Report of Independent Auditor

To the Participants and Plan Administrator
DNC 401(k) Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the DNC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2025, and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following description of the DNC 401(k) Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan Agreement, as amended and restated, for a more complete description of the Plan's provisions.

General – The Plan was established on September 1, 1997 and was most recently amended and restated effective January 1, 2024. The Plan is a defined contribution plan covering substantially all employees of the DNC Services Corp (the "Company" or "Plan Sponsor"). The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan, the Plan Sponsor, or participant accounts.

Participant Contributions – Employees of the Company who are at least 18 years of age and completed three months of continuous service are eligible to participate in the Plan. Participants are automatically enrolled in the Plan. The Company will deduct 3% of their eligible compensation, as defined in the Plan, unless the participant elects otherwise. Participants may make salary deferral contributions in any percentage up to 100% of their pretax annual compensation, up to a maximum of $23,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $7,500. Additionally, if a participant is eligible to make deferrals and is age 60-63 before the end of the calendar year, the participant may defer an additional $11,250 into the Plan as a pre-tax contribution, subject to certain IRC limitations and limits as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions – The Company contributes to the Plan through matching contributions in the form of safe harbor matching contributions. The Company's safe harbor matching contribution during 2025 was 100% of the amount of the participant's elective deferrals that do not exceed 5% of the participant's compensation. The safe harbor matching contribution for the year ended December 31, 2025 was $833,926. The Company may also elect to contribute a discretionary employer match. There were no discretionary matching contributions for the year ended December 31, 2025. Contributions are subject to certain limitations.

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions, and employer safe harbor contributions, plus actual earnings (losses) thereon. Participants may direct the investment of contributions on a daily basis into various investment options offered by the Plan. Participants become 100% vested in discretionary employer matching contributions after three years of service.

Participant Accounts – Individual accounts are maintained for each participant and include participants' salary deferral contributions, rollover contributions, and distributions plus an allocation of the Plan Sponsor safe harbor matching contributions, and discretionary matching contributions, if any, and Plan earnings (losses) including realized and unrealized gains and losses on investments and Plan expenses. Allocations are based on participant earnings or account balances, as defined by the Plan.

Forfeitures – Terminating participants forfeit nonvested Plan Sponsor contributions. Remaining forfeitures shall be used to pay Plan expenses or against safe harbor matching contributions in accordance with specific Plan provisions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $13,481 and $13,195, respectively. During the year ended December 31, 2025, $204 of forfeitures were used to offset safe harbor matching contributions.

Note 1—Description of the Plan (continued)

Payment of Benefits – Upon termination of service due to death, disability, or retirement, or attainment of age 59½, a participant with an account balance of $5,000 or greater may elect to receive a distribution as a lump sum payment, or periodic payments in the form of a qualified joint and survivor annuity or life annuity. A participant with an account balance of less than $5,000 is required to take a lump sum payment upon termination of service. For termination of service for other reasons, a participant may either directly rollover their vested account balance to an individual retirement account or another employer plan or receive the value of the vested interest in his or her account as a lump sum distribution.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their eligible account balance, reduced by any outstanding loan balance. Participants may have up to three loans outstanding during a period of 12 consecutive months. Loans must be repaid within five years unless it is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and by any other adequate collateral deemed necessary by the Plan Sponsor. The loans bear interest at a rate determined by the Plan administrator. At December 31, 2025, interest rates ranged from 7.25% to 9.50%.

Investment Options – Participants may direct Voya Retirement Insurance and Annuity Company ("VOYA" or the "Trustee"), as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may also be made at any time.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value, except for the fully benefit-responsive investment, which is reported at contract value (see Note 6). U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2—Summary of significant accounting policies (continued)

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Fair Value Measurement – U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These public investment vehicles are valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

Money Market Fund – This investment is valued at the closing price reported on the active market on which the individual security is traded and is classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 3—Tax status

The prototype plan adopted by the Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan has been amended since receiving the opinion letter, however management believes the Plan remains qualified. The Plan has not received an opinion letter specific to the Plan itself; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and, therefore, the Plan continues to be tax-exempt.

U.S. GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 5—Information certified by qualified institution

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the Trustee of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements:

- Investments at fair value, guaranteed interest contract, at contract value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Net appreciation in fair value of investments, interest and dividend income, and interest on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 6—Guaranteed interest contract, at contract value (fully benefit-responsive investment)

The Plan has an annuity contract with VOYA that invests contributions in the Voya Fixed Account. The Voya Fixed Account is intended to be a long-term investment for participants seeking stability of principal.

The Voya Fixed Account guarantees principal and a minimum guaranteed interest rate for the life of the investment as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate decreased for a defined period – currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate. The current rate, the guaranteed minimum floor rate, and the minimum guaranteed interest rate are expressed as annual effective yields. Taking the effect of compounding into account, the interest credited to a participant's account daily yield the then current credited rate. VOYA's determination of credited interest rates reflect a number of factors, including mortality and expense risks, interest rates guarantees, the investment income earned on invested assets, and the amortization of any capital gains and/or losses realized on the sale of invested assets. Under this option, VOYA assumes the risk of investment gain or loss by guaranteeing the principal amount the participant allocates to this option and promising a minimum interest rate during the accumulation period and also throughout the annuity payout period, if applicable.

The declared rate for the Voya Fixed Account is 1.40%, expressed as an annual effective yield. The declared rate may change and be higher or lower than previously identified rates. The interest rate credited to participants accounts is guaranteed not to be less than 1.00%.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan document (including complete or partial termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investments or deletion of equity wash provisions, (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the Fixed Account to qualify from exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note 7—Parties-in-interest

Certain Plan investments are managed by VOYA and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to VOYA by the Plan amounted to $11,784 for the year ended December 31, 2025.

Notes receivable from participants qualify as party-in-interest transactions.

Note 8—Fair value measurements

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described in Note 2, as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments:				
Mutual funds	$ 24,208,609	$ -	$ -	$ 24,208,609

Money market fund	3,435	-	-	3,435
Total investments at fair value	$ 20,247,262	$ -	$ -	$ 20,247,262

Note 9—Delinquent participant contributions

During the Plan years ended December 31, 2025 and 2024, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions totaled $225,609 in 2025 and $193,970 in 2024. Additionally, the Company has compensated participants for 2024 lost earnings and will be compensating participants for 2025 lost earnings resulting from the delay in contributions.

Note 10—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 24,774,577	$ 21,058,238
