INDEPENDENT AUDITOR'S REPORT

To the Benefits Committee and participants of the
Elekta, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Elekta, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Elekta, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees and part-time employees who worked over 1,000 hours for Elekta, Inc. (the Company) and certain other affiliated companies, as defined by the Plan document. Employees may enter the Plan on the first day of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2024, the Plan was amended to remove the 1,000 hours requirement and allow all eligible employees to participate immediately. Effective November 1, 2024, the Plan was amended to allow self-employed individuals to participate and change the entry date to daily for all contributions.

Effective March 10, 2025, the Plan was amended to update the service crediting language to state service with a business entity of which the Company or a participating employer acquires 80% or more of the equity interests or business assets shall be credited for persons who were employed by that business entity and became employees of the Company or another participating employer incident to the acquisition.

Effective April 15, 2026, the Plan was amended and restated to permit after-tax contributions, after-tax rollover contributions, and in-Plan Roth rollovers; increase participant contribution limits to a minimum of 1% and a maximum of 70% of eligible compensation; and allow in-service withdrawals of after-tax contributions and after-tax rollover contributions at any time in accordance with the Plan document.

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 50% of eligible compensation as defined by the Plan document, generally not to exceed $23,500 in 2025 plus additional catch-up contributions of up to $7,500 for those participants who have attained age 50 by the end of the Plan year. Beginning in 2025, participants who turned age 60, but not older than age 63 by December 31, 2025, are eligible for catch-up contributions of $11,250. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan provides for discretionary matching contributions which are made on a per pay period basis and includes an annual discretionary true-up matching contribution. For 2025, discretionary matching contributions were 100% of a participant's contribution up to 5% of eligible

compensation. The Company may also make a discretionary profit-sharing contribution to eligible employees who have completed 1,000 hours in the Plan year and who are employed on the last day of the Plan year. The Company did not make a discretionary profit-sharing contribution for the 2025 Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company contributions, and earnings and losses on the investments in their account and is charged with certain administrative expenses. Participants direct the investment of their account into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings and losses thereon. Participants are 50% vested after completion of two years of service, and 100% vested after completion of three years of service in Company discretionary matching contributions and Company discretionary profit-sharing contributions. In the event of death, disability, early retirement, or attainment of normal retirement age while employed with the Company, participants will become 100% vested in all Company contributions in their account.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have two notes outstanding at any time. The notes are secured by the balance in the participant's account. During 2025, notes receivable had fixed rates ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years, or 15 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the value of the vested interest in the account is $5,000 or less, the account will be cashed out by distributing the vested interest in the account in a single-sum payment or by direct rollover to an IRA or other eligible retirement plan as soon as reasonably practicable. The participant's vested amount may also be withdrawn for in-service distributions upon reaching age 59½ or for certain hardship situations.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $102,692 and $801, respectively. These accounts may be used to pay administrative expenses of the Plan or to reduce employer contributions. In 2025, the Company used $105,961 to reduce employer contributions. No forfeitures were used to pay Plan administrative expenses during 2025.

Administrative Expenses

The Plan document permits certain administrative expenses to be paid by the Plan. All other expenses are paid by the Company. The Company does not expect reimbursement from the Plan for these expenses. Administrative fees paid by participants include loan initiation fees and distribution fees. Additionally, participants are charged a fee based on the balance in their accounts for investment management and administrative services. These fees are netted with investment returns in each participant's account. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions.

The Plan has an ERISA account where the qualified institution deposits revenue sharing payments that can be used to pay administrative expenses or allocated to participant accounts. In 2025, $160,265 was deposited into the revenue sharing account. During 2025, $79,735 was allocated to eligible participants and $80,530 was used to pay administrative expenses. Deposits to this account are included in net change in fair value of investments in the accompanying statement of changes in net assets available for benefits. At December 31, 2025 and 2024, the balance in this account was $190 and $605, respectively, which is included in mutual funds on the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant’s paycheck. The Company’s discretionary matching

contributions and the discretionary profit-sharing contributions, if any, are considered payable to the Plan upon approval of the Company. Any unfunded participant or Company contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2025 and 2024.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value except for the stable value fund, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value and contract value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income on the notes receivable is recognized when received by the Plan, primarily monthly. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the participant's note receivable balance is reduced, and a benefit payment is recorded as a deemed distribution. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants as of December 31, 2025 and 2024, and the net change in fair value and contract value of investments and interest on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price Trust Company (T. Rowe Price), the Plan's qualified institution.

4. Investments

Investments are exposed to several risks, such as interest rate, market, currency, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, and other similar events. It is at least reasonably possible that changes in fair value will occur in the near term and that such changes could materially affect participants' account balances.

Plan investments include mutual funds, certain units in common trust funds, and a stable value fund managed by T. Rowe Price. T. Rowe Price is the Plan's qualified institution; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value and contract value of investments as they are paid through revenue sharing, rather than a direct payment.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Fair value of the common trust funds is determined by prices published daily by the trust manager, which is the net asset value (NAV) of the common trust funds (Level 1). Net asset value is determined by the fair value of the mutual funds, stocks, and other securities in the common trust funds. Participants can trade the common trust funds daily at the published NAV.

The Plan invests in a stable value fund held in a common trust fund. The stable value fund invests in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs. The stable value fund trades at the NAV, which is based on the contract value of the underlying investments. Participants transact at NAV daily in an active market. Contract value approximates fair value. The stable value fund includes certain redemption restrictions. If the Plan chooses to redeem all or a significant portion of the stable value fund, the issuer may require a 12-month wait period to redeem.

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31:

	Level 1	
	2025	2024
Mutual funds	**$ 126,498,234**	$ 151,793,921
Common trust funds	**213,786,100**	162,634,521
Total investments, at fair value	**$ 340,284,334**	$ 314,428,442

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants would become fully vested in their account balances.

6. Income Tax Status

The Plan uses a prototype plan document prepared by T. Rowe Price Retirement Plan Services, Inc. The Internal Revenue Service has provided an opinion letter dated August 19, 2020 stating that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter, and has been amended since the opinion letter was issued, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination. Management has not identified any uncertain tax positions that require recognition or disclosure in the accompanying financial statements.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	**$ 362,181,535**	$ 338,463,792
Less: Participant contributions receivable	**(259,500)**	(283,310)
Less: Employer contributions receivable	**(488,270)**	(712,860)
Add: Rounding adjustments to investments	**11**	-
Net assets available for benefits per the Form 5500	**$ 361,433,776**	$ 337,467,622

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

	2025
Increase in net assets available for benefits per the financial statements	**$ 23,717,743**
Add: Prior year contributions receivable	**996,170**
Less: Current year contributions receivable	**(747,770)**
Add: Rounding adjustments to investment income	**11**
Net increase in net assets available for benefits per the Form 5500	**$ 23,966,154**

The above reconciliations are included to show the difference between the cash basis Form 5500 and the accrual basis financial statements.
