INDEPENDENT AUDITORS' REPORT

TO THE RETIREMENT PLAN COMMITTEE AND PARTICIPANTS
GOLDEN STATE GROUP LLC 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of GOLDEN STATE GROUP LLC 401(k) PLAN ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GOLDEN STATE GROUP LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Golden State Group LLC 401(k) Plan (the "Plan") provides only general information. Effective January 1, 2025, the plan sponsor's name was changed from GSW Sports LLC to Golden State Group LLC. As a result, the Plan's name was changed from GSW Sports LLC 401(k) Plan to Golden State Group LLC 401(k) Plan. The Plan was restated effective January 1, 2025, to reflect these and other changes as discussed below. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan which was established on January 1, 1987 to provide retirement benefits for employees of Golden State Group LLC and certain affiliated companies. Participating employers of the Plan include Golden State Group LLC and its affiliates: GSW Arena LLC, GSW Gaming Squad LLC, GSW Ventures LLC, Golden State Entertainment LLC, Golden State Valkyries LLC, Golden State Warriors Community Foundation, Golden State Warriors, LLC, and SC Warriors LLC (collectively, the "Company").

The Plan covers all eligible employees who are not leased employees, union employees, players, contractors, interns (paid or unpaid), employees eligible to participate in the NBA Savings and Retirement Plan for Coaches, Assistant Coaches and Athletic Trainers, nonresident aliens with no U.S. income, or employees who are employed by an affiliated employer which has not adopted this Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and certain provisions of the Internal Revenue Code ("IRC"). Employees become eligible to participate immediately upon their hire date and upon reaching 15 years of age.

The Plan is administered by the Retirement Plan Committee. The Retirement Plan Committee has overall responsibility for the operation and administration of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's management. The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Plan has appointed Fidelity Management Trust Company as its trustee ("Fidelity", "FMTC" or the "trustee") and Fidelity Workplace Services LLC ("FWS") as its record-keeper.

Participant Contributions – Participants may make pre-tax and post-tax (Roth) contributions to the Plan. A participant's combined annual pre-tax and Roth contributions to the Plan may not exceed 75% of the participant's annual compensation, limited to $23,500 for the year ended December 31, 2025. Additionally, participants who have attained 50 years of age before the end of the Plan year are eligible to make catch up contributions of up to $7,500 for 2025. Effective January 1, 2025, an optional provision of SECURE 2.0 Act was adopted to increase catch-up contribution limits for participants aged 60 through 63 to $11,250. Participants may also make "rollover" contributions representing distributions from other qualified retirement plans.

Once an employee satisfies the eligibility requirements to participate in the Plan, and if he or she does not make a deferral election within a reasonable period of time after he or she is hired, rehired or reclassified, or affirmatively opts out, 4% of the employee's eligible compensation automatically will be deferred and contributed to the Plan and that amount shall be deemed the employee's deferral election. Furthermore, participants with a deferral rate greater than zero will automatically have their deferral increased annually by 1% until a deferral rate of 12% is reached, unless the participant has otherwise established a periodic deferral increase or has elected to forego such an increase. An employee may terminate their participation in the Plan at any time pursuant to the Plan's notification requirements.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – Effective January 1, 2025, the Plan was amended to provide for a safe harbor matching contribution equal to 100% of participant deferrals up to 3% of eligible compensation, plus 50% of participant deferrals on the next 2% of eligible compensation, for a maximum safe harbor matching contribution of 4% of eligible compensation. The Company also may make additional discretionary matching and profit sharing contributions at the option of the Company's board of directors, subject to limitations imposed by applicable provisions of the IRC.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, employer safe-harbor and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing and matching contributions, if any, and earnings thereon is based on the number of years of service as presented in the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1	34%
2	67%
3 or more	100%

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of their account balance into various funds offered by the Plan. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Notes Receivable from Participants – Participants may borrow from their vested account balance provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan may not exceed five years, except for loans used to finance the purchase of a primary residence, for which longer repayment terms are permitted. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment. Interest rates are determined by the plan administrator, based on the prime rate as published in the Wall Street Journal plus 1%, and remain fixed throughout the life of the loan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in the form of a lump-sum payment, installment payments, or a combination of lump-sum and installment payments. If a terminated participant's account balance is between $1,000 and $7,000, and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account as designated by the Plan administrator. Vested account balances of less than $1,000 are automatically cashed out as a single lump-sum distribution. Normal retirement age is 65 years. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. A participant may also request a hardship withdrawal in certain circumstances. Minimum required distributions generally must begin by April 1 of the calendar year following the later of the year the participant reaches age 73 or the year in which the participant terminates employment.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts are applied to reduce employer contributions and fund administrative expenses. As of December 31, 2025 and 2024, forfeited non-vested accounts amount to $300 and $324,358, respectively. During the year ended December 31, 2025, forfeitures of $2,972 were used to pay administrative expenses and forfeitures of $372,489 were used to fund employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by Fidelity and the Plan's investment advisors. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred.

