitted, subject to the provisions of the Plan.

Administrative Expenses

Plan administrative expenses are paid by the Plan and are included in these financial statements. Administrative fees including but not limited to plan recordkeeping, and Trustee fees, are paid by the Plan and reflected in the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are held in the Avaya Inc. Master Trust. The Plan's interest in the Master Trust is based on its proportionate share of the Master Trust's net assets. Investments held by the Master Trust are

reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's proportionate share of realized gains and losses on investments bought and sold, as well as unrealized appreciation (depreciation) on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options that invest in a combination of equity and fixed-income securities. Investments held by the Master Trust and the Plan are exposed to various risks, including interest rate, market and credit risks, as well as risks associated with global events. Due to the level of risk associated with certain investments and the uncertainty related to changes in investment values, it is reasonably possible that changes in investment values in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 4 - TAX STATUS

The Plan received a favorable tax determination letter from the IRS dated February 16, 2017 stating that the Plan and related trust qualify under Sections 401(a) and 501(a), respectively, of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

The Plan Administrator has evaluated the tax positions taken by the Plan and concluded that, as of December 31, 2025 and 2024, there were no uncertain tax positions requiring recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, no examinations are currently in progress.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to amend or terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would be entitled to their respective interests in the Plan's net assets in accordance with the provisions of the Plan.

NOTE 6 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Significant unobservable inputs that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at quoted market prices.

Self-Directed Brokerage Account: Consists of publicly traded common stock, bonds and other fixed income investments, money market funds and mutual funds valued at the closing price reported on the active market on which the individual securities are traded.

Collective Trust Funds: Valued at the net asset value (“NAV”) of units held, based upon the fair value of the underlying investments less liabilities. NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The collective trust funds provide for daily redemptions by the participants at reported NAV per share, with no advance notice requirement and have various objectives with certain funds seeking to maximize long-term capital appreciation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, present the fair value measurements of the Master Trust (in thousands):

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 156,807	$ -	$ -	$ 156,807
Self-directed brokerage accounts	109,036	-	-	109,036
Total	$ 265,843	$ -	$ -	
Investments measured at NAV [(a)]				1,279,675

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 225,289	$ -	$ -	$ 225,289
Self-directed brokerage accounts	97,936	-	-	97,936
	$ 323,225	$ -	$ -	
Investments measured at NAV [(a)]				1,242,185
Investments, at fair value				$ 1,565,410

[(a)] Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets.

NOTE 7 - CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Plan interest in Avaya Inc. Master Trust, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Plan interest in Avaya Inc. Master Trust investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

NOTE 8 - INTEREST IN AVAYA INC. MASTER TRUST

The Plan's investments are held in the Avaya Inc. Master Trust. The Plan and the ASPSE have a divided interest in the assets of the Master Trust. Investment income (loss) and expenses of the Master Trust are allocated to each participating plan based on its respective interest in the underlying investments. Accordingly, the Plan's investment income (loss) includes its allocable share of the Master Trust's interest, dividends, and net appreciation (depreciation) in the fair value of investments.

The following table presents a summary of the investments held by the Master Trust and the Plan's interest in those investments, by general investment type, as of December 31, 2025 and 2024 (in thousands):

	2025		2024	
	Master Trust	Plan's Interest in Master Trust	Master Trust	Plan's Interest in Master Trust
Mutual funds	$ 156,807	$ 17,045	$ 225,289	$ 24,351
Self-directed brokerage accounts	109,036	7,433	97,936	6,678
Total investments at fair value	265,843	24,478	323,225	31,029
Collective trusts	1,279,675	144,347	1,242,185	133,915
Net assets	$ 1,545,518	$ 168,825	$ 1,565,410	$ 164,944

The net appreciation in fair value of investments and investment income for the Master Trust for the year ended December 31, 2025 are as follows (in thousands):

	2025
Net appreciation in fair value of investments	$ 206,867
Interest and dividends	7,992
Total Master Trust investment income	214,859
Plan's share of Master Trust investment income	$ 21,972

