Independent Auditors' Report

To the Participants and Plan Administrator of
Peoples Security Bank 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Peoples Security Bank 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31. 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Mergers

As disclosed in Note 1 to the financial statements, Peoples Security Bank & Trust Co. Employee Stock Ownership Plan and FNCB Bank 401(k) Profit Sharing Plan merged into the Plan, effective October 15, 2025 and December 11, 2025, respectively, and all assets were transferred into the Plan. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the Peoples Security Bank 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Peoples Security Bank & Trust Company (the Company) who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On July 1, 2024 (the "Acquisition Date"), the Peoples Financial Services Corp. (PFIS) completed the acquisition of FNCB Bancorp, Inc., a Pennsylvania corporation ("FNCB"), in accordance with the definitive Agreement and Plan of Merger dated as of September 27, 2023 (the "Merger Agreement"), by and among PFIS and FNCB. Pursuant to the Merger Agreement, on the Acquisition Date, FNCB merged with and into PFIS, with PFIS continuing as the surviving corporation, and immediately following the merger, FNCB Bank, a Pennsylvania-chartered bank ("FNCB Bank"), merged with and into Peoples Security Bank and Trust Company, with the Bank as the surviving institution (collectively, the "merger").

Effective at the Acquisition Date, an amendment was adopted to allow eligible FNCB Bank employees to participate in the Plan as long as they are twenty-one years old. The Plan merged the FNCB Bank 401(k) Profit Sharing Plan into the Plan, effective December 11, 2025, and all assets were transferred into the Plan.

On July 25, 2025, the Company's Board of Directors adopted a Resolution which stated that the Company's Employee Stock Ownership Plan (ESOP) would be merged into the Plan. The ESOP was discontinued and merged into the Plan effective October 15, 2025.

The Company transferred the recordkeeping, trust, and administration of the Plan and the FNCB Bank 401(k) Profit Sharing Plan to John Hancock Trust Company, LLC (John Hancock) effective December 12, 2025.

Contributions

Each year, participants may elect to defer a percentage of compensation not to exceed dollar limits set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company can elect each year to make matching, safe harbor and

Note 1 - Description of Plan - (Continued)

profit sharing contributions. For 2025, the Company made matching contributions of 50% of employee deferrals up to 6% and safe harbor contributions of 3% of compensation. Contributions are subject to certain limitations. No profit sharing contributions were made for 2025. The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also permits Roth elective deferrals. Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing portions of their account plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after one year of credited service and continues to vest in increments of 20% until 100% vested after five years of credited service.

Diversification

Each qualified participant may elect within ninety days after the close of each Plan year during the qualified election period a distribution in Company stock equal to 25% of the total number of shares of Company stock that have been allocated to such qualified participant's company stock account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed 5 years, unless used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 10.50% at December 31, 2025. Principal and interest is paid ratably through bi-weekly payroll deductions.

Note 1 - Description of Plan - (Continued)

Payment of Benefits

Upon retirement, death, disability or termination of service, if the participant's vested interest in his or her account exceeds $7,000, the participant may elect to receive (a) a lump sum amount equal to the value of his or her vested account, or (b) installments made in equal amounts over a period of not more than the life expectancy of the participant or the life expectancy of the participant and the beneficiary. Vested account balances of $7,000 or less are automatically paid in a lump sum.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeited Accounts

Amounts of participants' forfeited non-vested accounts shall be applied to reduce administrative expenses and employer contributions. There were $1,316 in forfeited non-vested accounts at December 31, 2024. There were an insignificant amount of forfeited non-vested accounts at December 31, 2025. During 2025 and 2024, forfeitures in the amount of $24,352 and $17,460, respectively, were used to offset Plan expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by its investment advisors. See Note 4 for a discussion of fair value measurements.

The Plan's investment in a fully benefit-responsive investment contract is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Contributions

Contributions from participants and the discretionary matching contributions from the Company are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account. These fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Recent Regulatory Update

SECURE 2.0 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory and optional provisions effective for the year ended December 31, 2025, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The Plan adopted certain applicable provisions of SECURE 2.0, as described below:

Note 2 - Summary of Significant Accounting Policies (cont.)

