Independent Auditor's Report

The Plan Administrator of
Community National Bank 401(k) Plan

Opinion

We have audited the financial statements of Community National Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Community National Bank 401(k) Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community National Bank 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community National Bank 401(k) Plan’s ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued..

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community National Bank 401(k) Plan’s internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community National Bank 401(k) Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1: Description of Plan

The following description of the Community National Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan with a 401(k) feature covering all eligible employees of Community National Bank (the Bank), a subsidiary of Midland Bancshares, Inc. (the Company). A new employee becomes eligible to participate in the Plan on the next entry date following the completion of six months of service and being eighteen years of age as defined in the Plan. Entry dates for the Plan are the first of the month following six months of service. If an eligible participant terminates employment and is later re-employed, that employee may become a participant upon re-employment after meeting the requirements in the Plan document. The Plan is established to comply with Internal Revenue Code (IRC) Sections 401 and 501. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees ("Trustees") is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants can make elective contributions, pre-tax and/or Roth, through salary deductions of their compensation based on their Plan year, not to exceed the maximum Internal Revenue Service (IRS) limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes a safe harbor matching contribution equal to 100% of the participant's contributions not to exceed 5% of the eligible compensation. Rollover contributions are allowed if they meet certain requirements of the Plan. The Company may make additional discretionary contributions, matching or nonmatching, to employees at the sole discretion of the Board of Trustees of the Company. No such discretionary contributions were made by the Company during the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contribution, allocation of the Company's discretionary nonmatching contribution (if any), and earnings from their investments. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: Description of Plan – continued

Vesting

Participant's vested interest in their account balance is determined using the following table except that a participant is 100% vested in the part of the account resulting from their contributions and from the safe harbor matching contribution of the Company, plus actual earnings thereon. The vesting schedule for the Company's discretionary contributions is based on years of credited service, as shown below:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Investment Option

Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants

Loans to participants may be made up to $50,000 or 50% of their vested interest. The minimum loan is $1,000. Loan transactions are treated as a participant directed investment. Loan terms range from 1-5 years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Trustees. Principal and interest are paid ratably through payroll deductions. A participant may have no more than two (2) outstanding loans at any time. As of December 31, 2025, the rates of interest on outstanding loans were between 8.0% and 8.75%, with various maturities through July 2050.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant will receive a lump-sum distribution equal to the value of the participant's vested interest in his/her account. If the vested benefit upon termination of employment in the Plan does not exceed $5,000, the balance will be distributed within a reasonable time period at the discretion of the Plan. Otherwise, distributions are made at the participant's election. Investments in common stock are disbursed based upon the most recent valuation of the stock performed annually on December 31st.

A participant may receive an in-service distribution from the Plan from certain accounts which are 100% vested after attaining age 59 ½.

Hardship distributions may be withdrawn if a participant satisfies certain immediate and heavy financial needs. There are restrictions placed on hardship distributions which are made from certain accounts.

NOTE 1: Description of Plan – continued

Payment of Benefits - continued

The normal retirement age is the date a participant attains 65 years of age. If a participant has reached normal retirement age, distributions may be made, at the participant's election, from all accounts without requiring the participant to terminate employment. Any employee who attains normal retirement age will become fully vested in all accounts.

Forfeited Accounts

Forfeitures of Company discretionary contributions may be used to pay administrative expenses or may be allocated only to participants in the Plan in the current year, at the discretion of the Plan's Trustees.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. If the Trustee does not timely receive voting directions from a participant or beneficiary, the Trustee shall vote the shares on behalf of the collective best interest of the Plan participants and beneficiaries.

Put Option

Under federal income tax regulations, the common stock that is held by the Plan and its participants is not readily tradable on an established market, is subject to trading limitations, and includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2: Summary of Significant Accounting Policies - continued

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's custodians, Empower Annuity Insurance Company of America and Empower Trust Company, LLC (Empower) and John Hancock Trust Company LLC (John Hancock), certify the contract value of the guaranteed investment contract and the fair value of all pooled separate accounts. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements. The common shares of the Company are valued at fair value on December 31, 2025 and 2024. Fair value is determined by annual independent appraisals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings reported on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on terms of the plan document.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

Plan management has evaluated all subsequent events through October 15, 2026, the date the financial statements were available to be issued.

NOTE 3: Change in Plan Custodian

Effective September 19, 2025, the Plan transitioned its custodial services from Empower Annuity Insurance Company of America and Empower Trust Company, LLC (Empower) to John Hancock. As of this date, John Hancock assumed responsibility for holding and safeguarding the Plan's investment assets, as well as maintaining participant account records.

