PKF O'CONNOR DAVIES
ACCOUNTANTS AND ADVISORS

Independent Auditors' Report

To the Plan Administrator and Participants of
403(b) Thrift Plan of New York Road Runners, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 403(b) Thrift Plan of New York Road Runners, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (Modified Cash Basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (Modified Cash Basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 403(b) Thrift Plan of New York Road Runners, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of New York Road Runners, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan of New York Road Runners, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of New York Road Runners, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) (modified cash basis), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

Description

Effective December 1, 1983, and amended and restated January 1, 2024, New York Road Runners, Inc. (the "Employer") adopted the 403(b) Thrift Plan for Employees of New York Road Runners, Inc. The following brief description of the Plan and summary of major Plan provisions provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective August 1, 2025, the Plan transferred assets in the amount of $24,040,340 from Mutual of America Life Insurance Company to Empower Trust Company, LLC and Empower Annuity Life Insurance Company of New York (collectively "Empower"). As of December 31, 2025, $5,474,560 of assets remain with Mutual of America Life Insurance Company.

Effective March 4, 2026, the Plan changed the Plan name from 403(b) Thrift Plan for Employees of New York Road Runners, Inc. to 403(b) Thrift Plan of New York Road Runners, Inc. The Plan also implemented an auto-enrollment provision whereby full-time participants are automatically enrolled in the Plan at 5%.

General and Eligibility

The Plan is a defined contribution plan established by the Employer and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan excludes non-resident aliens and any employee under the age of 21. The Employer is the sponsor of the Plan and the Custodian is Mutual of America Life Insurance Company ("MOA"). MOA and Empower manage the investments of the Plan. Employees are eligible to participate in the Plan on their date of hire.

Contributions

Each participant may elect to have a percentage of their eligible compensation, as defined by the Plan document, deducted on a pre-tax or Roth basis. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Employer. There is an annual dollar limit as to the amount that can be contributed on a pre-tax basis into the Plan which is determined by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the Plan year end are eligible to make catch-up contributions up to the statutorily permitted amounts. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Effective November 1, 2019, the Employer amended the Plan to provide for an Employer discretionary non-elective contribution which is allocated to each participant based on their eligible compensation (as defined in the Plan document) not to exceed the Internal Revenue Code ("IRC") annual limit. Effective January 1, 2024, participants must be full-time employees more than 1,000 hours of services during the year or part-time employees who work 20 or more hours per week throughout the year, attain age 21 and be employed on the last day of the Plan

1. Description of Plan (continued)

year to be eligible to receive an Employer non-elective contribution. Contributions are subject to certain limitations as specified in the Plan document. During 2025, the Employer elected to contribute a discretionary non-elective contribution to the Plan of 6% based on 2024 eligible compensation.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer's discretionary contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes receivable from participants

Beginning in 2025, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 2% over the Prime rate, as defined in the Plan document. Principal and interest are paid ratably through payroll deductions. Terms range up to five years or greater for the purchase of a primary residence.

Payment of benefits

Upon termination of service due to death, disability, retirement, obtaining the age of 59 1/2 or other reasons, a participant is entitled to receive a distribution in the amount equal to the total value of the participant's vested account balance. Upon termination of employment, vested account balances of $1,000 or less are distributed in a lump sum without the participant's consent.

Hardship withdrawals are allowed, but cannot exceed the amount of the immediate need, including amounts necessary to pay any federal, state or local income taxes or penalties reasonably anticipated to result from the withdrawal.

1. Description of Plan (continued)

Forfeited accounts

In the event that a participant terminates employment before becoming fully vested in his or her account balance, the non-vested portion of the participant's account balance will be forfeited as of the termination date. Any forfeiture not restored may be used by the Plan to pay certain Plan expenses or used to reduce future Employer contributions. If a participant is reemployed before incurring five consecutive one year breaks-in-service, the forfeited portion of his account, determined as of the date the accounts were distributed, shall be restored from the forfeitures.

At December 31, 2025 and 2024, forfeited account balances held in nonparticipant directed accounts were $35,934 and $47,632, respectively. No amounts were used to pay Plan expenses and $49,539 was used to reduce Employer contributions during 2025.

Loans to a Participant/Collateralized Assets

A participant may elect to take out a loan subject to the rules and limitations of the Plan and the terms of the applicable contract. Loans are based on the vested value of the participant's individual account. Defaults in loans shall be treated as distributions at the time of default.

The Plan offers a loan feature whereby a participant ("borrower") enrolled in the Plan may borrow a minimum of $1,000 up to a maximum of 50% of his/her vested balance or $50,000 (whichever is less). Loans to the participant are made directly from MOA. The participant's account is not reduced by the loan amount, but serves as security for the loan. The loan must be repaid directly to MOA within a five year period in substantially equal payments (not less frequently than quarterly). The five year repayment period does not apply to a loan that is used to acquire a principal residence of the borrower in which case the loan is repayable over a period not to exceed ten years.

