Independent Auditor's Report

The Plan Administrator
Acuriant Technologies, Inc. and Solecta, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Acuriant Technologies, Inc. and Solecta, Inc. 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025, and the schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule of assets (held at end of year) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Acuriant Technologies, Inc. and Solecta, Inc. 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 2014, as restated on January 1, 2022, and as amended and restated effective April 1, 2024 on the Fidelity pre-approved plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On April 1, 2024, the Plan executed an adoption agreement to reflect a change in the ownership structure of Nanostone Water, Inc. & Solecta, Inc. (the Plan Sponsors or the Companies), specifically an increased ownership interest by Solecta, Inc. Accordingly, the Plan's name was updated from Nanostone Water, Inc. 401(k) Plan to Nanostone Water, Inc. & Solecta, Inc. 401(k) Plan. On the same date, the Plan transitioned its trustee and custodian from Voya to Fidelity Management Trust Company (Fidelity). As part of this transition, Plan assets totaling $7,629,109 were transferred from Voya to Fidelity on April 2, 2024. On July 1, 2025, the Plan Sponsors merged to form a new entity, Acuriant Technologies, Inc. As a result of this corporate merger, the Plan name was changed to Acuriant Technologies, Inc. and Solecta, Inc. 401(K) Plan effective September 15, 2025. Other than the Plan name change, there were no changes to the Plan's terms, operations, or participant benefits.

Participant Eligibility

All employees of the Companies, excluding employees covered by a collective bargaining agreement, nonresident aliens, and employees acquired in an Internal Revenue Code (IRC) Section 410(b)(6)(C) transaction, as defined, are eligible to participate in the Plan on the later of their date of hire or attainment of age 18.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the IRC. Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for safe harbor matching contributions whereby the Companies contribute an amount equal to 100% of the first 4% of eligible compensation contributed by participating employees.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

In 2025, the Plan Sponsor adopted an amendment, effective retroactively, to clarify that highly compensated employees are eligible for the Plan's 4% safe harbor matching contribution. Prior to the amendment, the plan document did not explicitly provide for the inclusion of highly compensated employees in the matching contribution provisions. However, the Plan Sponsor had historically administered the Plan as if highly compensated employees were eligible for such matching contributions and had consistently made matching contributions on their behalf.

The amendment was adopted to align the plan document to the Plan's operational practice. Accordingly, the amendment did not result in any changes to employer contributions, participant account balances, net assets available for benefits, or the results of operations reported in the accompanying financial statements. No corrective contributions or participant adjustments were required as a result of the amendment.

For the year ended December 31, 2025, safe harbor contributions amounted to $317,356, which is net of forfeitures used of $145. Safe harbor contributions for the year ended December 31, 2024, amounted to $355,085.

Additional discretionary nonelective contributions may be made by the Companies at the option of their Board of Directors. Participants become eligible for these contributions after completing 1,000 hours of service during the Plan year. Participants must be employed by the Companies on December 31 to receive them. For the years ended December 31, 2025 and 2024, there were no discretionary nonelective contributions to the Plan. All contributions are subject to applicable IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Companies' matching contributions, allocations of the Companies' discretionary nonelective contributions, and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and in the Companies' safe harbor matching contributions, including any actual earnings thereon. Vesting in the discretionary nonelective contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in the Companies' nonelective contribution and related earnings after completing two (2) years of credited service. Participants are also 100% vested upon death, permanent disability, or attainment of normal retirement age, as defined.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. Loan terms may not exceed five years, except for loans used to purchase a primary residence, which may have longer terms.

Payment of Benefits

The vested benefits are paid to the participants or their beneficiaries upon the participants' retirement, death, disability, or termination of employment with the Companies. In the event of the above, the participants or their beneficiaries will receive a lump sum distribution if the account balance, excluding rollover balances, has a value of less than or equal to $1,000. Terminated participants' vested account balances, excluding rollover balances, of greater than $1,000 and up to $5,000 may be automatically distributed to an Individual Retirement Account (IRA). Participants whose account balances, excluding rollover balances, exceed $5,000 may elect to receive a lump sum distribution or may leave their vested balance in the Plan.

Hardship withdrawals are permitted by the Plan as defined in the IRC. Participants may also withdraw their vested account balance upon attaining age 59 ½.

Forfeited Accounts

Pursuant to the provisions of the Plan, participant salary deferrals and Safe Harbor employer contributions are immediately and fully vested. Other employer contribution sources, if any, may be subject to the Plan's vesting schedule based on participants' credited years of service. Accordingly, forfeitures may arise when participants terminate employment before becoming fully vested in such contributions.

