To the Plan Administrator
Ameripack Foods, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ameripack Foods, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 and 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ameripack Foods, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ameripack Foods, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ameripack Foods, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ameripack Foods, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements - continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of the Ameripack Foods, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution plan available to employees of the Plan Sponsor, Vernon E. Faulconer, Inc. (the "Company" or "Employer") regardless of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, ("ERISA"), as amended.

PLAN ADMINISTRATION
The trustee of the Plan, ADP Retirement Trust Services, LLC, is responsible for managing the Plan's investment assets. ADP Retirement Services serves as the Plan's third-party administrator (TPA), and they perform the Plan's administrative duties such as preparation of the Form 5500, participant recordkeeping, compliance testing, and enrollment and transaction processing. Employees of the Company may perform certain other administrative functions; however, such employees receive no compensation from the Plan.

PLAN ELIGIBILITY
All full-time employees are eligible to participate in the Plan upon hire date. Participants will then enter the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are satisfied.

CONTRIBUTIONS
Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. not to exceed the limit of Code Section 401(k), which is $23,500 in 2025 and $23,000 in 2024, of their annual wages including overtime ($31,000 for participants who attain age 50 by the end of the Plan year). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a flexible discretionary matching contribution based on a percentage of eligible employee salary deferrals. The matching percentage is determined annually by The Company. The Company is required to provide a separate notice after the final matching contribution for the applicable Plan Year has been made. To receive an allocation of the discretionary matching contribution, an employee generally must be employed on the last day of the Plan Year, regardless of the amount of service completed during the year. Employees who terminate employment before the last day of the Plan Year generally are not eligible to share in the matching contribution, regardless of their service during the year. The last-day employment requirement is waived for the Plan Year in which an employee dies, becomes disabled, or terminates employment after attaining Normal Retirement Age, regardless of the employee's service during that year. This waiver applies only once during an employee's employment history with The Company.

The Company may also make discretionary profit-sharing contributions to the Plan. Any such contribution is allocated to eligible participants in accordance with the Plan's allocation provisions.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contributions, the company's matching contribution, as well as allocations of the company's profit-sharing contribution, if any, plus a proportionate interest in the investment earnings or losses of the funds in which the contributions are invested. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's flexible matching contributions is based on covered years of service as defined. A participant is fully vested after

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

three years of completed covered years of service. A participant is also fully vested upon reaching normal retirement age, upon death, or upon becoming totally and permanently disabled.

Vesting in the Company's discretionary matching contribution or discretionary profit-sharing contributions portion of their accounts is based on years of service. A participant is vested as follows:

Years of Vesting Service	Vesting Percentage
1	33%
2	66%
3	100%

PAYMENT OF BENEFITS
Participants are entitled to the benefits that can provided from their individual account balances, subject to vesting, upon retirement, death, or termination. Payment is required to be made as soon as administratively feasible after one of these events occurs. The participant may elect to defer distribution until April 1 of the calendar following the calendar year in which such a participant reaches age 70 ½ years of age.

Participants may withdraw vested amounts from the Plan while the participant is still employed with the Company if the participant satisfies the Plan's requirements for in-service distributions. When a participant reaches the age of 59½, the participant may withdraw salary deferrals, matching contributions, employer contributions, non-elective profit-sharing contribution, and rollover contributions. Hardship distributions are permitted, subject to certain limits.

If a participant's employment is terminated due to disability, the participant will be eligible to receive a distribution of the vested account balance under the Plan's normal distribution rules. If the participant dies before taking a distribution of the entire vested account balance, the remaining benefit will be distributed to the designated beneficiary or beneficiaries.

NOTES RECEIVABLE FROM PARTICIPANTS
Under the terms of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of the participant's vested account balance or $50,000, whichever is less. Participant loans are secured by the balance in the participant's accounts and bear interest at the prime rate plus 1%. Interest rates range from 7.75% to 8.50% for loans outstanding at December 31, 2025 and 2024. Principal and interest is paid ratably through payroll deductions.

FORFEITED ACCOUNTS
Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. Forfeitures may be used to reduce employer contributions or to pay administrative expenses of the Plan, as determined by the Company at its sole discretion. For the year ended December 31, 2025 there was no unallocated forfeiture.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The Plan's financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES - CONTINUED

INVESTMENT VALUATIONS AND INCOME RECOGNITION
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE RECEIVABLES FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

CONTRIBUTIONS
Employee and discretionary employer matching contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings.

EXPENSES
The Plan pays administrative expenses that consist primarily of administrative fees paid to the trustee and recordkeeper. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan, and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions, and Qualified Domestic Relation Orders are charged directly to the participant's account and are included in administrative expenses.

BENEFIT PAYMENTS
Benefits are recorded when paid for financial statement purposes.

SUBSEQUENT EVENTS
The Plan has evaluated subsequent events through September 28, 2026, the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY THE INSURANCE COMPANY (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC (the trustee of the Plan).

NOTE 4: PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Company also has the right to amend the Plan at any time.

NOTE 5: TRANSACTIONS WITH PARTIES IN INTEREST

The Plan's investments and the Plan's collective investment trust fund are handled by ADP Retirement Trust Services, LLC. This institution serves as the trustee of the Plan, and, therefore, the investments qualify as party-in-interest transaction. Fees paid by the Plan for investment management services were included as a reduction of the return earned on the fund. The Plan also utilizes 401(k)/Qualified Plan and Participant Recordkeeping Operations service provider as recordkeeper for the Plan; these services qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amount to $4,412 for the year ended December 31, 2025.

NOTE 6: TAX STATUS

On October 6, 2020, the IRS stated that the non-standardized pre-approved profit sharing adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was
designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various instrument securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 8: FAIR VALUE MEASUREMENTS - CONTINUED

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual Funds	$ 142,021	$ -	$ -	$ 142,021
Total Investments	$ -	$ -	$ -	$ -

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual Funds	$ 70,856	$ -	$ -	$ 70,856
Total Investments	$ -	$ -	$ -	$ -

Investments Excluded From The Fair Value Hierarchy

Common and collective trust funds: Comprise funds that have daily quoted net asset values for identical assets in markets that are not active. The net asset values are primarily derived based on the fair values of the underlying investments in the fund, some of which are not actively traded.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits are consistent with the amounts reported in the Plan's Form 5500 for the year ended December 31, 2025. Accordingly, there are no reconciling items between the financial statements and the Form 5500.

NOTE 10 - SECURE ACT 2.0

On December 29, 2022, Congress enacted the Consolidated Appropriations Act, 2023, which includes Division T, the SECURE 2.0 Act of 2022 ("SECURE 2.0"). SECURE 2.0 contains numerous provisions affecting qualified retirement plans, with varying effective dates extending through future years. Certain provisions are mandatory, while others are optional and may be adopted at the discretion of the Plan Sponsor. The Plan Administrator is evaluating and implementing the applicable provisions of SECURE 2.0 in accordance with the required effective dates and will amend the Plan document as necessary. There is no material impact to the Plan's 2025 financial statements.
