INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
MUFG Bank, Ltd. Health Benefit Plan

Opinion

We have audited the financial statements of MUFG Bank, Ltd. Health Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of Plan's benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in Plan's benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and Plan's benefit obligations as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and Plan's benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

MUFG BANK, LTD. HEALTH BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2025 AND 2024, AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the MUFG Bank, Ltd. Health Benefit Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General—The Plan was established on December 1, 2022, for the purpose of providing medical, dental, vision, and certain long-term disability (LTD) benefits to eligible active employees, disabled participants, retirees, and their eligible dependents and qualified beneficiaries. The participating employers in the Plan include MUFG Bank, Ltd. (MUFG, the "Bank") and certain MUFG affiliates (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration—The Human Capital Management Committee oversees the activities of the Benefit Plans Committee (the "Committee" and the "Plan Administrator"), which oversees the activities of the Plan. The responsibilities of the Committee include interpreting the terms of the Plan, determining eligibility for coverage and benefits under the Plan, preparing investment guidelines, designating investment managers, and monitoring investments and investment manager performance.

Eligibility (Actives)—All full-time or part-time employees who are scheduled to work at least 17 1/2 hours a week are eligible to join the Plan.

Eligible employees may elect to cover their eligible dependents, also included under the provisions of the Plan, generally defined as the participating employee's spouse, domestic partner, and eligible children. An employee, in addition to covered dependents, who ceases to be a participant in the Plan may be entitled to elect and pay for any optional extension of benefits provided under the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Medical, Dental, and Vision—The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the 401(h) account (see "401(h) Account" section that follows) or the general assets of the Company. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan. The Plan has entered into a stop-loss insurance arrangement to limit its exposure for self-insured benefits (individual participant claims over $500,000). The Plan also offers medical and dental benefits offered by health and dental maintenance organizations that are fully-insured, and the Plan bears no risk of additional cost.

Contributions (Actives)—Participating employees contribute a set amount throughout the Plan year, generally via semimonthly or biweekly payroll deductions. The Company contributes at a rate that, together with the employee contributions, is sufficient to pay expected claims, premiums, and administrative expenses. The contribution rate is based on levels of coverage and Plan experience and may change in future Plan years.

Contributions (Retirees)—Participating retirees contribute a set amount throughout the Plan year by remitting payment to the Company through a third-party administrator. The Company contributes at a rate that, together with the retiree contributions, is sufficient to pay expected claims, premiums, and administrative expenses. The contribution rate is based on levels of coverage and Plan experience, as well as eligibility thresholds based on factors including a retiree's age and service at retirement and may change in future Plan years.

Participants enrolled in the UnitedHealthcare (UHC) high-deductible medical plan option may establish a tax-advantaged savings vehicle known as a health savings account (HSA) to pay for qualified medical expenses that they or their eligible dependents incur. Contributions to the HSA may be made by the participant or the Company. The HSA is owned by the participant and is not part of the Plan. Contributions to HSAs and payments of qualified medical expenses from HSAs are not included in the statement of changes in net assets available for benefits.

A health reimbursement account (HRA) is available to participants as a medical plan option. An HRA is a nominal account attributed to each participant who elects this benefit, per the Internal Revenue Service (IRS). Claims are paid first from the HRA; after the HRA is exhausted, a plan deductible and medical coverage apply. Unused HRA balances may be carried over to subsequent years but are not funded until claims are incurred and presented to the claims administrator for payment. As of December 31, 2025 and 2024, the amount of unused HRA totaled $726,016 and $758,538, respectively.

401(h) Account—Certain participants are covered under the MUFG Bank, Ltd. Retirement Plan (the "Retirement Plan"), which includes a medical benefit component in addition to pension benefits. The Retirement Plan funded a portion of the postretirement obligation for retirees, qualified dependents and spouses, and beneficiaries in accordance with Section 401(h) of the Internal Revenue Code (IRC). A separate subaccount was established and is maintained in the Retirement Plan trust for such contributions. In accordance with Section 401(h) of the IRC, the investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. The related obligation for health benefits is not included in the Retirement Plan's accumulated plan benefits obligation but rather is reflected as an obligation in the financial statements of the Plan.

Termination—Although it has not expressed any intent to do so, the Bank has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Company will contribute the necessary amounts to fund all claims incurred prior to the date of termination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein; claims incurred but not reported; claims payable; and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—401(h) assets are invested in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Plan's benefit obligations are reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimations and assumptions in the near term could materially affect the financial statements.

Claims Incurred but Not Reported—Plan obligations as of December 31 for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Claims Paid—Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have been approved but not reimbursed by the Plan are recorded as payable to claims administrators in the accompanying statements of net assets available for benefits.

Investment Valuation and Income Recognition—401(h) investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses—Direct health and welfare benefits administration expenses paid to third-party administrators and trustee fees are considered Plan expenses. Other administrative expenses, including audit and tax preparation fees, are paid by the Company on behalf of the Plan.

Postretirement Benefits—The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Bank. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Bank and existing Plan assets.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant; to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment; and to reflect the portion of those costs expected to be borne by Medicare, the retired participants, and other providers.

Stop Loss—Premiums for stop loss insurance are included in premium payments in the accompanying statement of changes in net assets available for benefits. Stop loss refunds totaling $2,279,196 have been netted with claims paid in the accompanying statement of changes in net assets.

Refunds—Pharmacy rebates and performance guarantees are recorded when received. Rebates totaling $10,134,708 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

Deposit With Third-Party Claims Processor—Effective January 1, 2024, a third-party claims processor requires an advance deposit from the Plan to be applied against future claims paid on behalf of Plan participants. Such deposit is reported as a Plan asset until the deposit is applied against paid claims.

Subsequent Events—Subsequent events were evaluated through October 15, 2026, the date the financial statements were available to be issued.

3. ACTUARIAL PRESENT VALUE OF BENEFIT OBLIGATIONS

The significant actuarial assumptions used in the valuations of benefit obligations of the Plan as of December 31, 2025 and 2024, are as follows:

Medical, Dental, and Vision

Health Care Cost Trend Rate	
Medical Pre-65	2025—9.25%, graded down until 4.00% 2024—8.00%, graded down until 4.00%
Dental/Vision	2025—3.75%/3.00% 2024—3.50%/3.00%
Discount Rate (December 31)	2025—5.16% 2024—5.34%
Mortality	Pri–2012 white collar headcount weighted mortality table with generational projections based on MP-2021 mortality improvement projection scale

	Pre-2006 Hires		
	Age + Service		
Rates of Retirement—2025	**Age ≥ 80**	**Age < 80**	**Post-2006 Hires**
55–59	15 %	10 %	10 %
60-63	20	15	15
64	30	15	15
65-67	30	25	25
68	30	30	30
69	45	30	30
70+	100	100	100

Mortality	2025 and 2024—Pri–2012 white collar headcount weighted mortality table with generational projections based on MP-2021 mortality improvement projection scale

	Pre-2006 Hires		
	Age + Service		**Hired after**
Rates of Retirement—2024	**Age ≥ 80**	**Age < 80**	**January 1, 2006**
55–59	15 %	10 %	10 %
60-63	20	15	15
64	30	15	15
65-67	30	25	25
68	30	30	30
69	45	30	30
70+	100	100	100

The weighted-average health care cost trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, the obligation would increase as of December 31, 2025 and 2024, by $2,380,283 and $2,450,027 respectively.

The foregoing actuarial assumptions are based upon the presumption that the Plan continues indefinitely. If the Plan were to be terminated, different actuarial assumptions and other factors would be applicable in determining the actuarial present value of postretirement and postemployment benefit obligations. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that certain changes in these estimates and assumptions could be material to the financial statements.

4. FEDERAL INCOME TAX STATUS

The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the financial statements.

5. 401(H) ACCOUNT

A portion of the Plan's obligations is funded through contributions to the Retirement Plan in accordance with IRC Section 401(h). In the financial statements of the Plan and the Retiree HRA Plan, the 401(h) account is allocated between the plans on a pro rata basis based on each plan's respective share of the combined benefit obligation, as determined by the plans' actuary in the actuarial valuation report.

The 401(h) account ownership interests, components of net assets, and the related changes in net assets allocated to the Plan and the Retiree HRA Plan as of December 31, 2025 and 2024, and the year ended December 31, 2025, were as follows:
