INDEPENDENT AUDITORS' REPORT

To the Concrete and Aggregate Employees 401(k) Plan Trustees and Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Concrete and Aggregate Employees 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Concrete and Aggregate Employees 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C, D, and E in the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Concrete and Aggregate Employees 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Concrete and Aggregate Employees 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Concrete and Aggregate Employees 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Concrete and Aggregate Employees 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets Held (At End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF THE PLAN

Concrete and Aggregate Employees 401(k) Plan (the "Plan") was established by Lauren Concrete, Inc. and Texas Aggregate, LLC. (the "Company"), two separate companies under common ownership. The following description of the Plan provides only general information. Participants should refer to the summary plan description or the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are eligible to enter the Plan the first day of each month. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute to the Plan on a pretax or after-tax basis, subject to statutory limits, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching contributions at the option of Company management. These contributions, if made, will be computed by the Company based on eligible participants compensation deferred into the Plan each payroll period. The Plan defines compensation as all income subject to income tax and paid by the Company during the Plan year within IRS established limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution (if any), Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Administrative Expenses

The Plan's administrative expenses primarily consist of fees paid to third parties for investment management, record keeping, annual audit, and other administrative fees. The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or an aggregate outstanding loan balance of $50,000. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE A – DESCRIPTION OF THE PLAN – continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Participants vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon will be based on one year of service. Service is defined as elapsed time generally based upon your date of employment with your employer. Vesting is determined as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	100%

A participant will be considered fully vested upon attaining normal retirement age of 65, or if active employment ceases due to death or disability.

Forfeitures

Forfeitures of non-vested Company contributions are used to first reduce any administrative expenses with any remaining forfeitures to be used to reduce future Company contributions. During the years ended December 31, 2025 and 2024, $22,125 and $21,777, respectively, of forfeited participant accounts were used to reduce the Company's administrative expenses. At December 31, 2025, there were $0 of forfeited participant accounts that were available to be applied to reduce the Company's future contributions.

Plan Participation

Employees become eligible to participate in the Plan on the first day of each month, following initial hire date.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting, in conformity with generally accepted accounting principles in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from these estimates.

Risks and Uncertainties

The Plan provides for investments in various securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Investment Valuation and Income Recognition

The investments are presented at fair value based on quoted market prices of the underlying securities within each fund at December 31, 2025 and 2024. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan has a collective trust investment, the Fidelity Managed Income Portfolio Fund ("the MIP"). The fund seeks to preserve the principal investment while earning a level of interest income that is consistent with principal preservation. The fund seeks to maintain a stable net asset value (NAV) of $1 per share, but it cannot guarantee that it will be able to do so. The yield of the fund will fluctuate. The fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions ("Contracts"), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The fund may also invest in futures contracts, option contracts, and swap agreements. All of which are subject to minimum credit quality and diversification standards. Withdrawals made by participants are made available daily. Plan sponsor level directed withdrawals require a twelve month advance written notice. As of December 31, 2025 and 2024, there were no unfunded commitments related to the common collective trust investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable accounts are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2025 and 2024, there were no participants who had elected to withdraw from the Plan that were not yet to be paid.

Corrective Distributions

Corrective distributions are required when employee contributions exceed contribution limitations of the Plan. These amounts are recorded as a liability in the year in which they were initially contributed to the Plan and reduce contributions received.

Allowance for Credit Losses

The Plan recognizes an allowance for credit losses for financial assets carried at amortized cost to present the net amount expected to be collected as of the balance sheet date. Such allowance is based on the credit losses expected to arise over the life of the asset (contractual term) which includes consideration of prepayments and renewal/extension options that are not accounted for as derivatives and are not unconditionally cancellable by the Plan.

Assets are written off when it is determined that such financial assets are deemed uncollectible or based on regulatory requirements, whichever is earlier. Write-offs are recognized as a deduction from the allowance for credit losses.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Allowance for Credit Losses – continued

Expected recoveries of amounts previously written off, not to exceed the aggregate of the amount previously written off, are included in determining the necessary reserve at the balance sheet date. At December 31, 2025 and 2024, the Plan had no financial assets carried at amortized cost.

NOTE C – INVESTMENTS

During 2025, the Plan's investments (including gains and losses on investments bought and sold, as well as held at the end of the year), which are all participant-directed, had a net appreciation of $1,813,716.

NOTE D – FAIR VALUE MEASUREMENTS

The framework established under generally accepted accounting principles in the United States of America provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable input.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued at the net asset value (NAV) and has been determined to have a readily determinable fair value by the Plan at year end.

Common collective trust: Valued at observable net asset value (NAV) of the underlying investments as reported by the investment company.

NOTE D – FAIR VALUE MEASUREMENTS – continued

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,387,014	$ -	$ -	$ 16,387,014
Total investments at fair value	$ 16,387,014	$ -	$ -	$ 16,387,014

Reconciliation of investments	
Investments at fair value	$ 16,387,014
* Common collective trust stable value funds measured at net asset value	1,085,947
Total investments	$ 17,472,961

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,943,739	$ -	$ -	$ 13,943,739
Total investments at fair value	$ 13,943,739	$ -	$ -	$ 13,943,739

Reconciliation of investments	
Investments at fair value	$ 13,943,739
* Common collective trust stable value funds measured at net asset value	1,168,565
Total investments	$ 15,112,304

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

NOTE E – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520. 103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments are at fair value included in the investment amount, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Common Collective Trust Stable Value Fund, at net asset value, included in the investment amount as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Total investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, with the exception of the notes receivable from participants, which are not yet certified.

NOTE F – RELATED PARTY TRANSACTIONS

The Plan maintains transactions with certain parties in interest, as defined by the Employee Retirement Income Security Act of 1974 ("ERISA"). Parties in interest generally include the Plan sponsor, trustees, investment managers, service providers, and other related entities. During the current year, the Plan engaged in the following transactions with parties in interest:

- Service Provider Fees: The Plan paid $55,969 in recordkeeping and administrative fees to Fidelity, which is a party in interest. The Plan paid $20,000 in fees for investment management services to Gallagher Benefit Services Inc., which is a party in interest. The Plan paid $3,710 in fees for investment management services to Strategic Advisors Inc., which is a party in interest.
- Investments Managed by Parties in Interest: At December 31, 2025, the Plan held investments totaling $3,605,625 managed by an affiliate of the Plan's trustee, consisting of $2,519,678 in mutual funds and $1,085,947 in a collective investment trust.
- The Plan had contribution, distribution, and loan transactions with parties-in-interest totaling $480,042.

These transactions are considered exempt party-in-interest transactions under ERISA Section 408(b). Management believes all such transactions were conducted in the normal course of the Plan's operations and at terms that were reasonable.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balance.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 at December 31, 2025 and 2024:

	2025	2024

Corrective distributions for 2025 paid in 2026	28,195
Net income per the Form 5500	$ 2,464,425

NOTE I – TAX STATUS

The Plan uses a pre-approved plan document for which the Internal Revenue Service issued a favorable opinion letter dated June 30, 2020. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE J – CONTINGENCIES

Timely Remittance of Contributions

Participant contributions totaling $438,430 and loan repayments totaling $35,435 were withheld from participants' wages during the year ended December 31, 2025, but through oversight, were not remitted to the Plan within the time frame required by the Department of Labor under the Plan asset rules. The participant contributions and the loan repayments withheld were remitted to the Plan prior to the end of the Plan year. This resulted in an estimated lost earnings calculation of $394 that is scheduled to be paid on or before October 22, 2026.

NOTE K – SUBSEQUENT EVENTS

For the year ended December 31, 2025, the Plan has evaluated subsequent events for potential recognition and disclosures through October 15, 2026, the date the financial statements were available to be issued.
