INDEPENDENT AUDITOR'S REPORT

To the Trustee
Southern Oregon Aspire Inc 403(b) Plan
Grants Pass, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Southern Oregon Aspire Inc 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 - Description of Plan

The following description of Southern Oregon Aspire Inc 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a 403(b) defined contribution plan established by Southern Oregon Aspire Inc. (the Plan Sponsor and Organization) for the benefit of eligible employees of the Organization. The Plan is funded through custodial accounts under section 403(b)(7) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as applicable provisions of the federal income tax laws.

Eligible employees may begin making elective deferrals as soon as administratively practicable after their date of hire. Eligibility for Organization matching and discretionary employer contributions is subject to separate service requirements. For those contributions, an eligible employee generally enters the Plan on the first day of the month coinciding with or next following satisfaction of the applicable service requirement.

Contributions
The Plan is funded through employee elective deferrals and Organization contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or "roll over" into the Plan distributions they have received from other plans and certain individual retirement accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan permits participants to make rollover contributions, pretax elective deferral contributions, and Roth elective deferral contributions. Participants who meet the applicable requirements may also make qualified organization catch-up contributions based on 15 years of service. The Plan also allows for employer matching contributions in accordance with the provisions of the Plan.

The Organization may make discretionary matching contributions and discretionary employer contributions in accordance with the Plan document. During 2025, the Organization elected to make discretionary matching contributions equal to 100% of salary deferrals up to 3.5% of Plan compensation, determined for each payroll period. The Organization did not make an additional discretionary employer contribution for 2025. Once a participant has satisfied the applicable eligibility requirements, no additional last-day-of-year or annual Hours of Service allocation condition applies to matching or discretionary employer contributions.

Participant Accounts
Each participant's account is credited with the participant's contribution, allocation of the Organization's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their elective deferrals, including catch-up contributions, rollover contributions, and related earnings. Organization matching and discretionary employer contributions are subject to a six-year graded vesting schedule. Participants are 0% vested with fewer than two Years of Service, 20% vested after two Years of Service, 40% after three Years of Service, 60% after four Years of Service, 80% after five Years of Service, and 100% after six Years of Service. A participant is credited with a Year of Service for vesting purposes for each Plan Year in which the participant completes at least 1,000 Hours of Service. Participants who are employed upon attaining Normal Retirement Age, age 59 1/2, become 100% vested. The Plan does not provide for accelerated vesting solely upon death or disability.

Note 1 - Description of Plan, continued

Forfeited Accounts
Forfeitures represent the nonvested portions of terminated participants' accounts. In accordance with the Plan document, forfeitures may be used to pay Plan expenses, allocated as additional employer contributions, or used to reduce employer contributions.

As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $0 and $4,544, respectively. During the year ended December 31, 2025, $22,875 of forfeitures were used to reduce employer contributions and Plan expenses.

Investment Options
Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Benefits Paid to Participants
Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

Upon termination of employment, participants with vested account balances exceeding $5,000 must consent to a distribution. Participants with vested account balances of $5,000 or less are subject to the Plan's involuntary cash-out provisions. If a participant does not make a distribution election, the vested account balance is automatically rolled over to an IRA selected by the Plan Administrator in accordance with the Plan's automatic rollover provisions. Rollover contributions are excluded in determining whether the participant's vested account balance exceeds the $5,000 involuntary cash-out threshold.

Termination of the Plan
Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Organization will direct the distribution of the participant's accounts in a manner permitted by the Plan as soon as practicable.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents
Cash and cash equivalents consist of cash and highly liquid investments with original maturities of three months or less. At December 31, 2025, the balance primarily consisted of proceeds from the liquidation of Plan investments held pending deposit with the new custodian.

Note 2 - Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions
Participant contributions are recorded in the period in which the related contributions are withheld from compensation. Employer contributions are recorded in the period in which they become due in accordance with the provisions of the Plan.

Payment of Benefits
Benefits are recorded when paid.

Plan Expenses
The Plan's expenses are paid by either the Plan or the Organization, as provided by the plan document. Expenses paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events
Effective January 1, 2026, the Plan was amended and restated under a Pentegra Services, Inc. 403(b) pre-approved plan, and Pentegra Services, Inc. became the Plan Administrator. Under the restated Plan, eligibility for matching and nonelective employer contributions generally requires completion of 12 months of service, with entry on the first day of the month coinciding with or next following satisfaction of the eligibility requirement. Age 50 catch-up contributions continue to be permitted; however, the special qualified-organization 15-year catch-up contribution is no longer permitted.

In connection with the 2026 service-provider conversion, the Plan changed its custodian from Nationwide Trust Company to Reliance Trust Company and its recordkeeper to ADP, Inc. Plan assets were transferred to the new platform and reinvested in accordance with the conversion instructions.

Subsequent events were evaluated through October 14, 2026, the date the financial statements were available to be issued.

Note 3 - Information Certified by Custodian

The Plan's investments were held by Nationwide Trust Company, the Custodian of the Plan. Investment decisions were made at the direction of participants. The investments were credited with investment earnings and charged for withdrawals and expenses as charged by the Custodian. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Investments, at fair value
- Net appreciation in fair value of investments.

Note 3 - Information Certified by Custodian, continued

The Plan Administrator obtained a certification from Nationwide Trust Company as of December 31, 2024, supporting the investments at fair value presented in the financial statements. The Plan Administrator also obtained a certification from Nationwide Trust Company for the year ended December 31, 2025, regarding the investment activity and related information held by Nationwide through the date of transfer, including net appreciation in fair value of investments. The Plan Administrator obtained separate year-end information supporting the cash balance presented as of December 31, 2025.

In connection with the Plan's transition to a new recordkeeper and custodian, the Plan's investments were liquidated prior to December 31, 2025. As of December 31, 2025, the resulting proceeds were held in cash pending deposit with the new custodian and subsequent reinvestment in accordance with the Plan's conversion instructions.

Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodology used for registered investment companies measured at fair value as of December 31, 2024, and during 2025 prior to the liquidation and transfer of the Plan's assets to the Plan's new custodian:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Note 4 - Fair Value Measurements, continued

There were no investments measured at fair value as of December 31, 2025. The following table sets forth, by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,291,615	$ -	$ -	$ 2,291,615
Total investments at fair value	$ 2,291,615	$ -	$ -	$ 2,291,615

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,960,946	$ -	$ -	$ 1,960,946
Total investments at fair value	$ 1,960,946	$ -	$ -	$ 1,960,946

Note 5 - Related-Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under Department of Labor regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025, the Plan paid direct compensation of $17,105 to Nationwide for recordkeeping services and $7,128 to Harfst & Associates, Inc. for investment advising services provided to the Plan. The Plan Sponsor pays directly certain other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

Note 6 - Risks and Uncertainties

The Plan generally invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. As of December 31, 2025, the Plan’s assets were temporarily held in cash in connection with the transition to a new custodian and recordkeeper, as described in Note 3. Subsequent to year-end, the Plan’s assets were reinvested in accordance with the Plan’s conversion instructions.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 - Tax Status

The Internal Revenue Service (IRS) has determined by an opinion letter dated March 31, 2017, that the Volume Submitter 403(b) Plan sponsored by Northwest Retirement Plans Inc, which has been adopted by the Plan, is acceptable pursuant to section 403(b) of the IRC and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included with the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.