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain investments held by the Master Trust are managed by the Trustee. Accordingly, these investments and related transactions qualify as party-in-interest transactions under ERISA. Certain administrative expenses of the Plan are paid directly by the Company, while fees associated with services provided by Fidelity Management Trust Company are paid by the Plan. The Plan also has notes receivable from participants, which represent party-in-interest transactions. These transactions are permitted under the provisions of the Plan and qualify for exemptions from the prohibited transaction provisions of ERISA.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as stated in the financial statements to the Form 5500 (in thousands):

	2025	2024
Net assets available for benefits per the financial statements	$ 170,598	$ 166,973
Deemed distributions of participant notes receivable	(164)	(153)
Net assets per the Form 5500	$ 170,434	$ 166,820

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 (in thousands):

	2025
Increase in net assets available for benefits per the financial statements	$ 3,625
Change in deemed distributions of participant notes receivable	(11)
Net income per the Form 5500	$ 3,614

NOTE 11 - SUBSEQUENT EVENTS

Plan management has evaluated the Plan's financial statements for subsequent events through October 15, 2026, the date the financial statements were available to be issued. There are no events that would require recognition or disclosure in the financial statements.

A transaction within the plan year, with respect to any plan asset, involving amount in excess of 5% for Schedule H filers of the current value of plan assets.

Description of Asset/Transaction	Date	Purchase Price	Sales Price	Expenses Incurred	Cost of Assets	Realized Gain/Loss	% to Bal

*** NO REPORTABLE TRANSACTIONS ***

Department of Labor regulations require that reportable transactions be determined based on the value of the plan assets as of the beginning of the plan year, (unless the Form 5500 is being filed for the initial plan year -- in which case the value of the plan assets as of the end of the plan year is used). Please note that if your plan converted to Fidelity during the plan year, or Fidelity did not recordkeep all of the plan assets as of the beginning of the plan year, Fidelity is unable to determine the actual value of the plan assets as of the beginning of the plan year. Therefore, the beginning of year value reflected on this report would not be correct. You should apply the value of the transactions identified on this report to the actual value of the assets as of the beginning of the plan year to determine whether or not they are reportable (i.e., exceed 5% of the actual value of plan assets as of the beginning of the year).

Beginning Plan Balance(1): $166,820,035.01

5% of Beginning Balance (applicable for IRS Form 5500, Schedule H filers): $8,341,001.75

Schedule below is a record of all non-participant directed transactions pursuant to IRS Form 5500 instructions.

Transactions pursuant to DOL Sec. 2520.103-6(c) (1)(iii) and 2520.103-6(d):
Any transaction within the plan year involving securities of the same issue if within the plan year any series of transactions with respect to such securities, when aggregated, involves an amount in excess of 5% for Schedule H filers of the current value of plan assets.

Description of Asset/Transaction	Total # of Purch	Total Amount of Purchases	Total # of Sales	Total Amount of Sales	Cost of Assets Sold	Net Realized Gain/Loss	% to Bal
OGOZ- JPM US ACT CORE EQ	0	$0.00	61	$8,385,291.38	$4,795,168.64	$3,590,122.74	5.00

Department of Labor regulations require that reportable transactions be determined based on the value of the plan assets as of the beginning of the plan year, (unless the Form 5500 is being filed for the initial plan year -- in which case the value of the plan assets as of the end of the plan year is used). Please note that if your plan converted to Fidelity during the plan year, or Fidelity did not recordkeep all of the plan assets as of the beginning of the plan year, Fidelity is unable to determine the actual value of the plan assets as of the beginning of the plan year. Therefore, the beginning of year value reflected on this report would not be correct. You should apply the value of the transactions identified on this report to the actual value of the assets as of the beginning of the plan year to determine whether or not they are reportable (i.e., exceed 5% of the actual value of plan assets as of the beginning of the year).
