REPORT OF INDEPENDENT AUDITORS

To the Administrative Committee of
the Care Indeed 401(k) Retirement Plan
Menlo Park, CA 94025

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Care Indeed 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Care Indeed 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Care Indeed 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Care Indeed 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Care Indeed 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Care Indeed 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

15925 CARMENITA ROAD, CERRITOS, CA 90703 | TEL 562.229.1220 | FAX 562.229.1221 | WWW.CHUGH.NET

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Care Indeed 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General
The Plan was established on March 1, 2019, in accordance with Section 401(k) of the Internal Revenue Code.

Eligibility
The Plan provides eligibility for participation for all employees of Care Indeed Inc. (the "Company") who are at least 21 years of age, and upon completion of 6 consecutive months from date of employment during which employee completes 200 hours of service.

The following employees are excluded employees, not entitled to participate in the Plan:
- Union employees whose employment is governed by a collective bargaining agreement
- Certain nonresident aliens who have no earned income from sources within the United States
- Leased employees

Plan Administration
The Plan is administered by Care Indeed Inc. Reliance Trust Company serves as the trustee, while ADP acts as the recordkeeper and third-party administrator, responsible for processing and maintaining participant data records.

Participant Contributions
Employee contributions to the Plan are deferrals of the employee's compensation made through a direct reduction of compensation in each payroll period. The plan has two kinds of Elective Deferrals, the participants are able to make– 1) Pre-Tax 401(k) deferrals or 2) Roth 401(k) deferrals. The maximum tax deferred contribution may not exceed 90% of their annual eligible earnings, as defined in the Plan, on a tax – deferred basis, up to a maximum amount allowed by the Internal Revenue Code ("IRC").

Furthermore, the Plan allows for automatic enrollment into the Plan at a contribution rate of 4% of eligible compensation, unless the employee affirmatively elects otherwise.

Employer Contributions
The Company may make discretionary matching contributions equal to a discretionary percentage determined by the Company, of the participant's elective deferrals. For the year ended December 31, 2025, the Company contributed a matching contribution of $0.25 for $1.00 up to 4% participants elective deferrals.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of services. A participant is 100 percent vested after 6 years of credited service.

Participant Accounts
Each participant's account is credited with participant's contribution and earnings thereon and allocations of the Company's contribution and related earnings and charged with an allocation of administrative expenses. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollover Contributions
Participants are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans and individual retirement accounts. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Investment Options
Participants may direct investments of their account balance among several investment options.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of the value of their vested account balance. Loan terms shall not be for more than five years unless the loan is for the purchase of a principal residence. Loan used to purchase primary residence may be repaid within period of no more than 30 years. The loans are secured by the remaining vested balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Benefit Payments
Upon retirement, death, disability, or termination, a participant or his/her beneficiary may elect to receive accumulated retirement benefits in a single distribution in cash. In addition, a terminated participant may also elect to transfer into an individual retirement accounts all amounts which qualify as a rollover under the provisions of the Internal Revenue Code of 1986, as amended.

Forfeitures
Forfeitures may be used to pay plan administrative expenses or to reduce employer contributions. As of December 31, 2025 and 2024, the forfeiture account balances were approximately $500 and $1,200, respectively. During 2025, forfeitures were approximately $23,400. Forfeitures totaling approximately $24,200 were used to reduce employer contributions.

Administrative Expenses
Certain administrative fees are paid by the Plan. Expenses that relate solely to a participant are assessed against such participant as provided in the Plan agreement.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2. Significant Accounting Policies

Basis of Presentation
The financial statements of the plan are prepared using accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
GAAP requires the plan management/administrator to make estimates and assumptions that affect certain reported amounts of net assets and changes therein. Actual results may differ from those estimates.

Investments
The plan's investments are stated at market value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Participant loans are valued at their outstanding balances, which approximates fair value. Purchases and sales of securities are recorded on a trade- date basis. Investment income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date.

A stable value fund is a form of common collective trust fund which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recognized on the accrual basis. Related fees are recorded as administrative expenses when incurred. Participant loans are removed from notes receivable when the outstanding balances are offset against participants' accounts in accordance with the provisions of the Plan.

Excess Contributions Payable
As of December 31, 2025, no excess contributions were identified, and therefore no liability was recorded in the accompanying financial statements.

Net Appreciation in Fair Value of Investments
Net appreciation in the fair value of investments, as recorded in the accompanying statements of changes in net assets available for benefits, includes changes in the fair value of investments acquired, sold, or held during the year.

Rollover Contributions
Participants may contribute amounts representing distributions from other qualified retirement plans. These rollover contributions are non-payroll participant deposits that are included within participant contributions on the accompanying Statement of Changes in Net Assets Available for

Benefits. Rollover contributions are recorded when received by the Plan. For the year ended December 31, 2025, rollover contributions totaled approximately $58,900.

Other Income and Other Expenses
The plan sponsor established a revenue sharing agreement with a mutual fund provider, resulting in other income and expenses associated with administrative fees from this arrangement. Both items are allocated to participants who invested in those mutual funds, based on their account balances. These amounts are reported in the statement of changes in net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued.

Note 3. Risks

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these securities in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 4. Fair Value Measurements

The fair value measurement standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).:

Level 1 - Inputs to the valuation methodology are quoted prices in active markets for identical assets or liabilities

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the net asset value (NAV) per share as reported by the funds at year-end. These investments are classified within Level 1 of the fair value hierarchy.

Common collective trust: Valued using the net asset value (NAV) per unit as reported by the trust as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments, less liabilities, divided by the number of units outstanding. Investments measured using the NAV practical expedient are not classified within the fair value hierarchy. Units are redeemable in accordance with the terms of the trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,041,890	$ -	$ -	$ 5,041,890
Total assets in the value hierarchy	$ 5,041,890	$ -	$ -	5,041,890
Investments measured at NAV, practical expedient				85,365
Investments at fair value				$ 5,127,255

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,843,474	$ -	$ -	$ 3,843,474
Total assets in the value hierarchy	$ 3,843,474	$ -	$ -	3,843,474
Investments measured at NAV, practical expedient				66,162
Investments at fair value				$ 3,909,636

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Note 5. Certified Investment Information

The Plan administrator elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C). Reliance Trust Company, the Plan's trustee and custodian, certified as complete and accurate, to the best of its knowledge and belief, the information furnished to the Plan administrator pursuant to 29 CFR 2520.103-5(c), including information prepared by ADP, the Plan's recordkeeper, on behalf of Reliance Trust Company with respect to assets of the Plan held by Reliance Trust Company in a separate trust or custodial account.

Note 6. Party-In-Interest Transactions

Certain Plan transactions involving the trustee, recordkeeper, and other service providers constitute party-in-interest transactions under ERISA. The Plan pays fees to certain service providers for services rendered to the Plan. Such transactions are exempt from the prohibited transaction provisions of ERISA to the extent the applicable exemption requirements are satisfied.

Notes receivable from participants also constitute party-in-interest transactions under ERISA and are exempt from the prohibited transaction provisions of ERISA, provided the requirements of ERISA Section 408(b)(1) are satisfied.

Note 7. Income Tax Status

The Plan was determined to qualify under Section 401 (k) of the Internal Revenue Code (the Code) and therefore, is exempt from federal income taxes under Section 501(a) of the Code. The Plan is exempt from state taxes under similar statutes. As long as the plan maintains its tax exemption, the Plan is not liable for federal and state taxes.

GAAP requires the plan administrator to evaluate uncertain tax positions taken by the plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress
