INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Pacific Rim Mechanical Contractors, Inc. 401(k) Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pacific Rim Mechanical Contractors, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Pacific Rim Mechanical Contractors, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of Pacific Rim Mechanical Contractors, Inc. (the Company) who have completed a month of service and are age 18 or older. Employees covered by collective bargaining agreements, leased employees, employees that were acquired in an acquisition, merger, or similar transaction, and nonresident aliens are excluded from participation in the Plan. The Plan provides participants with a salary deferral option pursuant to Section 401(k) of the Internal Revenue Code (IRC). The Plan engages Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, the Custodian) to hold and invest Plan assets and execute Plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
Participants may contribute up to 100% of pretax deferrals, subject to limits of the tax law, as defined by the Plan. The Plan permits participants to contribute up to 100% after-tax Roth deferrals, subject to limits of the tax law, as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution, which the Company determines annually. To be eligible for the discretionary matching contributions, a participant must have completed one month of service during the Plan year. The Plan also allows the Company to make discretionary nonelective contributions. To be eligible for the nonelective contributions, a participant must have completed 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. No discretionary nonelective contributions were made during 2025. Contributions are subject to certain limitations.

Participants are automatically enrolled at a pretax deferral rate of 4% of eligible wages. The automatic enrollment can be declined by the employee upon request by the employee to change the deferral percentage to zero.

Employees hired under a prevailing wage contract receive prevailing wage contributions that help satisfy the fringe benefit requirements of prevailing wage law. Such contributions are 100% vested and offset discretionary employer matching and nonelective contributions. For purposes of receiving any prevailing wage contribution made to the Plan, participants are eligible to participate on their date of hire and enter the Plan on that date. Total prevailing wage contributions were $803,777 for the year ended December 31, 2025.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are made in a manner which recognizes each participant's account balance, investment selection, and timing of contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions and the Company's prevailing wage contributions plus actual earnings thereon. Vesting in the Company's discretionary match plus actual earnings thereon is based on years of continuous service and occurs gradually. A participant becomes partially vested at the end of one year of credited service and is 100% vested after four years of credited service. A participant becomes fully vested in the entire balance of his or her account upon attainment of normal retirement age, permanent disability, death, or termination of the Plan. Any amount not vested upon a participant's separation from service is forfeited and may be used to restore forfeitures or reduce the Company's contribution or pay Plan expenses.

Note 1 - Description of the Plan, continued

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a principal residence. Principal and interest are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with rates charged by commercial lenders for loans made under similar circumstances. The interest rate was 4.25%–9.50% for the year ended December 31, 2025.

Payment of Benefits
On termination of service due to any reason, participants with vested account balances of $1,000 or less receive an automatic lump-sum distribution, unless the participant requests that it be rolled-over to an individual retirement account (IRA) provider or another retirement plan. Participants with vested account balances between $1,000 and $7,000 receive an automatic distribution to an IRA or annuity for their benefit. Participants with vested account balances of $7,000 or more may elect to receive a single lump-sum amount, installment, or an annuity. Participants may also elect to take in-service or hardship withdrawals subject to the terms of the Plan document and Internal Revenue Service (IRS) regulations.

Forfeitures
At December 31, 2025 and 2024, forfeited nonvested accounts totaled $24,851 and $2,230 respectively. During the year ended December 31, 2025, forfeitures of $76,862 were used to reduce employer contributions and pay Plan expenses.

Revenue Sharing
The Plan has a revenue sharing agreement with the Plan's Custodian. This revenue sharing agreement provides the Plan with a portion of the fees collected by the Custodian from Plan investments. During 2025, the Plan received $209,533 in revenue sharing, of which $142,457 was used to pay plan expenses. At December 31, 2025 and 2024, unallocated revenue sharing totaled $67,462 and $387 respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies, continued

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or specifically to a participant account for transactions specifically related to that participant.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

Effective August 7, 2026 the plan was amended to update plan provisions for required minimum distributions under Secure Act 2.0.

Note 3 - Information Certified by Custodian

The Plan's investments are held by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the Custodian of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodian. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Investments, at fair value
- Investments, at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts (CCT): CCTs invest in a variety of guaranteed investment contracts, domestic stocks, international stocks, mutual funds, bonds, and other securities. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are generally based on publicly quoted prices, the NAV of each individual CCT is not valued using publicly quoted prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 81,364,580	$ -	$ -	$ 81,364,580
Total investments in the fair value hierarchy	$ 81,364,580	$ -	$ -	81,364,580
Investment measured at NAV				8,628,030
Total investments at fair value				$ 89,992,610

Note 4 - Fair Value Measurements, continued

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 68,635,316	$ -	$ -	$ 68,635,316
Total investments in the fair value hierarchy	$ 68,635,316	$ -	$ -	68,635,316
Investment measured at NAV				2,835,943
Total investments at fair value				$ 71,471,259

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The inputs used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$ 8,628,030	N/A	Daily	Daily

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$ 2,835,943	N/A	Daily	Daily

Note 5 - Guaranteed Investment Contracts

The Select Guaranteed Funds are fully benefit-responsive investment contracts (the Contracts) with Empower Annuity Insurance Company and Empower Trust Company, LLC (Empower). Empower maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by Empower, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Note 5 - Guaranteed Investment Contracts, continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. There were no investments at contract value at December 31, 2025 ($5,964,695 at December 31, 2024). The rate at which interest if credited is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The IRS has determined by an opinion letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by CCH Incorporated dba ftwilliam.com, which has been adopted by the Plan, is acceptable pursuant to section 401 of the IRC and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements at December 31, 2025. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Party-in-Interest Transactions

Economic Group Pension Services, Inc. (EGPS) provides third-party administration services to the Plan; Creative Planning LLC provides investment advisory services to the Plan; and Empower Annuity Insurance Company of America provides custodian services to the Plan.
