INDEPENDENT AUDITOR'S REPORT

To the Administrators and Trustees of
Walters, Balido & Crain Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Walters, Balido & Crain Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Walters, Balido & Crain Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Walters, Balido & Crain Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Walters, Balido & Crain Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Walters, Balido & Crain Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Walters, Balido & Crain Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of or for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A – Description of Plan

The following description of Walters, Balido & Crain ("Company") Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established March, 2006 and is a defined contribution plan covering eligible employees of the Company as of the first entry date following completion of one year of service and obtaining age twenty-one. Employees must meet the 1,000-hour last day rule to be eligible for Company discretionary profit sharing contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to the annual limit in any calendar year. Participants who have attained the age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides for an automatic enrollment feature whereby all eligible participants are automatically enrolled in the Plan unless the participant opts out of the Plan. The Company makes safe harbor matching contributions of 3% of the employee's eligible compensation. The Company also made a discretionary profit sharing contribution in the amount of $571,941 for the year ended December 31, 2025.

Participants Accounts

Each participant's account is credited with the participant's contribution and the allocation of (a) the Company's contribution, (b) Plan earnings, net of administration expenses allocated to the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company discretionary profit sharing contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant's interest also become 100% vested upon death, reaching normal retirement age, becoming permanently disabled while employed, or upon termination of the Plan.

The vesting schedule for Company discretionary profit sharing contributions is as follows:

Years of Service	Percentage Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions into various options offered by the Plan.

Note A – Description of Plan (continued)

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also has an age fifty in-service distribution provision for participants that satisfy certain conditions.

Participant Notes Receivable
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the prime interest rate published by the Wall Street Journal at the time of loan. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts
Forfeitures of terminated participants' non-vested amounts may be used to reduce Company matching contributions and Plan expenses. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $16,263 and $11,889, respectively. There were no forfeitures used to reduce Company matching contributions during the year ended December 31, 2025.

Hardship Distribution
Under certain circumstances, a participant may qualify for certain hardship distributions if a participant has an immediate and significant financial need, subject to certain usage requirement and other conditions. The participant may receive a lump sum payment equal to the vested amount of the participant's account balance.

Note B – Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payments of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administration expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent notes receivable are treated as distributions based upon the terms of the Plan document.

Note B – Summary of Accounting Policies (continued)

Operating Expenses
In accordance with the provisions of the Plan, expenses incurred in administration of the Plan, including costs relating to asset charges and recordkeeping are paid by the Plan and allocated to all participant accounts on a pro-rata basis, or charged directly to participant accounts for fees associated with establishment of a loan or a benefit payment. Expenses not paid by the Plan are paid by the Company.

Contributions
Contributions from employees are recorded as they are withheld from the participant's wages.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note C – Fair Value Measurements
The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Note C – Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Common/collective trust funds: The fair values of the American Trust Company Unified Collective Investment Trust Funds are priced daily by Huntington Asset Services, Inc. The assets of the collective investment funds consist of exchange traded securities whose NAV values are aggregated and combined with stated fees through these procedures to arrive at fair market value.

Investments Not Classified in the Fair Value Hierarchy

Stable value common/collective trust fund: The American Trust Company Metlife Stable Value Fund is a collective investment trust holding a fully benefit responsive group annuity contract with MetLife and is valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024**:**

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**

Total Investments	$ 20,099,219	$ 30,773	$ -	$ 22,344,408

See accompanying auditor's report.

Note C – Fair Value Measurements (continued)

(a) Investments that were measured at net asset value as provided by the trustee have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025 are reported in net appreciation (depreciation) in fair value of investments.

Note D – Investments Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by American Trust Company, the trustee.

	2025	2024
Investments at fair value:		
Mutual funds	$ 23,967,541	$ 20,099,219
Common/collective trust funds	43,491	30,773
Investments measured at net asset value	2,424,429	2,214,416
Investment income	3,172,373	2,362,613

Note E – Plan Amendments

The Plan document was most recently amended effective January 1, 2024. None of the amendment provisions adversely impact prior employee benefits accumulated under the Plan.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note G – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note H – Tax Status

The Plan operates in accordance with Ascensus LLC defined contribution pre-approved plan. The third party administrator received a favorable advisory letter dated June 30, 2020, in which the Internal Revenue Service stated that the basic plan document, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated with the applicable requirements of the IRC.

See accompanying auditor's report.

Note I – Related-Party and Party-In-Interest Transactions

The Plan invests in certain funds sponsored and/or managed by Trinity Portfolio Advisors, LLC (investment advisor) or American Trust Company (the trustee, as defined by the Plan), and therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivables to participants, which are secured by the participant's account balances, and therefore, these transactions also qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

Note J – Date of Management's Review of Subsequent Events

Subsequent events were evaluated through October 15, 2026, which is the date the financial statements were available to be issued.

