Independent Auditor's Report

To the Administrative Committee of the
Southwest Airlines Pilots' Association Medical and Dental Plan for Specified Pilots
Dallas, Texas

Opinion

We have audited the financial statements of Southwest Airlines Pilots' Association Medical and Dental Plan for Specified Pilots (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of and for the year ended December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Southwest Airlines Pilots' Association
Medical and Dental Plan for Specified Pilots
Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Southwest Airlines Pilots' Association Medical and Dental Plan for Specified Pilots (the "Plan") provides only general information about the Plan's provisions. Participants should refer to the *Plan document* for a complete description of the Plan's provisions, which is available from Plan management.

The Plan was established effective January 1, 2010, by Southwest Airlines Pilots' Association (the "Association") to provide medical and dental benefits to all eligible pilots of Southwest Airlines Company (the "Company") and their eligible family members. The coverage under the Plan is at the Consolidated Omnibus Budget Reconciliation Act ("COBRA") continuation coverage costs rates, as defined by the Plan, and is available until the pilot and their qualifying spouse reach age 65. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA").

General

An eligible pilot is a pilot who was covered under the Southwest Airlines Company's Supplemental Medical and Dental Plan For Specified Pilots ("Supplemental Plan"), whose coverage under the Supplemental Plan ended solely due to the pilot reaching the maximum benefit period as defined under the Supplemental Plan and who was covered on the day prior to the cessation of benefits under the Supplemental Plan.

An eligible pilot for the Supplemental Plan is a pilot who is covered under the medical and dental portion of the Southwest Airlines Co. Funded Welfare Benefit Plan ("Funded Welfare Plan") the day prior to becoming eligible to participate in the Supplemental Plan, who becomes totally disabled and who has been covered under COBRA continuation coverage due to total disability for the 18-month period immediately preceding eligibility to participate in the Supplemental Plan. The maximum benefit period for eligible pilots and eligible family members who are covered under the Supplemental Plan is the period commencing on the date the individual's participation in the Supplemental Plan begins and ending on the latter of: (1) 66 months after the date the pilot becomes totally disabled, or (2) 60 months after the exhaustion of the pilot's sick leave after the date the pilot becomes totally disabled. At the end of the Supplemental Plan coverage, the pilot automatically becomes a participant eligible to receive benefits in the Plan.

Pilots who either ceased to participate in the Supplemental Plan prior to the maximum benefit period or in the Plan prior to reaching age 65 may be eligible to commence or recommence participation in the Plan if the cessation was a result of the pilot's participation in the Funded Welfare Plan upon their employment with the Company in a capacity other than as a pilot or the pilot's participation in an unrelated health plan sponsored by the pilot's or their spouse's employer. The pilot is required to continue paying the monthly contributions assessed to all pilots currently not eligible for benefits under the Plan and exhaust COBRA continuation coverage under the Funded Welfare Plan prior to commencing or recommencing participation in the Plan.

Post ratification of the pilots union's new collective bargaining agreement on January 22, 2024, certain benefits provided by the Plan changed during the 2024 Plan year on a go forward basis. Employee contributions to the Plan ceased after the March 20, 2024 payroll. Plan reimbursement of COBRA payments ended for COBRA paid for months after March 2024. Aetna, CVS & Delta services after July 31, 2024 transferred to SWA's Supplemental Medical Plan for most VEBA Plan participants. For survivors and dependents who could not be transferred to SWA's Supp Med Plan, VEBA Plan coverage continues. Pre-payment of survivor's COBRA premiums, health advocacy services, as well as trailing claims for services prior to August 1st will continue to be paid from the VEBA Trust.

Contributions

The Plan is funded by all pilots employed by the Company who are covered by the collective bargaining agreement between the Company and the Association through the Southwest Airlines Pilots' Association Voluntary Employee Benefits Trust for Specified Pilots (the "Trust") which was established by the Company effective January 1, 2010. All pilots who are not currently eligible to receive benefits under the Plan are required to make monthly contributions to the Plan on an after-tax basis, the amount of which is determined by the Committee. For the years ended December 31, 2025 and 2024, the monthly contribution rate was $0 and $15.

Insured Benefits

Eligible participants in the Plan may choose among various medical benefit and dental benefit options with varying amounts of coverage.

Insurance Premiums

The Plan also funds COBRA premiums to eligible pilots and surviving spouses and dependents of deceased pilots.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies and procedures and reports to the Plan's Board of Trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash and Cash Equivalents

The Plan considers all non-interest bearing cash deposits to be cash or cash equivalents.

Payment of Benefits

Benefits are recorded when paid.

Management's Review of Subsequent Events

Management has evaluated subsequent events for the Plan through October 15, 2026, the date the financial statements were available to be issued. Effective January 1, 2026, the Plan was amended for a limited number of beneficiaries that were not transferred from the Plan back to the Company's Plan. The Association added the Life Incident & Team (LIFT) program for Pilot-to Pilot assistance and referrals to mental health counselors and Aviation Medicine Advisory Services to assist pilots with medical questions related to Federal Aviation Administration certifications.

Note 3. Claims Incurred but not Reported

At each year-end, approved but unpaid claims and other incurred claims (which either have been reported, but not paid, or have been incurred, but not reported) will result in a liability for future entitlements. The Plan's estimated liability for claims processed and approved for payment, but not yet paid and claims incurred, but not reported was estimated by the Plan on actual amounts paid subsequent to the Plan's year end.

Benefit obligations for health claims and COBRA premium reimbursements incurred but not reported at year end were estimated based on actual amounts paid subsequent to the Plan's year end. Plan benefit obligations were estimated to be $80,336 and $272,612 at December 31, 2025 and 2024, respectively. The following table summarizes claims incurred but not reported as of December 31, 2025 and 2024:

	2025	2024
Balance, beginning of year	$ 272,612	$ 895,961
Claims and premiums incurred	546,999	2,119,572
Claims and insurance premiums paid	(739,275)	(2,742,921)
Balance, end of year	$ 80,336	$ 272,612

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	2025	2024
Level 1:		
Mutual Funds	$ 12,289,237	$ 11,889,028
Total assets in the fair value hierarchy	12,289,237	11,889,028
Investments at fair value	$ 12,289,237	$ 11,889,028

Note 5. Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators and the trustee. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses.

Note 6. Tax Status

The VEBA Trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (IRS) dated May 13, 2011 stating that the trust is tax exempt under the provisions of Section 501(c)(9) of the IRC.

In addition, the Plan and related trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 8. Related Party Transactions and Party in Interest Transactions

Certain Plan assets are invested in a mutual fund managed by the custodian of the Plan. As described in Note 1, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 12,291,703	$ 11,889,439
Claims payable per the Form 5500	(80,336)	(272,612)
Net assets available for benefits per Form 5500	$ 12,211,367	$ 11,616,827

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the years ended December 31, 2025 and 2024, to Form 5500:

	2025	2024
Decrease in net assets available for benefits per the financial statement	$ 402,264	$ (1,455,811)
Current year claims payable per the Form 5500	(80,336)	(272,612)
Prior year claims payable per the Form 5500	272,612	895,961
Decrease in net assets available for benefits per Form 5500	$ 594,540	$ (832,462)

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.