Mandatory Provisions

- **Long-term part-time (LTPT) employee eligibility (Article 5; SECURE §112 and SECURE 2.0 §125).** For plan years beginning after December 31, 2024, a 401(k) employee generally qualifies as an LTPT employee after two consecutive 12-month periods with at least 500 hours of service in each period, rather than three. Eligible LTPT employees must be permitted to make elective deferrals. Applicable vesting, entry, testing, and elective-deferral rules also apply.

- **Required minimum distribution (RMD) rules (Article 16).** The Plan must apply the SECURE and SECURE 2.0 RMD rules, including the applicable RMD ages, beneficiary distribution rules, surviving-spouse rules, the 10-year rule where required, updated life-expectancy tables, and the post-2023 exclusion of designated Roth accounts when determining a participant's lifetime RMD. Non-Roth accounts remain subject to applicable required minimum distribution rules.

- **Notices to unenrolled participants (Article 3; SECURE 2.0 §320).** If the reduced-notice approach is used, each unenrolled participant must receive the required annual reminder notice and any requested plan document to which the participant is entitled.

- **Difficulty-of-care payments (Article 31; SECURE §116).** For annual-addition-limit purposes under Code §415(c), qualifying difficulty-of-care payments are included in compensation for an applicable participant.

- **Safe-harbor nonelective plan rules (Article 32; SECURE §103 and SECURE 2.0 §401).** The Plan may use the ADP safe harbor without an annual safe-harbor notice when it makes a qualifying safe-harbor nonelective contribution; an ACP safe-harbor notice remains required when applicable. The statutory rules for retroactive adoption of a safe-harbor nonelective contribution also apply.

- **Qualified birth or adoption distribution (QBAD) repayment deadline (Article 36; SECURE 2.0 §311**). A QBAD generally may be recontributed during the three-year period beginning the day after receipt. A pre-December 29, 2022 QBAD may be recontributed no later than December 31, 2025, or earlier plan termination. Such repayments are treated as rollover contributions and are not subject to otherwise applicable contribution limits.

- **Tribal domestic-relations orders (Article 44; SECURE 2.0 §339).** A qualifying order issued under the domestic-relations law of an Indian tribal government must be recognized as a potential qualified domestic relations order (QDRO).

Note 2 - Summary of Significant Accounting Policies (cont.)

Optional Provisions

- **LTPT employee expansion (Section 2.5).** The Plan elects to permit LTPT employees to make after-tax employee contributions, if otherwise available under the Plan, and rollover contributions. Their LTPT entry date is the same entry date that applies to elective deferrals of regular participants.

- **Higher catch-up limit for ages 60–63 (Article 8; SECURE 2.0 §109).** Effective January 1, 2025, a participant who attains age 60, 61, 62, or 63 during the calendar year may make the increased catch-up contribution, generally the greater of $10,000 or 150% of the otherwise applicable regular age 50 catch-up limit.

- **Top-heavy relief for otherwise excludable employees (Article 13; SECURE 2.0 §310).** The Plan elects not to provide a top-heavy minimum contribution to an otherwise excludable employee. This does not affect eligibility for other contributions or benefits.

- **Increased cash-out limit (Article 15; SECURE 2.0 §304).** The Plan's mandatory cash-out limit is increased from $5,000 to $7,000, effective January 1, 2024, and remains in effect for 2025.

- **Qualified birth or adoption distributions (Article 26; SECURE §113).** Effective December 12, 2025, the Plan permits QBADs of up to $5,000 per child or eligible adoptee. The Plan elects that QBADs are unavailable after severance from employment; no account-source limitation is selected.

- **Hardship documentation policy (Article 37; SECURE 2.0 §312).** The Plan Administrator may adopt a uniform policy permitting reliance on participant certifications for hardship distributions, absent actual knowledge to the contrary.

The adoption of these provisions did not have a material impact on the Plan's net assets available for benefits for the year ended December 31, 2025.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to provide that participants whose prior-year wages exceeded $150,000 are required to make catch-up contributions on a Roth basis.

Note 3 - Information Certified by John Hancock Trust Company LLC and Charles Schwab Trust Bank

The Plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by John Hancock Trust Company LLC, the Plan's current Trustee and a qualified institution. The certified information includes the Plan's investments reported in the accompanying Statement of Net Assets Available for Benefits and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the period from December 12, 2025 through December 31, 2025. Charles Schwab Trust Bank, the Plan's previous Trustee and a qualified institution, certified to the completeness and accuracy of the Plan's investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024 and 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2025 through December 31, 2025.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 – Fair Value Measurements - (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market: Includes cash held in bank money market deposit accounts that are available for withdrawal on demand. The carrying amounts of these accounts approximate their fair values because of their demand nature.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the stock is traded.