Prior to the transition, all physical and electronic asset transfers, reconciliation of participant balances, and final accountings were completed between Empower and John Hancock. The transfer of net assets available for benefits was executed in full on September 19, 2025, with no material impact on the valuation of investments or the financial condition of the Plan as of the end of the plan year.

NOTE 4: Administration of Plan Assets

The Plan's assets consist principally of mutual funds and guaranteed investment contracts held by John Hancock, the custodians, common stock of Midland Bancshares, Inc., and a money market account (the "Stock and Cash Account"), which are investments in a related entity and are held by the Trustees. Contributions to the Stock and Cash Account are held and managed by the Trustees who invest cash and interest and make distributions to participants.

During 2021, the Trustees of the Plan voted to pause the CNB 401(k) Employee Stock Plan portion of the Plan, as there are no available shares to be purchased by the Plan. There will be no new participants enrolled into the Stock Plan and there will be no additional employee contributions made towards the Employee Stock Plan. Instead, employees will be required to direct future retirement contributions into other investments. Participants will continue to earn dividends on the stock already owned by the Stock Plan, as well as interest on the cash balances owned by the Stock Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 5: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 – *Fair Value Measurement* are described as follows:

Level 1 Inputs – Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 Inputs – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar asset or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs – Significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

NOTE 5: Fair Value Measurements – continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust – Units held in the collective trust (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. These can be redeemed daily and there are no redemption restrictions or notice requirements.

The following is a description of the investment objectives for investments in the collective trust. The portfolio is a foreign large growth portfolio with a focus on high-priced growth stocks, mainly outside of the United States. The portfolio seeks to exceed the return of an established benchmark over a full market cycle. The sub-advisor looks across industries and countries for companies with sustainable business models that meet their growth, quality, and valuation criteria.

Midland Bancshares, Inc. (MBI) common stock is not actively traded and significant other observable inputs are not available. Thus, the fair value of the Midland Bancshares, Inc. common stock is determined by independent appraisal. This valuation was based on a combination of market value and income approach methods consistent with prior years. The valuation took into account historical cash flow and net income, market comparables and estimated fair value of company assets and liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: Fair Value Measurements – continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value

NOTE 6: Certified Investment Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by Empower (as of December 31, 2024 and for the period from January 1, 2025 through September 18, 2025) and John Hancock (for the period from September 19, 2025 through December 31, 2025), the custodians, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year).

Other than the information described in the following table, all investment information for the Plan disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024 and net of appreciation of fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by John Hancock.

NOTE 7: Guaranteed Investment Contract with Insurance Company

The Plan holds an investment contract that meets the criteria for a fully benefit-responsive investment contract and is, therefore, reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rate was 3.50% and 1.45% at December 31, 2025 and 2024, respectively. Such interest rates are reviewed on a semi-annual basis in 2025 and quarterly basis in 2024 for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibition transaction exemption under ERISA. The plan administrator believes that there is low probability that any events would occur that would limit the Plans ability to transact at contract value with participants.

NOTE 8: Related Party and Party in Interest Transactions

Certain Plan investments in mutual funds and collective funds are managed by the custodians of the Plan's assets, John Hancock in 2025 and Empower in 2024. Any purchases and sales of these funds are performed in the open market at fair value. The John Hancock Stable Value Guaranteed Inc Fund is a fully benefit-responsive guaranteed insurance contract with John Hancock in 2025. John Hancock Trust Company LLC maintains the contributions in a general account. The Key Guaranteed Portfolio Fund is a fully benefit-responsive guaranteed insurance contract with Empower in 2024. Empower maintains the contributions in a general account. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Administrative expenses paid by the Plan to Empower and John Hancock for the year ended December 31, 2025 were $163,130.

Additionally, a portion of the Plan's assets are investments in Midland Bancshares, Inc. common stock which is the parent company of the Bank. As the Company is the plan sponsor, transactions involving Midland Bancshares, Inc. common stock qualify as party-in-interest transactions. At December 31, 2025 and 2024, the Plan held 40,097 shares of Midland Bancshares, Inc. common stock, and the Plan received $601,455 in dividends from the stock for the year ended December 31, 2025.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their company contributions.

NOTE 10: Tax Status

The Plan uses a pre-approved plan document sponsored by Pentec Pension Management Group, Inc., which received an opinion letter from the IRS, dated June 30, 2020, stating that the Plan is designed in accordance with applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS, however, the Plan's management believes that the Plan is currently designed and being operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. In accordance with guidance on accounting for uncertainty in income taxes, the Trustees have evaluated the Plan's tax positions and do not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11: Risks and Uncertainties

The Plan provides for various investment options in any combination of Midland Bancshares, Inc. common stock, mutual funds, and collective trust offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Additionally, market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict.

NOTE 12: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits reported in the financial statements and the net assets reported on the Form 5500 as of December 31:

	2025	2024