The Plan also maintains an unallocated account that includes amounts resulting from the correction of employer contributions that were allocated to participant accounts in error. Such amounts are removed from participant accounts and restored to the Plan's forfeiture and unallocated account in accordance with applicable plan provisions and correction procedures. Consistent with the Plan document, amounts in the forfeiture and unallocated account may be used to reduce future employer contributions and/or pay eligible Plan expenses.

During the years ended December 31, 2025 and 2024, forfeitures resulted solely from the correction of excess employer contributions that had been previously allocated to certain participant accounts in error. Upon identification of the excess allocations, the amounts were removed from the affected participant accounts and credited to the Plan's forfeiture account in accordance with the terms of the Plan and applicable regulatory requirements.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited Accounts (Continued)
Forfeitures may be used to reduce future employer contributions or to pay Plan administrative expenses. The changes in the Plan's forfeitures account balance for the years ended December 31, 2025 and 2024 are as follows:

	2025	2024
Balance, January 1	**$ 145**	$ -
Forfeitures during the year	**151**	145
Forfeitures used during the year	**(145)**	-
Balance, December 31	**$ 151**	$ 145

All forfeitures incurred in plan years beginning before January 1, 2025, which were required to be used by December 31, 2025 under the proposed regulations described in Note 12, were used by December 31, 2025.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance companies, as applicable. See Note 3 for the discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Appreciation (Depreciation) in Fair Value of Investments
Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits and is presented as part of investment income (loss).

Contributions and Contributions Receivable
Participant contributions are recorded based on the date the Employer withholds the contributions from the participant's compensation, which corresponds to the pay date. Employer contributions are recognized in the period in which the related compensation or matching formula applies, in accordance with the terms of the Plan. The Plan records contribution receivables for amounts recognized as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been allocated to participant accounts.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Outstanding participant loans are maintained as notes receivable until a distributable event occurs, at which time any delinquent or defaulted loan balances are reclassified to distributions based on the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 3 FAIR VALUE MEASUREMENT

Fair value is measured in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. Although the underlying investments may trade in active markets, the accounts themselves do not have readily available quoted market prices for identical assets. Therefore, fair value is determined using observable inputs and classified within Level 2 of the fair value hierarchy.

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

Money market fund – The fair value of this investment is determined using observable inputs other than quoted prices in active markets, including quoted prices for similar assets and market-corroborated inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments stated at fair value on a recurring basis as of December 31, 2025 and 2024:

	2025			
Investment Category	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ -**	**$ 8,894,798**	**$ -**	**$ 8,894,798**

Money market fund	-	493,474	-	493,474
Total investments at fair value	$ -	$ 7,865,816	$ -	$ 7,865,816

NOTE 4 CONCENTRATIONS

As of December 31, 2025 and 2024, investments in four funds represented approximately 47% and 46% of net assets available for benefits, respectively ($4,331,223 and $3,609,267), namely T. Rowe Price Large-Cap Growth Fund I Class, BlackRock LifePath Index 2040 Fund Class K, BlackRock LifePath Index 2045 Fund Class K, and BlackRock LifePath Index 2035 Fund Class K.

NOTE 5 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity serves as the Plan’s trustee, custodian, and recordkeeper, and certain investments of the Plan are shares of mutual funds managed by an affiliate of Fidelity. Fidelity, as a service provider to the Plan, is considered a party-in-interest as defined by ERISA. Prior to April 2, 2024, Voya served as the Plan’s custodian and was also considered a party-in-interest. For the year ended December 31, 2025, the Plan paid administrative fees of $47,988. In 2024, fees totaled $48,006, which included amounts paid to both Voya and Fidelity. Refer to Note 1 to the financial statements for the details of the transition.

NOTE 5 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

All of the above-mentioned fees were paid directly from Plan assets. In addition, the Plan issues loans to participants, that are secured by the participants' account balances. These transactions qualify as party-in-interest transactions under ERISA.

Certain administrative functions of the Plan are performed by officers of the Companies. These individuals may be considered parties-in-interest due to their roles in Plan administration. No direct compensation was paid by the Plan for these services. Except for the late remittance of participant contributions described in Note 10, which constitutes a nonexempt prohibited transaction with a party-in-interest, party-in-interest transactions were conducted in accordance with the provisions of the Plan and applicable ERISA regulations.