Note K – Reconciliation with Form 5500

The following is a reconciliation of net asset available for benefits per the financial statements to Schedule H of Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 27,128,431	$ 22,927,495
Less: contributions receivable	(614,766)	(508,838)
Net assets available for benefits per Sch. H of the Form 5500	$ 26,513,665	$ 22,418,657

The following is a reconciliation of contributions income per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

	2025
Contributions income per the financial statements	$ 2,250,388

INDEPENDENT AUDITOR'S REPORT

To the Administrators and Trustees of
Walters, Balido & Crain Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Walters, Balido & Crain Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Walters, Balido & Crain Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Walters, Balido & Crain Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Walters, Balido & Crain Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Walters, Balido & Crain Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Walters, Balido & Crain Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of or for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A – Description of Plan

The following description of Walters, Balido & Crain ("Company") Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established March, 2006 and is a defined contribution plan covering eligible employees of the Company as of the first entry date following completion of one year of service and obtaining age twenty-one. Employees must meet the 1,000-hour last day rule to be eligible for Company discretionary profit sharing contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to the annual limit in any calendar year. Participants who have attained the age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides for an automatic enrollment feature whereby all eligible participants are automatically enrolled in the Plan unless the participant opts out of the Plan. The Company makes safe harbor matching contributions of 3% of the employee's eligible compensation. The Company also made a discretionary profit sharing contribution in the amount of $571,941 for the year ended December 31, 2025.

Participants Accounts

Each participant's account is credited with the participant's contribution and the allocation of (a) the Company's contribution, (b) Plan earnings, net of administration expenses allocated to the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company discretionary profit sharing contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant's interest also become 100% vested upon death, reaching normal retirement age, becoming permanently disabled while employed, or upon termination of the Plan.

The vesting schedule for Company discretionary profit sharing contributions is as follows:

Years of Service	Percentage Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions into various options offered by the Plan.

Note A – Description of Plan (continued)

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also has an age fifty in-service distribution provision for participants that satisfy certain conditions.

Participant Notes Receivable
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the prime interest rate published by the Wall Street Journal at the time of loan. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts
Forfeitures of terminated participants' non-vested amounts may be used to reduce Company matching contributions and Plan expenses. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $16,263 and $11,889, respectively. There were no forfeitures used to reduce Company matching contributions during the year ended December 31, 2025.

Hardship Distribution
Under certain circumstances, a participant may qualify for certain hardship distributions if a participant has an immediate and significant financial need, subject to certain usage requirement and other conditions. The participant may receive a lump sum payment equal to the vested amount of the participant's account balance.

Note B – Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payments of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administration expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent notes receivable are treated as distributions based upon the terms of the Plan document.

Note B – Summary of Accounting Policies (continued)

Operating Expenses
In accordance with the provisions of the Plan, expenses incurred in administration of the Plan, including costs relating to asset charges and recordkeeping are paid by the Plan and allocated to all participant accounts on a pro-rata basis, or charged directly to participant accounts for fees associated with establishment of a loan or a benefit payment. Expenses not paid by the Plan are paid by the Company.

Contributions
Contributions from employees are recorded as they are withheld from the participant's wages.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note C – Fair Value Measurements
The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Note C – Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Common/collective trust funds: The fair values of the American Trust Company Unified Collective Investment Trust Funds are priced daily by Huntington Asset Services, Inc. The assets of the collective investment funds consist of exchange traded securities whose NAV values are aggregated and combined with stated fees through these procedures to arrive at fair market value.

Investments Not Classified in the Fair Value Hierarchy

Stable value common/collective trust fund: The American Trust Company Metlife Stable Value Fund is a collective investment trust holding a fully benefit responsive group annuity contract with MetLife and is valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024**:**

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**

Total Investments	$ 20,099,219	$ 30,773	$ -	$ 22,344,408

See accompanying auditor's report.

Note C – Fair Value Measurements (continued)

(a) Investments that were measured at net asset value as provided by the trustee have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025 are reported in net appreciation (depreciation) in fair value of investments.

Note D – Investments Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by American Trust Company, the trustee.

	2025	2024
Investments at fair value:		
Mutual funds	$ 23,967,541	$ 20,099,219
Common/collective trust funds	43,491	30,773
Investments measured at net asset value	2,424,429	2,214,416
Investment income	3,172,373	2,362,613

Note E – Plan Amendments

The Plan document was most recently amended effective January 1, 2024. None of the amendment provisions adversely impact prior employee benefits accumulated under the Plan.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note G – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note H – Tax Status

The Plan operates in accordance with Ascensus LLC defined contribution pre-approved plan. The third party administrator received a favorable advisory letter dated June 30, 2020, in which the Internal Revenue Service stated that the basic plan document, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated with the applicable requirements of the IRC.

See accompanying auditor's report.

Note I – Related-Party and Party-In-Interest Transactions

The Plan invests in certain funds sponsored and/or managed by Trinity Portfolio Advisors, LLC (investment advisor) or American Trust Company (the trustee, as defined by the Plan), and therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivables to participants, which are secured by the participant's account balances, and therefore, these transactions also qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

Note J – Date of Management's Review of Subsequent Events

Subsequent events were evaluated through October 15, 2026, which is the date the financial statements were available to be issued.

Note K – Reconciliation with Form 5500

The following is a reconciliation of net asset available for benefits per the financial statements to Schedule H of Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 27,128,431	$ 22,927,495
Less: contributions receivable	(614,766)	(508,838)
Net assets available for benefits per Sch. H of the Form 5500	$ 26,513,665	$ 22,418,657

The following is a reconciliation of contributions income per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

	2025
Contributions income per the financial statements	$ 2,250,388
Plus: contributions receivable for December 31, 2024	508,838
Less: contributions receivable for December 31, 2025	(614,766)
Contributions income per Sch. H of the Form 5500	$ 2,144,460

Receivables are reported on the Schedule H of Form 5500 on the modified cash basis and are presented on the financial statements on the accrual basis.

See accompanying auditor's report.