Investments measured at NAV: consisting of a common collective trust fund, valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4 – Fair Value Measurements - (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Assets:				
Money market	$ 491	$ -	$ -	$ 491

Total investments at fair value	$ 51,859,066	$ -	$ -	$ 51,859,066

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits

Fair Value of Investments That Calculate NAV

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2025. There were no investments measured at fair value based on NAV as of December 31, 2024.

December 31, 2025				
	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust funds	$ 74,715,874	n/a	Daily	None

Note 5 – Fully Benefit-Responsive Investment Contract

Effective December 18, 2025, the Plan holds Contract No. 50532, an unallocated non-participating group annuity contract issued by John Hancock Life Insurance Company (U.S.A.) to John Hancock Trust Company LLC, as trustee or custodian for the Peoples Security Bank 401(k) Profit Sharing Plan. Contributions are invested in the Stable Value Guaranteed Income Fund (the "SVGI Fund"), which is an obligation of the issuer's general asset account. The SVGI Fund's book value equals contributions made to the fund, plus interest earned, less asset charges, fees, and withdrawals.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount participants ordinarily receive when initiating permitted transactions under the terms of the Plan and the contract. Provided the contract has not been terminated, benefit-responsive withdrawals are available at book value for benefits arising in the ordinary course, including death, retirement, disability, termination of employment, hardship and in-service withdrawals, participant loans, and transfers to non-competing investment options.

The contract prohibits the Plan from offering a competing investment option, as defined in the contract. The issuer establishes an effective annualized interest rate for each rate period. Regular rate reset dates are January 1 and July 1, and special rate reset dates are April 1 and October 1 when the conditions specified in the contract are met. The effective annualized interest rate may not be less than 1.00%, and interest is compounded daily.

Certain non-benefit-responsive withdrawals, including withdrawals resulting from total or partial plan termination, mergers, spin-offs, layoffs, early-retirement incentive programs, sales or closings of operations, bankruptcy, or receivership, are payable at book value only to the extent such withdrawals during the preceding 12-month period do not exceed 5% of the Plan's balance in the SVGI Fund at the beginning of that period. Amounts exceeding that limitation are subject to a market value adjustment. Upon termination, the contract holder may elect either a single lump-sum payment subject to the applicable market value adjustment or payment in five annual book-value installments over 60 months. The contract may also be subject to a Market Value Recovery charge of 0.30% per year until the issuer recovers any Market Value Recovery amount credited at inception, subject to the 1.00% minimum interest rate.

The contract holder may request termination at any time, with the effective date mutually agreed upon with the issuer. The issuer may terminate the contract upon three months' advance written notice following specified events, including failure to remit contributions, failure to satisfy applicable asset or contribution thresholds, insufficient contributing participants, notice that contributions will cease or assets will be withdrawn, insolvency of the Plan Sponsor, or loss of the Plan's qualification under section 401(a) or 457 of the Internal Revenue Code. The issuer may terminate the contract immediately if the contract holder's actions violate the contract, prevent the issuer from fulfilling its obligations, or use the contract for a purpose other than its intended purpose.

Note 5 – Fully Benefit-Responsive Investment Contract (cont.)

The Plan's ability to receive amounts due remains dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company matching and profit sharing contributions.

Note 7 - Related Party Transactions

The Plan holds Peoples Financial Services Corp. (the Company's parent) common stock. Transactions in the common stock and dividends income are considered party-in-interest transactions. In 2025, dividends paid in cash on Company common stock were $188,669 and were included in dividend income on the Statement of Changes in Net Assets Available for Benefits

Administrative expenses paid to Charles Schwab Trust Bank and John Hancock qualify as party-in-interest transactions. Fees incurred by the Plan for investment manager services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also issues loans to participants, which are secured by the balances in the participant's account. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed the Company by a pre-approval letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of the investment security such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

At December 31, 2025 and 2024, the Plan had $54,024,298 and $13,452,436, respectively, concentrated in three and two investments, respectively.
