INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Intellipro Group Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Intellipro Group Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Intellipro Group Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Intellipro Group Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Intellipro Group Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Intellipro Group Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Intellipro Group Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the Intellipro Group Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan sponsored and administered by Intellipro Group Inc. and was established on September 1, 2014 for the benefit of all eligible employees of the Company. Employees can enroll into the Plan upon employment starts. Generally, the Plan covers all employees of the Company except for employees who are:

- At under the age of twenty-one

The Plan is subjected to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Plan trustees oversees governance of the Plan.

b. Participant Contributions

Every year participants may elect to have 1% to 90% of their compensation (as defined in the Plan) withheld and contributed to their basic account in the Plan, subject to the Internal Revenue Service ("IRS") pretax contribution limits. Participants may contribute up to $23,500 for the year ended December 31, 2025. Participants who are age 50-59 and above 64 may make an additional catch-up contribution of $7,500. Participants between the ages of 60-63 may contribute a higher catch-up contribution amounting to $11,250.

The Plan also permits Roth 401 (k) contributions into the Plan. Participants may also make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. All contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

c. Company's Contributions

The Company may at its sole discretion, make matching contributions to all eligible participants at a certain percentage of the participant's elective deferrals at the end of the Plan year. The Company had no contribution to the Plan in 2025.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of any administrative expenses that are paid by the Plan to the extent that not paid by the Company.

Note 1 – Description of Plan (continued)

d. Participant Accounts (continued)

Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately 100% vested in their accounts with respect to participant contributions (including catch-up, Roth and rollover contributions) and earnings thereon.

Vesting in the employer's discretionary contribution, portion of their accounts is based on the following schedule:

Years of Employment	Vested Percentages
Less than 3 years	0%
3 Years or More	100%

f. Rollovers

With the approval of the plan administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

An aggregate of $139,551 was rolled into the Plan during the year ended December 31, 2025, and is included in rollovers on the statement of changes in net assets available for benefits.

g. Forfeited Accounts

Forfeitures, if any, will be allocated to Participants in accordance with the applicable formula elected by the employer. Forfeitures can be applied to reduce the employer's matching contribution or administrative expenses payable under the Plan. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $11,089 and $16,606, respectively. These accounts will be used to reduce future employer contributions. For the year ended December 31, 2025, there were no forfeitures used to reduce employer contribution or administrative expenses.

h. Investment Options

Participants can direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers thirty-seven pre-selected mutual funds. Participants may change their investment options and allocations on a quarterly basis.

Note 1 – Description of Plan (continued)

i. Notes Receivable from Participants

Participants may borrow from their fund accounts. Each participant may have up to two loans outstanding at any one time, only one of which may be a primary residence loan. Loan fees and interest due are paid by the participants. Minimum loan amount is $500, a new loan, when added to the outstanding balance of all loans from the Plan, will be limited to 50% of participant's vested account balance to a maximum of $50,000.

However, the maximum $50,000 amount is reduced by the excess of participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan, over the participant's current outstanding balance of loans as of the date of the new loan.

The maximum repayment period is generally not more than 5 years for a general-purpose loan. If the loan is obtained for the purpose of purchasing a primary residence, the loan will be repaid within a period not to exceed 30 years. The loan will bear interest at the prime rate plus 2%. Principal and interest is paid ratably through each pay period. All loans must be secured by not more than 50% of the participant's vested account balance.

j. Payment of Benefits

Upon separation from service due to termination of employment, death, disability, retirement or attainment of the age of 59½, the participant may receive their entire vested portion in a lump sum. A participant generally has two options concerning the account balance when a distribution is made:

- The participant may elect to roll-over the vested account balance to another qualified retirement plan or to an individual retirement account; or
- The participant may elect to have the vested account balance paid directly to him and income taxes will be withheld accordingly.

If the value of the vested account (minus any rollover contribution account but including any outstanding loan balance) is less than $5,000 when the participant employment is terminated, the participant will receive a distribution of the entire vested portion of the account balance and the non-vested portion will be forfeited.

The Plan allows for hardship or in-service withdrawals but is subject to the approval of the Plan administrator.

Note 2 – Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts.

b. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included in administrative expense when incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant notes receivables are recorded as benefit payments based on terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies (continued)

e. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

f. Payment of Benefits

Benefits are recorded when paid.

g. Excess Contributions Payable

Account payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan did not pass the Actual Deferral Percentage ("ADP") Test for the 2025 plan year. The excess contribution of $80,345 and $70,736 were accrued as of December 31, 2025 and 2024, respectively, the Plan distributed the 2025 and 2024 excess contributions to the applicable participants prior to March 15, 2026 and 2025, respectively.

h. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

i. Date of Management's Review of Subsequent Events

The Plan management has evaluated subsequent events through October 5, 2026, the date at which the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Note 3 – Fair Value Measurements (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other mean

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual fund. Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at the fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,931,421	$ -	$ -	$ 6,931,421
Investments at fair value	$ 6,931,421	$ -	$ -	$ 6,931,421

Note 3 – Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,018,019	$ -	$ -	$ 6,018,019
Investments at fair value	$ 6,018,019	$ -	$ -	$ 6,018,019

Note 4 – Related-Party Transactions and Party in Interest Transactions

ADP Company is the record keeper for the Plan, therefore, these transactions qualify as party-in-interest transactions. The Company pays directly for other expenses related to the Plan's operation.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 – Income Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan was amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
