INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
National Beverage Investment and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of National Beverage Investment and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of National Beverage Investment and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Principal Trust Company as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of National Beverage Investment and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about National Beverage Investment and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of National Beverage Investment and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about National Beverage Investment and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the National Beverage Investment and Profit Sharing Plan (the "Plan"), sponsored by National Beverage Corp. (the "Company"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of the Company and its participating affiliates. Leased, reclassified, part-time, temporary and seasonal employees (as defined in the Plan), residents of Puerto Rico, and employees covered by a collective bargaining agreement (unless the agreement provides for participation) are excluded. Employees are eligible to make elective deferrals upon attaining age 21 and completing 60 days of service, and enter the Plan on the first day of the following month. The Plan is a qualified cash or deferred profit-sharing plan within the meaning of Sections 401(a) and 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator and the Retirement Plan Committee, appointed by the Company, oversee governance of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan amendment - Effective December 15, 2025, the Plan was amended to increase the maximum automatic deferral escalation from 6% to 10% of eligible compensation, and to apply automatic enrollment to active participants deferring less than 3% of eligible compensation, unless they affirmatively elected otherwise.

Contributions - Each year, participants may contribute from 1% to 25% of eligible compensation, as defined in the Plan, on a pretax or Roth basis. Participants who are age 50 or older by the end of the year may also make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, collective investment trusts and target date funds as investment options for participants. The Plan includes an automatic enrollment provision whereby newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate of 3% of eligible compensation, increased by 1% each December 31 up to 10%. Contributions are automatically invested in a designated fund until changed by the participant.

Participants are eligible to participate in the Company's contribution after completing one year of service (1,000 hours) and attaining age 21, and enter on the first day of the following quarter. The Plan permits discretionary matching contributions, but none were made for 2025 or 2024. The Company's contribution is a discretionary profit-sharing contribution and is determined by the Company's Board of Directors after profits for the preceding year have been determined. To receive an allocation, a participant must be employed on the last day of the plan year and have completed at least 1,000 hours of service during the plan year, unless the participant dies, becomes disabled, or retires on or after normal retirement age during the year. The Company's contribution, if any, is allocated to participants' accounts in the proportion that each participant's eligible compensation, capped at $65,000, bears to the capped eligible compensation of all eligible participants.

NOTE A - DESCRIPTION OF THE PLAN (continued)

Participant accounts - Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's discretionary profit-sharing contribution and (b) investment earnings (losses), and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting - Participants are immediately vested in their elective deferral and rollover contributions and earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service. Participants vest 20% per year beginning with two years of service and are 100% vested after six years of service. Participants also become 100% vested upon reaching normal retirement age (65) or early retirement age (the later of age 55 or six years of vesting service), or upon death or total disability while employed.

Notes receivable from participants - Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum of $50,000 (reduced by the highest outstanding loan balance during the prior year) or 50% of their vested account balance, whichever is less. No more than two loans may be outstanding at a time, and no more than five loans may be granted in any one-year period. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at rates commensurate with rates on similar loans from commercial lending institutions, as determined by the plan administrator; rates on outstanding loans ranged from 4.25% to 9.50% at December 31, 2025. Principal and interest are paid ratably through payroll deductions or direct payments. A loan is in default if any amount remains unpaid more than 90 days after it is due; upon default, Principal Life deems the loan distributed. If the participant resumes payments on a deemed distributed loan, the payments offset the deemed distributed amount as income. Once a loan is deemed distributed it is deducted from the loan balance at year-end.

Payment of benefits - On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account, partial payments, or installment payments. Vested accounts of $7,000 or less are automatically distributed.

In-service withdrawals - Participants may withdraw their rollover contributions at any time and may withdraw all or part of their vested account after reaching age 59½. Participants may also take hardship withdrawals from their elective deferral contributions, as defined in the Plan.

NOTE A - DESCRIPTION OF THE PLAN (continued)

Forfeited accounts - At December 31, 2025 and 2024, forfeited nonvested accounts totaled $120,007 and $56,947, respectively. Under the Plan, forfeitures may be used to pay Plan expenses, reduce employer contributions, or be reallocated to participants. The December 31, 2025 forfeiture balance of $120,007 was used to reduce the 2025 employer profit-sharing contribution. For 2024, forfeitures were not used to reduce the employer profit-sharing contribution.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein and disclosures of contingent liabilities. Accordingly, actual results may differ from those estimates.

Valuation of investments and income recognition – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in the administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Excess contributions payable – Amounts payable to participants totaling $34,483 for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to the 2025 contributions. The Plan distributed the 2025 excess contributions prior to March 15, 2026. The excess contribution amount for 2024 was $32,400.

Payment of benefits - Benefits are recorded when paid.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (continued)

Expenses - Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of management's review of subsequent events - Management has evaluated subsequent events through October 15, 2026, the date which the financial statements were available for issue. The 2025 employer contribution receivable of $950,000 was funded to the Plan in September 2026.

NOTE C - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company.

NOTE D - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of the Level 2 or Level 3 inputs for the period presented and there were no changes in the methods used to measure fair value at December 31, 2025 or 2024.

Level 1: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2: Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

Level 3: Unobservable inputs that are not corroborated by market data. These inputs reflect a company's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following are descriptions of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Mutual funds are valued at quoted market prices in an exchange and active market. These investments are classified as Level 1 investments.

Pooled separate accounts: Pooled separate accounts ("PSAs") are privately managed through investment companies and are not publicly quoted. PSAs are comprised primarily of shares of registered investment companies held through sub-accounts of an insurance company. The PSAs are valued using net asset value ("NAV") as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

Collective trust fund: Collective investment trusts ("CITs") are maintained by a bank or trust company and invest in a portfolio of underlying securities (at December 31, 2025, a bond fund and a mid cap growth equity fund; at December 31, 2024, a bond fund). The investments are valued using NAV as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets owned by the fund, minus its liabilities. Participant transactions (purchases and sales) may occur daily. There are currently no redemption restrictions or unfunded commitments on these investments.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024 are as follows:

December 31, 2025	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 86,634,079	$ -	$ -	$ 86,634,079
Total assets in the fair value hierarchy	86,634,079	-	-	86,634,079
Investments measured at NAV*(a)				8,760,543
Total investments at fair value				**$ 95,394,622**

December 31, 2024	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 77,439,663	$ -	$ -	$ 77,439,663
Total assets in the fair value hierarchy	77,439,663	-	-	77,439,663
Investments measured at NAV*(a)				9,861,709
Total investments at fair value				**$ 87,301,372**

*Not categorized in the fair value hierarchy

(a) includes pooled separate accounts and collective trust funds which are measured at NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for purposes of reconciling to the statements of net assets available for benefits.

NOTE E - RELATED PARTY/PARTY-IN-INTEREST TRANSACTIONS

Principal Trust Company is the trustee and Principal Life Insurance Company is the recordkeeper of the Plan; therefore, transactions with these entities qualify as party-in-interest transactions. Fees paid by the Plan to Principal for recordkeeping and administrative services amounted to $220,612 for the year ended December 31, 2025.

Notes receivable from participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Under the Plan, the Company may also temporarily suspend contributions, which does not constitute or require termination of the Plan. In the event of a Plan termination, participants would become 100% vested in their employer contributions.

NOTE G - TAX STATUS

The Plan is maintained on a pre-approved plan document sponsored by Principal Life Insurance Company. The Internal Revenue Service (IRS) issued an opinion letter dated June 30, 2020 (serial number Q702477a) stating that the form of the pre-approved plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan was restated onto the pre-approved document effective July 1, 2023 and has been amended since. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:
