REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees, Plan Participants, and their Beneficiaries
The Fortiss Group 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of The Fortiss Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA
The supplemental schedule of assets (held at the end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Grant Thornton

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)Audit Committees and Management

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Fortiss Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective January 1, 2001 and covers all employees of: Fortiss, LLC; Raspberry Consulting, LLC; Cal-Pac Sonoma, LLC; Cal-Pac Rancho Cordova, LLC; Lodi Cardroom, Inc.; Casino 580, LLC; Ride Bus, LLC and The Silver F, Inc. (the "Employers"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In 2022, the Plan was amended to include the employees of three affiliated companies of the Employers, namely Park West Casinos, Inc., Parkwest Bicycle Casino, LLC, and Parkwest Casino Manteca, LLC.

John Hancock Life Insurance Company ("John Hancock") was recordkeeper, trustee and custodian of the Plan's investment as of December 31, 2024, and certain investments through the period ended January 31, 2025. Effective February 1, 2025, Empower Annuity Insurance Company of America ("Empower") is the recordkeeper, trustee and custodian of the Plan's investments.

Eligibility

Employees become eligible to participate in the Plan and become eligible for employer matching contributions and profit sharing, after attaining a minimum age of 21 years old and after 12 months of service. Enrollment is effective the first day of each calendar month of the plan year coinciding with or following satisfaction of the eligibility requirements.

Contributions

Participants may contribute up to 100 percent of their pretax annual compensation as defined in the Plan, subject to certain limitations as prescribed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions or rollovers from other qualified defined benefit or defined contribution plans. Participants direct both the investment of their contributions and Employers' matching contributions into various investment options offered by the Plan.

The Employers may elect to make discretionary matching and profit-sharing contributions, subject to certain limitations, to the Plan in an amount determined by the Employers. For the year ended December 31, 2025, the Employers made a discretionary matching contribution equal to 50 percent of the participants' contribution, up to 6 percent of eligible salary. To be eligible for the Employers' matching contributions, the participants must have satisfied the eligibility requirements mentioned above. For the year ended December 31, 2025, the Employers did not make a discretionary profit sharing contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Employers' contributions, if any, as well as earnings associated with his or her investment elections. Participants accounts are charged with any withdrawals or distributions requested by the participant, investment losses, and an allocation of administrative expenses, if applicable. Allocations are based on participants' earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus accumulated earnings thereon. Employers' contributions plus accumulated earnings thereon are based on a graded schedule whereby a participant is 100 percent vested after five years of credited service as outlined in the table below. A participant also becomes 100 percent vested upon reaching retirement age, death, permanent disability or termination of the Plan by the Employers.

Years of Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 reduced by the highest outstanding loan balance in their accounts during the prior 12-month period, or 50 percent of their vested account balance. Loan terms range from one to five years, or up to 20 years for the purchase of a primary residence. The loans are secured by the respective participant's vested account balance and bear interest at the Wall Street Journal prime rate plus 1.0 percent. Principal and interest are paid ratably through bi-weekly payroll deductions. A participant may have only one loan outstanding at any one time.

Payment of Benefits

Upon termination of service due to permanent disability, hardship, retirement, or for other reasons, a participant or beneficiary may elect to receive the value of the vested interest in his or her account as a lump-sum payment, partial payment, annuity contract, in installments over a period of time determined by the event, or to roll the balance directly over to an eligible retirement plan or individual retirement account. However, if the value of a separated participant's vested balance is between $1,000 and $5,000, the Plan can cause the vested balance to be transferred to an individual qualified retirement account. If the value of a separated participant's vested balance does not exceed $1,000, the Plan can cause the vested balance to be either transferred to an individual qualified retirement account or distributed to the separated participant directly. In the event of a participant's death, payment of the vested value of the participant's account is made to his or her beneficiary in one lump-sum payment or in installments.

Forfeited Accounts

At December 31, 2025 and 2024, the accumulated forfeited nonvested account balances totaled $110,129 and $21,398, respectively, and are included in investments in the statements of net assets available for benefits. Under the terms of the Plan, the Plan can use forfeitures to pay expenses in connection with the management and operation of the Plan or to reduce future employer contributions. During the year ended December 31, 2025, $3,437 forfeitures were used to reduce employer contributions and $1,075 were used to pay Plan expenses.

Investment Options

Under the Plan, participants are allowed to make their own investment decisions, selecting from options authorized by the Plan Administrator. Participants may elect at any time to have all or part of their account balances and future contributions transferred from one fund to another or in any combination. All options vary in types of investments, rates of return, and investment risk.

Plan Termination

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, partial termination occurs when employee turnover reaches or exceeds 20 percent by the end of the year. In the event of a Plan termination or partial termination, participants will become 100 percent vested in their Employers' contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Net appreciation and depreciation in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income from investments is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. There have been no changes in methodologies used at December 31, 2025 and 2024.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest from loans. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. Interest income earned from outstanding loans is recorded on the accrual basis.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments. The recordkeeper of the Plan charges a quarterly administrative fee that is charged directly to the participant accounts and is included in administrative expenses.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, are recorded as liabilities, if any.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and change therein, and disclosure of contingent assets and liabilities. Estimates also reflect the reported amounts of revenue and expense during the reporting period. Accordingly, actual results may differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish daily net asset values ("NAVs") and to transact at that price. The mutual funds held by the Plan are considered actively traded (Level 1).

Collective trust funds: Valued using the NAV as a practical expedient to fair value of the units held by the Plan at year end.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the hierarchy level of inputs used to estimate the fair value of the Plan's assets:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,995,055	$ -	$ -	$ 11,995,055
Collective trust funds[(a)]				49,005,691
Total investments, at fair value				$ 61,000,746

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 39,369,324	$ -	$ -	$ 39,369,324
Collective trust funds[(a)]				7,861,772
Total investments, at fair value				$ 47,231,096

(a) As of December 2025 and 2024, redemption of the collective trust funds are generally permitted daily and there are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. These funds file U.S. Department of Labor Form 5500, as direct filing entities. Refer to the funds' filing for additional information and disclosure of the funds' investment strategy and holdings.

The table below presents additional information for investments whose fair value is estimated using NAV per share as of December 31, 2025 and 2024.

NOTE 4 - CERTIFIED INFORMATION

The plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under the ERISA. Accordingly, John Hancock Life Insurance Company, the former trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of the period from January 1, 2025 through January 31, 2025 and the year ended December 31, 2024.

- Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period from January 1, 2025 through January 31, 2025.

Additionally, Empower Annuity Insurance Company of America, and its subsidiaries, as recordkeeper, trustee and custodian of the Plan's investments, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025.

- Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period from February 1, 2025 to December 31, 2025.

- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent accountants did not perform any auditing procedures with respect to information certified by the trustee, except for comparing such information to the related information included in the above named financial statements and supplemental schedule.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan permits notes receivable from participants. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

Fees of $107,664 and $65,822 were paid to the Plan Sponsor's recordkeepers for recordkeeping and investment advisory services respectively for the year ended December 31, 2025, which qualify as party-in-interest transactions.

NOTE 6 - INCOME TAX STATUS

The Plan was formed using a pre-approved format by the IRS for qualification under Section 401(a). This format last received approval by the IRS on June 30, 2020 for John Hancock and November 14, 2022 for Empower. The Plan has been amended since its original formation. However, the Employers believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of years ended December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 7 - SUBSEQUENT EVENTS

The Plan has evaluated its December 31, 2025 financial statements for subsequent events through October 15, 2026, the date the financial statements were available to be issued. Plan management is not aware of any other subsequent events that would require recognition or disclosure in the financial statements.