Contribution – Contributions are recorded in the Plan year which coincides with the payroll pay date.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions and certain investment management services are charged directly to the participant's account and are included in administrative expenses. In addition, recordkeeping service fees are allocated to participants' accounts. Investment related expenses are included in net appreciation or depreciation of the fair value of investments.

Concentrations – As of both December 31, 2025 and 2024, five and four investments accounted for approximately 59% and 46% of total investments, respectively. Additionally, investments held in target date funds accounted for 67% and 64% of total investments as of December 31, 2025 and 2024.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Collective Trust Fund: Valued at the NAV of units of a common collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

These valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 67,168,080	$ -	$ -	$ 67,168,080
Investments Measured at Net Asset Value[(a)]:				
Collective Trust Fund				517,474
Investments at Fair Value				$ 67,685,554

	2024			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 49,939,553	$ -	$ -	$ 49,939,553
Investments Measured at Net Asset Value[(a)]:				
Collective Trust Fund				805,989
Investments at Fair Value				$ 50,745,542

(a) In accordance with the framework, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth additional disclosure of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Fidelity Managed Income Portfolio Class I	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2025	$ 517,474	N/A	Daily	12 Months
December 31, 2024	$ 805,989	N/A	Daily	12 Months

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("FMTC"), the trustee, has certified to the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits and in Note 3, as of December 31, 2025 and 2024, and the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment income and interest income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

The Plan's independent public accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by an affiliate of FMTC. FMTC serves as the trustee of the Plan. Therefore, these transactions with its affiliate qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services are included in net appreciation or depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. FMTC provided certain administrative services to the Plan pursuant to a service agreement between the Company and FMTC. FMTC also received revenue from certain investment service providers for services FMTC provides to the funds. This revenue is used to offset certain amounts owed to FMTC for its administrative services to the Plan. If the revenue received by FMTC from such investment service providers exceeds the amount owed under the service agreement, FMTC remits the excess to the Plan. FMTC assigned all rights, duties and obligations under the service agreement to FWS. The Plan or Plan sponsor is permitted to make payments to FMTC for administration expenses not covered by revenue sharing.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – DELINQUENT CONTRIBUTIONS AND OPERATIONAL ISSUES

During the years ended December 31, 2025, 2024, 2023 and 2022, there were unintentional delays by the Company in remitting certain employee contributions and loan repayments amounting to $3,000,682, $3,438,357, $1,553,377 and $168,066, respectively, to the Plan within the period prescribed by Department of Labor regulations. The Company made necessary corrections for the 2024, 2023 and 2022 delinquent contributions in 2025. The Company intends to make necessary corrections for the 2025 delinquent contributions in 2026.

During the years ended December 31, 2024, 2023 and 2022, management of the Plan identified certain discrepancies related to the application of eligible compensation. The Plan sponsor adopted amendments to the Plan effective January 1, 2025, to clarify the definition of eligible compensation. The Plan sponsor intends to adopt a retroactive amendment to address the eligible compensation discrepancies identified for periods prior to January 1, 2025. Based on its evaluation, the Plan sponsor concluded that no corrective contributions were required with respect to those periods. During 2025, the Plan sponsor identified that a portion of the eligible compensation discrepancy continued to affect Plan operations subsequent to January 1, 2025. The Plan sponsor is evaluating the impact of this matter and currently intends to adopt an additional retroactive amendment to address the discrepancy.

NOTE 9 – DELINQUENT CONTRIBUTIONS AND OPERATIONAL ISSUES (Continued)

In addition, the Plan management identified certain system-related errors affecting the administration of the Plan's automatic enrollment and automatic escalation provisions for the 2025 plan year. The Plan management is evaluating the nature and extent of these errors and any corrective actions that may be required. The Plan management also identified additional delinquent contributions related to manual payroll checks for the 2024 plan year and prior years. The Plan Sponsor is working with ERISA counsel to determine the amount of the delinquent contributions and related lost earnings and intends to complete the necessary corrections in 2026. The Plan sponsor does not expect the resolution of these matters to have a material effect on the Plan's financial statements. As of the date the financial statements were available to be issued, the Plan Sponsor had not completed its evaluation of these matters.

NOTE 10 – SUBSEQUENT EVENTS

Effective January 1, 2026, the SECURE 2.0 Act requires that catch-up contributions made by participants aged 50 or older with prior-year compensation exceeding $150,000 be designated as Roth contributions.

The Plan's management has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.
