Independent Auditors' Report

The Plan Administrator
Tufts Medical Center, Inc. Retirement Program - Participant Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Tufts Medical Center, Inc. Retirement Program - Participant Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

TUFTS MEDICAL CENTER, INC.
RETIREMENT PROGRAM - PARTICIPANT CONTRIBUTION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Tufts Medical Center, Inc. Retirement Program - Participant Contribution Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective October 1, 1989, Tufts Medical Center, Inc. ("Tufts Medical Center") (formerly New England Medical Center Hospitals, Inc.) discontinued its Retirement Program - Contribution Plan and established a new money purchase pension plan entitled Tufts Medical Center, Inc. Retirement Program - Participant Contribution Plan. Under the Plan, after-tax participant contributions are based on participants' gross compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Assets of the Plan, along with a second qualified retirement benefit plan of the Plan Sponsor, the Consolidated Pension Plan of Tufts Medicine, Inc. (the "Defined Benefit Plan") through December 31, 2025, are generally combined in the Tufts Medicine, Inc. Master Trust (the "Master Trust") with The Bank of New York Mellon/BNY Mellon, N.A. as trustee. Investment managers are appointed by the Tufts Medicine, Inc. Investment Committee to invest Plan assets. The Plan administrator is Tufts Medical Center.

Eligibility

Effective August 1, 2005, the Plan was frozen to new participants. Also on that date, for new hires and rehired union contracted nurses, the Tufts Medical Center, Inc. Retirement Savings Plan - 403(b) (the "403(b) Plan") was established whereby eligible employees may contribute a percentage of their pre-tax salaries to the 403(b) Plan and receive an employer match after completing the service requirements.

Prior to the Plan freeze, the Plan is available to all eligible employees as defined in the Plan, and as of January 1, 1995, only employees under union contract were eligible. This is a voluntary defined contribution money purchase plan.

Effective February 28, 2018, the Plan was fully frozen and no additional participant contributions shall be made.

Contributions

Prior to February 28, 2018, participants who chose to participate in the Plan entered into an agreement to make after-tax contributions equal to a percentage of their salary. The contribution percentage was 1% of salary up to $6,600, plus 2% of salary in excess of $6,600. Contributions were subject to certain Internal Revenue Code ("IRC") limitations.

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited or charged with investment income/losses and Plan expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on the ratio of the participant's account balance to the total of all participants. The Plan Sponsor determines the investment allocation as investments are non-participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Payment of Benefits

At the time of termination, participants may elect to receive a lump-sum distribution or to transfer their individual contribution account balance into the Defined Benefit Plan to receive monthly annuity payments. Participants whose balance exceeds $7,000 at the time of termination may elect to remain in the Plan. As directed by the Plan administrator (at the participant's option), the trustee will provide an annuity benefit for a retiring employee, with monthly payments equal to an amount determined pursuant to the payment election. In the event of death, the participant's beneficiary shall be entitled to receive a death benefit equal to the total amount in the participant's account or monthly annuity. A participant who becomes totally and permanently disabled has the same options as a terminated employee.

Administrative Expenses

Substantial costs and expenses incurred in connection with the operation of the Plan are paid by the Plan or Tufts Medical Center, as provided in the Plan document.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, changes in net assets available for benefits during the reporting period and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefits Paid to Participants

Benefits are recorded when paid.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 4 for discussion of fair value measurements.

Interest and dividend income are recorded as earned on the accrual basis. The net appreciation in the fair market value of the Plan's interest in the investments of the Master Trust, which consists of the realized gains or losses and the change in unrealized appreciation on those investments, is also included in investment income from the Master Trust.

Subsequent Events

Subsequent events were evaluated through October 14, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during the evaluation.

Note 3 - Information Certified by Trustee and Custodian

Plan investments are managed by The Bank of New York Mellon/BNY Mellon, N.A. ("BNY Mellon"), the trustee and custodian. The fair value of all investments as of December 31, 2025 and 2024 and all related investment transactions for the year ended December 31, 2025, including interest, dividends and net appreciation in fair values, are reported to the Plan and certified as complete and accurate by BNY Mellon.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 - Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Exchange Traded Funds

Valued at the closing price reported on the active market on which the individual securities are traded.

Common/Collective Trusts

Valued at the NAV of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with one day's notice. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

Hedge Funds (Through 2024)

Hedge funds are valued by calculating the NAV of each investment by multiplying the investment's total capital from audited financial statements by the Plan's ownership percentage in that investment. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Redemption rights, including the ability to withdraw from an investment within 15-90 days and fees related to such withdrawal, vary based on each individual investment.

Limited Partnerships

Limited partnerships are valued by calculating the NAV of each investment by multiplying the investment's total capital from audited financial statements by the Plan's ownership percentage in that investment. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Redemptions may be processed monthly with 2-30 business days' notification.

Note 4 - Fair Value Measurements (Continued)

The value of the Plan's interest in the Master Trust is determined with reference to the value of the Master Trust's underlying assets. The following tables set forth, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	***Level 1***	***Level 2***	***Level 3***	***Total***
Total investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV practical expedient (a)				247,214,497
Total investments at fair value				**$ 247,214,497**

	Assets at Fair Value as of December 31, 2024			
Description	***Level 1***	***Level 2***	***Level 3***	***Total***
Total investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV practical expedient (a)				240,829,918
Total investments at fair value				**$ 240,829,918**

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

(b) See Note 4 for descriptions of the investments.

Note 6 - Interest in Master Trust

Certain of the Plan's investment assets are held in a trust account with the trustee and consist of an undivided interest in an investment account of the Master Trust, a master trust established by Tufts Medical Center and administered by the trustee. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income or loss less actual distributions and allocated administrative expenses. Use of the Master Trust permits the commingling of trust assets with the assets of the Defined Benefit Plan for investment and administrative purposes. Although assets of both plans are commingled in the Master Trust, the trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income or loss of the investment assets is allocated by the trustee to each participating plan based on the relationship of the investment assets of each plan to the total of the investment assets of the participating plans.

End of year	**$ 26,334,296**	**$ 248,802,075**

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Internal Revenue Service ("IRS") has determined, and informed Tufts Medical Center by a letter dated November 12, 2013, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been recorded in these financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 9 - Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