NOTE 6 PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE 7 PLAN TAX STATUS

On April 1, 2024, the Plan transitioned from the pre-approved plan offered by CCH Incorporated, DBA ftwilliam.com to the Fidelity Basic Plan Document No. 17. The pre-approved plan document is covered by an IRS Opinion Letter dated June 30, 2020, indicating that the form of the plan is designed in accordance with the applicable sections of the IRC. The Plan is relying on the IRS Opinion Letter issued for the Fidelity pre-approved plan document and believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan Administrator believes that the Plan is qualified and that the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Although certain operational compliance matters are being addressed through corrective actions and plan amendments, management believes the Plan continues to satisfy the applicable qualification requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are normally exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 FINANCIAL INFORMATION CERTIFIED BY CUSTODIANS

The Plan's asset information as of December 31, 2025 and 2024, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule of assets (held at end of year), was obtained by management and agreed to or derived from information certified by Fidelity, the Plan's current custodian, and Voya, the Plan's former custodian through April 2, 2024. The Plan Administrator has obtained certifications from these institutions that the information provided to the Plan Administrator related to the Plan's assets is complete and accurate as required by 29 CFR 2520.103-5. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator elected to have the Plan's audits performed in accordance with ERISA Section 103(a)(3)(C), and the audits did not extend to information which appears throughout the financial statements and ERISA-required supplemental schedule of assets (held at end of year) related to the following, except as described in the auditor's report:

- Investments and notes receivable from participants, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024;

- Investment and participant loan activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024;

- Investment information disclosed in Note 3 to the Plan's financial statements; and,

- Investments and notes receivable from participants, as reflected in Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

NOTE 10 NONEXEMPT TRANSACTION

The Plan Sponsors inadvertently failed to deposit participant contributions within the time frame required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. For the year ended December 31, 2021, participant contributions withheld from participants' compensation amounting to $1,268 were not deposited timely and, as of the date these financial statements were available to be issued, remain unremitted and uncorrected.

During the transition of custodial and recordkeeping services from Voya to Fidelity in 2024, certain participant contributions totaling $97,941 were remitted during a conversion blackout period. Management determined that these remittances were made as soon as administratively feasible and in accordance with the applicable regulatory requirements and therefore, were not considered delinquent participant contributions. Accordingly, no related lost earnings were required with respect to these 2024 remittances.

NOTE 11 NEW LAWS AND REGULATIONS

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (SECURE 2.0) became law. The law includes provisions intended to expand coverage, increase retirement savings, and simplify and clarify retirement plan rules. SECURE 2.0 changed the retirement plan rules for long-term, part-time employees.

For plan years beginning on or after January 1, 2025, long-term, part-time employees who complete at least 500 hours of service in each of two consecutive 12-month periods must generally be permitted to make elective deferrals. Because the Plan permits employees to participate upon hire without a service requirement, this provision does not affect the Plan's eligibility rules.

The IRS issued proposed regulations in February 2023 addressing the use and timing of forfeitures in qualified retirement plans. The proposed regulations generally require forfeitures to be used no later than 12 months after the end of the plan year in which they are incurred. However, the transition rule also provides that any forfeitures that were incurred in any plan year beginning before 2024 are treated as having been incurred in the first plan year that begins on or after January 1, 2024, and, thus, must be used no later than December 31, 2025, for a calendar year plan. The Plan Administrator evaluated the Plan's forfeiture balances in light of the proposed regulations. All forfeitures incurred in plan years beginning before January 1, 2025, including forfeitures subject to the transition rule, were used by December 31, 2025. The forfeiture balance of $151 at December 31, 2025 relates to forfeitures incurred during 2025, which must be used no later than December 31, 2026.

NOTE 11 NEW LAWS AND REGULATIONS (CONTINUED)

Beginning January 1, 2026, participants whose prior-year FICA wages from the Plan Sponsor exceed the applicable threshold ($150,000 for 2026, based on 2025 wages, as indexed for inflation) will generally be required to make catch-up contributions on a Roth basis. Management is monitoring regulatory guidance and evaluating administrative updates required to comply with this provision.

The Plan will continue to evaluate the impact of SECURE 2.0 and other regulatory developments. Management intends to implement applicable legislative and regulatory changes and execute any required plan amendments within the prescribed deadlines.

NOTE 12 SUBSEQUENT EVENTS

Plan management has evaluated events subsequent to December 31, 2025 to assess the need for potential recognition and/or disclosure in the financial statements. Such events were evaluated through October 15, 2026, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.
