Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
PEP Smart National Pooled Employer Plan
Shrewsbury, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PEP Smart National Pooled Employer Plan (the Plan or PEP), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the information or statements regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

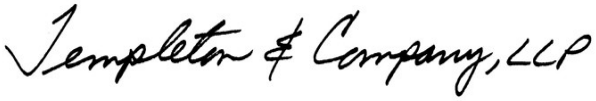

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PEP SMART NATIONAL POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the PEP Smart National Pooled Employer Plan (the PEP or the Plan) provides only general information. Participants should refer to the PEP basic plan document, and the applicable adoption agreement for the participant's employer which has chosen to participate in the PEP (Participating Employer), for a more complete description of the PEP's provisions.

General

The PEP is a pooled employer plan established and administered by Plan Professionals, LLC, the Pooled Plan Provider (PPP). The PEP was established on January 1, 2022, under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act). The PEP is a defined contribution plan covering eligible employees of the Participating Employers and is intended to qualify under the applicable sections of the Internal Revenue Code (IRC). The PEP is intended to constitute a multiple employer plan, as described under IRC Sections 410(a), 411, 413, and 415. Each Participating Employer elects its own provisions related to eligibility, contributions, notes receivable from participants, and payment of benefits. The PEP is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The PPP is responsible for oversight of the Plan. The Plan contracted with Empower Trust Company, LLC (the Trustee) to serve as the Plan's Trustee. The Trustee holds the Plan's investment assets and executes investment transactions. The Trustee's affiliate, Empower Life & Annuity Insurance Company of New York is the issuer of the PEP's group annuity contract and its affiliate, Empower Retirement, LLC (Empower), provides recordkeeping services to the PEP.

Eligibility

Only those employees specifically designated as eligible by their Participating Employers in its adoption agreement are eligible to participate in the PEP. Participating Employers may define eligibility requirements based on factors such as age, service, or employee type. Participants are eligible to make contributions and receive employer contributions to the extent specified in the applicable adoption agreement or otherwise provided by the PEP.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024 and subsequent years. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Contributions

Each year, eligible participants may make pre-tax, Roth, and/or after-tax contributions of their eligible annual compensation, as defined by the PEP and Participating Employer adoption agreement, subject to applicable Internal Revenue Service (IRS) limits. Under certain circumstances, eligible employees may make rollover contributions to the PEP. Participants who have attained age 50 before the end of the PEP year are eligible to make catch-up contributions.

The Participating Employers may elect automatic enrollment and escalation features. Accordingly, the Participating Employer will automatically withhold a defined percentage of an eligible participant's compensation based on the Participating Employer's adoption agreement, unless the participant affirmatively opts out.

Note 1 – Description of Plan, Continued

Contributions, continued

Under the terms of the Participating Employer adoption agreements, the Participating Employers may elect to make matching contributions, profit-sharing contributions, safe harbor, and nonelective contributions to the PEP. Participating Employers may also elect to make true-up matching contributions. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the year ended December 31, 2025 totaled $2,354,940. Participating Employer contributions are invested in funds in accordance with the participant's direction and the PEP's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Participant accounts are credited with the participant's contributions, their Participating Employer's contributions, if any, and investment earnings or losses thereon. Participants are charged with the participant's withdrawals, applicable transaction charges, and an allocation of administrative expenses. Allocations are based on earnings and losses of the participant's investments or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their account balance into various investment options offered by the PEP.

Vesting

Participants are immediately vested in their individual contributions and their Participating Employer's safe harbor and safe harbor nonelective contributions, plus earnings or losses thereon. Vesting in the Participating Employer's other contributions portion of their accounts, plus actual earnings thereon, is based on years of credited service ranging from immediate upon eligibility to a graduated vesting over six years, as elected by the Participating Employer. Participant accounts become fully vested upon reaching normal retirement age (65), death, or disability.

Forfeitures

Forfeitures in any year from the accounts of participants whose employment with a Participating Employer has terminated will be used by the applicable Participating Employer in accordance with the terms of the Participating Employers adoption agreement. For the year ended December 31, 2025, forfeited nonvested accounts utilized to offset Participating Employer contributions and pay Plan expenses totaled $16,145. As of December 31, 2025 and 2024, available forfeited nonvested accounts totaled $402,206 and $357,505, respectively.

