REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Retirement Plan Committee
E.C. Styberg Engineering Company 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of E.C. Styberg Engineering Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at year end) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the E.C. Styberg Engineering Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of the Plan sponsor, E.C. Styberg Engineering Company (the Company). The Plan was established January 1, 1990. The Plan is covered under the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Under a trust agreement, Charles Schwab Trust Company (Trustee) was appointed as Trustee for the Plan. The Newport Group served as the recordkeeper of the Plan through November 14, 2024, at which point Ascensus, LLC became the recordkeeper of the Plan.

Eligibility

Employees (excluding leased employees) become eligible to participate in the Plan on the first day of the calendar quarter after their date of hire.

Contributions

Participants can elect to contribute up to 90% of their eligible compensation as defined by the Plan, subject to certain limitations as defined within the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company will match 100% of the first 6% of eligible compensation that machinist union employees contribute. Upon attaining 40 years of continuing service with the Plan sponsor, machinist union employees are eligible for an additional Company match of 50% of the first 6% of eligible compensation elected to be deferred, resulting in a maximum Company matching contribution of 9% of eligible compensation. At the end of the Plan year, the Company will make an additional contribution so that machinist union employees receive a minimum Company contribution of 3% of gross wages. Company contributions are not applicable for non-union employees and tool union employees based on current union agreements and provisions of the Plan.

Vesting and Forfeitures

Participants are fully vested at all times in their contributions and the earnings thereon. Participants become 100% vested in Company matching contributions, including the additional matching contributions, upon completion of three years of credited service. Prior to the completion of three years credited service, participants are not vested in the Company's matching contributions.

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $923 and $530, respectively. These accounts will be used to reduce future administrative expenses or Company matching contributions. For the year ended December 31, 2025, $22,659 of forfeitures were used to reduce administrative expenses.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. These accounts reflect the contributions made by each participant, all Company matching contributions and the trust earnings (loss) accumulated on the participant's account. Benefits are paid out of amounts accumulated in each participant's account. Earnings (loss) allocations are based on the proportion that each participant's account balance bears to the total of all participant account balances.

Participant Withdrawals

Upon termination of service, attaining normal retirement age of 62, death or disability, payment of a participant's benefits will be paid in a lump-sum payment if the participant's interest in the Plan does not exceed $1,000. If the participant's vested interest in the Plan exceeds $1,000, the recipient may elect to receive a lump-sum payment or installment payments (in varying frequency, over a period not to exceed the participant's life expectancy or the joint life expectancy of the participant and designated beneficiary). In-service distributions are available to participants attaining the age of 62 for any portion of their vested account balance. Prior to April 1, 2025, hardship withdrawals were not permitted by the Plan. Effective April 1, 2025, the Plan was amended and restated to permit hardship withdrawals for qualifying immediate and heavy financial needs.

Investment Options

Participants may direct the investment of their contributions, in increments of 1%, into various categories of investments. Participants may change their investment elections at any time.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of his or her vested account balance. The maximum amount of loans a participant can have outstanding at any time is one. Loans must be repaid within five years unless the loan is used for the purchase of the primary residence of the participant, in which case repayment period can be extended to a period of 10 years. The loans are secured by the balance in the participant's account. The loans bear interest at the rates that are commensurate with local prevailing rates at the date of issuance, as determined by the Plan administrator. The range of interest rates in effect on outstanding notes receivable from participants is 3.25% to 8.50% and 3.25% to 8.25% as of December 31, 2025 and 2024, respectively. Principal and interest is paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements for the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's investments are based on the specific interest that each participant has in the underlying participant-directed investment options. The investments held by the Plan are valued in accordance with the valuation techniques disclosed in Note G. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Investment Risks

Investment securities are exposed to various risks including, but not limited to, interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan agreement. For an employee whose account is distributed during the repayment period, the balance of the outstanding loan is netted from their distribution. There is no allowance for credit losses recorded as of December 31, 2025 and 2024.

Benefits Paid to Participants

Benefits are recorded when paid.

NOTE C - ADMINISTRATIVE EXPENSES

The Company pays substantially all of the administrative expenses of the Plan.

NOTE D - RELATED PARTIES/PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants to take out loans, classified as notes receivable, which are considered party-in-interest transactions. Additionally, certain administrative expenses are paid directly by the Company.

NOTE E - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Company (Trustee) has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- The assets held at end of year as of December 31, 2025, as shown on supplemental schedule H, line 4i.

NOTE F - TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. Upon termination, the trust funds shall be liquidated and each participant shall receive a pro rata distribution based on the participant's account balance. Participant account balances will become 100% vested, if not already 100% vested.

NOTE G - FAIR VALUE MEASUREMENTS

The Plan records its investments at fair value using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the valuation methodologies at December 31, 2025 and 2024.

Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end, which is obtained in an active market.

Collective trust funds - Valued at NAV based on information reported by the investment advisor using the audited financial statements of the collective trust.

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,699,650	$ -	$ -	$ 5,699,650
Investments at NAV [(a)]				17,213,038
Total investments				$ 22,912,688

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,623,672	$ -	$ -	$ 5,623,672
Investments at NAV [(a)]				17,217,149
Total investments				$ 22,840,821

[(a)] Redemption of the collective trust funds are generally permitted daily and there are no unfunded commitments.

NOTE H - INCOME TAX STATUS

The Internal Revenue Service (IRS) issued its latest opinion for the Plan on June 30, 2020, which stated the Plan and its underlying trust qualify under the applicable provisions of the IRC and, therefore, are exempt from federal income taxes. The opinion does not cover all amendments to the Plan. However, in the opinion of the Plan administrator, the Plan and its underlying trust have operated within the terms of the Plan in all material respects and remain qualified under the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2025 financial statements for subsequent events through October 15, 2026, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