If the borrower does not repay the loan and related interest due in accordance with the schedule set forth in the promissory note or other writing permitted by applicable law representing the loan, their loan will be deemed in default.

At December 31, 2025 and 2024, there were 0 and 14 loans outstanding, respectively, with total principal balance due of $0 and $205,792, respectively. No loan balances were in default as of December 31, 2025 and 2024. Interest rates on these loans are between 4.60% and 5.85% with maturities through 2032 as of December 31, 2024. As of December 31, 2025, these loans have been transferred to Empower and are recorded as notes receivable at year-end and are recorded as a transfer into the Plan (Note 5).

1. Description of Plan (continued)

Plan Expense account

The Plan maintains an ERISA account with Empower in which certain service provider credits are accumulated. The ERISA account is invested in the Vanguard Federal Money Market fund. Amounts in the ERISA account may be used to pay eligible Plan administrative expenses and, as permitted under the Plan, may also be allocated to participants' accounts. During 2025, $167 from the plan expense account was used to pay administrative expenses. The ERISA account balance was $421 and $0 as of December 31, 2025 and 2024, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, additions are included in the year in which they are collected and deductions are included in the year in which they are disbursed; however, earnings on investments include adjustments to fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with a US GAAP.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

The Plan’s investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Summary of Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded when received. Dividends are recorded when received. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expensed as paid. When a participant ceases to make loan repayments and a distributable event occurs (retirement, termination, death), the participant loan balance is reduced and a benefit payment is recorded. Until a distributable event occurs, the loan will continue to have a balance and accrue interest.

Loans to a Participant/Collateralized Assets

A participant may elect to take out a loan subject to the rules and limitations of the Plan and the terms of the applicable contract. Loans are based on the vested value of the participant's individual account. Defaults in loans shall be treated as distributions at the time of default. The Plan offers a loan feature whereby a participant ("borrower") enrolled in the Plan may borrow a minimum of $1,000 up to a maximum of 50% of his/her vested balance or $50,000 (whichever is less). Loans to the participant are made directly from MOA. The participant's account is not reduced by the loan amount, but serves as security for the loan. The loan must be repaid directly to MOA within a five year period in substantially equal payments (not less frequently than quarterly). The five year repayment period does not apply to a loan that is used to acquire a principal residence of the borrower in which case the loan is repayable over a period not to exceed ten years.

If the borrower does not repay the loan and related interest due in accordance with the schedule set forth in the promissory note or other writing permitted by applicable law representing the loan, their loan will be deemed in default.

At December 31, 2024, there were 14 loans outstanding, respectively, with total principal balance due of $205,792. No loan balances were in default as of December 31, 2024 . Interest rates on these loans were between 4.60% and 5.85% with maturities through 2032. As a result of the transfer, the outstanding loan balances were transferred to Empower.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these modified cash basis financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in value of investments.

Subsequent Events

Subsequent events were evaluated through October 15, 2026, the date the modified cash basis financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance company general account: The Mutual of America Interest Accumulation Account is valued at fair value using contract value as a proxy for fair value, incorporating the credited interest rate and insurance company–determined participant cash flows. The contract provides for interest credited at rates determined by Mutual of America, subject to contractual minimum guarantees, and may be subject to withdrawal or transfer restrictions.

Pooled separate accounts: Valued at unadjusted quoted unit prices for identical interests in active markets accessible to the Plan at the measurement date. These prices are used for purchases and redemptions of the Plan's separate-account units.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**

3. Fair Value Measurements (continued)

Insurance Company General Account

Amounts placed in the Mutual of America Interest Accumulation Account are credited with interest at a rate determined by Mutual of America Life Insurance Company ("Mutual of America"). Mutual of America guarantees to credit interest for the life of the contract to amounts in the Interest Accumulation Account of their general account at a rate at least equal to the greater of: (1) any contractual minimum guarantee provided by the contract; or (2) the minimum rate required by applicable state law or, if no state law minimum rate is applicable to a contract, the minimum guaranteed credited interest rate will be set pursuant to National Association of Insurance Commissioners ("NAIC") standard non-forfeiture law. The NAIC minimum rate is determined in accordance with a formula, and cannot be less than 1.00% or more than 3.00%. Mutual of America determines whether the application of the formula will change the minimum guaranteed rate each November, and any change is effective the following January 1 for that calendar year.

The Mutual of America Interest Accumulation Account is not a fully benefit-responsive investment contract and may be subject to withdrawal or transfer restrictions under certain plan or contract provisions.

