INDEPENDENT AUDITOR'S REPORT

To the 401k Management Committee of
CIMA 401(k) Plan
Pasadena, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CIMA 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

CIMA 401(k) Plan (the Plan) is a qualified retirement plan covering employees of CIMA Services Management, Inc. (the Company or Sponsor), and Peak Industrial Construction Management, Inc. (Participating Employer) to provide them with the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally effective on January 1, 2015, and most recently amended and restated on January 1, 2025, to conform to tax laws and regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the terms of the plan document for a more complete description of the Plan's provisions.

Eligibility: Employees (except for union employees and certain nonresident aliens) who have attained the age of 18 and completed 60 days of service are eligible to participate in the Plan. The entry date is the first day of the month coinciding with or next following the date eligibility requirements are satisfied.

Contributions: Participants may elect to reduce their compensation by a specific percentage and have that amount contributed to the Plan as a salary deferral. There are two types of salary deferrals: pre-tax 401(k) deferrals, and Roth 401(k) deferrals. Total deferrals in any taxable year may not exceed the dollar limit which is set by law. Participants who are at least 50 or will attain age 50 before the end of a calendar year may defer additional amounts as catch-up contributions. Participants may modify or revoke their salary deferrals at any time.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. During 2025, the Company made a matching contribution equal to 50% of a participant's deferral contribution up to 6% of a participant's compensation.

Participants are also permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, Plan earnings and losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Investment Options: Participants direct the investment of their entire interest in the Plan into various investments offered by the Plan. Participants may redirect future contributions or exchange existing balances among available investment options at any time.

Notes Receivable from Participants: A participant may borrow from their retirement account a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account. The loan is charged a reasonable rate of interest equal to 1% above the prime rate. Principal and interest is paid ratably through payroll deduction.

Payment of Benefits: Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan upon termination of employment, normal retirement, disability, or death. If the vested account does not exceed $7,000, then the vested account balance is distributed to the participant in a single lump-sum payment. If the vested account balance exceeds $7,000, the participant must consent to any distribution before it is made and elect to receive the distribution in a single lump-sum payment, installments, or partial withdrawals.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participants may also receive a distribution from the Plan from certain accounts prior to termination of employment provided they have attained age 59½. A hardship distribution may also be made to satisfy certain immediate and heavy financial needs that a participant has.

Plan Termination: Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants will become 100% vested. The Company will direct the distributions of participants' accounts in a manner permitted by the Plan as soon as practicable.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Vesting: Participants are immediately vested in their contributions, rollovers, and actual investment earnings thereon. Vesting in the employer discretionary matching contribution portion of their accounts plus actual investment earnings thereon is based on vesting years of service. Participants vest as follows:

Years of Service	Percentage
1	25%
2	50%
3	75%
4	100%

Forfeited Accounts: If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $11 and $59,660, respectively. During 2025, forfeitures of $83,616 were used to reduce employer matching contributions.

Subsequent Events: The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures, and actual results could differ from those estimates.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments other than the fully benefit-responsive investment contract are reported at fair value as further described in Notes 3 and 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and global event risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2* – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of relevant unobservable inputs.

(Continued)

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: The Plan holds participation units in a stable value collective trust fund measured at fair value using net asset value (NAV) as a practical expedient. The stable value collective trust permits daily redemptions at net asset value. The fund requires 12 months' irrevocable written notice for the redemption of all or a portion of the Plan's participation in the fund.

Pooled Separate Accounts: The fair values of participation units held in pooled separate account subaccount are based on net asset values reported by the fund managers as of the financial statement date and recent transaction prices. Each of the pooled separate accounts held by the Plan is a passively managed fund that invests in a single, open-ended mutual fund. The underlying investment composition of the pooled separate accounts as of December 31, 2024, was approximately 95% equity security funds and 5% fixed income security funds. Each pooled separate sub-account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 9,592,146	$ -	$ -	$ 9,592,146
Investments measured at NAV as a practical expedient*				273,024
Total investments at fair value				$ 9,865,170

(Continued)

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

	2024			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Pooled separate accounts (sub-accounts of Separate Account D)*	$ -	$ -	$ -	$ 7,533,586
Total	$ -	$ -	$ -	$ 7,533,586

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the financial statements of net assets available for benefits.

NOTE 4 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC and Voya Retirement Insurance and Annuity Company. ADP Retirement Trust Services, LLC certified the investments held in mutual funds and notes receivable from participants and Voya Retirement Insurance and Annuity Company certified the plan investment in the group annuity contract.

NOTE 5 – GROUP ANNUITY CONTRACT

The Plan holds a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (“Voya”). Voya maintains amounts invested under the contract in its general account. The account is credited with interest and is reduced for participant withdrawals and administrative expenses. Interest is credited at rates declared by Voya in accordance with the provisions of the contract. The credited interest rate may change periodically but may not be less than 1%.

Effective January 1, 2025, the Plan transitioned its recordkeeping and custodian services from Voya to ADP Retirement Services (ADP). In connection with the transition, the Voya Fixed Account was closed to new investments and transfers into the investment. Assets held in the Voya Fixed Account are being transferred from Voya in six annual installments over a five-year period, with the initial installment transferred in connection with the transition to ADP and the remaining installments transferred annually thereafter. During the installment period, the remaining assets under the contract continue to be fully benefit responsive, and participant distributions and withdrawals are permitted in accordance with the terms of the Plan and the contract. Upon completion of the installment period, any remaining assets in the Voya Fixed Account will be transferred to the Plan’s successor investment option.

(Continued)

NOTE 5 – GROUP ANNUITY CONTRACT (Continued)

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, administrative expenses, and amounts transferred pursuant to the installment arrangement described above.

The Plan's ability to receive amounts due under the contract is dependent on Voya's ability to meet its financial obligations. Voya's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value with Voya. Management does not believe any events are probable of occurring that would limit the ability of participants to transact at contract value under the terms of the Plan and the contract. In addition, certain events may allow Voya to terminate the contract with the Plan and settle at an amount different from contract value. Management believes that events that would allow Voya to settle the contract at an amount different from contract value are not probable of occurring.

NOTE 6 – TAX STATUS

On October 6, 2020, the Internal Revenue Service (IRS) stated the volume submitter profit sharing plan adopted by the Plan, as then designed, qualified under Internal Revenue Code (IRC) section 401. Although the Plan has been amended from the original pre-approved document, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no other audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2022.

NOTE 7 – PARTY IN INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Administrative fees paid to third party providers are considered parties in interest transactions. Certain professional fees for the administration and audit of the Plan were paid by the Company. Various administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Notes receivable from participants reflect party in interest transactions.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
