Independent Auditors' Report

To the Administrative Committee of
VNAcare Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of VNAcare Retirement Plan (formerly known as Visiting Nurse Association and Hospice of Southern California, Inc. Retirement Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of VNAcare Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

21031 Ventura Blvd, Suite 401, Woodland Hills, California 91364 Tel: 818-975-2040 Fax: 818-975-2045 www.wscpas.net

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VNAcare Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VNAcare Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VNAcare Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VNAcare Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment

information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the VNAcare Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information on the Plan's provisions.

Effective January 2023, the Plan's name was changed from Visiting Nurse Association and Hospice of Southern California, Inc. Retirement Plan to VNAcare Retirement Plan.

General

The Plan is a 403(b) plan, also known as a tax-sheltered annuity (TSA), which was originally established effective January 1, 2002. A section 403(b) plan is designed to benefit eligible employees of certain employers, which are tax-exempt under Internal Revenue Service (IRS) Code section 501(c)(3). The Plan covers substantially all employees of VNAcare (formerly known as VNA Hospice and Palliative Care of Southern California, the Organization). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC).

The Plan was restated and amended at various dates through December 31, 2025 to comply with applicable laws and regulations.

Plan Administration

The Organization is the plan administrator and is responsible for day-to-day operations of the Plan. To fund the Plan, the Organization entered into the Group Fixed and Variable Annuity Contract (the Contract) with The Variable Annuity Life Insurance Company (VALIC), a subsidiary of Corebridge Financial, the custodian of the Plan. VALIC invests cash received, interest, and dividend income, and makes distributions to participants. VALIC also administers the payment of interest and principal on the notes receivable from participants.

Contributions

Participants may elect to defer up to 100% of their compensation, subject to certain limitations under the IRC. Plan participants over age 50 may defer additional catch-up contributions, subject to the IRC limitations.

The Organization makes matching contributions of $1 for every $1 of the employee elective deferral during the Plan year, up to 1% of employee compensation. The Organization may also make additional contributions of 2% of employee compensation.

NOTE 1 - DESCRIPTION OF PLAN – CONTINUED

Contributions – Continued

To be eligible to receive employer contributions, employees must be 21 years of age and have completed one year of service. Total employer matching contributions amounted to $64,999 for the year ended December 31, 2025. There were no additional employer contributions made for the year ended December 31, 2025.

Participants may also make a rollover contribution to the Plan that is not matched by the Organization. Rollover contributions are assets transferred to the Plan from a qualified plan in which an employee participated prior to employment with the Organization. Rollover contributions transferred to the Plan during the year ended December 31, 2025 amounted to $14,947.

Investment Options

Participants direct the investment of their contributions and their share of employer contributions into various investment options offered by the Plan, and they may change their investment elections anytime.

Under the Contract, the Plan offers a combination of fixed and variable investment options. Fixed investment options consist of Fixed Account Plus and the Short-Term Fixed Account (collectively, Fixed Accounts) that are each part of the general account assets of VALIC. Fixed Account Plus provides fixed-return investment growth for the long-term, while the Short-Term Fixed Account provides fixed-return investment growth for the short-term. Variable investment options are made available through the VALIC Separate Account A, which invests in mutual funds registered with the Securities and Exchange Commission (SEC).

Vesting

Participants are 100% vested in their salary deferral contributions plus actual earnings thereon. Vesting in employer contributions and earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage
0-2	0%
3	100%

NOTE 1 - DESCRIPTION OF PLAN – CONTINUED

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce employer contributions. Forfeitures used to reduce employer contributions during the year ended December 31, 2025 amounted to $10,466. At December 31, 2025 and 2024, available unallocated forfeitures amounted to $7,787 and $10,466, respectively.

Participant Accounts

Separate accounts are maintained for each participant, which are adjusted to reflect the participant's contributions and employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum limited to the lesser of: (1) $50,000 or (2) 50% of the participant's vested account balance. Each note receivable bears a reasonable rate of interest, which is determined by the plan administrator, and is repaid by periodic level payments of principal and interest at least as frequently as quarterly over a reasonable period of time not to exceed five years. However, borrowed funds used to acquire a principal residence may be repaid over a reasonable period of time that exceeds five years. At December 31, 2025, participant loans bore interest at rates ranging from 1.00% to 9.50% and had maturities through December 2030.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may receive a lump-sum distribution or annuity payments of the participant's vested account balance. Participants should refer to their Plan document for more information.

Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardships as defined by the Plan document. Hardship distributions are distributed as a lump-sum.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements, and the reported amounts of additions and deductions during the reporting period. The most important of these estimates and assumptions relate to fair value measurements of the Plan's investments. These and other estimates and assumptions are based on the best available information, but actual results could be materially different from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Valuation of Investments

Plan assets invested in Separate Account A are stated at fair value based on the fair value of the underlying mutual funds, as adjusted for dividends and Separate Account A fees. The fair value of underlying mutual funds is based on quoted market prices. Separate Account A is not publicly traded and is classified within Level 2 of the valuation hierarchy.

Plan assets invested in mutual funds are stated at fair value based upon quoted market prices (mutual funds are valued at the closing price reported on the active market on which the individual securities are traded) and are classified in Level 1 of the valuation hierarchy.

The Plan's investments in the Fixed Accounts are considered to be fully benefit-responsive and are required to be reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends, if declared, are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year as well as held at year-end.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a distribution based on the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits. Certain other expenses of maintaining the Plan, including audit fees, are paid by the Organization and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Recent Accounting Pronouncements

In the normal course of business, the Plan evaluates all new accounting pronouncements to determine the potential impact they may have on its financial statements. Based upon this review, the Plan does not expect any of the recently issued accounting pronouncements, which have not already been adopted by the Plan, to have a material impact on its financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued, and determined that except as described below, there were no subsequent events requiring recognition or disclosure in the financial statements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Subsequent Events – Continued

Subsequent to year-end, the Plan began the process of adopting its Cycle 2 restated 403(b) plan document. The restatement incorporates required legislative and regulatory updates, including provisions related to SECURE, CARES, and SECURE 2.0. The restated plan document is expected to be available for execution on October 31, 2026, and is required to be adopted by December 31, 2026.

NOTE 3 - TAX STATUS

The Organization has adopted a volume submitter 403(b) plan that received its latest favorable opinion letter from the IRS dated April 5, 2018, which stated that the form of the underlying plan is acceptable under Section 403(b) of the IRS for use by eligible employers for the benefit of their employees. The Plan is required to operate in conformity with the IRC to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with GAAP, the Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 4 - PLAN AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan document to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the participants' account balances fully vest, and they would be distributed.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. VALIC, the custodian of the Plan, has supplied the plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

NOTE 6 - VALIC FIXED ACCOUNTS

Fixed Accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses as allowed by the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value. Thus, the investment contract is considered fully benefit-responsive, as defined by GAAP. Contract value, as determined by VALIC, represents contributions made under the agreement, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum guaranteed interest rate varies by participant and depends on the date the participants established their accounts. For the year ended December 31, 2025, the minimum rate ranged from 2.75% to 3.00%. For the year ended December 31, 2024, the minimum rate ranged from 2.75% to 3.15%. The average yield for the years ended December 31, 2025 and 2024 was 2.88% and 2.98%, respectively.

NOTE 7 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritized the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7 - FAIR VALUE MEASUREMENTS – CONTINUED

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one level to another. In such instances, the transfer is reported at the end of the reporting period. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024 to value the Plan's assets at fair value, and there were no significant transfers from one level to another during the year ended December 31, 2025.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Fair Value Measurement at December 31, 2025 Using Input Type			
	Level 1	Level 2	Level 3	Total
Separate Account A	$ -	$ 8,270,126	$ -	$ 8,270,126
Mutual funds	3,524,758	-	-	3,524,758
Total investments at fair value	$ 3,524,758	$ 8,270,126	$ -	$ 11,794,884

	Fair Value Measurement at December 31, 2024 Using Input Type			
	Level 1	Level 2	Level 3	Total
Separate Account A	$ -	$ 7,872,261	$ -	$ 7,872,261
Mutual funds	2,791,729	-	-	2,791,729
Total investments at fair value	$ 2,791,729	$ 7,872,261	$ -	$ 10,663,990

During 2025, the Plan's investments measured at fair value appreciated in value by $1,502,353. Net appreciation includes realized and unrealized gains and losses on investments bought and sold, as well as investments held during the year.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by VALIC, the custodian, as defined by the Plan document. Therefore, these transactions qualify as party-in-interest and are denoted as such on the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025. However, these party-in-interest transactions are exempt pursuant to ERISA regulations.