The interest rate under that contract will not go below that amount regardless of the minimum rate that is set for a calendar year. In Mutual of America's sole discretion, they may credit a higher rate of interest to a participant's contract in the general account, although they are not obligated to credit interest in excess of the minimum guaranteed rate. Mutual of America compounds interest daily on the contract amounts in the general account to produce an effective annual yield that is equal to the stated interest rate.

The Mutual of America Interest Accumulation Account represents 4% and 13% of the Plan's net assets available for benefits at December 31, 2025 and 2024.

Separate Accounts

The Plan offers various separate accounts as investment options under the Plan. The separate accounts have different investment objectives, investment policies, and risks. The name of each separate account corresponds to the name of the underlying fund in which it invests. When contributions or transfers are made to a separate account, the separate account purchases shares in the appropriate underlying fund. The Plan's separate accounts include various asset classes which are: equity funds, fixed income funds, growth funds, money market funds, balanced funds, bond funds, asset allocation funds, and retirement funds.

4. Stable Value Fund

The Plan holds a fully benefit-responsive group annuity contract issued by Lincoln National Life Insurance Company ("Lincoln National") called the Lincoln Stable Value Fund (the "Lincoln Investment Contract"). Lincoln National maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Lincoln Investment Contract issuer is contractually obligated to repay the principal and a specified interest rate to the Plan, subject to the claims paying ability of Lincoln National. Participants invested in the Lincoln Investment Contract through the Lincoln Stable Value Fund.

As the Lincoln Investment Contract is fully benefit-responsive, contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the Lincoln Investment Contract. Contract value, as reported to the Plan by Lincoln National represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the transfer of all or a portion of their investment at contract value. Participants may have requested a lump sum distribution with a market value adjustment determined by Lincoln National. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Lincoln Investment Contract is maintained under a group annuity contract which guarantees minimum interest rates and may credit interest that exceeds the minimum guaranteed rate. The crediting interest rate is based on several factors determined by Lincoln National including mortality and expense risks, interest rate guarantees, investment income earned on invested assets, and amortization of any capital gains or losses from the sale of invested assets. Such interest rates are reviewed on a quarterly basis for resetting. During 2025, the average yield earned by the Plan was equal to the yield earned (i.e. interest credited) on the group annuity contract. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with Lincoln National. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the assets, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

4. Stable Value Fund (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (i) an uncured violation of the Plan's investment guidelines, (ii) a breach of material obligation under the contract, (iii) a material misrepresentation, or (iv) a material amendment to the agreement without consent of the issuer.

The Lincoln NY Stable Value Account represents approximately 5% of the net assets available for benefits as of December 31, 2025.

5. Transfers Into the Plan

During 2025, in connection with the transition from Mutual of America Life Insurance Company to Empower, outstanding participant loans previously collateralized by participants' account balances with Mutual of America were transferred to Empower and became direct obligations of the participants to the Plan. The outstanding loan principal of $102,485 was recognized as notes receivable from participants and reported as a deemed transfer into the Plan in the statement of changes in net assets available for benefits.

6. Information Certified by Custodian (Unaudited)

The Plan administrator has elected to have audits performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Mutual of America served as the Plan's sole trustee and custodian during 2024 and from January 1, 2025 through September 10, 2025. Effective September 11, 2025, Empower began holding Plan assets and processing Plan transactions as an additional trustee and custodian. Mutual of America continued to hold certain Plan assets after that date; accordingly, both Empower and Mutual of America served as trustees and custodians as of December 31, 2025.

Certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Empower and Mutual of America, each a qualified institution. Mutual of America's certifications cover the assets and activity specified therein for 2025 and 2024. Empower's certification covers the assets it held as of December 31, 2025 and the related activity from September 11, 2025 through December 31, 2025.

The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits (Modified Cash Basis) as of December 31, 2025 and 2024 and the accompanying supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) (Modified Cash Basis) as of December 31, 2025, to the extent covered by the respective certifications. It also includes the related investment activity, including net appreciation in the value of investments, interest and dividends, and interest income received on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis)

6. Information Certified by Custodian (Unaudited) (continued)

for the year ended December 31, 2025, for the periods and assets covered by each institution's certification. The certified information has been presented in accordance with the Plan's modified cash basis of accounting described in Note 2.

7. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by the Custodians, and therefore, these transactions qualify as party in interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in the value of the investments, as they are paid through revenue sharing, rather than a direct payment. Empower, receives revenue from investment fund service providers for services Empower provides to the funds. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan. If the revenue received by Empower from such investment fund service providers exceeds the amount owed for its services, Empower remits the excess to the Plan's trust on a quarterly basis. The Plan or Plan Sponsor may make a payment to Empower for administrative expenses not covered by revenue sharing.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

9. Tax Status

The Employer has adopted an IRS approved volume submitter plan that received an IRS opinion letter dated March 31, 2017. The Plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits (modified cash basis).