Notes receivable from participants

Participants are permitted to borrow from their account a minimum $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time not to exceed thirty years. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%. A participant may only have one (1) loan outstanding at any time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the PEP document. Principal and interest are repaid through regular payroll deductions.

Note 1 – Description of Plan, Continued

Payment of benefits

Upon termination of employment (including but not limited to termination by reason of retirement, disability or death), participants or their beneficiaries are eligible to receive a lump-sum, partial distributions, or periodic required minimum distributions. Participants with vested amounts less than $5,000 will receive a lump-sum distribution. Active employees may take withdrawals of all or a part of their vested account balances upon attainment of age 59½. Distributions are available to satisfy a financial hardship meeting the requirements of IRS regulations. Participants, at any time, may also withdraw amounts attributable to their after-tax contributions, rollover contributions and/or any portion of their transferred balance that is available under a grandfathered withdrawal option. Other in-service withdrawals are also available to participants subject to certain limitations defined by the Participating Employer's adoption agreement.

Administrative expenses

Certain administrative expenses are paid by the PPP or Participating Employers and are not included in these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The PEP pays certain investment advisory and PEP administration fees from PEP assets.

Plan administration

The PPP is responsible for the management and administration of the PEP. The Trustee holds the PEP's investment assets and executes investment transactions. The PEP contracted with Empower Life & Annuity Insurance Company of New York (the Custodian) as the custodian of the PEP's group annuity contracts. Plan Professionals, LLC is the PPP and its affiliate, National Professional Planning Group, Inc. (NPPG), is the PEP's third-party administrator.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the PEP are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The PEP's Investment Committee determines the PEP's valuation policies utilizing information provided by the PEP's investment advisors and the Trustee.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and those differences may be material.

Note 2 – Summary of Significant Accounting Policies, Continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on an accrual basis. Delinquent notes are reclassified as distributions based on the terms of the PEP basic plan document and participant loan program. At December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Risks and uncertainties

The PEP provides various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near term would materially affect participant account balances and the amounts reported in the financial statements.

Concentrations

For the year ended December 31, 2025, four (4), Participating Employers individually comprised 10% or more of total contributions, and, in the aggregate, the Participating Employers comprised approximately 55% of total contributions. For the year ended December 31, 2025 two (2) Participating Employers comprised approximately 100% of transfers in from other qualified plans.

Payment of benefits

Benefits are recorded when paid.

Contributions

Contributions from Plan participants are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the respective Participating Employer.

Excess contributions payable

Amounts payable to participants totaling $35,214 and $33,432 for participant contributions in excess of amounts allowed by the IRS are recorded as a liability as of December 31, 2025 and 2024, respectively. The Plan distributed the excess contributions to the applicable participants in the subsequent years.

Administrative expenses

Reasonable expenses of the PEP, including custodian, attorneys, advisors, fiduciaries, and service providers are paid by the PEP, unless otherwise paid by the PPP or the Participating Employers. Expenses that are paid by the PPP or the Participating Employers are excluded from these financial statements. Investment advisor fees are paid by the PEP. Expenses paid by the PEP are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Fees related to administration of notes receivable from participants are charged directly to participants' accounts and are also included in administrative expenses. Additionally, certain investment related expenses are included in net appreciation in fair value of investments.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

U.S. GAAP requires the PEP administrator to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, PEP Administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The PPP has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the PEP's Administrator, the PEP's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

Note 4 – Fair Value Measurements, Continued

An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of investments into or out of Level 3.

Following is a description of the value methodologies used for assets measured at fair value:

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) and, therefore, classified as Level 1. Mutual funds held by the Plan are open-end mutual funds that are traded on national exchanges (active markets).

Variable annuities – calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual funds which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund Net Asset Value (NAV) calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day, classified as Level 2 in the fair value hierarchy.

Collective investment trust funds (CIT) – valued daily at the NAV of units held. The NAV, as provided by the trustee of the CITs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT less its liabilities. This practical expedient would not be used when it is determined to be probable that the CIT will sell for an amount different from the reported NAV. The CITs provides for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities. Participant transactions (purchases and sales) may occur daily at NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the PEP's investments, measured at fair value, on a recurring basis, as of December 31, 2025 and 2024:

	Fair Value Measurements at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 21,265,464	$ -	$ -	$ 21,265,464
Variable annuities	-	952,462	-	952,462
Collective investment trust funds*	-	-	-	54,634,499
Investments, at fair value	$ 21,265,464	$ 952,462	$ -	$ 76,852,425

Note 4 – Fair Value Measurements, Continued

	Fair Value Measurements at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,366,978	$ -	$ -	$ 16,366,978
Collective investment trust funds*	-	-	-	43,816,518
Investments, at fair value	$ 16,366,978	$ -	$ -	$ 60,183,496

* Certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for benefits.

Note 5 – Group Annuity Contract with Insurance Company

The PEP invests in a fully benefit-responsive investment contract through a group annuity contract issued by Empower Life & Annuity Insurance Company of New York (Empower Life & Annuity) with a contract value $1,535,468 and $1,114,646, respectively, at December 31, 2025 and 2024. The contributions are maintained in a general account. The contract is a general account product offered through a group annuity contract. Participant's principal and interest are fully guaranteed by the general accounts of Empower Life & Annuity. The methodology for calculating the interest crediting rate is based on the earnings on the underlying investments in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Empower Life & Annuity is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit Empower Life & Annuity to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Under the terms of the group annuity contract, participants may direct the withdrawal or transfer transactions of all or a portion of their balance in the investment option at contract value. Contract value, as reported to the Plan by Empower Life & Annuity represents contributions made under the contract, plus earnings, less participant withdrawals and expenses.

The PEP's ability to receive amounts due is dependent on Empower Life & Annuity's ability to meet its financial obligations. Empower Life & Annuity's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the PPP or other PPP events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with Empower Life & Annuity and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow Empower Life & Annuity to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of a material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of Empower Life & Annuity.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the PEP, any party rendering service to the PEP, the Pooled Plan Provider (PPP), the Participating Employers, and certain others. The PEP's investments are held by ETC and Empower Life & Annuity. Therefore, transactions with ETC and Empower Life & Annuity are considered party-in-interest transactions. The PEP also issues loans to participants, which are secured by the vested balance in the participants' accounts. Such transactions are exempt from the prohibited transaction rules under ERISA.

The PEP's PPP is Plan Professionals, LLC. NPPG is an affiliate of the PPP and provides third-party administrative services. Therefore, transactions with the PPP and NPPG qualify as party-in-interest transactions. The PEP compensates the PPP and NPPG directly for such services which is included in administrative expenses for the year ended December 31, 2025 in the accompanying statement of changes in net assets available for benefits.

The Plan utilizes a plan expense account (PEA). Fees such as investment management fees are included in net investment income as they are paid through revenue sharing, rather than a direct payment. The PEA is used to pay certain Plan expenses, as needed. The balance of the PEA as of December 31, 2025 and 2024, was approximately $10,800 and $8,000, respectively. For the year ended December 31, 2025, funds in the PEA used to pay Plan expenses totaled $2,674.

Note 7 – PEP Termination

Although it has not expressed any intent to do so, the PPP has the right under the PEP to discontinue its allowance of contributions at any time and to terminate the PEP subject to the provisions of ERISA. In the event of PEP termination, participants will become 100% vested in the Participating Employer's contributions. Any unallocated assets of the PEP shall be allocated to participant accounts and distributed in such a manner as the PPP may determine. Additionally, Participating Employers have the right to transfer the assets attributable to their participants to another Plan should the PEP terminate.

Note 8 – Tax Status

The PEP adopted a Non-Standardized Pre-Approved Profit-Sharing Plan, which received an opinion letter dated June 30, 2020, in which the IRS stated that the non-standardized, pre-approved profit-sharing plan document, the PEP, as then designed, qualifies under IRC Section 401(a) and, therefore, the related trust is tax-exempt. The PEP has not received a determination letter specific to the PEP itself. The PEP has been amended since adoption, however, the PPP and the PEP's tax counsel believe that the PEP is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the PEP's financial statements. The PEP is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Delinquent Participant Contributions

During the years ended December 31, 2025, 2024 and 2023, participant contributions and loan repayments totaling $361,800, $533,974 and $179,498, respectively, were not remitted to the Plan within the period prescribed by DOL regulations. Such transactions constitute non-exempt party-in-interest transactions as defined by ERISA. The Participating Employers and the Plan's third-party administrator are in the process of correcting these transactions. The related lost earnings are expected to be remitted to the Plan during 2026.

Note 10 – Subsequent Events

The PEP evaluated events occurring subsequent to December 31, 2025 through October 15, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
